DESCRIPTION: Memoirs of Iraklii G. Tsereteli (1882-1959), Georgian Menshevik leader. The collection contains six chapters of Tsereteli's memoirs, "Vospominaniia o fevral'skoi revoliutsii," published by Mouton & Co., Paris (in collaboration with Harvard and Columbia) in 1963. The chapters in the collection are numbered ten through fifteen and correspond to chapters one through six in part two of the published work. The chapters in the collection primarily deal with the February Revolution, the domestic and foreign policy of the Provisional Government and the nationality question. There are also four issues of The Russian Review (1955-1956) in which sections from chapter ten were published. Included as well are typed copies of related supporting materials from 1917-20, such as copies of Bolshevnik and Menshevik documents and press articles.
