Why do more students chose BARBRI than all other courses combined?

- For more than 45 years we have prepared over one million law students for the bar exam and have also helped hundreds of thousands of students through the rigors of law school.
- The BARBRI Simulated MBE™ combines the nation's most realistic, 200-question simulated and multistate exam with individualized computer performance analysis and question-focused review so that you know where you are sitting on the curve before you sit for the exam.
- Our NY faculty has more than 200 years of combined bar review lecture experience and, unlike some other bar review courses, our faculty integrates the NY Distinctions into the MBE lectures.
- BARBRI grades practice NY essay questions with individualized feedback and provides model answers written by attorneys. BARBRI also includes practice Multistate Performance Tests (MPT's) and NY multiple choice questions, all with explanatory answers.
- BARBRI's students have access to more than 2,200 practice multistate questions in addition to BARBRI's StudySmart® computer software.

But, don't take our word for it...

"Overall I was extremely impressed by the quality of the instructors. They were all representative of my most engaging professors in law school and I feel like BARBRI really did its due diligence in finding and selecting professors."

- Columbia Law School Graduate

"It was very comforting to be taught by so many people who really knew the test and how it would be presented."

-Brooklyn Law School Graduate

"The staff are incredible. I didn't really believe that BARBRI would be available until I called in. The support is what makes BARBRI so successful."

-Hofstra Law School Graduate

"Good to take a course that gets so much right and prepares you so well for the exam. And that prepares so many exam takers so that there's excellent institutional knowledge available."

-Yale Law School Graduate

"...I had heard that it was a good course and was definitely pleased with my experience. Very well-run and comprehensive. The attorneys were great."

-Fordham Law School Graduate

"A good preparation with good lecturers. And from what I heard about the other preparations, it seems that BARBRI is still the best!"

PILF advocates for the use of legal education in the public service as a method of enriching the communities in which we live as well as the careers and personal lives of law students and lawyers.

PILF believes it should be easier for law students to engage in public interest work, while in law school and after graduation, in all capacities--government jobs, corporate work, non-profit employment--and we are determined to meet that challenge.
