IEOR E4004: Introduction to Operations Research: Deterministic Models

Jay Sethuraman

HW 2

Problems not written out explicitly are from the text: *Applied Mathematical Programming*, by Bradley, Hax and Magnanti.

1. Problem 2.1
2. Problem 2.2
3. Problem 2.7
4. Problem 2.6 (Simply write down the formulation; no need to solve)
5. Problem 2.8 (Simply write down the formulation; no need to solve)
