West Eighteenth st. (Nos. 541 and 543), raised one story; cost, $1,000; owners, Stewart & Co.; builders, A. A. Andruss & Son.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The open market has apparently been most active during the past week, as few private sales were reported, and inquiry seemed more limited. The auction sales were numerous, securing great attention, but were not particularly felicitous in their results. Some of the property offered at the Exchange sold fairly, while a portion, which would ordinarily be considered as needing no push or argument, sold cheaply.

One of the features of the auction room, developed at this season, is the active competition shown in small bids, and the unwillingness of bidders to hazard offers commensurate with their own notions of values.

The market is, for the season, backward, and trade does not partake of that prompt business character which indicates activity and prompt appreciation of good investments. Owners cling stoutly to their opinions, many of them preferring to carry, so long as they are able, rather than accept terms largely at variance with their prices. As trade now runs, real estate is unsettled, with few, if any, chances for estimating its tendencies or results for the season.

GOSSIP.

The Commissioner of Public Works notifies to property owners that a petition of property owners, with map and plan, for the change of grade in Eighty-first Street, between Ninth and Tenth avenues, is now pending before the Common Council, and that all objections thereto may be presented to him on or before the 27th day of this month.....The Counsel to the Corporation gives notice that he will, on the 7th day of April, at 11 o'clock in the forenoon, apply for the appointment of Commissioners of Estimate and Assessment, for the purpose of acquiring right and title to seventy-five feet and nine inches of water front and bulkhead or wharf property, lying on the North River, south of and adjoining the foot or Barrow Street, claimed to be owned by John S. McLean, and to that portion of the water front and bulkhead or wharf property lying on the North River, between Morton and Barrow streets, claimed to be owned by the executors of the estates of John Haggerty and John McLean, deceased.....The Department of Docks advertises for proposals, until 11 A. M. of March 26, for furnishing 5,000 white or yellow pine, or spruce, piles.....The Department of Public Works ask for proposals, until March 28, at 1 P. M., for furnishing material and replanking, with yellow pine plank and timber, the southerly half of the pier foot of Vesey Street.

MARKETS.

Inquiry into the condition of general trade discloses that business compares unfavorably with that of previous seasons, and that the markets are quite unsettled as to prices. Buyers hesitate, and demands are adapted simply to necessities. The building markets aid to exemplify this statement, and it is fully apparent that the character and amount of trade for this season does not bear out or compare with past experiences. There is an apparently increasing disposition to build, yet the demand for masons' materials has not increased to any marked degree. Bricks are quiet, cement is depressed, and lime is steady, with little movement, and the weight of trade, as far as building is concerned, seems to fall upon those branches of our markets which are chiefly connected with, and affected by, repairs, or the completion of work which must be brought to conclusion. It will be admitted, by all who have given attention to the character of building during the year past, that buildings in course of erection have progressed very slowly. There are numbers of houses that stand, and have stood for months, until necessity compels completion in order to prevent decay and the total loss of investment. These are not good signs, and the outlook, under present circumstances, presents to us no very hopeful future.

We review, in detail, as follows:

BRICK.—The market is not active, although prices are maintained steadily, and may be called generally quite firm. All the goods coming into the market have not been taken up, and, with the anticipated arrival of up-rivers, next week, there is greater prospect of slower trade. The arrivals of Haverstraw Bay brick have exceeded those of last week, about four millions having come down, the greater portion having sold at $7@7.50. Of Jerseys there are few in market, and the arrivals have been confined to one or two cargoes, all sold in advance of arrival. We quote these last a little lower, but confess, under the circumstances of their sale, that we can see no reason therefor. Our quotations are: Pale, ℔ M, $3.75@4.25; Jersey, $6@6.50; Long Island, $6.50@7; Up-river, $6.25@7.25; Haverstraw Bay, $7@8.75; Croton Fronts—brown, $14@15; dark, $15@16; red, $16@17; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—The market for Rosendale is off, and future arrivals will not command present prices. Our quotation of $1.75 ℔ bbl. is retained on the stock in market, as it is included in the agreement made by the combination of manufacturers in fixing the price a year ago. This combination is now at an end, by limitation of time, and manufacturers are offering cement, which is to arrive, at $1.60 ℔ bbl. Should trade continue as inactive as at present, they will be unable to command even that price. Of foreign cements, Portland is in very fair demand, with reported sales of 500 bbls. on private terms; 500 bbls. (to arrive) at $5.25; 600 bbls. ex vessel at $5.15, and small lots from store at $5.25@5.50 ℔ bbl.

FIRE BRICK.—Sales are 3,500 Welsh, on private terms. The market otherwise is quiet and steady.

FOREIGN WOODS.—The market has a fair degree of activity. San Domingo lignumvitæ, 8 to 10 inches, is in good demand at good prices. The sales at auction for the week covered invoices of mahogany and cedar. The sale of Mexican mahogany was very good, ordinary selling at 11¼@15 cents, and large and fine at 16@18¼. The average was 14 39-100 cents. Minatitlan mahogany sold at 10@13¼ cents, and Mexican cedar at 15 cents. There were no sales of rosewood. We gather the following from Pells & Co.'s circular to the trade for the month ending March 19: "There has been more activity in the rosewood market than during the winter months. The consumption amounted to 191 logs Rio and 898 logs Bahia; total, 1,089 logs, leaving on hand, as there were no arrivals, 1,571 logs Rio and 1,334 logs Bahia; total, 2,905 logs. This is a very limited supply for the New York market. We quote: Rio, ordinary to good, 3 to 5 cents ℔ lb; good to fine, 5¼ to 10½ cents; Bahia, ordinary to good, 2¼ to 4½; and good to fine, 5 to 10½ cents.

GLASS.—French window continues in good demand, and the market is consequently fairly active, with considerable lightening up of stocks. Discounts are unchanged, and prices are firm. English sheet and plate are dull, and quoted nominally lower.

HAIR.—The market is very irregular on account of the variable quality of stocks offering. Inquiry is plentiful, and the market has so much improved that prices are stronger, and have an upward tendency. We have reported sales of 2,000 bushels of cattle at 25@28 cents, and of about the same quantity of goat, at 28@30 cents. We revise our quotations, and quote cattle at 18@28 cents, and goat at 25@30 cents, according to quality.

LATH.—Are steady and firm at $1.85.

LIME.—The market is rather quiet, with light sales reported. We quote Glens Falls, &c., common, at $1.05; finishing, $1.60; Rockland, common, $1.10; finishing, $1.75.

LUMBER.—Trade continues about the same as at our last report. Common grades of pine are in good demand, and we note a sale of a few thousand feet for export. Yellow pine flooring is sought after, and timber is in better request. Spruce flooring is active, timber in some demand, and quoted at $17@21, with sales hardly up to quotations. Hard woods are generally more inactive, although walnut is in good request, selling at fair prices. Ash is in demand for 1 inch 2¾, and 2½ inches. Under the present conditions of the building trades, the outlook for the lumber trade is not the most hopeful, and it is probable that after satisfying the demands of manufacturers, dry goods dealers, and others, whose necessities compel purchases at this season, the lumber market will lapse into quietude. We have reports of efforts, said to be successful, made by a combination of dealers and manufacturers in Michigan, to buy up all the clear lumber attainable in that section. What the effect of this action will be in other quarters, remains to be seen; but, as far as the market is concerned, we believe that the yards generally are carrying fair stocks, and will be able to withstand any squeeze. Indeed, from certain facts coming within our knowledge, we are not sure but it would pay the movers in this combination to make their investments here. Prices have been hardening at the West, without affecting quotations here, which remain unchanged, with fair opportunities for good purchases.

The charters comprise: A British bark, 700 tons (at Tybee), and one, 830 tons (due at Tybee), from Doboy to a direct port in the United Kingdom, yellow pine timber, 50s.; a new American ship (at Kennebunk), from St. John, N. B., to Liverpool, deals, supposed 110s.; a German bark, 307 tons (now here), from Brunswick to Rio, lumber, $25 and primage; a schr., 200 M resawed lumber, from Satilla to New York, $9.50; one, 180 M, from Savannah to Bridgeport, $9; one, 200 M, from Brunswick to New York, $9, cargo out for account of vessel; a Tern. schr., 371 tons, from Brunswick to Fall River, resawed lumber, $9.50; an American bark, 593 tons, from Boston to Buenos Ayres, lumber, &c., $20, net; a British bark, 722 tons (just cleared hence), and one, 862 tons (now at Charleston), from Doboy to a direct port in the United Kingdom, yellow pine timber, at or about 50s.; an Italian bark, 414 tons, hence to Tarragona, extra heavy pipe staves, $72.50; a Tern. schr., 344 tons, to Galveston, lump sum, and back from Brashear to Portsmouth, N. H., ship timber, 40 cents ₰ cubic foot; two schrs., 190 and 110 M resawed lumber, from Jacksonville to New York, $9.75; one, 160 M, from Jacksonville to Belfast, Me., $11.50; one, 160 M, from Brunswick to New York, $9; one, 150 M, from Darien to Philadelphia or Baltimore, about $8; one, 150 M, from Jacksonville to Bucksport, Me., $12; one, 160 M, from Savannah to Damariscotta, $10.50; and one, 160 M, from Savannah to Boston, $10.

Michigan and Wisconsin Notes.

From the Muskegon *News*, March 7:—

The Muskegon Boom Company have rafted and scaled last season aggregating 402,354,723 feet of logs, or 100,000,000 more than has been scaled by that company in any previous year.

As most of the logs on our rivers are cut in the months of January and February, it may not be out of place to give a scientific opinion as to the proper time to cut timber, which would supply the public with stronger and better building material than is now offered at the great lumber marts in the country.

Dr. Hartwig, who has made numerous experiments to determine the point, states that March and April are the best months in which to cut timber for building purposes, as it then contains its lowest per cent. of moisture, which he states to be 47 per cent. During the three previous months, it has 51 per cent., and in the three following ones 48. He further states that properly seasoned timber should not contain more than 20 to 25 per cent. of moisture, and never less than 10 per cent. If the moisture is removed to a still greater extent, the wood loses its strength and becomes brittle. An English authority states that if trees are felled as soon as they are in full leaf, and allowed to remain undisturbed until the leaves dry up and fall off, timber will be found well seasoned, the leaves having exhausted all the moisture.

From the Muskegon *Chronicle*:—

Muskegon river is clear of ice, and the business of starting the logs will be begun at once. We believe that most of the contractors on the river and its branches have "filled their bills," and that with the new logs put in this winter and those left over in the booms here and in the lower end of the river, the stock from Muskegon mills will be quite as large this year as last, or say from 350,000,000 to 400,000,000.

The large stock of lumber accumulated last fall and during the winter, are fast being moved to Southern and Eastern markets, and by the time the regular sawing season for the large mills is opened the quantity that may be available for shipment will be very small. At least 300 car-loads per day pass over the roads leading out of the lumber regions of western Michigan. With this surplus out of the way, we may look for good prices when navigation opens.

From the Saginaw *Courier*, March 13:—

Loud, Gay & Co., of Au Sable, report to the *Chronicle* of 2,000,000 of bill stuff to New York parties, at $20 per M in Buffalo. Also, a sale of 500,000 feet of lumber at $35 for uppers, and $25 for selects, on dock.

From the Midland *Times:*

The *Lumberman's Gazette*, which claims to be a very reliable journal, says that nearly as many logs have been banked on the Tittabawassee and its tributaries the past winter as were put in last year. The facts are that about sixty per cent. of the logs cut have been banked, and not more than one-third as many were cut this winter as the average crop for four years, so that about one-fifth of the usual crop will be realized this year on the Tittabawassee and its tributaries. Such unguarded and unfounded statements, concerning matters of such importance, in a trade journal, are perfectly inexcusable, and we trust the *Gazette* will hasten to correct this erroneous impression concerning the most important lumber stream in the West.

We take the following correspondence from the Saginaw *Courier* of March 14:—

"*Editor Courier*—In your issue of this date I notice an article from the Midland *Times*, in which the editor of that paper takes exceptions to comments of the *Lumberman's Gazette* on logging done on the Tittabawassee River and its tributaries during the past winter. What the *Gazette* said was as follows:

'We have read accounts from different portions of Michigan, all of which go to show that not more than half as many logs have been cut during the past winter as during either of the two winters immediately preceding. We speak with reference to the whole State. It is doubtful if the actual figures would be sufficiently large to verify the percentage we have given. On many streams scarcely anything has been done on the east side of the State. On other streams the quantity of logs banked is not much less than usual. This may be said of the Tittabawassee and tributaries. But with the most favorable season, the boom capacity on this stream is insufficient to enable the running out of all the logs. The same difficulty exists in other streams.'

"I did not suppose it would be understood from the above that the quantity of logs cut last winter on those streams was about the same as usual. The *quantity banked* includes a very large stock held over last season. The quantity cut during the past winter, I am well aware, is comparatively small. The statement that only 'about one-fifth of the usual crop will be realized this year on the Tittabawassee and its tributaries,' must be entirely unreliable, for the reason that with the old and new crops of logs on that river and its tributaries, the boom capacity will be taxed to its utmost in the event of a favorable season for log driving. Especially on the Tittabawassee does the boom capacity and supply of water for log driving govern the quantity of logs secured in any season. Respectfully yours,

"Editor *Lumberman's Gazette*, Bay City, March 13."

From the Bay City *Weekly Tribune*, March 14:—

The boom company has commenced distributing logs wintered at Grand Rapids, and some 5,000,000 feet belonging to parties at Grand Haven have been started down stream, and the mills at that point will soon be in operation.

Messrs. Cardinell & McCarty, of Buffalo, have contracted to transport, on the opening of navigation, 2,000,000 feet of pine lumber, from Ossinee, Mich., to Buffalo, for $4 per thousand, on rail or vessel.

At Harrisville, Colwell & Chapelle are putting in a contract of 1,000,000 feet of spars for McDougal, of Tonawanda. The spars are to be 84 feet long, and 23 inches diameter at the top. They get 250 spars from a tract of 200 acres of land.

From the Saginaw *Courier*, March 14:—

A correspondent, writing from Ludington, states that the prospects are that the anticipated decrease in lumber manufacture this season will not take place, as many firms who intended last fall to cut only 7,000,000 or 8,000,000 feet, have 12,000,000 and 13,000,000 feet afloat already, with arrangements to increase the quantity at any time during the season. The trade in ash logs is uncommonly thriving. Six dollars and a half and seven dollars are the ruling figures for logs on the bank of the river.

General Western Notes.

From the Chicago *Inter-Ocean*, March 11:—

The market was active and firm, there being a good inquiry from the interior, and also from the city trade. As yet there is nothing doing in the wholesale market, although the indications are favorable for an early opening. Prices firm, and the outlook of the market is favorable for sellers.

From the Dubuque (Iowa) *Herald*, March 10:—

There is less activity than formerly—the result of foul weather, broken roads, and blockaded railroads, a heavy snow having fallen west, to the interruption of travel. Still, with all the disadvantages, trade is fair, and dealers encouraged. Shipments by rail are made up largely of lumber pulled out last fall, and owned by Western dealers. Several transactions have taken place, among which are the following: Knapp, Stout & Co. sold Conway, of Fort Dodge, 500 M, Chippewa to arrive, terms private, and made in the way of trade, for provisions. Barrows & Taylor, of Galena, contracted for 500 M, Shaw's lumber, to arrive, at $13. Lane, of Waterloo, is closing out business, and sold 150 M Chippewa piled on bank, to Ingram, K. & Day, for $15.50 per M. Babcock sold 100 M, same quality, to same parties, for $15. Orders are in hand for lumber to arrive, but sellers refuse to close contract until later in the season, when prices are fully established. Stock boards, fencing, and pickets are in reduced stocks, and will be cleaned out before fresh receipts arrive. Prices remain quiet, with less disposition to undersell. Lumber in the Pineries, where sawed, brings better figures than it does this distance from the mills. The retail trade will be dull for weeks, the golden opportunity for hauling having passed.

Shipments show the following increase on this, also on last year's business, comparing as follows:

Shipped West last week	141 cars.
Previous week	115 cars.
Increase	26 cars.
Same week in 1873	80 cars.
Increase in 1874	61 cars.

From the St. Louis *Times*, March 11:—

At the depot and on the levee only a moderate business was done, and the general market has ruled quiet and unchanged. Yellow pine, dimension unsalable dry flooring in fair demand, and green dull; poplar, slow, except for choice boards and strips, which were in request; walnut active and firm; good and choice ash wanted; oak slow—limited demand for wagon stock; cedar timber and posts in light stock, and firm—posts active. Trade at the yards dull. Shingles firm at $3.90 for best grades on East track, and lath at $3.

Eastern Notes.

From the Boston *Lumber Trade*, March 16:—

The market is quiet, but with a firmer feeling as regards spruce, especially joist and timber, the stock of which is getting rather low. There is still a good stock of pine, spruce, and hemlock boards, with but little demand. Spruce 4 feet clapboards are in fair demand, and but a small supply here. Lath continue dull. In shingles, the stock and the demand is limited. Other kinds remain quiet, and quotations remain as before. Builders are moving very slowly as yet. The stock of yellow pine is large, and the market for random cargoes is flat; for schedule orders, the prices are firm at our quotations. There have been no arrivals during the week at this port from the South. We are beginning to report arrivals from the East, mostly of spruce boards.

Foreign Notes.

From the Liverpool (England) *Shipping and Commercial Express*, of March 5:—

(*From Robert Coltart, Smith & Co.'s Circular.*)

Since our annual circular was issued, some kinds of wood goods have rather declined in value, notwithstanding the fact that prices at ports of shipment are as high, and from the north of Europe ports, fully 10 per cent. higher than at any time last year. This is the more remarkable, inasmuch as freights are also higher and likely to advance, and the rates of insurance, too, are much above those of previous years. The anomaly is partly attributable to the present action of the Dock Board, in compelling the trade to clear and give up a large quantity of the storage land allotted for timber, the result being that the trade are inclined to force off their goods rather than incur the expense and drawbacks of removing them to the distant and inconvenient storage ground which is alone obtainable at present, and appear disinclined to import as much as last year, fearing a difficulty in finding sufficient accommodation for their timber during the height of the import season. There is a good consumptive demand, and a prospect of its continuance. Colonial woods: yellow pine is light in stock, and prices are firm. Red pine is being brought from the outports. Oak and elm are in fair demand. Ash is quiet. Birch is readily sold on arrival. The stock of black walnut is ample. N. B. and N. S. spruce deals have fallen off in import, and the low prices of last fall having drawn buyers' attention to these cheap articles, the consumption has been large, and prices are now advancing, but the experience of last year has caused buyers to hold off from buying on contract. Quebec pine deals remain quiet. Staves are improving in value. Lathwood and palings are in better demand. Pitch pine has gone largely into consumption through forced sales, owing to the difficulty of getting storage ground; prices, therefore, are lower, and a large number of cargoes bought on contract by the trade have consequently been resold and diverted to other ports. East India teak and greenheart are in healthy demand. Locust treenails continue to be sold on arrival at rather below the rates obtained lately.

(*From Messrs. Farnworth & Jardine's Circular.*)

Siece the publication of our annual report, at the end of last month, we have had a fair business doing, which will doubtless be stimulated as the spring advances, and prices are likely to be fairly maintained, as nearly all articles will cost more to import this season. The arrivals of mahogany during the month have been 134 logs and curls from St. Domingo. During the past month there has been but little doing here, in consequence of the light stocks held here of all kinds of mahogany, and the absence of fresh arrivals. There has only been one cargo of Mexican mahogany offered, and for this advanced prices were obtained, and at the present moment the stock is exhausted, but fresh arrivals are expected. Tobasco wood is inquired for, and the next arrival will probably show a considerable advance. Honduras of good quality is wanted, and the stock was quite exhausted, but a cargo is now off the port. St. Domingo mahogany of veneer quality is eagerly inquired for, and the last sales were at full prices. Cuba wood is wanted, and regular shipments would meet with ready sale here. Cedar is in a little better demand, especially the larger sizes; pencil wood is very dull of sale, and the stocks are excessive. Satin wood still commands high prices, but there is not much inquiry. American black walnut is in fair demand at the present reduced value; Italian and Circassian are dull of sale, and the stocks sufficient; and burrs o good quality have been sold at extreme prices, but the commoner qualities are unsalable. Rosewood is but seldom inquired for, and only large planks of the best quality should be shipped. Zebrawood is dull of sale, and the stock is sufficient. Bird-eyed maple, if fresh, and of good quality, would sell readily, but old wood should not be shipped. Lignum vitæ of good quality is wanted, the stock consisting entirely of small wood. Lancewood spars sell fairly on arrival, but they must be fresh.

METALS.—The manufacturers, at their meeting last week, made no change in prices, and quotations are retained for manufactured as follows: new sheathing, 33; bolts and braziers', 35; and nails, 40 cents ₰ lb. Y. M. Sheathing, 24, and bolts 30 cents. Ingot is quoted at 24@24¼ cents for lake.

Iron.—The market is particularly dull, and so little is doing that it is probably the most quiet, comparatively

within the limits of our report. Scotch pig is almost without movement, Gartsherrie being out of market. American pig is quiet. Old rails are in some inquiry. Scrap is quiet, and manufactured from store is dull, at previous quotations.

Lead.—Pig is dull, ordinary foreign being held at 6½ @6¾ cents. Refined, 7¼, and domestic at $6.20@6.25, gold. Manufactured is steady at 9 cents, less 10 ℔ cent. to the trade. Tin-lined pipe, 16½ cents.

Tin.—Pig is light in stock, but the demand is limited, and prices for straits are unchanged. English is weaker and buyers have the advantage. Sales are reported at 21½@22¾ cents. Plates are dull, and prices are weaker. Sales of charcoal have been made at $10.37½, of charcoal terne at $9.37½, and of coke tin at $8.12½, gold.

Zinc.—Sheet is quiet, selling from store at 8½ cents, gold.

NAILS.—Cut are quiet and nominally steady at previous quotations. We quote: 10d. to 60d. common fence and sheathing, ℔ keg, $4; 8d. and 9d. common do ℔ keg, $4.25@4.50; 6d. and 7d. common do ℔ keg, $4.50@4.75; 4d. and 5d. common do ℔ keg, $4.75@5; 3d. and 4d. light, ℔ keg, $5.50@5.75; 3d. fine, ℔ keg, $6.25@6.55; 2d. ℔ keg, $7@7.20. Cut Spikes, all sizes, $4.25@4.50; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ℔ keg, $6@6.25; 4d. and 5d. ℔ keg, $5.25@5.50; 6d. and 7d. ℔ keg, $5@5.25; 8d. ℔ keg, $4.75@5; 10d. to 60d. ℔ keg, $4.50@4.75.

CLINCH NAILS.

1¼ to 1 in. 2 & 2½ in. 2½ & 2¾ in. 3 in. and longer.
$6.25@6.50. $6@6.52. $5.75@6 $5.50@5.75 ℔ keg.

OILS.—Linseed is in fair jobbing demand at 96@97 cents. We quote: crushers, in casks, at 95@96 cents; in bbls. at 96@97, and boiled and refined at $1.02.

PAINTS.—Trade all around has been good, and so much activity has developed that dealers are full of hope for a good season's business. Domestic goods are steady. English B B white lead is scarce. Sales, 25 tons to arrive at 10¾@11 cents, gold. English china clay is scarce for spot, and firm. Quicksilver vermilion is strong at $1.50 gold for American. Red lead is steady at 9 cents, gold, for English, and 9@9¼ cents, currency, for American.

PITCH—Neglected and nominal at $2.87½@3.00 for city

SPIRITS TURPENTINE — Have been generally quiet, closing at 47½@48 cents for merchantable order; 48½@49 cents for shipping order; and 50 cents ℔ gallon from store.

TAR—Has been inactive, closing neglected and nominal at $3 for Washington, $2.87@3 for Newbern, and $3@3.25 for Wilmington.

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

For terms and further information apply to
M. MAGRATH, Patentee, Carpenter and Builder.

PORTLAND CEMENT.

Direct importations of the best qualities from the most renowned factories in Europe, of which I am always prepared to furnish my customers at the very lowest market prices.

SIDEWALKS.

I guarantee to lay, at very low rates, under my patented method. I make the laying of Malt floors, and floors for Cellars, Icehouses, Stables, &c., a "specialty." Cellars that are below the level of the river and consequently admit water, I will guarantee to lay perfectly watertight. I also lay floors of the very latest construction and pattern for Churches, Areas, Halls, Kitchens, and Restaurants; I make up and deliver to order the handsomest pieces of workmanship in stones, such as Lintels, Sills, Coping, Chimney Caps, Steps, as well as whole House Fronts, of the most beautiful architectural designs. Decker Bros.'
Grand, Upright, and Square
PIANO-FORTES.

THE DECKER BROTHERS
are the owners of the only patents granted to any person of the name of DECKER for improvements in
PIANO-FORTES.
All genuine
DECKER BROTHERS' PIANOS
have the following line cast on the iron plate in the inner left-hand corner of the instrument:
"DECKER BROS.' PATENT, JUNE 2, 1863."
To guard against imposition, purchasers should see that this line is cast in the plate as described.

The reputation acquired for their manufacture by the
DECKER BROTHERS
is the result of years of unremitting effort to develop the power and correspondingly to improve the quality of tone in the PIANO-FORTE.

This endeavor has been rewarded to an extent deemed at the outset almost unattainable, and the absolute success of the method of manufacture originated and patented by them is now conclusively established by the unanimous testimony of the most eminent musical authorities and scientific experts, who unite in pronouncing the
DECKER BROTHERS'
instruments the most perfect of their class yet produced.
EVERY DECKER BROTHERS' PIANO-FORTE is guaranteed for seven years.
The splendor of tone for which the
DECKER BROTHERS'
instruments are world-renowned is the same in each of the three varieties of PIANO-FORTE—
GRAND, UPRIGHT, AND SQUARE.

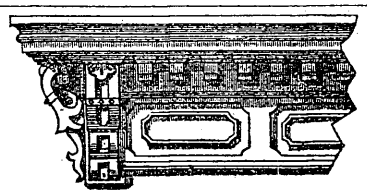
ESTIMATES given for STONE-FRONTS, and SAWING for THE TRADE.



I am sole proprietor of "Buena Vista Free-Stone Quarry," situated near Buena Vista, Scioto Co., Ohio, and, with my improved facilities, am prepared to deliver in New York 100 CAR LOADS EVERY WEEK.

The FINEST GRAINED, the MOST DURABLE, and the MOST BEAUTIFUL Building Stone offered to the people of New York. Free from defects, blemishes, and disintegrating properties. Subjected to repeated tests, it stands a pressure of 2,000 POUNDS more to the square inch than Brown Stone of Connecticut. In a fire it is superior to all other stone.

The following buildings, among others in New York city, exhibit the stone, viz.: St. Luke's Home, corner of Madison Avenue and 89th Street, the church adjoining, twelve houses corner Madison Avenue and 64th Street, and my office front, corner Eleventh Ave. and 60th St.

Call and examine the Stone. Samples furnished FREE. Terms reasonable. Addres, Box No. 8, Station G, N.Y

CARD.

To Bankers, Lawyers, Trustees, Executors, Savings Institutions, and others having capital to invest in Bond and Mortgage on first-class property:

There are millions of capital controlled by parties who desire to invest in Bond and Mortgage, and who are not only satisfied with, but who refuse more than legal interest. To such we offer our services in negotiating safe and judicious investments, having had sixteen years' experience and knowledge of Real Estate in this city. Our commission, invariably one per cent., paid by the borrower. Searches, when made through our office, will be conducted by one of the best and most experienced Real Estate lawyers in this city at one-half per cent. JAMES R. EDWARDS,
Real Estate Broker,

YOUNG'S
DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Thirty-fifth st. (No. 345), front alterations; cost, $300; owner, Fredk. Boye; architects and builders, F. W. Powell & Co.

Thirty-sixth st. (No. 212 W.), front altered; cost, $300; owner and architect, Mr. Ziegler; builder, Michael Lapp.

Thirty-ninth st. (No. 4 W.), extension 6x15; cost, $800; owner, C. A. Sackett; architect and builder, John Sinclair.

Third av. (No. 11), extension 20x34; cost, $200; owner, James Billun; builders, Dunn & Martin.

Third av. (No. 1010), stairs altered; cost, $350; owners, Tcheppe & Shur.

Third av. (Nos. 1334 and 1336), w. s., 50 n. 76th st., floors let down and new plastering, and front altered; cost, $16,500; owners, J. B. Ballock and R. J. Clarke; architects, D. & J. Jardine.

Third av., s. w. cor. 82d st., front alterations; cost, $925; owner, Henry Otgent; architects, Hopkin & Wilkins; builder, Thomas Headley.

Varick st. (No. 76), interior alterations; cost, $3,000; owners, N. Y. Prot. Epis. School; builder, David Hepburn.

Vandam st. (No. 31), raised one story; cost, $1,200; owner and builder, Leonard Sibley.

Vestry st., cor. Canal st., extension raised to three stories; cost, $400; owner, Wm. H. Thurman; builders, P. Casserly & Co.

William st. (No. 1), interior and front alterations; owner, John Dewsnap; builder, J. Walton.

Washington st. (No. 211), repair damages by fire; cost, $3,000; owner, Enoch Morgan; builders, Jas. Rodwell and R. A. Bonner.

Wall st. (No. 112), interior rearranged, &c.; cost, $10,000; owner, Frederick Lyman; architect, R. G. Hatfield; builders, Robt. Darragh and W. Germond & Co.

Washington st. (Nos. 452 and 454), raised two stories; extension 23 and 13x30; interior alterations, &c.; cost, $9,000; owner and builder, John Hankinson.

Whitehall st. (No. 47), rear wall removed and girder substituted; cost, $500; owners, Evans & Co.; builder, Daniel Tyrrel.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The market is substantially the same as at our last report. Private sales have been few, and many of the offerings at the auction room have been disposed of under the stress of legal proceedings, or have been taken up by parties in interest. Some of the public sales resulted fairly, but the greater number of them followed the ordinary course of proceedings of their class. The market is inert, sustained despite all adverse or depressing influences by a dogged determination on the part of owners to get their price or to carry. This feeling seems likely to continue, unless trade becomes long and hopelessly embarrassed and ends in stagnation and revulsion. The market *per se* is actually nothing. A few almost isolated conclusions do not more than exemplify our statement. For the past week we can say that prices have ruled steady and firm. The results of the week to come, or of the remainder of the season, are difficult to estimate. Various circumstances lead us to conclude that property, which has largely advanced in price in deference to speculation and prospective improvements now deferred, must yield. Fancy lots, at fancy prices, have too much weight to carry to remain quiet. Their market is one of excitement, and that failing they are liable to revulsion. For the prices of property founded on legitimate supply and demand, there is little to fear. In this case, there may be temporary inconvenience, but not disaster. We cannot, however, assert that positive loss, by depreciation, is to accrue in any quarter; but this is entirely a matter of the future, conditioned upon the results of trade and general prosperity.

GOSSIP.

The Commissioners for laying out New street, running parallel to One Hundred and Fifty-fifth Street, in an easterly direction from the Kingsbridge Road, across the Tenth Avenue to the Boulevard, near the Harlem River, give notice that the bill of the cost, charges, and expenses incurred will be presented for taxation to the Supreme Court on April 4, at 10:30 A. M.....The Board of Assistant Aldermen on Monday adopted the resolution providing for the change of grade of Sixty-eighth Street, between Madison and Lexington avenues, and in Fourth Avenue, between Sixty-seventh and Sixty-ninth streets, so as to conform to the red line and figures on the diagram drawn by Frank E. Towle, City Surveyor, dated February, 1873.....The Assessment list for opening and extending Lexington Avenue has been lodged with the Collector. Interest runs from February 10.

BUREAU FOR THE COLLECTION OF ASSESSMENTS.

The Assessment list for opening and extending Lexington Avenue, from One Hundred and Second Street to the Harlem River, has been lodged for collection. The limits embraced by said assessments include all the lots and houses, vacant lots, pieces and parcels of land embraced within the following boundaries: Fifty-ninth Street to Harlem River, and from Third to Fourth Avenue. All payments made at the Collector's Office within sixty days from March 23 are by law exempted from the charge for interest at seven per cent., which runs from February 10, the date of confirmation.

ASSESSMENTS.

The Board of Assessors gives notice that assessments for the purposes and against the property described below have been completed, and lodged for examination by all persons interested. Objections must be presented on or before April 18.

Broome st., both sides, bet. Mott and Mulberry sts., except the two corner lots on Mott st., sewer.
Elizabeth st., w. s., bet. Hester and Grand sts., basin.
East River. See 52d st.
Eightieth, 81st, 82d, 83d, 84th, 85th, 86th, 87th, 88th, and 89th sts. See Lexington av.
First av. See 52d st.
Fifty-second st. The property bounded by 52d and 56th sts. and 2d av. and the East River, except blocks bounded by 52d and 53d and 55th and 56th sts., bet. 1st and 2d avs.
Extension of sewer foot 54th st.
Fifty-third st. See 52d st.
Fifty-third st., both sides, 7th av. to Broadway, flagging.
Fifty-fourth st. See 52d st.
Fifty-fifth st. See 52d st.
Fifty-sixth st. See 52d st.
Fifty-ninth st., both sides, 1st to 2d av., Belgian pavement.
Fourth av. See 63d st.
Lexington av., both sides, from 66th to 96th st., also, one-half the block, east and west, on both sides of each of the intersecting sts.
Lexington av. See 63d st.
Mott st., w. s., bet. Hester and Grand sts., sewer.
Ninetieth, 91st, 92d, 93d, 94th, 95th, and 96th sts. See Lexington av.
One Hundred and Tenth and each successive st. northerly to 154th st. See 7th av.
Second av. See 52d st.
Seventh av., both sides, 110th to 154th st., paving, curbing, and flagging, also, one-half the block, east and west, on both sides of each of the intersecting sts.
Seventieth, 71st, 72d, 73d, 74th, 75th, 76th, 77th, 78th, and 79th sts. See Lexington av.
Sixty-third st., both sides, Lexington to 4th av., to the extent of one-half the block, north and south, on each of said avs., Belgian pavement.
Sixty-sixth, 67th, 68th, and 69th sts. See Lexington av.
Sixty-seventh st., 3d and 4th avs., both sides, regulating, grading, curb, gutter, and flagging.

BANKRUPTS.

Alfred P. Reynolds, Joseph M. Hill, Charles E. Luff, and Henry B. Brassington have been adjudicated involuntary bankrupts in the United States District Court.

Voluntary petitions have been filed by Edward Williams & Co., jewelers, Benjamin B. Bloss, W. N. Roe, and Albert Wilkinson and S. F. and S. P. Best.

Discharges have been granted to N. and S. Schwab and Julia Johnson.

Receiver appointed in case of Sarah A. Moody.

BUSINESS CHANGES.

NEW YORK CITY.

Barnett & Lipsky....Peddlers' Supplies....Dissolved ....Abram Barnett continues.
Bickford Knitting Machine Co....Selling out by Receiver.
Boll, John....Baker ...Gone into Bankruptcy.
Brown, Edward....Painter....Closed by Execution.
Cochran, McLean & Co....Dry Goods....Fergus Cochran deceased.
Cox, Henry T....Bronzes, &c....Changed to Henry T. Cox & Co.

REGULATING, GRADING, &c.

Eighty-second st., from Boulevard to 11th av.*

MARKETS.

With hardly an exception, the markets remain substantially the same as at our last report. Some variation there is, but no more than has been foreshadowed in previous reviews. The improvement most visible is not due to causes connected with city trade or building interests, but is the result of a demand existing far beyond our municipal or dependent confines, and which is particularly known and recognized as the country trade. Masons' materials are dull, bricks keeping quite firm; cement weakening; lime steady; lath quiet, and in moderate request; hair without movement for city trade; lumber in fair demand for manufacturing, not building, purposes; metals dull and dispirited; and paints and oils in good and improving business, though out-of-town trade. The action of Congress in respect to enlarging the volume of currency has been a topic of much discussion in building circles. The general conclusion seems to be that any increase of the legal tender circulation will stir up trade and make business active for the present, and perhaps a succeeding season; but its effects are feared and dreaded, and the impression appears to prevail that any activity resulting from inflation is unhealthy, and will not only be succeeded by poorer business, but by almost an extinction of trade, and is therefore more to be deplored in its ultimate than in its present influence upon business. A comparison of the building operations in this city, from January 1st to and including March 21st, with the corresponding period in 1873, shows (after making allowance for the new wards) a decrease of about 17 per cent. in new buildings, but a much greater ratio of increase in improvements or alterations. This comparison fully bears out our reports of the markets, and shows that, as we have claimed, the demand for material has been greatest for interior or finishing purposes.

Annexed is our report in detail:

BRICK.—The market has been a little more active than last week, arrivals having been more numerous, and all that came in having been sold. Up-rivers, as expected, came down in limited quantities, say from three to four hundred thousand, several barges having arrived. They were all taken up at fair prices, although below the highest range of quotation heretofore given. The arrivals of Jerseys have been confined to a very few, not more than two or three boat-loads. These have been disposed of at previous prices. About the same number of Haverstraw Bay bricks have arrived as last week, aggregating some four or five millions. These, with the stock on hand at the close of our last report, have all been sold at unchanged but stiff prices. The market is quite firm, with an increasing disposition to harden. We quote: Pale, ℔ M, $3.75@4.25; Jersey, $6@6.50; Long Island, $6.50@7; Up-river, $6.25@7.; Haverstraw Bay, $7@8.75; Croton Fronts—brown, $14@15; dark, $15@16; red, $16@17; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—Rosendale is decidedly and still further off, its tendencies being still of the weakest. We noted the change in the market last week, and credited future deliveries with the burden of the decline, but as the market now stands manufacturers and their agents are ready to make cheaper terms, and have accordingly been offering at $1.50 ℔ bbl., a price which is said to extend even to the stocks on hand, and therefore comes within the limit of last year's combination. Foreign is off in price also, although sales are reported at our previous quotations. Portland is generally quoted at $5.10@5.20, and Roman at $4. We note sales of 400 bbls. Portland, ex vessel, at $5.30, delivered. We quote Rosendale at $1.50@1.75; English at $5.10@5.50; and other foreign at $4@5, delivery to be added.

FIRE BRICK—Are without movement of note, and are unchanged. We have no reports of sales, and quote American at $40@50, and red Welsh at $50@55.

FOREIGN WOODS.—The market continues generally active, good grades of rosewood and mahogany being in special demand. The auction sales for the week comprised a lot of lignumvitæ of no particular interest or bearing upon the market.

GLASS.—The market for French window is very firm, and with advancing tendencies, although discounts are as yet unchanged. The cost of importation and present selling prices are so nearly identical that importers have little or no profits, and must advance the price as soon as the condition of trade will admit. English sheet and polished plate are rather nominal in quotation, with dull and irregular movement. Discounts, generally, are retained.

HAIR.—There is an increasing demand for the better grades, and sales have been of 4,000 bushels of goat at 28@30 cents, and of 4,000 bushels of cattle at 25@28 cents. The demand, however, has been confined to the country trade, which is remarkable for the season, and about a month earlier than is usual. The city demand is very inconsiderable, so much so that it can be said that there is none, and that it is flat. Our quotations, according to quality, are, for cattle, 18@28 cents, and for goat 28@30 cents ℔ bushel.

LATH—Are quiet, and trade seems limited chiefly to jobbing requirements. Quoted at $1.85@2.

LIME.—Business, if not in large lots, is fair, and an even flow of trade is kept up. The market is steady as we quote, and probably preserves its balance as well as any within the limits of our report. We quote common, at $1.05@1.10, and finishing at $1.60@1.75.

LUMBER.—Trade at the yards continues very good in the character we have recently reported it. The demand for pine comes largely from box manufacturers, and the ordinary grades are in special request. Choice lumber is not sought after. There is a generally fair, all things considered, retail trade doing. The wholesale market seems quite devoid of life. No sales for export are reported, and business in large lots is more than limited. Spruce is still in demand for flooring, while timber is in indifferent request, quoting at $17@21, with sales probably shaded below quotations to suit buyers. Yellow pine is unchanged from previous reports; flooring in some demand; dimension timber inactive. Hardwoods maintain a fair jobbing trade, black walnut holding its own at the best rates. Ash is in great request for one inch, and we hear of dealers who will take all that can be brought at present into the market.

The charters comprise: An American ship, 1,140 tons (to arrive from Valencia), from St. John, N. B., to Liverpool, deals, £5 10s., now an outside rate; an American bark, 305 tons (now here), from Norfolk to Cadiz, hhd. staves, $3,350, gold; a Tern. schr., 673 tons, from Boston to Cadiz, staves, $4,500, gold; a schr., 130,000 dry boards, from Jacksonville to New York, $9.50.

Michigan and Wisconsin Notes.

We take the following report of lumbering operations in Wisconsin from the Saginaw *Courier* of March 20:—

From an exhaustive lumber report now being compiled, it appears that the latest returns from the lumber camps on the different streams of this State show that a much larger crop of logs will be brought out than was expected when operations began last fall. Still, the crop will be much short of what it was a year ago—probably about sufficient, when added to the surplus left over, to meet the demands in Wisconsin without overdoing the market.

The Black River, which in 1872 produced 350,000,000 feet of logs, will produce not over 113,000,000 this year, which is about 33,000,000 more than operators on that stream expected when work began in the fall.

In 1873 the Wisconsin River produced a log cut of 130,000,000 feet; but, for some reason, not explained in the report referred to, only a mere fraction of that

amount, say about 22,500,000, will be the crop this year.

The figures for the Upper Wolf River and its tributaries are not regularly gathered from the various operators on that stream, but are laid on the statement of an experienced lumberman of Oshkosh, who writes: "This stream carried 207,000,000 feet of logs in the spring of 1873. Last fall, when operations began in the woods, the prospective cut was closely estimated and put down at 95,000,000; but the favorable conditions of the winter and improved prospects of finances and trade have encouraged operators to extend their plans, and I now figure up the crop at 112,000,000."

The logs left over from last year on the St. Croix River and tributaries are estimated at 28,000,000 feet. The cut of the present year is put at 115,000,000 against 165,000,000 last year; or, in other words, the mills on the stream will have about 143,000,000 feet to work up next summer.

On the Chippewa, in the winter of 1872-3, 275,000,000 feet were put in, and on the Eau Claire 105,000,000. On the former stream, the cut of the present winter, added to what was left on hand at the closing down of the mills last fall, will make, as near as can be estimated now, 250,000,000; on the latter a very much smaller proportion, say not over 51,000,000.

Last year the Yellow River and its tributaries furnished 62,000,000 feet, of which 17,000,000 were left over. Adding the amount of old logs to this winter's cut, 34,000,000 feet is the amount set down to this stream.

These figures give the estimated yield of all the Wisconsin lumber regions except that known as the Green Bay district, of which the figures received up till Saturday noon, were only of a fragmentary nature. Out of these, however, it can be stated that the Peshtigo, which last year used 40,000,000 feet of logs, and had 15,000,000 left over, will this year bring out only 25,000,000. On the Menominee, the cut will foot up 109,000,000 against 123,000,000 last year.

An effort is made to show approximately how much lumber may be expected to go on the market from the mills established along the lines of railroad penetrating the pine woods. Hitherto this item has been comparatively insignificant, but during the last year has enlarged, till it is now worth considering in the total product. Estimates gathered from the three roads, the West Wisconsin, Wisconsin Central, and the Green Bay and Minnesota, place the yield at 76,000,000 feet, which, added the figures already given, exclusive of the Green Bay district, fix the crop at 802,000,000 feet, not including, of course, any portion of the sawed lumber left over from last year. The fact that these figures show a much shorter supply of logs than that for last year, is taken among lumbermen to be a most encouraging future. While it is expected that these figures will be of value to the trade in judging of the probable course of prices, they will also assist to prevent overstocking hereafter.

From the Saginaw *Courier*, March 19:—

A correspondent of the Bay City *Tribune*, writing from Au Sable, says "that most of the lumber camps are broken up. The number of logs put in is much less than the average stock, but most of the mills on the shore will find plenty to do, as there is considerable old stock in the booms. All the mills here will open with the season, except the one belonging to the Au Sable Lumber and Shingle Company, which, it is understood, will be idle. Smith, Kelley & Dwight will start their new mill as soon as the booms are open. Moore & Tanner's new mill will not be ready in some time.

The lumber market promises well. All sales yet reported are at figures very favorable to the mill men, and they are generally looking for a profitable season. During the past week the shipments of lumber from Toledo east, by the Lake Shore Railway, were 925,000 feet of lumber, 114,000 staves, and 780,000 shingles; since the first of January, 7,212,700 feet of lumber, 1,186,000 staves, 4,303,600 shingles, and 600,000 lath, and during a corresponding period in 1873, 3,326,500 feet of lumber, 3,010,000 staves, 2,421,400 shingles, and 92,000 lath.

From the *Saginawian*:—

By private letter, from Alpena, we learn that about 50,000,000 feet of new logs have been cut during the past winter, which, with the 30,000,000 feet of old logs carried over, will give a full stock for operations during the mill-running season of 1874.

Eight million feet of lumber have been sold during the past fortnight, part at $6 and $12; culls and common, and part at $6.50, $13, and $35. Besides these sales, Richardson, Avery & Co. have sold a large quantity on private terms, but the figures were no doubt as good as those given in other sales.

About 8,000,000 feet of logs have been sold at figures corresponding with rates on lumber, all of which are far better than the closing market last fall indicated, and the lumber interest at Alpena is buoyant and hopeful.

From the Saginaw *Courier*, March 21:—

An Eu Claire special states that a heavy rain on the 16th inst. melted the snow, and destroyed the sleighing. Logging operations for the season are suspended. There were put in upon the Chippewa and its tributaries about 225,000,000 feet, which is nearly as many as last season, but there are no old logs back. On the Eu Claire River, 30,000,000 feet have been put in, and 30,000,000 feet of old logs remain on hand. On the Menominee River about the same amount has been put in as on the Eu Claire River, with a considerable stock of old logs back. If a good drive is made, the mills will be well supplied.

General Western Notes.

From the St. Louis *Times*, March 18:—

Receipts at the depots and on the levee were light, and transactions were only moderate. Prices for all kinds are essentially unchanged, with a demand for best grades only—inferior and common slow sale. Trade at the yards dull, with stocks larger than same time last year. Shingles firm at $3.95 on East track, and lath at $3.

From the Dubuque (Iowa) *Herald*, March 17:—

Nothing of special import has been developed the past week in the lumber trade. The demand has diminished somewhat, and is almost wholly confined to rail orders, the retail inquiry having fallen off largely since the sleighing went off and the roads became broken. Nevertheless trade is fair for the season, and above what it was a year ago, with prices ruling steady and firm.

The river will in all probability open this week, and offer navigation Southward.

Mr. G. B. Burch is the latest arrival from the lumber districts on the Wisconsin river. He reports good work being done among the loggers, although some camps have broken up and come out of the woods. The gravest apprehensions are now felt for the success of a drive of logs; there is no snow to speak of, the bottom is principally ice, which is drizzling off without making a flood, and unless more snow falls, the only hope is heavy rains to flood the logs out of the woods. Mr. Burch estimates that one-third of the lumber made in that valley is shipped by rail to all points of the country, and comparatively a small amount is to come in raft. Dealers on that river hold firm, and receiving more satisfactory prices than for years past, all things considered. Railroads now tap nearly every important point in the Pineries, and give freight tariffs which leave but little inducements to raft and run to market. One question was fully settled in his mind: there will be no decline in lumber the coming season, whether there is any advance or not. Dealers all talk in favor of maintaining values, and not a few argue an advance.

The Chippewa, Black, and other tributaries, have large amounts to send out, but not up to what was run last season.

Chippewa lumber is held in this market at $12.50@13 ₱ M afloat, an advance of 25@50 cents above what dealers were offering at a few weeks ago. Price lists are generally adhered to, and the feeling one of firmness.

Shipments hold up well, increasing 12 cars on a year ago, but falling off 25 cars on the preceding week:

Shipped West last week	116 cars.
Previous week	141 cars.
Decrease	25 cars.
Same week in 1873	104 cars.
Increase in 1874	12 cars.

Eastern Notes.

From the Boston *Lumber Trade*, March 23:—

There is as yet but little movement in this market. Some shipments have been made to New York and other ports in that direction, trade starting there a little earlier than in this latitude. The tone of the market, however, is firmer, there being an increasing demand at a slight advance. A hopeful feeling prevails as to the coming season, and there seems to be a good foundation for it in the less than usual amount of production during the past winter, the moderate and, as to some kinds, small stocks of lumber, and the prospect of increased demand for building purposes, especially of vessels. We report no change in our quotations, except a slight one in that of black walnut by the car-load, which we now report at $75 to $82.50, and of white wood at $42 to $48. Dealers in furniture woods also give us a higher quotation for the best qualities of the different varieties of mahogany. We report three arrivals from the East, and hear of several other cargoes on the way. No arrivals of hard pine.

Arrivals.—Schr. Adelaide, Machias, Me., 75,000 spruce, pine, and hemlock, to Foster, Swazey & Co.; schrs. G. F. Baird and Gipsey, from St. John, N. B., 100,000 pine boards each, to D. Palmer & Clewley.

The following have been the total surveys of foreign and domestic lumber in this district for the past week, as compiled by the surveyor-general:

	Feet.
Black walnut	36,579
Hardwood lumber	90,316
Hemlock lumber	58,645
Pine lumber	20,263
Southern pine plank and timber	21,454
Southern pine flooring	127,915
Spruce lumber	301,884
Whitewood	.....
Total	657,056
Same time 1873	1,148,841

State Notes.

From the Albany *Argus*, March 23d:—

No movement is reported in this market; the trade is still occupying its winter quarters. At Ottawa, Canada, there is more activity in the trade; American buyers were reported every day as on hand and purchasing; contracts for the summer have been made by some of the Chaudiere mill owners at $17 for stocks and sidings, $14@14.50 for strips, and $9 for culls, with some sales of culls at $8.50. American buyers have been so backward that some mill owners have made large contracts for cutting British deals. The Gatineau jobbers have succeeded in getting all their logs down to the roll way; there will be very little timber or logs of this season's cut left in the woods. From the Wisconsin lumber fields the report is that a much larger crop of logs will be brought out than was expected when operations began last fall. Still, the crop will be much short of what it was a year ago.

From the Whitehall *Times*, March 18:—

A very active spring trade is not to be expected, and how active a business may be done throughout the season will depend a good deal on the money market. A severe stringency, such as was had last fall, will have a depressing influence and control all operations. Much will also depend on an exemption from the labor strikes, which so seriously interfered with business last year. Canada manufacturers still keep their prices above what can be afforded for this market. No contracts will consequently be made till concessions in prices are granted. Very little has been done in Michigan for this market. Prices still remain firm for upper grades.

Pennsylvania Notes.

From the Williamsport (Pa.) *Gazette and Bulletin*, March 19:—

The snow of last week has aided the lumbermen in the woods very much in getting in their logs, and when the spring freshets come they will be found well prepared for business.

For the week ending March 7th, 64 cars loaded with lumber were sent forward from Lock Haven, containing 630,920 feet. East of Renovo and west of Lock Haven, 22 cars were shipped, containing 202,280 feet.

From points south of Troy, on the Northern Central, 34 cars were forwarded, aggregating 330,400 feet of lumber.

Southern Notes.

From the Savannah *Advertiser and Republican*, March 20:—

TIMBER.—The receipts this week have been quite heavy, but meet with ready sale at quotations:

Mill timber	$7 00@ 9 00
Shipping timber, 700 to 800 av	10 00@11 50
Shipping timber, 800 to 900 av	11 50@12 50
Shipping timber, 900 to 1,000 av	12 50@14 50

LUMBER.—The improvement continues, and demand fair at quotations:

Ordinary sizes	$19 00@21 00
Difficult sizes	22 00@25 00
Flooring boards	21 00@25 00
Ship stuff	22 00@25 00

FREIGHTS.—Lumber, to Philadelphia, by sail, $7.50; New York and Sound ports, lumber, $8.50@9.50; lumber, to Boston and eastward, $9.50@11. To Baltimore, lumber, $7. Vessels are in good demand and rates firm at quotations. The rates for timber are from $1.50@2 higher than lumber rates. West Indies and Windward nominal, gold. Lumber to river Platte $26 and 5 per cent. United Kingdom.—Timber 50s. for direct port. Rio Janeiro, $24 and 5 per cent. Rio Grande, $30 and 5 per cent.

From the Florida *Express*, March 14:—

Freights.—The present week has shown more activity in European charters—several ships being reported closed on the other side, and three ships chartered at Southwest Pass; rates have been 54s. to 55s., mostly at the last figures, which may be considered the closing rates for direct ports, U. K., in signing bills of lading. With considerable tonnage now due in Gulf ports, and the continued low state of our rivers, we can hardly expect these rates to be maintained. Arrivals of chartered ships have been quite numerous, as may be seen by our marine report. For South America, $26 and 5 per cent. has been reported. For domestic ports, there is no inquiry to load here, though orders are here to load at Pascagoula, at fair rates; we hear of nothing done or offering for West Indies.

Hewn Timber.—Our rivers are again low, and no timber is coming forward; the stock not yet to market is both large of contract, and considerable of unsold. But in the present state of our market we can only add that the market is firm, and lots for sale would realize contract prices.

Sawn Timber.—We hear of no transactions of importance; merchants are using their supplies already contracted for, and are little disposed for new engagements.

Assorted Lumber—Of all kinds is dull; we hear of no sales whatever, and the rates must be considered nominal, and we annex last quotations:

Cuba Lumber—nominal	— —@— —
We quote Stowage Deals, per M	$12 50@— —
Prime, per M	14 00@14 50
South America—Rates are still the same for standard deals	18 00@20 00
Texas	10 00@14 00
Texas, long length	18 00@— —
Texas, ¾ inch flooring	18 00@20 00
Texas, 1 inch flooring	20 00@— —
Texas, wide boards, No. 1, 1 inch	16 00@— —
Texas, edge boards, No. 1, 1 inch	9 00@10 00
Texas, edge boards, No. 2, 2 inches	7 00@ 8 00

METALS.—Copper.—Manufactured is steady as follows: New sheathing, 33; bolts and braziers, 35; nails, 40; yellow metal, new sheathing and bronze, 24; bolts, 30; and nails, 24 cents ₱ ℔. There have been large sales of ingot, covering about 1,500,000 lbs. Prices were at 24 cents, and upwards, and later sales at 24¼@24¾ cents, with 25 cents asked.

Iron.—Scotch pig is dull, and prices incline to buyers' favor. Quotations are rather nominal. American pig is steady. Rails are quiet, although new have been in some inquiry. English are nominal. Scrap is limited in movement, and refined bar from store is unaltered, but firmer in price.

Lead.—Foreign pig is dull. Ordinary is nominal at 6¾ cents, gold. Domestic is in better demand, quoted at 6¼@6¾ cents, gold. Bar is quoted at 8¼ cents. Sheet and pipe 9, and tin-lined pipe 16¼ cents, all less 10 ₱ cent. to the trade

Tin.—Pig is dull, and prices are against the seller. Sales of L. and F. at 21¼@21¾ cents; straits held at 25@25¼ cents, gold. Plates are very quiet, and are depressed.

Zinc.—Sheet is in moderate request at 8¼@8¾ cents, gold, from store.

NAILS.—Cut are steady and quiet. Quotations are unaltered, and we reproduce them as follows: 10d. to 60d. common fence and sheathing, ₱ keg, $4; 8d. and 9d. common do ₱ keg, $4.25@4.50; 6d. and 7d. common do ₱ keg, $4.50@4.75; 4d. and 5d. common do ₱ keg, $4.75@5; 3d. and 4d. light, ₱ keg, $5.50@5.75; 3d. fine, ₱ keg, $6.25@6.55; 2d. ₱ keg, $7@7.20. Cut Spikes, all sizes, $4.25@4.50; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ₱ keg, $6@6.25; 4d. and 5d. ₱ keg, $5.25@5.50; 6d. and 7d. ₱ keg, $5@5.25; 8d. ₱ keg, $4.75@5; 10d. to 60d. ₱ keg, $4.50@4.75.

CLINCH NAILS.

1¾ to 1 in. 2 & 2¼ in. 2½ & 2¾ in. 3 in. and longer.
$6.25@6.50. $6@6.52. $5.75@6 $5.50@5.75 ₱ keg.

OILS.—Linseed has been in improved demand, and prices are firmer, with advancing tendencies. With the opening of the spring trade a good Western demand is expected, and sales for April delivery are 70,000 gallons at 95 cents. Closing quotations are higher, the market advancing because of the limited production, as some of the manufacturers are cleaned both of oil and seed. We quote crushers in casks at 96 cents, in bbls. at 97, and boiled and refined at $1.02.

PAINTS.—The market has increased in activity, and the life mentioned in our last report has developed greater promise of an unusually good and busy season. Prices, under these circumstances, are quite firmly maintained. The foreign markets are also quite strong, with no apparent weak tendencies. White leads are quoted firm, American in oil being held at 11¾ cents, and English at 12½ cents, currency Sales of 15 tons BB to arrive, have occurred at 10¾@10⅞ cents, gold. Red lead is in fair demand for jobbing purposes. American is a little off, selling at 8¾ cents, currency. English is steady at 9 cents, gold. Paris green is in very active demand, and large sales have occurred, with the effect of making prices very firm, with every probability of an early advance. Ultramarine blue is in good request; Paris white in moderate demand; china clay is scarce for spot, and is held at $30, currency. American quicksilver vermilion is selling at $1.50, gold.

PITCH—Has been steady, but dull and quiet at $2.87½@3.00 for city.

SPIRITS TURPENTINE.—The market has been a little irregular. Early in the week prices were firm at 49@49¾ cents, but later sales and dull trade changed the tone of the market, and prices fell off, and recovering again, fell at the close of our report to the lowest figures of the week. We quote merchantable order, 47½@48 cents; shipping order, 48½@49 cents; and from store 50 cents.

TAR—Has been quite firm, and in some demand, closing dull and nominal at the following quotations: Washington $3, Newbern $2.87½@3, and Wilmington $3@3.25 per bbl.

SEWING MACHINE.

Easiest to Learn.
Easiest to Run.
Easiest Kept in Order.
Sold on Easy Terms.

Offices, 281 BROADWAY and 294 BOWERY.

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

For terms and further information apply to

M. MAGRATH, Patentee, Carpenter and Builder.

74 Irving Place, New York City.

PORTLAND CEMENT.

Direct importations of the best qualities from the most renowned factories in Europe, of which I am always prepared to furnish my customers at the very lowest market prices.

SIDEWALKS.

I guarantee to lay, at very low rates, under my patented method. I make the laying of Malt floors, and floors for Cellars, Icehouses, Stables, &c., a "specialty." Cellars that are below the level of the river and consequently admit water, I will guarantee to lay perfectly watertight. I also lay floors of the very latest construction and pattern for Churches, Areas, Halls, Kitchens, and Restaurants; I make up and deliver to order the handsomest pieces of workmanship in stones, such as Lintels, Sills, Coping, Chimney Caps, Steps, as well as whole House Fronts, of the most beautiful architectural designs. ARTIFICIAL STONE
FOR BUILDING
FRONTS, SILLS, WINDOW HEADS, TILING, SIDEWALKS. FOR STREETS, LAWN, AND GARDEN. FLOORS FOR BREWERIES, STABLES, CELLARS, KITCHENS, &c., &c.

All the stone work of Dr. Dewitt Talmadge's Brooklyn Tabernacle is of this description of stone. The attention of builders and architects is called particularly to this Artificial Stone, which, though much cheaper than any natural stone, nevertheless is of the same durability and of greater beauty. Our sidewalks superior to anything ever laid in artificial stone. Contracts taken and promptly executed. EAGAN & VAN DOREN,
71 Broadway, New York.

WROUGHT IRON BRIDGES.

Corrugated Iron Roofs,
Buildings, Doors, Shutters, Partitions, CRIMPED Sheet Iron, Fire-Proof Shutters, Sheet IRON ROOFS, protected from rust by INDESTRUCTIBLE ASBESTOS Paint, for flat roofs more durable and CHEAPER than tin. *Warranted.* MOSELEY IRON BRIDGE AND ROOF CO., No. 5 Dey Street.

Decker Bros.'
Grand, Upright, and Square
PIANO-FORTES.

THE DECKER BROTHERS
are the owners of the only patents granted to any person of the name of DECKER for improvements in
PIANO-FORTES.
All genuine
DECKER BROTHERS' PIANOS
have the following line cast on the iron plate in the inner left-hand corner of the instrument:
"DECKER BROS.' PATENT, JUNE 2, 1863."
To guard against imposition, purchasers should see that this line is cast in the plate as described.

The reputation acquired for their manufacture by the
DECKER BROTHERS
is the result of years of unremitting effort to develop the power and correspondingly to improve the quality of tone in the PIANO-FORTE.

This endeavor has been rewarded to an extent deemed at the outset almost unattainable, and the absolute success of the method of manufacture originated and patented by them is now conclusively established by the unanimous testimony of the most eminent musical authorities and scientific experts, who unite in pronouncing the
DECKER BROTHERS'
instruments the most perfect of their class yet produced.
EVERY DECKER BROTHERS' PIANO-FORTE is guaranteed for seven years.
The splendor of tone for which the
DECKER BROTHERS'
instruments are world-renowned is the same in each of the three varieties of PIANO-FORTE—
GRAND, UPRIGHT, AND SQUARE.

YOUNG'S
DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.
HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.
In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.
His Diamond Saw business is also thoroughly organized. No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

THE REAL ESTATE RECORD ASSOCIATION.

TERMS.

One year, in advance.....$10 00

All communications should be addressed to

C. W. SWEET,

WHITING BUILDING, 345 AND 347 BROADWAY.

SPECIAL NOTICES.

Not all enterprising people crowd into the Fifth Avenue for business purposes now-a-days. Some even are bold enough to depart from it and fall back upon solid, never-failing, never-deserted Broadway, while Mr. Weber, on the corner of Fifth Avenue and Sixteenth Street, requires more room for his constantly increasing piano trade and is compelled to take in Gurney's photograph gallery to find more room for his grands and squares. Ben. Gurney, who has just dissolved partnership with his aged father, finds himself too much crowded there, and opens a new place in Broadway (Kurtz's old establishment), where he will be glad to see his friends—and their number is legion. If there is any photographer better known to our real estate friends than Ben. Gurney we should like to know it. As it is, we say to all "pay a visit to the old Gurney family in their new establishment on the corner of Broadway and Eighteenth Street.

Young's Diamond Stone-Sawing Machine has now been advertised in our columns for over a year, and thus far we have made no reference to this invention, simply because we preferred to be eye-witnesses of its performances in the various yards. Recently we have made the tour of several yards where the machine is in operation and we must acknowledge that proprietors of stone yards, as well as the workingmen, speak of it in the highest terms. It is, no doubt, the best sawing machine extant. Since their introduction the sales of the machine have averaged one a month, the amount of the sales being over $80,000, of which more than 20 per cent. has been sold within the last two months. We must once more call the attention of stone cutters and those owning quarries to Mr. Young's advertisement in another column, and predict for him if he keeps up the standard of his machine most unbounded success.

THE VACATION OF ASSESSMENTS.

We have received various communications relative to the bill pending before the Legislature providing for the reassessment of vacated assessments. We have been at some pains to examine the text of the bill, and looking at it from a generally equitable point of view it seems proper that it should be passed. The act does not compel the payment of assessments vitiated by fraud and therefore properly vacated, but is intended to cure and amend all technical informalities which have been the means of relieving property actually benefited by improvements and righteously assessed therefor. In another aspect of the case it comes with peculiar hardship and perhaps injustice upon a class of real estate owners who have bought their property in the assurance that no liens existed, and it may be doubtful if any enactment can affix a penalty or impose an obligation upon land in the hands of an innocent holder and stranger to that obligation. The counsel to the corporation complains of the numerous suits to which the city is subjected by reason of these technically erroneous assessments. Does it not occur to that officer that the retroactive effect of the bill will be to create litigation and unsettle titles? It cannot be denied that the city at large has suffered, but there are individual rights which are important and can less easily bear the loss. Let the act apply to all present proceedings or assessments which, not now vacated, are equitable if not legal claims upon property benefited, and for the rest let the past be placed to the city account of profit and loss.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Washington st., s. w. cor. Bank st., brick partition in corner of house; cost, $500; owners, Griffiths, Curtis & Co.; builders, A. J. Felter & Son.

Washington st. (No. 729), front altered, &c.; cost, $250; owner, Ezekiel Donnell; builder, A. Welsh.

NOTICE.

TO THE MASTER MECHANICS OF NEW YORK.

An adjourned meeting of the Master Mechanics of all branches interested in the construction of buildings will be held at the Mechanics' and Traders' Exchange, No. 26 Murray Street, on TUESDAY, April 7, 1874, at 2 P. M. All are invited, as business of vital importance to the building interest will be transacted.

JOSEPH SMITH,
Chairman.

CHARLES E. HUME,
Secretary.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

Several sales of a private character have occurred during the week on ostensibly good terms, but business has been almost exclusively confined to sales at the Exchange, which have been numerous, bringing in some instances fair prices and in other affording no indication of values, and not coming within the range of reasonable anticipation as to their results. The market generally is dull, with some weak tendencies, chiefly shown, however, where owners are timid, or are unable to carry their investments. Beyond these the feeling is firm, begotten of a resolution as commendable as it is extraordinary. If the pending financial measures shall enlarge the currency to an extent that now seems probable, there is reason to believe that the reaction will create an activity which the market has not lately experienced, and excited speculation will be renewed, hurrying real estate to a higher point than it has yet attained, and from which revulsion will be greater when it occurs.

These things, nevertheless, are largely matters of conjecture. There are many things to be considered, and many other fruitful results to be achieved, before we can see and judge fully of the reflection upon real estate. We confess it hazardous to assume or to indicate the character of the market sixty days hence, or within any briefer period. It is a subject which has various issues, and presents grounds for opposing conclusions, and the experiences of the past or of to-day are not reliable as estimates for the future. The time is neither good for buying nor selling, and, perhaps, the best thing for the market is rest and inaction. We do not abate our opinion of the importance and value of city property, and, no matter what its conditions or embarrassments, are assured of its recovery from all alarms.

GOSSIP.

The Commissioner of Public Works reports that Croton water from the High Service Reservoir has been introduced in Eighth Avenue, between Ninety-second and Ninety-seventh streets, and in Ninety-second Street, between Eighth and Ninth avenues.....The several boards of School Trustees for the Twelfth, Seventeenth, and Twenty-second wards ask for proposals for building as follows: Twelfth Ward—new schoolhouse on One Hundred and Twenty-eighth Street, between Sixth and Seventh avenues, until April 14; Seventeenth Ward—new school-house, on First Street, between First and Second avenues, until April 9; Twenty-second Ward—enlarging and altering Grammar School No. 51, on Forty-fourth Street, near Eleventh avenue, until April 13. The plans and specifications for each of the above are on view at the office of the Superintendent of School Buildings, No. 146 Grand Street. .....The Department of Public Works will receive, until April 11th, proposals for roofing Tompkins Market.....The Commissioners of Estimate and Assessment for opening Tenth Avenue, from a point 10,353 feet and six inches northerly from One Hundred and Fifty-fifth Street in a northwesterly, westerly, and southwesterly direction, to the Eleventh Avenue, as laid out by the Commissioners of the Central Park, give notice that their bill of costs, charges, and expenses, will be presented for taxation at a Special Term of the Supreme Court, to be held on the 15th inst., at 10:30 A. M.

LEGAL DECISIONS.

It is held (recently) by the New York Court of Appeals that in case the holder of a check procures the same to be certified by a bank, and such bank fails before the check is paid, the loss must be borne by the holder of the check and the drawer is discharged. The principle of the decision is, that after a check is certified the drawer of the check cannot draw out the funds then in the bank necessary to meet the certified check even if he should apprehend danger from the suspected failure of the bank. It is the fault of the holder of the check if he suffers the money appropriated by the bank to the payment of the certified check to remain with the bank; when a bank certifies a check it virtually says the check is good; we have the money of the drawer here ready to pay it; we will pay it now if you will receive it. The holder of the check says no, I will not take the money; you may certify the check and retain the money for me until this check is presented. The holder then assumes the risk of the solvency of the bank and must look solely to it for the payment of the money. The drawer of the check by such certification secures his release from liability thereon.

Plaintiff brought an action to recover commissions earned by him as a real estate broker in effecting an exchange of certain premises owned by defendant for certain premises owned by another. The evidence showed that both parties had placed this property in his hands, and both were notified that he was employed by the other, and with this knowledge each agreed to pay him commissions. Plaintiff brought the parties together, and through his aid an exchange was effected. At the close of evidence defendant moved to dismiss complaint on the ground that a broker could not take commissions from both parties.

Held, That if defendant employed plaintiff and agreed to pay him commissions, with notice that he was employed and also to be paid by the other party, the agreement could be enforced, and that plaintiff could recover the commissions agreed to be paid by both.

PROCEEDINGS OF THE COMMON COUNCIL.

[* Under the different headings indicates that a resolution has been *introduced* and laid over for further action. † indicates that the resolution has been passed by one Board and sent to the other for concurrence. ‡ indicates that the resolution has passed both Boards, and has been sent to the Mayor for approval.]

IN BOARD OF ASSISTANT ALDERMEN, MONDAY, March 30.

BELGIAN PAVEMENT.

Forty-second st., from 2d av. to East River.†
Fifty-second st., bet. 4th and 5th avs.‡

REGULATING, GRADING, &c.

One Hundred and First st., from 5th av. to Harlem River.‡
Seventy-third st., from 3d av. to East River.‡

SIDEWALKS.

Third st., both sides, from Goerck st. to pier.
Thirty-fourth st., Nos. 202 to 214, s. s.†
Thirty-fourth st., s. s., bet. Lexington and 4th avs.*
Thirty-seventh st., s. s., bet. Lexington and 3d avs.‡
Thirty-sixth st., n. s., bet. Lexington and 3d av.‡
Forty-seventh st., opp. Nos. 102 and 104 West, s. s.‡
Fifty-eighth st., both sides, 7th to 9th av.†
Fifty-first st., both sides, 6th to 7th av.‡
Lexington av., e. s., bet. 36th and 37th sts.‡
Madison av., s. e., bet. 63d and 64th sts.‡

SEWERS.

Water st., bet. Catharine and Market sts.†
Montgomery st., from East Broadway to Henry st.‡
Tompkins st., from Broome to Delancey st.‡
Madison av., from 124th to 125th st.*
One Hundred and Twenty-eighth st., from 6th to 8th av.*

BUREAU FOR THE COLLECTION OF ASSESSMENTS.

Assessment lists as designated below have been lodged for collection. The limits of the assessments and the property affected thereby have heretofore been published in this paper. Payments must be made at the Collector's office on or before May 29th, or interest will be charged at the rate of 7 per cent. from March 19th, the date of confirmation.

Corlears st., flagging w. s., from No. 1 to Monroe st.
Eighty-second st., regulating, &c., from 4th to 5th av.
Front st., flagging n. s., from Montgomery to Gouverneur st.
Fourteenth st., flagging, No. 341 to No. 347, bet. 1st and 2d avs.
Forty-eighth st., paving, from 9th to 10th av.
Fifty-first st., flagging, from 1st to 2d av.
Fifty-first st., sewer, from 6th to 7th av.
Fifty-second st., flagging, n. s., from 5th av. to 175 feet west.
Fifty-third st., fencing vacant lots, n. s., bet. 3d and 6th avs.
Fifty-fourth st., flagging, s. s., from 6th to 7th av.
Fifty-fourth st., flagging, n. s., from 2d av. abt. 125 feet east.
Fifty-sixth st., paving, from Lexington to 4th av.
Fifty-seventh st., fencing vacant lots, n. s., bet. 9th av. to 250 feet east.
Fifty-seventh st., flagging, from 9th to 10th av.
Fifty-seventh st., flagging, n. s., 9th av. to abt. 250 feet east.
Fifty-ninth st., flagging, from 1st to 2d av.
Gansevoort st., regulating, &c., from West st. to North River.
Monroe st., flagging w. s., from No. 311 to Corlears st.
One Hundred and Fifth st., regulating, &c., from 3d av. to Harlem River.
One Hundred and Forty-fifth st., regulating, &c., 7th av. to Boulevard.
Peck slip and Water st., basin, n. e. cor.
Sixth av., sewer, from 125th to 129th st.
Sixty-first st., fencing vacant lots, n. s., 2d to 3d av.
Sixty-first st., curbing, gutter, &c., from 9th to 10th av.
Sixty-fifth st. and Lexington av., basin, n. w. cor.
Tompkins and Rivington sts., basin, s. w. cor.
Tompkins and Stanton sts., basin, s. w. cor.

MARKETS.

The markets vary in some particulars from previous reports, and, while possessing some life, are deficient in that activity which is begotten of prosperity. There are some contradictions in the character of trade, but these seem susceptible of explanation, and upon inquiry attain it. Bricks are firm, and advancing with more numerous arrivals. Cement is still held at the reduced rates, and old prices can only be secured for small lots. Laths are stronger and in somewhat better request. Hair is firm. Lime is weaker, finishing declining in price. Lumber, at retail, has fair trade, but is almost quiet at cargo rates. Metals are nearly without movement, and nominal, and paints and oils are more limited in business. The labor question is now the source of vexation, and a movement has been initiated by some of the employers to return to the ten-hour system. With the opening season, the trades unions will probably resist this movement, and building operations will naturally be suspended until one side or the other tires of the struggle. It is to be hoped, for all concerned, that the conclusion will be reached speedily and decidedly. It is a question of prospective business, and profit against loss of trade and starvation. If the trades unions are to rule, we must expect to close our review to all improvement in the markets, and to be content to repeat the dreary round of stories of dull trade and impoverished business. We advert to this at greater length in our review in detail, which is appended:

BRICK—Have improved in business, selling readily, with more goods in market, at firm and advancing prices. Receipts from Haverstraw Bay were probably 1,000,000 more than during the week preceding, making about six millions in all. There have been increased arrivals of Up-rivers, the receipts being estimated at two and a half millions. Trade, with slight exception, has been confined to the city. Haverstraw Bay bricks selling at $7.25@8 for fair qualities, and other goods quite steady within the range of our quotations. We have sought explanation of this exceptionally active and strong market. Building has increased to a very limited extent, and not enough to account for the demand. The most reasonable solution is, that not long ago adverse weather prevented shipments hither, and for over a week there were no arrivals. Goods had previously been coming down in limited quantities, and the suspension of all arrivals threw the weight of trade upon the yards which were so far depleted as to require restocking. We assume, therefore, that a large proportion of the bricks lately arriving have gone into the yards, which are filling up at present rates in order to escape from and to benefit by any future advance. We quote: Pale, ℔ M, $3.75@4.25; Jersey, $6@6.50; Long Island, $6.50@7; Up-river, $6.25@7.; Haverstraw Bay, $7.25@8.75; Croton Fronts—brown, $14@15; dark, $15@16; red, $16@17; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—Rosendale is still selling at the reduced rates, which are now steady, with no prospect at present for further decline. Our quotations are varied in accordance with the character of the wholesale market. For small and job lots $1.75 would be asked. The movement in foreign cement is limited, and we have only reports of sales of 300 bbls. Portland at $5.25, free on board, and 100 bbls. Roman at $4.00, currency. We quote Rosendale at $1.50@1.60; English at $5.10@5.50; and other foreign at $4@4.75, delivery in all cases to be added.

FIRE BRICK—Are very quiet, and seemingly without movement. Our quotations are retained at $40@50 for American, and $50@55 for red Welsh.

FOREIGN WOODS.—The sales at auction during the week have been large, rosewood bringing good prices, but causing no variation in our quotations. The demand for wood is generally good, and the market is active, excepting for small mahogany and inferior lignumvitæ. The supply of rosewood is so limited as to sustain prices quite strongly, and unless more frequent and larger arrivals occur, there may be opportunities for an advance.

GLASS.—French window is in fair demand, and prices are firm, the supply being limited. The Board of Trade met this week, and has agreed upon a new price list, which will not be made public until to-day, and which we will reproduce in our next issue. Polished plate and English sheet are dull, and are quoted at easier rates of discount.

HAIR.—The market is steady at recent quotations, with a very limited city demand. No sales are reported, and we quote generally, according to quality. Cattle, 18@28 cents, and goat 25@30 cents ℔ bushel.

LATH—Are in somewhat better request, but the demand is not pressing. Sales have been at $1.95, but later bids have been unable to secure them at that price, as they are held more firmly. We quote at $1.95@2.00.

LABOR.—The labor market is quite unsettled, and the difficulties which beset the building trades are largely attributable to the weakness and indecision with which the labor question has been treated. During the winter employers have been able to secure help at their own terms, the scarcity of work and the necessities of the men compelling them to ignore the restraints of the trades unions. With the recurrence of spring, and the resumption of building operations, the unions will doubtless regain their boldness, and will demand the best wages and minimum working hours. Anticipating these results, the master carpenters have held a meeting, and, in a weak, irresolute way, have generally decided to return to the ten hour system, and are looking to other building interests to sustain them in their action. The great obstacles to success in resisting the arbitrary demands of trades unions are the timidity and lack of unanimity among employers. As long as the workingman dictates to his employer the extent and character of the work he is to perform, and fixes his own scale of wages without reference to the times or the circumstances of trade, just as long will building operations be restricted, the growth of the city retarded, and loss to builders and workingmen be assured. We are not of those who believe in securing the greatest amount of work at the lowest price. A good workman is entitled to the best wages that the market can afford, and inferior workmen have no claims to equal consideration, whether supported by trades unions or not. It is time that employers took this view of the situation, and acted upon it. It is settled that building interests will suffer if the highest wages and eight hours' labor are to prevail. Employers must meet the question fully and fairly at the outset of the season. Hitherto their course has been marked by vacillation, and, if we must say it, cowardice. Many of them have been too anxious to secure or complete contracts, and, taken together, they exhibit a remarkable distrust of each other as business men. We suggest that no contracts be taken on time, and that the workingmen be given to understand, as a measure of justice to all, and for the benefit of both the employer and employee, that hours and wages are a matter of contract between individuals, and are to be adapted to the demands of business and the nature of the work. No interference with the right to contract should be allowed, and this once determined by the unanimous and consistent action of the employers, it will be met and concurred in by all good and competent workingmen whose capacity to do "an honest day's work" will command the right to the highest wages.

LIME.—There is a decline in Rockland finishing, which, if continued, will produce a corresponding movement in other manufactures of the same grade. Business during the week has been fair, and the demand, if not large, is fuly up to the requirements of trade. We quote common, at $1.05@1.10, and finishing at $—@1.60 per bbl.

LUMBER.—Our report covers no new ground, and our review of last week is equally applicable to the present. Some of the yards are lagging, but most of them are in fair business. Trade in pine is confined to the common grades of lumber and to jobbing requirements. The wholesale trade is almost suspended, and there are very few sales for export. Spruce is in fair demand for flooring, and timber is in better request. We have reported sales of several cargoes at $19@22,

and about all that has arrived has been taken up, sales generally occurring nearer our lowest range of quotation. Yellow pine is in demand for flooring, but quiet for timber, with sales of resawed at $26@28; extra lengths, $30@34. Yellow pine ship timber is in fair demand, with sale of large quantity at $30. Hardwoods are not very active, black walnut taking the lead in business, and being in good demand. Other woods are dull.

The charters comprise: An American schr. (now at Boston), 240,000 lumber, from Brunswick to Rio, $26 and primage; one, 441 tons, hence to Montevideo, lump sum; a British bark, 641 tons, from St. Marys to Rio, lumber, terms reserved; a brig, 297 tons, from St. Marys to Trinidad, Port Spain, lumber, $13.50; one, 177 tons, to Jacksonville and back, with lumber, $12 for the round; one, 200,000 dry boards, from Jacksonville to New Haven, $10.50; a brig, 297 tons, to St. Marys and back, lumber, $10; a British bark, 606 tons (to arrive hence), from St. John, N. B., to Barrow, deals, 102s. 6d.; one, 751 tons (to arrive via Sandy Hook), same voyage, 102s. 6d.; one, 913 tons (to arrive via Sandy Hook), from St. John, N. B., to Bristol Channel, 105s.; a British ship, 1,509 tons (to arrive hence), from St. John, N. B., to Liverpool, 102s. 6d.; a British bark, 742 tons (to arrive via Sandy Hook), from St. John, N. B., to the United Kingdom, private rate; a German ship, about 1,200 tons (at Hampton Roads), from St John, N. B., to Liverpool, private rate; a German brig, 223 tons (now here), from Brunswick to Rio, lumber, $26 and primage; a Norwegian bark, 416 tons, from Baltimore to a direct port in the United Kingdom, oak timber, 50s.; an American brig, 248 tons, from Fernandina to Matanzas, railroad ties, 40 cents; a Tern. schr., 292 tons, from Wilmington, N. C., to Matanzas, railroad ties, 40 cents; a British schr., 147 tons, from Charleston to Yarmouth or Windsor, N. S., hewn timber, $12, gold; an American schr., 319 tons, from Norfolk to Demerara, hhd. staves, $15; one, 150,000 resawed lumber, from Savannah to New York, $9; one, 140,000, from Savannah to Portland, $10; one, 150,000, from Jacksonville to Connecticut River, $12; one, 140,000, from Jacksonville to Philadelphia, $9.50; one, 170,000 (out in ballast), from Jacksonville to New York, $10.50; one, 1,750,000, from Jacksonville to New York, $10.25; one, 160,000, from Cedar Keys to New York, $12.50; one, same voyage, cedar, 15 cents per cubic foot.

Michigan and Wisconsin Notes.

From the *Saginawian*:—

A little lull in the matter of transactions in lumber and logs, but prices are firm, and everybody hopeful. We learn of the sale of one cargo of common and culls, seasoned, to be sent forward as soon as navigation opens, at $6.50 and $13 per M. Holders of 15 per cent. logs are firm at $10 per thousand, and this figure is a fair status, with limited supply and the certainty of an eager demand as soon as the mills commence operations.

From the Saginaw *Courier*, March 22:—

The amount of logs run out of the Au Sable River last year was about 100,000,000 feet, and at the close of operations for the season, there was about 20,000,000 feet in the booms. The total stock cut, including old stock, was 144,000,000 feet. From the Secretary of the Au Sable Boom Company, we learn that the stock this year, including old stock left over from last year, will not exceed 90,000,000, to which amount it will closely approximate. Of the amount of logs run out and handled last year, 33,000,000 feet were cut at the mills at Au Sable and Tawas. The proportion of this year's stock that will go to these mills, this year, is about 24,000,000 feet. There is about 8,000,000 feet of sawed lumber on dock at Au Sable, 6,000,000 at East Tawas, and 4,000,000 at Tawas City. A good portion of this, however, is sold.

General Western Notes.

From the Dubuque (Iowa) *Herald*, March 24:—

The market remains in the same condition reported a week ago, with no striking features to make an item of. The demand holds up well, as rail shipments will disclose; wagon sales are small since the roads became rough and broken; several dealers from the interior of the State are visiting this market, looking for a supply of lumber; freight tariffs favor this market at present. The Milwaukee and St. Paul road has raised rates from Minneapolis through central Iowa, whereby this market has gained an advantage in prices and freight, and attracted buyers from that section. Raft boats are preparing for the season's business. The "Annie Girdon" and "Champion" came off the Ways last week; the former leaves this week for Quincy, to tow a raft from that point to St. Louis. The river is open south, and some distance above. No. 1 Chippewa lumber is held firmly at $12.50@13 afloat. Tamarac posts sell for 25 cents each.

Prices in the yards are regular, and we hear of no slashing rates to obtain custom.

A comparative statement of shipments disclose the following:

Shipped West last week	108 cars.
Previous week	116 cars.
Decrease	8 cars.
Same week in 1873	88 cars.
Increase in 1874	20 cars.

From the St. Louis *Times*, March 26:—

We have no new features to note. Receipts and offerings light, and prices quotably unchanged. Good and choice of all descriptions in steady request at full rates; inferior and common hard to place. Business at the yards quiet. A lot of two cars, best grade shingles, sold on East track at $4; lath sell at same place at $3.10.

From the Chicago *Inter-Ocean*, March 25:—

FREIGHTS.—But three or four vessels have left this port for the lumber regions as yet, and rates are but little better than nominal. Regarding the prospects for rates during the summer, dealers are inclined to the opinion that rates will be lower than for some seasons past. The few engagements made so far are at about the usual midsummer rates—$1.75 to Muskegon, $2 to Ludington, and $2.25 to the mouth of the Manistee. One thing is certain—or almost certain—rates will not be materially higher, as there are as yet no prospects of any urgency in the demand for vessels for the ore and coal trades.

LUMBER.—The season has not fairly opened as yet. Some three or four cargoes have arrived from Pentwater, Saugatuck, and other east shore points, and some four vessels are now due from Manistee. No vessels have arrived which were sent from here. Dealers do not anticipate any liberal offerings until the first or second week in April. The few cargoes sold brought about $10.50 for piece stuff, and $11.50 for coarse mixed. These quotations, however, do not reflect the market, sales not being sufficient to establish regular values.

The following resolution was adopted at a meeting of the Lumberman's Exchange, on the 21st inst., the members of which represent the wholesale or cargo trade, and are shippers of 90 per cent. of the lumber over the railway docks:

Resolved, That it is the opinion of this board that the rates of freight on lumber carried over the various railways leading from this city should be estimated and charged by the 1,000 feet, and not by weight, as is the rule at present on many of the roads; and, further, that the freight being charged by weight tends to reduce very largely the receipts of lumber, etc., in this market, especially of green lumber.

In the yards the demand has been of a satisfactory character throughout, and prices were firm. The stocks are well reduced, and the tendency of values is to a higher range.

From the Chicago *Inter-Ocean*, March 27:—

LUMBER.—There was no quotable change. The few cargoes offered have met with a ready demand from city dealers, and prices are firm at $11.50 for joists and scantling. Strips and boards nominal. J. M. Loomis & Co. report sales of the cargo of the schr. Levi Grant, 200,000 feet joists and scantling, at $11.50; barge Crippen, 300,000 feet joists and scantling, and short timber, at $11.50.

In the yards there was a good demand, and a very firm feeling prevailed.

Pennsylvania Notes.

From the Williamsport (Pa.) *Gazette and Bulletin*:—

For the week ending on the 14th inst., 12 cars, containing 109,200 feet of lumber, were shipped on the Northern Central Railroad from points south of Troy and north of Williamsport. The bark shipments for the week foot up 26 cars, making a total of 261 since the 1st of January.

The shipments on the Philadelphia and Erie Railroad, from points east of Renovo, reach 27 cars, containing 251,400 feet. The Lock Haven shipments were published yesterday.

The traffic at Williamsport shows no decline, but a steady increase in shipments appears from the reports. There is every indication of a favorable season for the log drivers. Reports from up the river, represent the streams as rising, and log floating and rafting will soon commence. Water is being let into the canal, and the levels are slowly filling up, and, should the weather continue favorable, navigation may be expected to commence about the 1st of April.

Lumbermen are making active preparations to resume manufacturing, and in less than a month we may expect to hear the shriek of the mill whistles.

Eastern Notes.

From the Boston *Lumber Trade*, March 30:—

Very little change is noticeable in the market for the past week. Prices remain about the same as previously reported. While we hear of special sales at prices slightly in advance of the quotations below, yet we can not report any material advance. Something is being done in spruce, while hemlock and pine are quiet. Our largest dealers are feeling certain that a revival of trade is at hand. Yards are fully stocked, and buyers will be welcome. Ship stock is in good demand, and there will be a market for all that can be made. The activity existing in Maine, in this department, causes a demand for Western ash, walnut, and cherry. Foreign export is quiet, and consequently prices are reduced. The trade in furniture woods is unusually dull. But one cause is assigned for this low condition of the business, viz., the unsettled state of the financial question, and nothing better is looked for with much assurance while this chaos continues.

METALS.—COPPER.—New sheathing is steady at 33 cents, and bolts and braziers, 35; bronze and yellow metal sheathing, 24; and Y. M. bolts 30, net cash. Ingot has been in moderate demand, with sales of 550,000 lbs. at 24½@25 cents, which latter was the closing price.

IRON.—The market is dull and unsettled. Scotch pig is limited in request, and American is quite inactive. Quotations are about nominal. Rails are sought after, but sales have been few. Scrap is quiet, and manufactured is steady at our quotations, but without business.

LEAD.—Foreign pig is neglected and nominal, common being held at 6¾ cents, gold. Domestic is more active, but weak in its tendencies. Sales were at 6@6¼ cents, gold, the lower price controlling. Bar is quoted at 8½, sheet and pipe 9, and tin-lined pipe 16¼, all less 10 per cent to the trade.

TIN.—Pig is dull, and prices favor the buyer. Plates are in limited demand, but unchanged in price.

ZINC.—Sheet is quiet and steady at our quotations.

NAILS.—Cut are dull, and incline to lowest rates. We quote 10d. to 60d. common fence and sheathing, ₱ keg, $4; 8d. and 9d. common do ₱ keg, $4.25; 6d. and 7d. common do ₱ keg, $4.50; 4d. and 5d. common do ₱ keg, $4.75; 3d. and 4d. light, ₱ keg, $5.50; 3d. fine, ₱ keg, $6.25; 2d. ₱ keg, $7. Cut Spikes, all sizes, $4.25; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ₱ keg, $6; 4d. and 5d. ₱ keg, $5.25; 6d. and 7d. ₱ keg, $5; 8d. ₱ keg, $4.75; 10d. to 60d. ₱ keg, $4.50.

CLINCH NAILS.

1¼ to 1 in.	2 & 2¼ in.	2¼ & 2½ in.	3 in. and longer.
$6.25@6.50.	$6@6.52.	$5.75@6	$5.50@5.75 ₱ keg.

OILS.—Linseed is in moderate jobbing demand at 95@96 cents, chiefly at the latter price. We quote crushers in casks at 95@96 cents, in bbls. at 96@97, and boiled and refined at $1.02½.

PAINTS.—The trade for round lots has not been very active, but the jobbing business has been of a better character. White leads are steady. Red lead is active; Venetian red in fair demand, and vermilions are firm. H. M. & Co. American ultramarine is much sought after, and Paris green is very firm.

PITCH—Has been dull and nominal, quoting as low as $2.75. Closing prices of the week are at $2.87½@3 for city.

SPIRITS TURPENTINE.—The market has been rather quiet, but firm, sales occurring at 47@47¼ cents. We quote merchantable order at 47½@48 cents; shipping, 48½@49 cents; and from store 50 cents per gallon.

TAR—Has been quiet and nominal at $3 for Washington, $2.87@3.00 for Newbern, and $3@3.25 for Wilmington.

ALBANY LUMBER MARKET

[FROM THE ALBANY ARGUS, MARCH 31, 1874.]

Trade for another season has now fairly commenced, which is full three weeks earlier than a start was made last year. There has been quite a large amount of lumber shipped already; still, there is not so much doing as was expected, in consequence of the early closing last fall. There is a good assortment to be found in market; the upper grades of pine are scarce and prices are firm. Spruce and hemlock are in very active demand at the advance on last fall's prices, which we quote; the call for spruce and hemlock has been greater than has been known for many years. Michigan and Canadian manufacturers keep their prices high, and, so far, we do not hear of many contracts being made for this market. Canada freights are likely to open reasonable.

River and Eastern freights are quoted as follows:—

To New York, ₱ M	$1 25@	$1 50
To Newark	1 50@	1 75
To Philadelphia		2 75
To Baltimore		4 00

SEWING MACHINE.
Easiest to Learn.
Easiest to Run.
Easiest Kept in Order.
Sold on Easy Terms.
Offices, 281 BROADWAY and 294 BOWERY.

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

For terms and further information apply to
M. MAGRATH, Patentee, Carpenter and Builder.

Decker Bros.'

Grand, Upright, and Square
PIANO-FORTES.

THE DECKER BROTHERS
are the owners of the only patents granted to any person of the name of DECKER for improvements in
PIANO-FORTES.
All genuine
DECKER BROTHERS' PIANOS
have the following line cast on the iron plate in the inner left-hand corner of the instrument:
"DECKER BROS.' PATENT, JUNE 2, 1863."
To guard against imposition, purchasers should see that this line is cast in the plate as described.

The reputation acquired for their manufacture by the
DECKER BROTHERS
is the result of years of unremitting effort to develop the power and correspondingly to improve the quality of tone in the PIANO-FORTE.

This endeavor has been rewarded to an extent deemed at the outset almost unattainable, and the absolute success of the method of manufacture originated and patented by them is now conclusively established by the unanimous testimony of the most eminent musical authorities and scientific experts, who unite in pronouncing the
DECKER BROTHERS'
instruments the most perfect of their class yet produced.
EVERY DECKER BROTHERS' PIANO-FORTE is guaranteed for seven years.
The splendor of tone for which the
DECKER BROTHERS'
instruments are world-renowned is the same in each of the three varieties of PIANO-FORTE—
GRAND, UPRIGHT, AND SQUARE.

CARD.

To Bankers, Lawyers, Trustees, Executors, Savings Institutions, and others having capital to invest in Bond and Mortgage on first-class property:
There are millions of capital controlled by parties who desire to invest in Bond and Mortgage, and who are not only satisfied with, but who refuse more than legal interest. To such we offer our services in negotiating safe and judicious investments, having had sixteen years' experience and knowledge of Real Estate in this city. Our commission, invariably one per cent., paid by the borrower. Searches, when made through our office, will be conducted by one of the best and most experienced Real Estate lawyers in this city at one-half per cent. JAMES R. EDWARDS,
Real Estate Broker,
69 West 23d Street.

Send for descriptive pamphlet, with references. Over **1,000** in use in the coldest sections of the country.

YOUNG'S
DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Eighth av. (No. 313), extension 17.6x16; cost, $800; owner, B. Aymar; builder, B. S. Laforge.

Eighth av. (No. 286), raised four feet; upper part front wall rebuilt, &c; cost, $5,000; owner and architect, William Bruce; builders, Volk & Niblo.

Eighth av. (No. 167), extension 18x10, rear; cost, $200; owner, —— Jones; builder, Robert Kennedy.

Eleventh av. (Nos. 306, 308, 310), front altered; cost, $60; owner, architect, and builder, Albert Horn.

Forsyth st. (No. 106), front altered; cost, $500; owner, Chas. Hiller; builder, Geo. Herdtfelder.

Forsyth st. (No. 35), extension 18x14; cost, $700; owner, Bernard O'Rouke; builder, R. Noble.

Fourth st. (No. 79 E.), front altered; cost, $600; owner, C. Miller; builder, Geo. Derr.

Fourth st. (No. 34 W.), s. w. cor. Greene, extension 18.6x20, &c.; cost, 999; owner, Christopher Johnson; builders, G. Robbins & Co.

Fortieth st. (No. 209 W.), raised one story; cost, $1,000; owner, Henry D. Niedenstein; architect and builder, John Laimbeer.

Forty-sixth st. (No. 405 W.), extension 7.8x18; cost, $800; owner, M. Feirner; architect, C. F. Rudder, Jr.

First av., n. w. cor. 28th st., extension 5x5; cost, $700; owner, J. Sollman; architect, —— Hampson; builders, John Van Lolsen & Son.

Grand st. (Nos. 446 and 450), front altered; cost, $1,200; owner, Mr. S. A. Middlebrook; architect, W. H. Gaylor; builders, W. & J. Lamb.

Henry st. (No. 294), front altered; cost, $650; owner, D. M. Kohler; builder, G. A. Shurtzkober.

Hester st. (No. 61), raised one-half story; cost, $2,800; owner, Jas. Kassel; architect, T. J. Bier.

Houston st. (No. 160 E.), raised one story; extension 16.4x14; owner, Adam Platz; architect and builder, Geo. Herdtfelder.

Hester st. (No. 34), rear wall altered; cost, $150; owner, Chas. Lave; builder, G. Reichert.

Rivington st. (No. 274), front altered; cost, $75; owner, R. A. Morse.

Rutgers st. (Nos. 35 and 37), raised six feet, &c.; cost, $6,000; owner, D. Oeters; architect, Fredk. Jenth.

Thirteenth st. (No. 22), front altered; cost, $400; owner, Jno. B. Ireland; builder, J. J. Noble.

Twenty-first st. (Nos. 253 and 255 W.), windows altered in third story; cost, $700; owners, G. Youngs and C. Schlesinger; builders, J. Thompson and W. Young & Co.

Thirty-seventh st. (No. 206 W.), extension 20.10x18; cost, $900; owner, M. W. Eltz; architect, C. S. Kidder, Jr.

Third av. (No. 846), front altered; cost, $250; owner, J. B. Post; architects and builders, Gruing & DuBois.

Third av. (No. 332), raised one story; owner, Owen Keenan; builder, Jas. Magrath.

Tenth av. (No. 282), front altered; cost, $275; owner, James Moore; builders, Arnott & Van Dolsen.

Vandam st. (No. 9), interior alterations; cost, $500; owner, Robt. Hankinson; builder, John Hankinson.

Water st. (Nos. 7 and 9), corner pier rebuilt; cost, $350; owner, Mr. Sherman; builder, J. Fallon.

Washington av., w. s., 400 North 9th st., Central Morrisania, raised one story; cost, $1,200; owner, Mrs. M. Collins; builders, M. Dooly and M. Burke.

Washington st. (No. 635), front altered; cost, $150; owner, Catharine McCollum.

Washington st. (No. 103), rear extension raised; cost, $200; owner, J. H. Schutte; builder, Mr. Weiss.

Wooster st. (No. 132), front altered; cost, $100; owner, A. Hecht; architect, P. Tuls.

York st. (No. 3), front altered; owner, Mr. Watson; builders, Levi J. Fuller & Son.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The market in a general way is very inactive, buyers and sellers being unable to harmonize on prices. This, at least, shows that the market has tone, even if devoid of business. The auction sales have been quite plentiful, and in several instances good prices were secured, and we think fully up to values.

The fact that a certain class of property has depreciated is now conceded by those most interested in it. In the remarks of a prominent real estate owner and operator, made at a meeting held at the Exchange during the week, it was admitted that there had been a *depression* of one-third in the market value of his specialty. It was also claimed that this feeling extended to real estate generally, and would be perceptible in its influence on down town property in the coming fall. We cannot agree to the full extent of this statement, but do agree that high-priced property, which has been the subject of much and perhaps excessive speculation, is thus affected. This is due not only to the generally hard times and dullness of trade, but to the repression which has been forced upon real estate speculation by the suspension of improvements. We do not decry the necessity that exists for improvement in all of the uptown localities, but believe that too much haste should not be made in favored localities while portions of the city much further advanced in population and business character and in greater need are obliged to halt in their progress. At the same time, we believe it to be measurably unjust and dishonest to collect assessments for specific purposes and to refuse or neglect to carry out the objects for which they were levied. It is, doubtless,

a mere question of authority which, once settled, will carry with it all vexed questions. We cannot but condemn a conflict between officials, which is urged to the detriment of the rights of citizens and the interests of the city, but we are further constrained to say that we believe the Controller has abundance of room for the display of his energies in the important department over which he presides without burdening himself with the additional responsibilities of the construction of parks and avenues.

We invite attention to the advertisement in this issue of the sale of a portion of the Witthaus estate. This sale will include a number of lots in favorite localities, comprising property situated upon the Grand Boulevard, Sixty-ninth Street, Tenth Avenue, and Seventy-sixth Street.

We understand that the sale will be absolute, without any reservations, and, as such, will afford a fair indication of the feeling of the market. The property is of the best, and is desirable for investment.

GOSSIP.

The Department of Public Parks advertises for proposals until 9:30 A. M. on April 17th, for 5,000 cubic yards of screened gravel, suitable for walks and roads, and similar to that heretofore used on the public parks of the city.....The Board of Revision and Correction of Assessments have confirmed a number of Assessments, and have under consideration the following Assessment lists: Under-ground drains, between Seventy-first and Seventy-fourth streets, and between Ninth Avenue and Boulevard; Seventy-fifth street, regulating, grading, curb, gutter, and flagging, from Fifth Avenue to East River; Sixth Avenue, Macadamizing, curbing, and flagging, from One Hundred and Tenth Street to Harlem River; One Hundred and Twenty-second Street, reg. and grading, from Mount Morris Square to Ninth Avenue; One Hundred and Twenty-third Street, reg., grading, curb, gutter, and flagg., from Mount Morris Square to Eighth Avenue, which have been laid over for future action. The same Board has ordered that the following Assessment lists be returned to the Board of Assessors, with request to make the assessment conform to the certificates of the Controller, and omit assessments for and awards of damage on account of change of grades: One Hundred and Twenty-second Street, reg., and grading, from Mount Morris Square to Ninth Avenue; One Hundred and Twenty-third Street, regulating and grading, setting curb and gutter stones, and flagging, from Mount Morris Square to Eighth Avenue. An injunction, relating to the Assessment list for regulating, grading, setting curb and gutter, and flagging One Hundred and Thirty-fifth Street, from Harlem River to Eighth Avenue, has been served upon the same Board. .....Commissioner Van Nort has transmitted to the Board of Assessors the certificates of the cost of the following improvements, in order that assessment therefore may be made: Regulating, grading, &c., One Hundred and Eighteenth Street, between Seventh and Eighth avenues, amounting to $14,860; paving Seventy-seventh Street, between Madison and Third avenues, $10,940; total, $25,800.....We are informed that it is the intention of Collector Casey to fully develop the resources of the extensive property lately purchased by him at Deer Park, Long Island. A party of Engineers, under J. M. Merrick, C. E., of New York, are now at work surveying and laying out the property, and it is reported that a hotel and handsome mansion are to be built; some of which will probably be occupied by President Grant and his friends. A very valuable medicinal spring is said to exist on the property.

Winterhoff, Albert & Co....Brokers....Mitchell & Newbold continue.

MARKETS.

In a few particulars the markets show improvement, and are stronger than at our last report, but in the main they are unchanged, and in some cases are even duller than before. Bricks have been in good request, with somewhat stronger tendencies; Cement continues weak, but has probably reached its lowest point for this year; Glass has advanced in price, but trade, under the new price list, has not sufficiently developed to indicate the effects of the movement; Hair is dull, trade falling off without changing prices, which tend to weakness; Metals are dull; Lumber is more inactive; Laths are in better demand and stronger in feeling; Lime is moderate in movement, selling, however, in advance of arrivals, the winter's stock having been disposed of; Paints and Oils are fairly active, trade being conducted, however, on very conservative principles, and buyers looking cautiously to their purchases. Other materials are without movement of note, and present no opportunity for special review. The labor question, still unsettled, is deferred until the first Monday in May, at which time the employing mechanics propose to insist upon ten hours as a day's work. We confess we see nothing as yet in the attitude of the "bosses" which leads us to infer that there is any very definite or united action among them. They apparently base all their hopes and calculations upon the supposed inability of the workingmen to make a strike, and therefore attempt to whistle down the wind with extravagant audacity. They have done nothing toward complete and effective organization, and we shall expect therefore, in case the workingmen resist, a repetition of scenes and results to which our building interests have unfortunately become too accustomed.

Appended will be found the report of the markets in detail:

BRICK.—The market has been quite active, with a good demand for all kinds of hard brick. Fronts have not so much movement, but are steady at previous quotations. The arrivals of Haverstraw Bay bricks have been in equal proportion to those of last week, and prices have been firm and advancing, quoting 25 cents per M higher than the previous lowest range. Up-rivers have been coming in quite freely, and in excess of our last report, which was some two and a half millions. We are unable to give an accurate account of the quantity of hard brick coming down the river during the week, but estimate the number at about ten millions. We quote: Pale, ℔ M, $3.75@4.25; Jersey, $6@6.50; Long Island, $6.50@7; Up-river, $6.25@7.; Haverstraw Bay, $7.50@8.75; Croton Fronts—brown, $14@15; dark, $15@16; red, $16@17; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—The market is steady at the reduced quotations. Dealers who were caught with a good stock on hand, bought at old rates, are anxious to maintain them as far as practicable, but, except for very limited quantities, prices are at or close to our lowest quotation. Sales are reported of 1,100 bbls. Portland, to arrive, at $5.15, currency. We quote Rosendale at $1,50, and foreign, generally, at $4 to $5.50, with delivery additional.

FIRE BRICK—Are apparently without movement, and quotations are accordingly nominal at $40@50 for American, and $50@55 for red Welsh.

FOREIGN WOODS.—The market has been more quiet, no important auction sales occurring since the first of the month. Since our last report there have been auction sales of 100 tons of small lignumvitæ, of ordinary quality, and the market has been freely supplied with cedar. Quotations are unchanged.

GLASS.—The market is quiet under the influence of the new price list, which only went into effect this week. Time enough has not elapsed to judge of the operations of the new schedule, which is an advance on old prices, the discount remaining 50 and 10 per cent. Dealers are inclined to adhere strictly to the new rates, and the character of the assortments and the nature of trade will probably bear them out in their views.

HAIR.—Trade has fallen off, and the market is duller to an extent that weakens without changing quotations. Sales have been too trifling for report, and we quote, according to quality: Cattle, at 18@28 cents, and goat at 25@30 cents ℔ bushel.

HARDWARE.—The demand is moderate for all kinds of goods, domestic having the best trade, but in a moderate way. Foreign goods are quiet, and prices generally are steady.

LABOR.—The market is overstocked, and will continue so unless some positive action is taken which will give promise of a guaranty against disturbance. The master mechanics have held a meeting, at which they resolved that on and after the first Monday in May they would require ten hours labor as a day's work, and otherwise verbally pledged themselves to maintain this principle. Several features struck our attention at this meeting, chief among them being the very limited number of employers present. That the movement was not a spontaneous and strongly-combined protest of the class largely interested in its success, was quite evident, and the scene reminded us quite forcibly of meetings of a similar character held in 1872, with which we were personally familiar, and which at that time achieved no success. The truth is, that many of the employers count upon the inability of the trades unions to sustain a strike, and others are unwilling to commit themselves in a decided manner to any proceeding, lest they should miss some trifling opportunity for making money. It is imperative that the question should be settled, if building interests are to prosper. No man builds except he counts the cost, and if high wages, with reduced hours of labor, are to involve an expense which will not be compensated by a profitable return in investment, building has got to stop. Another meeting of employers is to be held on Tuesday next, and pledges will be renewed and resolutions reaffirmed, which, if not carried into effect by better organization and more earnest effort, will prove to be a mere *brutum fulmen*.

LATH—Are stronger than at our last review, and sales are reported of 3,000,000 of Eastern at $2@2.10, cash, and we quote accordingly.

LIME.—The market is more quiet, all the winter stocks in agents' hands being nearly, if not quite, worked off. In some instances we hear of sales of quantities to arrive at current quotations. The decline in Rockland finishing was followed by a corresponding movement in Glens Falls and Bald Mountain, which we now quote at $1.50 per bbl. Our quotations are: for common, $1.05@1.10, and for finishing $1.50@1.60 per bbl.

LUMBER.—Trade has fallen off since our last report, and there is less life apparent in almost all the yards. An active demand for building purposes has not yet arisen, and the prospects of good trade in this direction are poor. The export demand is seemingly limited, as we have no reports of sales, and the amount of lumber going out of the country, judging from the shipments made, is quite limited. Pine is still in request, but is less sought after, the demand being limited to box making and manufacturing purposes, which the most ordinary demands of the season require. Spruce is somewhat stronger in feeling, and is quoted at $18@22. We quote hemlock boards one cent higher. Yellow pine flooring is in demand at unchanged prices. Hardwoods are rather inactive, a small trade doing, and sustaining quotations firmly.

The charters comprise: a British bark, 548 tons (now at Charleston), from Brunswick to River Plate, lumber, $26 and primage; a schr., 254 tons, to St Marys and back, with lumber and piling, $2,500; a brig, 173 tons, to St. Marys River and back, resawed lumber, $10 and river towage; a schr., 125,000 resawed lumber, same voyage, $10; one, 130,000 do, from St. Marys to Philadelphia, $9.50; a Tern. schr., 429 tons, from Pensacola to Providence, resawed lumber, $11.50; a schr., from the Chickahominy to Belfast, ship timber, $6.25; one, 350,000 resawed lumber, from Savannah to New York, $9.50; an American brig, 378 tons (now at Boston), from Brunswick to Rio, lumber, $26 and primage; one, 264 tons (now at Providence), from Margaret Bay, N. S., to Fayal, lumber, private rate; a schr. (now at Providence), from Jacksonville to Northport, ship timber and plank, $10.50 ℔ M; one, 200,000 resawed lumber, from Savannah to Portland, $10; four, 125,000 to 240,000, from Jacksonville to New York, $10; one, 170,000, from Jacksonville to Philadelphia, $10; one, 200,000, from Pass Christian to Philadelphia, $11; a Tern. schr., 340 tons, from Fernandina to New York, lumber, $9.25.

Michigan and Wisconsin Notes.

Special correspondence of the Chicago *Inter-Ocean* of April 3:—

SAGINAW LUMBER PROSPECTS.

For several weeks the ice has been out of the Saginaw River. The river boats are running, and the shore line has the steamer Huron regularly plying between this port and Alpena. These circumstances should be accompanied by general activity all along the river in the getting ready of mills for the sawing season, contracting for carrying of lumber, and like preparations. That is not the condition of affairs now, however. Some of the mills are ready to run, but have not started up; some have hardly begun the necessary preparations. Only two were running at the beginning of the week. Nothing of consequence has been done in the way of carrying contracts, and there is no symptom yet of a resumption of activity in that line. There have been a limited number of lumber buyers in this market within the last few weeks, and some good sales have been made, but nothing like the usual spring activity has prevailed. The lumbermen, generally, attribute the stagnation to the uncertainties which have so long hung over the financial question in Congress. With remarkably few exceptions, these men can not see how relief is to come from an aggravation of the present difficulty, which they think is a lack of sufficient currency to do the business of the country. So, at a time when business should be lively, our lumbermen are standing idle, waiting for some better fortune than has yet come to them. Nearly all the mills on the river have a greater or less stock of logs in boom—enough to start up with. There are not less than 35,000,000 feet of logs in the various mill-booms, and some computations reach a much higher figure. An unusually large quantity of logs was left in the Tittabawassee River boom, which is the main source of supply, and these will, of course, be at once available for the mills. Everything necessary for an early start is therefore present, except a demand for the lumber, which has not yet come. The amount of lumber left on docks, unsold, last fall, was about 100,000,000 feet, with about 60,000,000 feet besides, which is in the hands of mill-owners who ship to their own yards in the various lower lake ports. This large amount of stock on hand crowds many of the docks, and some of them must ship before they will have room for this year's product. An ordinary demand and the usual shipments would soon clear away the glut on the docks, and thie is the only glut there is likely to be this year, for the stock of logs for the season's sawing is very short.

The winter's logging was laid out on a very small scale last fall, for lumbermen had neither the means nor the courage to go into the woods for a full winter's work. The actual operations, however, were curtailed even beyond the calculations. Except on the Au Gres, the Rifle, and some other of the streams which empty into Saginaw Bay, the winter has been an exceedingly unfavorable one for lumbering, and the almost universal report is that the operators have fallen short of their intended crop from one-third to one-half. On the streams which send their logs into the Tittabawassee River, for instance, where the yearly product of logs is usually counted by hundreds of millions, not more than 75,000,000 feet have been put in the past winter. On the Cass, also, which had been furnishing for the two previous winters about 100,000,000 feet, it is computed that 30,000,000 feet will cover all the operations last winter.

The shortage in logs may be seen by the following carefully prepared estimate of the amount which it will be possible to get to the river mills if the season gives a better running stage of water in the various streams than is usually had. With such a running season there are the following amounts of logs which may come to the mills from the streams named:

From the Tittabawassee	280,000,000
From the Cass	55,000,000
From the Rifle	38,000,000
From the Au Gres	35,000,000
From Bad River and Beaver Creek	10,000,000
From Swan Creek	3,000,000
From the Kawkawlin	6,500,000
From other shore streams	6,000,000
A total of	433,500,000

In the above estimates are included all the logs left over in the streams last fall. For instance, the calculation for the Tittabawassee River is made thus: The best information to be obtained from the boom company and log owners makes the amount of old logs in the river 230,000,000. To this I have added two-thirds of the new crop—more than is likely to come down—and the total is 280,000,000. There are about 20,000,000 old logs in the Cass, and about 30,000,000 new are reported. But as there are always numerous small lots put in along this stream, and not usually counted among the regular operations, I have added 5,000,000 feet to the old and new stocks reported. The computations for the other streams are made in the same way, but it is not necessary to give details in each case.

The prospects of running the logs into the main streams and to the mills are not generally favorable. The shore streams, the Rifle, Au Gres, and Kawkawlin will probably have little difficulty, as over most of that region there is still a large quantity of snow. In the country drained by the Tittabawassee and its tributaries, the snow has gone, and there is nothing to depend upon to raise the streams to a fair log-running stage except rain. That is, as every lumberman knows, only a slim dependence at the best; it comes in a day, and is gone usually before the men have broken the roll-ways on the head-waters. A freshet subsides on the Tittabawassee, the Cass, etc., in half the time it did fifteen years ago—a fact due to the denudation of the country of its forests. In the above table are calculated all the logs which can come out if there be a season of enough rain to raise the streams and keep them up. It would take an unusual quantity of rain to do this. The probabilities are, therefore, against the above amount of logs coming to the mills, and the figures must be taken as the outside limit.

The other extreme, or the lowest amount to which the product of our lumbering streams may be reduced this season, is estimated by good judges at 200,000,000 feet, counting old and new logs, as in the other calculation. Two hundred millions, it may be safely asserted, are sure to come to the mills. Above that figure, the uncertainties of log-running come in. The extent of the shortage may be seen when it is stated that the shipments of lumber from the river last year footed up nearly 500,000,000 feet, and it was called a very bad season. The capacity of the mills on the river is over 880,000,000 feet for the ordinary sawing season, counting twelve hours' work to the day. So it will be seen that even if all of the 433,000,000 feet above estimated should come down, it would be only enough to busy the mills to the extent of half their capacity.

From the Oshkosh (Wis.) *Times*:—

The winter has been unusually favorable for lumbering operations, and those who have embarked in the enterprise bid fair to reap a golden harvest. The panic affected the smaller fry so that very few of them operated, but the heavier firms, taking advantage of the extra inducements thrown out, went in larger than usual. As near as can be estimated, the followicg figures will show the result of the winter's operations on the Wolf River and its tributaries; also the amount of logs hung up last season, and the old logs now at Oshkosh and Fond du Lac:

The crop this year will fall short of last winter about 30,000,000 feet, but the class of logs put in this winter are of a superior kind. Already I hear of sales being made by one firm, viz., Bray & Choate, for $13 per M at the Bay boom, and there is a lively prospect of logs commanding even higher prices.

Main Wolf, above Shawano	33,100,000
Hung up last year	5,000,000
West branch	7,000,000
Red River	11,300,000
Shawano Lake	3,000,000
Main Wolf, below Shawano to Shico	5,000,000
Shico and tributaries	23,300,000
Old logs hung up last year	8,000,000
Embarrass and tributaries	12,000,000
Hung up last year	8,000,000
Little Wolf	25,000,000
Old logs on hand at Oshkosh and Fond du Lac	50,000,000
Grand total of old and new	189,700,000

The prospect now is that very few of these logs will be hung up, and those that are will be principally on the Shico River.

The product of the Wolf River pineries for 1872 was 220,000,000 feet, worth $3,000,000. The advance of lumber will make the present year's crop bring about the same amount of money.

The market is now brisk, and lumbermen are clearing their yards, at very fair prices, of last year's cutting, preparatory to the summer business. Last year mills did not start up until the middle of April, but the prospect now is that by the 1st of April nearly all of them will be in full blast.

The amount of logs cut on Black River and its tributaries the present season is about ninety millions. There is a great amount of snow in the roads, and with a little rain it will bring them all to market. The number of mills in this vicinity is eight; the average capacity two millions. They will cut about ten millions the present season. Our principal markets are on the Mississippi River, from La Crosse, Wis., to St. Louis, Mo. This, together with the old crop of logs, will give us about two hundred millions to be disposed of the present season.

From the Saginaw *Courier*, April 1:—

The low water in the tributaries has materially interfered with the prospects of square timber men as regards floating their product to the Saginaws, and slow work is anticipated. The amount of timber got out is not so large as that of the previous winter, and, in consequence, prices will probably be better. Shipments from the river will probably commence about the 15th inst.

The schooner Princess Alexandra, it is expected, will take out the first cargo of square timber from the Saginaw River for the season of 1874. It is destined for Quebec.

From the *Lumberman's Gazette* (Bay City, Mich.) for March:—

The prospects at Ludington, Mich., are that the anticipated decrease in lumber manufacture this season will not take place, as many firms who intended last fall to cut only 7,000,000 or 8,000,000 feet, have 12,000,000 and 13,000,000 afloat already, with arrangements to increase the quantity at any time during the season. The trade in ash logs is uncommonly thriving. Six dollars and a half and seven dollars are the ruling figures for logs on the bank of the river. Extensive quantities of beech and maple wood are on the docks for shipment to Chicago by the first vessels. Steamers visit this port continually, except during the roughest weather.

From the same:—

Not many noteworthy changes have occurred in the lumber trade and manufacture of the country during March. Lumber buyers have been looking about among manufacturers, as is the custom in the spring, but as yet not many large purchases have been made, and comparatively few small ones. Buyers have been ready to pay cash for choice lots where the prices have been put at a low figure; but manufacturers, as a rule, have inclined to hold for better rates than those generally offered. The stock of lumber held over the winter by manufacturers and the amount in the yards of dealers East, West, and South, together with the unquestionable fact that the production of this season will amount to well nigh as much as that of last season, all parts of the country considered, all go to show that unless the demand steadily increases the ruling prices will not very considerably advance. And as to the prospective demand throughout the great Northwest, including Michigan, Wisconsin, Iowa, Minnesota, Illinois, and Nebraska, it appears well settled that while in agricultural sections unusually large quantities of lumber will be required; yet in the principal cities and towns less lumber will be used in improvements than last year. The stringency in the money market in the fall and winter has had the effect of producing an economical and careful sentiment where it would not otherwise have existed. What is true of the Northwest is also true of Eastern States to a certain extent. The Southern demand is likely to be active, but the increase in the manufacturing capacity of the South will equal the increase in the demand.

The early approach of spring has made it possible for the saw mills to commence work earlier than usual. Some have already got to running. Most of them have a supply of logs in boom sufficient to last them until the new crop of logs will come in.

To sum up, then, it may be said that at the close of March the prospects for lumber manufacturers and dealers are encouraging for a fairly remunerative season's business. The lumber business in all its features is well settled on a legitimate basis.

General Western Notes.

From the Chicago *Inter-Ocean*, April 3:—

LUMBER.—There was no change to note in the condition of this market. The receipts were light, but still more than equal to the demand, the attendance of buyers being light. About this season of the year a good many yard dealers are "taking stock," and this may account for their indifference about buying. The offerings are still insufficient to attract any attention from country buyers. Only one sale was made to-day, and the price was not made public. The market closed quiet.

In the yards a moderately active business was transacted, and prices were tolerably steady. Common boards, joists, and fencing, selling at $12.50@13. In some cases these figures may be shaded some, still they are the ruling range of the general market. Closing steady.

From the same, April 4:—

LUMBER.—There were several cargoes on sale to-day, and some transactions were reported. The demand is still entirely from the city trade, the offerings not being sufficient to attract any attention from the country interest. The market is rather unsettled, and buyers are backward in taking hold. That there will be a good demand for lumber during the coming season, we have no doubt, and this opinion is generally shared by merchants who are well posted. Buyers are willing and anxious to buy, and would readily pay the current prices, but they do not want to pay $10.50 or $11 to-day and have the market decline within a few days. The fact of the matter is, that the season is not fairly opened, and the sales and offerings are not sufficient to really establish a market. As soon as the market is fairly opened, we may look for an active demand and a steady range of prices, while an advance is not improbable, as nearly all our city dealers are in need of lumber, and the same is also true of the country trade. To-day there were three or four city buyers present, and some five sales were reported at $10.50 for good Manistee joist and scantling. Coarse joist and scantling sold at $10.37½. Strips and boards were entirely nominal. A cargo of shingles sold on private terms. The market closed quiet, with three or four cargoes unsold. The following were among the cargo sales:

Cargo schr. Falcon, from Muskegon, 120,000 coarse piece stuff, at $10.37½.

Cargo schr. Ithaca, from Pentwater, 100,000 piece stuff, at $10.50; less tow bill—sold by Wm. Meglade & Co.

Cargo schr. A. Rust, from Manistee, 200,000 piece stuff, at $10.50—sold by J. M. Loomis & Co.

Cargo schr. Herald, from Manistee, 130,000 joist and scantling, at $10.50—sold by J. M. Loomis & Co.

Cargo schr. Dolphin, from Manistee, 130,000 joist and scantling, at $10.50—sold by J. M. Loomis & Co.

In the yards quite an active business was reported. Demand good and prices steady.

From the St. Louis *Times*, April 1:—

LUMBER.—From an exhaustive lumber report recently compiled at Milwaukee, it appears that the latest returns from the lumber camps on the different streams in Wisconsin show that a much larger crop of logs will be brought out than was expected when operations began last fall. Still, the crop will be much short of what it was a year ago. We have no change to note. Receipts of depot and levee lamber were only moderate, and the demand has been fully equal to the supply for all kinds of good lumber; inferior and common is more difficult to place, but is saleable at low figures. At the yards there is a better business doing, at unchanged rates. Shingles in demand, and held firm at $4 on East track, and lath at $3.10.

We quote the range for depot and levee lots: yellow pine flooring, 3d rate, at $14@16; green, 2d, and clear, do., $24@25; dry, do., $26 50@27; yellow pine, mill-run dimension, at $14@15; poplar, at $17@19 for mill-run boards and straps; 2d, and clear do., do., at $22@23; 3d rate, $13@15; black walnut, $20@25 for inferior; $30@37 for common to fair; $40@42.50 for good, and $45@47.50 for choice; oak at $20@28; ash at $20@27; hickory at $20 to $30@35; sawed cedar timber at $32.50@35; hewn at $26@28; cedar posts at $30; walnut table legs sell at 16@20 cents per set. Special orders filled at higher rates.

From the St. Louis *Republican* of April 1st:—Reported for the week ending March 31, by Messrs. Berthold & Jenninge:

The amount of business transacted in the local market last week was only moderate, and details have no special interest. We have heard of one sale of white pine in raft above the rapids, so far, at a low figure, which, under the circumstances, would not bear quoting. Aside from this, there have been no transactions reported. The amount of logs put in the past winter in Wisconsin and Minnesota is shrouded in uncertainty, but it is thought that the prospects ahead have not justified the amount believed to have been cut, and it may be considered probable that the lumbermen have not used ordinary caution. The amount is estimated at one-half to the full quantity of last year, but it is hardly possible that the figures will reach over three-fourths, and the general trade incline to this opinion. On the levee and at the depots we noted nothing new, and the ordinary character of transactions. Prices are steady, but not in all cases firm.

Yellow Pine.—The demand for green flooring is fully equal to supply (which is moderate), at $24 for 1st and 2d clear, and $14 for 3d rate. Dry flooring in fair demand at $27 for 1st and 2d clear, and $16 for 3d rate. Receipts were light, and stock in city light. Dimension, on order, receives some attention, but the figures are far below the point at which any profit can be made, and principally on account of high freight. Mill-run on the market very dull at $14.

Poplar.—No change whatever to notice, and all descriptions are quiet. Strips, 1st and 2d clear, in fair request at $22@24; common, $12@15. Mill-run boards, $16@19. Sales are moderate, and receipts also.

Black walnut.—The receipts of fair and common have been fully up to the demand, but the supply of choice is very small and limited. We quote: Common, $20@25; fair, $30@35; good, $40; choice, $45@47.50. Scantling, $30@35; and table legs 16@22 cents per set.

Oak and Hickory.—Choice qualities saleable, and receipts of same small. We quote: Choice wagon-makers' oak, $25@30; hickory axles and planks, $30@35.

Ash.—For good and choice we note some inquiry at $25@27.50; common or fair not wanted.

Cedar.—Sawed timber in good request at $32.50, and receipts small and mainly on order at $35. Hewn timber, $26@28. Fence posts in brisk request at $30 per hundred, with light receipts.

From the Chicago *Inter-Ocean*, April 6:—

LUMBER.—The market was again rather quiet, it being somewhat difficult to effect sales. City buyers were looking around, and purchased a few cargoes at about yesterday's quotations. Sales were made at $10.50 for piece stuff, and $10.50@13 for coarse common to fair inch. Closing with some four or five cargoes unsold. Sales include:

Cargo schr. Topsy, from Muskegon, 152,000 short piece stuff (mill tally), at $10.50.

Cargo schr. Z. G. Simmons, from Manistee, 135,000 short piece stuff, at $10.50.

Cargo schr. Raleigh, from Manistee, 140,000 short piece stuff, at $10.50.

Cargo schr. Black Hawk, from Lincoln, 100,000 lumber, 2-inch, at $11; inch, $13.

Cargo scow Flora, from Saugatuck, 80,000 coarse common, at $10.50.

In the yards trade was again active, and a steady, firm feeling prevailed. The stocks are well reduced, and the general market is very firm.

State Notes.

From the Whitehall *Times*, April 1:—

Our market, after passing through the usual quiet of the winter season, begins to recover some degree of activity, and prices are fully sustained as compared with last year. During the past two weeks the market has been visited by dealers and builders from a distance, which indicates an increasing demand, and shows that there will be the usual amount of building as compared with any previous years.

Pennsylvania Notes.

From the Williamsport (Pa.) Daily *Gazette and Bulletin* of April 3:—

Our report of shipments of lumber for the week ending 28th ult., shows that 6,748,039 ft. were sent forward, an increase over the previous week of 649,879 ft. Of this amount, the Catawissa Railroad shipped 3,108,120, the Philadelphia and Erie 2,860,340, and the canal 779,579 feet. The grand total for the year now reaches 52,440,799 feet, an increase over the corresponding period last year of 18,197,099 feet. Should this rate of increase continue until the close of the year, we will be able to show an enormous total. The number of cars forwarded by the Catawissa Railroad now reaches 3,059; by the Philadelphia and Erie, 2,350, making a total for the year of 5,409. During the same time last year only 3,770 had been shipped, of which 2,192 were by the Catawissa, and 1,578 by the Philadelphia and Erie.

From the same:—

The past week has been one of more than usual activity in the lumber trade. A large number of rafts passed down the river, and many more are tied up in the dam at Lock Haven, waiting the next flood. Owing to the high winds, however, which prevailed in the early part of the week, many were prevented from moving, and in the meantime the water had fallen below the rafting stage.

Several mills in the city have started up for the purpose of manufacturing whatever logs remained in their ponds from last fall, before the new stock is received from the boom. The familiar shriek of the whistles has a cheering effect, as they give token of the approaching busy season. In a few weeks they will all be in full operation.

The canal first opened for the passage of light boats on the 23d, and on the 25th the first lumber shipments were made. It is reported in good order, and as boats will be plenty and the rates reasonable, it is probable that the shipments of lumber this year will exceed those of last.

During the week ending on the 28th ult., the lumber shipments were brisker than the previous week, 6,748,039 feet having gone forward, which is an increase of 750,121 feet. This, however, was caused by the opening of the canal, as the shipments by rail show a falling off, compared with the previous week, of 29,700 feet.

During the week 34 cars were shipped from points south of Troy on the Northern Central Railroad, carrying 325,440 feet. The shipments of bark footed up 16 cars, making 287 since the commencement of the year.

From points east of Renovo and west of Lock Haven, on the Philadelphia and Erie Railroad, 23 cars, containing 216,000 feet, were shipped.

On the 25th, 81 cars were shipped by the Philadelphia and Erie Railroad from Williamsport, which is the heaviest day's work yet done here this season. They carried 507,240 feet.

From the same:

LOCK HAVEN LUMBER TRADE.

The *Republican* reports a decline in the shipments of lumber as compared with the week ending March 21st. This week there were 31 cars, containing 310,000 feet; last week 38 cars, containing 380,000 feet—a decrease of 7 cars, and 70,000 feet lumber.

It is estimated that about 700 rafts came down upon the recent flood. Quite a number of these are tied up between here and Queen's Run, awaiting sale or high water. Prices for square timber have been well maintained, first-class commanding from 18@22 cents per foot.

The drives are hung up in the mountain streams, and will remain so until another freshet.

With the fact before us that no logs were carried over last season, except such as were in the ponds connected with the mills, the limited number which can possibly reach us this season, the immense shipments already made, and the demand for lumber for building purposes, our lumbermen on the Susquehanna are sanguine of a heavy trade with good prices throughout the year.

From the Williamsport (Pa.) *Weekly Register*, April 7:

Operations in lumbering are not as lively as it was expected they would be by this time. The amount of logs in the boom is not much over fifteen million feet—not a sufficient amount to warrant many of the mills in starting. It is estimated that the stock to be put in will fall considerably short of the estimate published in January—will scarcely exceed two hundred million feet. Rafting did not continue very long, as the water soon got too low for that purpose.

Shipments are still on the increase, the canal being now in good condition for shipping.

The total amount shipped for the week ending March 28th, was 6,748,039 feet. The total shipments for the season are 52,440,799 feet—a large increase over the amount shipped in 1873, for the corresponding time.

From points on the Northern Central Railroad, for the week ending on the 28th, the shipments were 325,440 feet.

For the same week the shipments from points on the P. and E. Railroad, between Renovo and Lock Haven, were 216,000 feet.

Eastern Notes.

From the Boston *Lumber Trade*:—

It would be an agreeable change if we could say the market was lively. "Dull" seems to be the universal expression. In some lines we find dealers rejoicing in a considerably active trade. One or two firms report a fair demand for spruce, another is working its entire force upon ship timber, but, as a whole, there is a torpidity. Inquiries are rather more frequent, but the bump of caution seems to be well developed in all buyers at present. There are a number of vessels on the way to this port from the Eastward, which have been delayed on account of the weather. One firm has twelve schooners thus situated.

REPORT OF EDWARD D. PETERS & CO.

BOSTON, April 1, 1874.

During the last month the lumber trade has been quite equal to anticipations, but we can not yet report an active market. The demand for Eastern is rather better, owing to light stocks of framing lumber, and the prospect that a month will pass before the mills will be fairly at work. For Western, the supply is fully equal to the demand, and in some instances prices have weakened. During the last month there have been heavy arrivals, and we hear of sales at low figures. For Southern, the market is flat, though the present low quotations are more the result of a great decline from last year in freights, which are on an average $4 to $5 less.

What effect the inflation of our Government currency to $400,000,000 will produce is somewhat uncertain. That a speculative tendency will be promoted is very probable, and real estate will be likely to feel this as quickly as other legitimate branches of trade; and this, in turn, will create an additional demand for lumber; but no thinking person can but regret the means employed to produce this result. This inflation is no evidence of prosperity, but the reverse; and a further delay of duty to the country will but accumulate the evils, which all past experience shows are sure to follow a course like that which Congress is pursuing, in regard to our finances.

Spruce.—We quote $16 to $18 for ordinary yard orders; wide sizes, $19 to $23; side boards, rough, $15 to $17; upper floor boards, planed and jointed, $24 to $28 (by cars); under floors very dull, and prices nominal. Random plank, scantling, and timber, $16 to $17. There is considerable call for 2-inch, and stocks are light.

METALS.—COPPER.—New sheathing is steady at 33 cents, and bolts and braziers, 35; bronze and yellow metal sheathing, 24; and Y. M. bolts 30, net cash. The sales of ingot have been large, purchases covering about 12,000,000 lbs., direct from the companies, for delivery from June to September at 24 cents. Prices are generally firm at 25 cents. Sales have been made of 400,000 lbs. Lake at 24½@25 cents, cash, and of 100,000 lbs. for May delivery, with sale of 50,000 lbs. English pig on private terms.

IRON.—The market is very quiet, moving only as the necessities or buyers compel purchases. No sales of Scotch pig are reported, Gartsherrie being out of the market, and quotations on other manufactures are shaded. American pig is also very dull, with few sales reported. Scrap is in moderate demand, and rails are inactive. Manufactured, from store, is quiet at old prices.

LEAD.—Foreign pig is dull and weaker. Ordinary is quoted nominally at 6½@6¾ cents, gold. Sales of domestic have been at 6@6½ cents, gold. Manufactured is steady as follows: bar, 8½; sheet and pipe, 9; and tin-lined pipe, 16½ cents, all less 10 per cent. to the trade.

TIN.—Pig is without movement, and is nominal at—for banca 27½ cents, straits 24½, English L. and F. 21, and refined English 22, gold. The feeling in plates is somewhat improved, and prices are stronger in the expectation that the strikes abroad will diminish the supply. Our quotations are retained, sales occurring at and within their range.

ZINC.—Sheet is quiet and prices are unchanged from our quotations.

NAILS.—Cut are quiet, and held chiefly at our previous quotations. Sale has been made of 500 kegs at $3.87½, and we quote therefore 10d. to 60d. common fence and sheathing, ℔ keg, $3.87½@4; 8d. and 9d. common do ℔ keg, $4.25; 6d. and 7d. common do ℔ keg, $4.50; 4d. and 5d. common do ℔ keg, $4.75; 3d. and 4d. light, ℔ keg, $5.50; 3d. fine, ℔ keg, $6.25; 2d. ℔ keg, $7.00. Cut Spikes, all sizes, $4.25; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ℔ keg, $6; 4d. and 5d. ℔ keg, $5.25; 6d. and 7d. ℔ keg, $5; 8d. ℔ keg, $4.75; 10d. to 60d. ℔ keg, $4.50.

CLINCH NAILS.

1¼ to 1 in. 2 & 2¼ in. 2½ & 2¾ in. 3 in. and longer.
$6.25@6.50. $6@6.52. $5.75@6 $5.50@5.75 ℔ keg.

OILS.—Linseed is firmer, and is held at 96@97 cents in crushers' hands. Business has been more pressing, with increasing inquiry. A demand from the West also imparts strength to the market. We quote crushers in casks at 96@97 cents per gallon, in bbls. at 97@98 cents, boiled and refined at $1.03.

PAINTS.—Trade, both in package and jobbing lots, has turned for the better, and throughout the week has been more active. Purchases, however, are made with great caution, and buyers seem to endeavor to confine themselves to supplying their immediate needs. Domestic goods are in full supply, with a good demand. Foreign goods are in fair supply with equally fair demand. White lead is in request, and is steady at our quotation. Fine whites are in good movement for jobbing trade. Red lead is selling freely at quoted rates. Venetian red is in fair demand at previous prices. Vermilions are strong; sale of 1,000 lbs. American, in bags, occurring at $1.49½, gold. American ultramarine blue is in great request, and is sold far ahead of manufacture. Paris green is steady at an advance of 2 cents on all grades, and is quoted in bulk at 22@35 cents. China clay is limited in supply, and Paris white is in better demand.

PITCH—Has been quiet and neglected, and quoted nominally at $2.87½@3 for city.

SPIRITS TURPENTINE—Have been in moderate jobbing request, closing rather dull at 46½@47 cents for merchantable order; 45½@48 for shipping order; and 50 cents per gallon from store.

TAR—Has been generally quiet, and we quote as follows: Newbern, $2.87@3; Washington, $3; and Wilmington $3@3.25 per bbl.

Offices, 281 BROADWAY and 294 BOWERY.

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

For terms and further information apply to

M. MAGRATH, Patentee, Carpenter and Builder.

PORTLAND CEMENT.

Direct importations of the best qualities from the most renowned factories in Europe, of which I am always prepared to furnish my customers at the very lowest market prices.

SIDEWALKS.

I guarantee to lay, at very low rates, under my patented method. I make the laying of Malt floors, and floors for Cellars, Icehouses, Stables, &c., a "specialty." Cellars that are below the level of the river and consequently admit water, I will guarantee to lay perfectly watertight. I also lay floors of the very latest construction and pattern for Churches, Areas, Halls, Kitchens, and Restaurants; I make up and deliver to order the handsomest pieces of workmanship in stones, such as Lintels, Sills, Coping, Chimney Caps, Steps, as well as whole House Fronts, of the most beautiful architectural designs. Decker Bros.'

Grand, Upright, and Square

PIANO-FORTES.

THE DECKER BROTHERS
are the owners of the only patents granted to any person of the name of DECKER for improvements in
PIANO-FORTES.
All genuine
DECKER BROTHERS' PIANOS
have the following line cast on the iron plate in the inner left-hand corner of the instrument:
"DECKER BROS. PATENT, JUNE 2, 1863."
To guard against imposition, purchasers should see that this line is cast in the plate as described.

The reputation acquired for their manufacture by the
DECKER BROTHERS
is the result of years of unremitting effort to develop the power and correspondingly to improve the quality of tone in the PIANO-FORTE.

This endeavor has been rewarded to an extent deemed at the outset almost unattainable, and the absolute success of the method of manufacture originated and patented by them is now conclusively established by the unanimous testimony of the most eminent musical authorities and scientific experts, who unite in pronouncing the
DECKER BROTHERS'
instruments the most perfect of their class yet produced.

CARD.

To Bankers, Lawyers, Trustees, Executors, Savings Institutions, and others having capital to invest in Bond and Mortgage on first-class property:
There are millions of capital controlled by parties who desire to invest in Bond and Mortgage, and who are not only satisfied with, but who refuse more than legal interest. To such we offer our services in negotiating safe and judicious investments, having had sixteen years' experience and knowledge of Real Estate in this city. Our commission, invariably one per cent., paid by the borrower. Searches, when made through our office, will be conducted by one of the best and most experienced Real Estate lawyers in this city at one-half per cent.
JAMES R. EDWARDS,
Real Estate Broker,

YOUNG'S
DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

THE REAL ESTATE RECORD ASSOCIATION.

TERMS.

One year, in advance.....$10 00

All communications should be addressed to

C. W. SWEET,

WHITING BUILDING, 345 AND 347 BROADWAY.

SPECIAL NOTICE.

We call the attention of the building trade generally to the card of the Messrs. Southard in another column. As commission merchants and dealers in timber and lumber they deserve fully the patronage of the trade, as experience combined with civility make them a safe and pleasant house to deal with. Mr. Geo. H. Southard, especially, formerly of Bigler & Co., Newburgh, N. Y., having several years of valuable experience in that line. All orders are punctually attended to at their new offices, 121 Front Street, where they also pay special attention to orders for lumber for export.

GENERAL VIELE'S TOPOGRAPHICAL MAP.

The latest, and in many particulars the best map of the city yet published, lies before us. It is the work of Gen. Egbert L. Viele, whose skill as an engineer is too much a matter of repute to need other mention.

The map is an accurate display of the topography of the entire city from the Battery to the extremest limit of the newly annexed district, and while it completely shows the streets, avenues, and other improvements which have marked the growth and progress of New York, affords interesting and instructive information as to the ancient water courses, ponds, and marshes over and upon which a large portion of the city is now built or is at present extending. As a sanitary map, this publication cannot be too highly regarded. Gen. Viele has long believed that many sources of disease lie hidden in the secret wells and sodden lands which have been filled in without care or scientific skill, and we are constrained to concur in that belief. This publication adds to demonstrate that we need more perfect and extensive city drainage than has been hitherto achieved. As a sanitary map it is invaluable, and as a guide for investors and people seeking a home within our limits its worth cannot be measured by a money standard. As it includes the new wards it is interesting to speculators, investors, any everyone concerned in real estate, and we commend it for its generally valuable qualities to public attention.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

* An explanation is due the subscribers of the RECORD in relation to this lien. On Friday last Mr. Keogh, of the firm of Keogh & Thorne, called at the office of the RECORD and gave us his personal word of honor that the lien was satisfied, and that he would send the satisfaction piece to the office before the close of business hours of the day. Later, a young man, representing himself to be the cashier of Keogh & Thorne, called, and showed to a youth in our office what purported to be a satisfaction piece, and the lien was consequently left out in accordance with our custom of never publishing any lien satisfied before publication day. We can only say that the lien has not been satisfied of record at the County Clerk's office, and did not appear in the RECORD of last week, simply because of our overconfidence in the representations made by the house of Keogh & Thorne. These gentlemen have long been patrons of our paper, and have paid us regularly and promptly a liberal sum as subscribers and advertisers, but we are compelled now to decline any further business with them, or from them, under any circumstances. What we blame Keogh & Thorne for is, that they should have allowed their cashier to bring a satisfaction piece to our office, which Loomis & Co. had agreed should be placed on record only under certain conditions, which had not then been fulfilled, and for not notifying us of the disagreement with Loomis & Co. Below we give their explanation.

NEW YORK, *April* 17, 1874.

EDITOR OF THE REAL ESTATE RECORD:

We were led into telling you a wrong story by the action of Messrs. Jno. S. Loomis & Co., who filed the lien against Peter Donlon's houses in Fifty-eighth Street. The case stands thus:

When our Mr. K. called with Messrs. L. & Co.'s representative, it was distinctly understood that if Mr. Donlon gave us security for their claim they would give us a satisfaction piece for the lien, and look to us for the money received from the sale of the mortgage given to us for the security. When we received the mortgage, we sent word to Messrs. Loomis & Co. to bring over the satisfaction piece, which they did, but would not record unless we would give them our note for amount of their claim. This we would not do, because we felt that they should keep their agreement with us. We were so satisfied that it would be just as we represented to you, that we gave the matter no further attention until Saturday morning, when we learned that the lien was not canceled. We see no reason why they should ask us to become responsible for any one else, simply because we had a mortgage on the property for sale. We considered that they had far better security in the mortgage itself than in their lien. Please bear in mind that we did not *lie* to you in this matter; we would as soon have it come out as not, after acting as they have done.

Yours truly, KEOGH & THORNE.

PLAN 278—FIFTY-FIFTH ST., N. S., 250 W. 5TH av., one three-story brick and stone stable, 24.11 x100.5; owner, Adele L. L. Stevens; architects, Harney & Paulding; builder, J. J. Tucker.

PLAN 279—HENRY ST., S. S., 120 W. CLINTON st., four five-story brick tenements, 100.4x73; owner, Jacob Korn; architect, Jno. B. Snook.

PLAN 280—VESTRY ST. (No. 12), one two-story brick stable, 14 and 19x45; owner, Robert Adair; builder, John Davis.

PLAN 281—WASHINGTON ST. (Nos. 602 AND 604), one five-story brick warehouse, 50x52; owner, E. J. Lewis; architect, Jos. M. Dunn; builder, N. Connor.

PLAN 282—ONE HUNDRED AND TWENTY-FIFTH st., n. s., 175 w. 3d av., two three-story stores and tenements, 25x50; owner, Levi Adams; architect, Wm. H. Cauvet.

PLAN 283—GREENWICH ST., S. E. COR. DEY ST., one five-story brown stone tenement, 43 and 40.3x irreg.; owners, M. & H. Poznanski; architect, Wm. H. Cauvet.

PLAN 284—SEVENTY-FIFTH ST., n. s., 105 w. 2D av., one four-story brick tenement, 20x54; owner, George Englehardt; architect, A. H. Blankenstein; builder, G. Englehardt.

PLAN 285—THIRTY-SIXTH ST. (No. 452 W.), ONE four-story brick tenement, 25x30; owner, Donard Shue; architect, A. Pfund.

PLAN 286—FIFTIETH ST. (Nos. 229 AND 231 W.), two two-story brick shops, 18.6x50; owner, Geo. Palmer; architect, A. B. Jennings; builder, Samuel Lynch.

ALTERATIONS.

Albany st. (No. 9), roof lowered two feet; cost, $1,000; owner, Chas. Denison; architect, P. Lonargan.

Canal st. (No. 174), raised one-half story; cost, $1,350; owner, John S. Giles; builder, Jas. Hame.

Eighth av. (No. 192), extension 25x25, front altered; cost, $2,500; owner, H. Ranges; architects and builders, W. Youngs & Co.

Franklin st. (No. 62), front altered; cost, $650; owner, E. Dodd; builder, John Crane.

Fourth st., e. s., 22 s. Charles st., raised one story; cost, $900; owner, Mr. Denholm; builder, Wm. C. Miller.

Fifty-eighth st., n. s., 76 e. Lexington av., raised one story, front wall rebuilt with brown stone; cost, $8,000; owner, Terence Farley; architect, D. J. MacRae.

Fourth av., s. w. cor. 50th st., extension and wings, &c., for School of Mines, Col. College; cost, $93,000; owners, Trustees Columbia College; architect, Chas. C. Haight; builders, Van Dolsen & Arnott.

Hudson st., s. w. cor. Barrow st., front altered; cost, $2,000; owners, D. E. & H. M. O'Neil; architect, H. M. O'Neil.

Lexington av., n. w. cor. 23d st., front and other alterations; cost, $1,600; owner, Miss Johnson; architect and builder, T. J. Duffy.

Lexington av., w. s., 80 n. 37th st., extension 11.3x16; owner, Miss Lawrence; architects, Burgess & Stroud. builders, D. & E. Herbert.

Macdougal st. (No. 53), one story; cost, $500; owner, W. H. Davis.

Prospect st., s. s., 375 e. Cortlandt av., 23d Ward; raised one story; owner, Mr. Bulman; builder, John Knox.

Reade st. (No. 110), Mansard roof made fireproof; cost, $400; owner, Arthur Beckwith; builders, The Fire-proof Building Co.

Sixth st. (No. 421), interior alterations; owner, Chas. Schlafer; builder, Peter Schlafer.

Seventeenth st. (Nos. 104 and 106), new tier beams and window openings, &c.; cost, $1,000; owners and builders, W. Germond & Co.

Sixth av. (No. 880), front columns changed; cost, $300; owner, Charles Woster.

Twenty-sixth st. (No. 113 E.), extension 15x33; cost, $7,000; owner, James Zugram; architect, D. Lienan; builder, Michael Gehegan.

Thirty-seventh st. (No. 11 W.), extension 7x10; cost, $600; owner, Mrs. W. H. Townsend; architect, Chas. Wright; builder, M. R. Williams.

Union sq. (No. 2), front altered; cost, $600; lessee, Henry Lux; builder, Thos. Bloodgood.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The events of the week have been unfavorable to real estate, and it would be folly to assert that on the showing of the market for the past few days it is able to maintain a firm attitude when absolutely brought to an issue. The sales of the week have been almost without exception confined to the auction room. The results achieved at the Exchange have, for the greater part, been of the usual character, where urged under the stress of legal proceedings; but, in at least one instance, that of lots on Tenth Avenue, the prices secured were far behind expectation, and have probably settled the status of that class of property for the time being.

Another sale (of improved property, on Eighth Avenue) made an equally poor showing, and other sales of improved property indicated that real estate was going a-begging.

The culminating event of the week, however, occurred in the offering of the Witthaus property, which was summarily adjourned after one lot had been disposed of for about thirty-three per cent. less than its previous valuation.

The depression in trade, and the unsettled state of all business interests, has at length had its inevitable effect, and real estate, when it *must* come into market, is obliged to defer to these circumstances. We cannot yet conclude that this weakness will become widespread, and affect all kinds of city real estate. It is more peculiar to speculative lines of property, or sections of the city which have been forced to an abnormal growth. We conceive, however, that there will be no better time to buy than now, and certainly no greater reason to hold than at present, and one of the best features of the market is that so many owners are able to stick closely to their prices and to carry their investments in preference to sacrifice. Another cheering sign has developed, as will be seen from a glance at our columns to-day. The Savings Banks are coming forward, and loans from these sources are multiplying. There is no reason why such loans cannot be safely made, and, as they increase, so much more relief will the market experience. Should weakness in the market continue, and prevail more generally, it will be some time before property in up-town localities will recover; but it will eventually regain all it has lost, and will surpass even sanguine anticipation.

GOSSIP.

The Commissioners of Taxes and Assessments caution tax payers against the imposition of persons pretending to be connected with their Department, and who offer to obtain reductions in the assessed value of Real or Personal Estate.....The Department of Public Works reports the following contracts completed: Regulating, grading, etc., Sixty-seventh street, from Eighth Avenue to Hudson River; sewer, in Sixty-seventh Street, between Ninth and Tenth avenues. The same Department reports the following Certificate of Cost of Improvements transmitted to the Board of Assessors: Sewer, in Varick Street, between Grand and Broome streets, amounting to $1,227.50.....The Commissioners of Estimate and Assessment for opening and extending of Desbrosses Street, in an easterly direction from its present termination at Hudson Street, to Varick Street, give notice that they have completed their estimate and assessment, and that all objections thereto may be presented to them at their office (No. 150 Broadway, Room 10), on or before May 19, and that the maps, abstract, and other documents, have been deposited with the Department of Public Works. The Commissioners also notify that they will present their report to the Supreme Court for confirmation on the 15th day of June. The limits embraced by the assessment are the following: All the lots, pieces, or parcels of land included and contained within the centre lines of the following named streets: Beginning at the intersection of the centre line of Hudson Street with the centre line of Vestry Street, and running thence westerly along the centre line of Vestry Street to the centre line of West Street; thence northerly along the centre line of West

Street to the centre line of Watts Street; thence easterly along the centre line of Watts Street to a point where if said Watts Street was extended would intersect the centre line of Sullivan Street; thence northerly along the centre line of Sullivan Street to the centre line of Broome Street; thence easterly along the centre line of Broome Street to the centre line of Broadway; thence southerly along the centre line of Broadway to a point distant two hundred and forty-five feet, or thereabouts, southerly from the southerly line or side of Grand Street; thence westerly along a line drawn parallel or nearly so with Grand Street to the centre line of Sullivan Street; thence southerly along the centre line of Sullivan Street to the centre line of Canal Street; thence northwesterly along the centre line of Canal Street to the centre line of Vestry Street; and thence westerly along the centre line of Vestry Street to the point or place of beginning.....The extension of Madison Avenue to Harlem River is progressing rapidly. The rock cutting between One Hundred and Sixteenth and One Hundred and Twentieth streets has been completed, and the leveling and filling up of the grade is now in course of completion. The principal portion of work yet to be done is the slope from Ninety-third to One Hundred and Fifth Street.....The Assessment list for sewer in Tenth Avenue, between Lawrence and One Hundred and Thirtieth streets, is now before the Board of Revision and Correction of Assessments.

BUREAU FOR THE COLLECTION OF ASSESSMENTS.

Property owners are notified that the following Assessment lists have been lodged for collection:

First av., paving, from 36th to 61st st.
One Hundred and Seventeenth st., paving from 4th av. to Harlem River.
Underground drains bet. 71st and 74th sts., and bet. 9th av. and Boulevard.

All payments made on the above assessments on or before the 10th day of June next will be exempt (according to law) from interest. After that date interest will be charged at the rate of 7 per cent. from March 26, the date of confirmation.

Property holders are notified that the following Assessment lists have been lodged for collection:

Underground drains bet. 73d and 81st sts., and bet. 1st and 5th avs.
Thomas st., bet. Church st. and West Broadway, alteration of sewer.
Elm st., bet. Grand and Broome sts., sewer.
Little West 12th st., bet. 10th av. and Hudson River, sewer.
One Hundred and Tenth st., bet. 5th and 8th avs., sewer.
Fifth av., bet. 40th and 41st sts., sewer.
One Hundred and Twentieth st., from 3d to 6th av., regulating, grading, setting curb and gutter.

All payments made on the above assessments on or before the 15th day of June next will be exempt (according to law) from interest. After that date interest will be charged at the rate of 7 per cent. from April 9, the date of confirmation.

ASSIGNMENTS OF LEASES.

MARKETS.

The markets, with only one exception, follow nearly the same course indicated in our report of last week. The exception is in the paint trade, which displays great vitality, a character not amiss at this season of the year, but quite remarkable in its contrast with all other lines of business coming within our review. Building interests generally are suffering, and although there is a continuing hope, we confess we see nothing which calls for any new anticipation of change for the better. The real estate market, which has stoutly opposed the buffets of ill-fortune and dull trade, seems much weaker, and as if about to yield to the inevitable law which makes it follow the footsteps of general trade in a season of too prolonged disaster. It may be, and it is quite probable, that when real estate reaches its lowest point in response to all the other accidents of business, and takes an upward turn, that building interests will look brighter and give greater reason for expectancy. At the same time, and in the same connection, the labor question must meet its solution, and for that purpose it is absolutely incumbent upon all whose interests are allied with the growth and development of the city to lend their aid and assert their influence in bringing this much vexed issue to a definite settlement. We venture some suggestions upon this point under the appropriate heading. As a general *resume* of the markets, we report bricks active, with a volume of trade less by half than the season ordinarily requires; Cement is quiet; Glass in fair business; Foreign Woods moderately active; Hardware dull for the season; Lime steady, with no stock in first hands; Lumber in moderate request from yard; Metals dull and depressed; Paints and Oils firm, with active and increasing trade, and other materials in limited demand, and frequently nominal quotations.

We append our report of the markets in detail:

BRICK—For the past week have been quiet, the movement being active enough to absorb all the arrivals, which, in the case of Up-rivers and Haverstraw Bays, amounted to eight or ten millions. The demand is due to building operations, but, in comparison with ordinary seasons, the arrivals are about one-half of the usual quantity. Prices remain firm at recent quotations, sales of fair qualities occurring in advance of our lowest quotation. The market presents no special features other than we have mentioned. Fronts are unchanged in price, Baltimore increasing in favor, and being regarded as admirably adapted to the wants of builders requiring a substantial and bright looking material. We quote: Pale, ℔ M, $3.75@4.25; Jersey, $6@6.50; Long Island, $6.50@7; Up-river, $6.25@7.; Haverstraw Bay, $7.50@8.75; Croton Fronts—brown, $14@15; dark, $15@16; red, $16@17; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—The market is more active, but not in proportion sufficient to excite trade, which is confined to a limited demand for building operations. Rosendale is firm at recent figures, with strength enough to sustain our quotations of $1.50@1.60. We note sales of 300 bbls. Portland, ex vessel, and 1,000 bbls. to arrive at $5 per bbl., and of small sales of Roman at $4 per bbl. We quote foreign, generally, at $4@5.25, delivery to be added.

FIRE BRICK.—The demand is limited, and quotations are—$40@50 for American, and $50@55 for red Welsh. There have been sales of 12,000 Scotch at $30, currency.

FOREIGN WOODS.—The market is rather quiet, but steady at our quotations. A cargo of West Coast cedar was sold during the week at 14 cents per foot. An invoice of ordinary quality of Bahia rosewood was disposed of at 3½ cents per pound, and a small invoice of good quality went off at an average of 4 61-100 cents. The stock of rosewood is very light, and there are no new arrivals. The market is well supplied with mahogany and cedar.

GLASS.—The recent advance is well sustained, dealers being firm in their prices. French window is in fair demand, but English sheet and polished plate are dull and nominal.

HAIR.—The market is quiet, and business is so limited that we are without reports of sales, the jobbing demand seemingly absorbing all the trade going, which is light at that. We quote cattle at 18@28 cents, and goat at 25@30 cents per bushel, according to quality.

HARDWARE.—This market is now experiencing the depressing effects of restricted building operations, and the general derangement of trade. At this season the market should display its greatest activity, but the demand for foreign and domestic goods is light, and almost wholly of a limited jobbing character. Prices are steady, and, although some price lists are in course of revision, we understand that the trade are not inclined to abate much, if any, in their views, but will hold to current rates.

LABOR.—The master builders have held another meeting, and are pressing the ten-hour rule upon all who can be induced to join in their resolution. A movement is pending to unite the building interests throughout the country in support of the ten-hour system. A national organization, however, should be preceded at home by a well devised and compact association, composed of all the master mechanics whose opinion and influence are worth anything in trade or public estimation. This association should adopt such rules and penalties as would compel and retain the support of the timid and selfish, and should provide for the organization of a labor bureau, where men looking for work could secure it upon an equitable scale of wages. Employers would then less frequently find themselves at a loss where to turn in any emergency, and would speedily appreciate the benefits of thorough organization, without which their protests and resolutions are of little avail. The trades unions furnish a lesson in this respect, from which the "bosses" can, if they have not already learned by experience, derive much advantage.

LATH—Are a little irregular, with some tendency to weakness; held generally at $2, with sales of small quantities reported, and but little inquiry. Prices, as a rule, are within the range of our last quotation, which we retain at $2@2.10.

LIME.—Trade is about the same as at our last report. The new manufacture is coming in slowly, and is sold in advance of arrival, there being no stock in agents' hands on which to draw. The jobbing call to meet the building demand is steady, but very limited in comparison with ordinary spring requirements. We quote common at $1.05@1.10, and finishing at $1.50@1.60 per bbl.

LUMBER.—The yards are not very busy, although trade has in some respects been a little better than for the preceding week. The common grades of pine are still in request, and there is a fair demand for dressed lumber for interior use, as required in the numerous building alterations now progressing. Yellow pine flooring is selling well, and there is a limited demand for timber, for which several contracts have been closed at $30@31. Orders for flooring have been taken at $30@32, including one for 250,000 feet at the latter price. Eastern spruce is getting scarce, and is selling very fairly at $19.50@22. Hardwoods are dull, black walnut taking the most of the business, moulding being in demand and selling well. Purchases have been made at Albany, and some lumber is now coming down the river, but the trade are generally awaiting the opening of the canal, which will occur between the 1st and the 10th of May. We hear of purchases made in Michigan for this market at $6.50, $13@35, and which are not expected to arrive before the 1st of June.

The charters comprise: a British brig, 288 tons (now at Boston), from Brunswick to Rio, lumber, $25.50 and primage; one, 428 tons (now here), from Savannah to Buenos Ayres, lumber, $25 and primage; two American barks, 512 and 600 tons (now here), from Portland to River Plate, lumber, $20, net; an American bark, 594 tons, and an American brig, 528 tons, hence to Cadiz, staves, private rates; a schr., 150,000 resawed lumber, from Jacksonville to a Sound port, $10.75; one, 140,000 dry boards, from Jacksonville to New York, $10; one, 150,000 resawed, same, $10; one, 250,000 resawed, from Fernandina to Boston, $11: one, 150,000, from Brunswick to Port Jefferson, $10.75; two, 175,000 and 200,000, from Savannah to New York, $9 and $9.50; one, from Satilla River to New York, resawed lumber, $10; a bark, 335 tons, to Satilla River and back, with lumber, $10; a brig, 259 tons, to St. Marys and back, with lumber, $10 and river towage; a schr., 384 tons, to Jamaica, 50 cents per bbl., and back, with logwood, $5; one, 147 tons, from Jacksonville to Hayti, lumber, $10, and from Nevassa to Boothbay, guano, $5.50, port charges paid; a British brig, 270 tons (now here), from Charleston to Pictou, yellow pine timber, $12, gold; one, 277 tons (now here), from Savannah to Maitland, N. S., yellow pine timber, $12, gold; a schr., 250,000 resawed lumber, from Brunswick to Fall River, $9.50; three, 160,000, 150,000, and 180,000, from Jacksonville to New York, $10.50; one, 1,500 bbls., same voyage, rosin, 65 cents, and spirits, 85 cents, and deck-load lumber, $10.25; one, 200,000 plank, from Savannah to New York, $9.50; one, 210,000 resawed lumber, from Buck's Mills, S. C., to New York, $10; a British bark, 497 tons (now here), from St. John, N. B., to a port in Scotland, deals, 100s.; a British ship, 1,018 tons (at Sandy Hook), from St. John, N. B., to Liverpool, supposed 95s.; a schr., 150,000 resawed lumber, from Bucksville to New York, $10.

Michigan and Wisconsin Notes.

From the Saginaw *Weekly Courier:*—

Opinions differ among prominent lumbermen of the valley as to the real stock of logs cut during the past winter, and also as to the amount which will be got out.

The *Chronicle* of Wednesday, in a well and carefully prepared article, gives the following as its inferences as to the cut of the past winter. It says:

It has been known, and talked about all winter, that the operations in the woods for this year's supply of logs would be exceedingly limited as compared with those of former years, or with the capacity of the mills on the river. The very unpropitious season has, however, greatly curtailed the logging operations contemplated, small as these were. Now and then a man is to be found who has got in all the logs he started for last fall, but these cases are exceedingly few, and are confined almost entirely to the Shore streams, whose contributions to the general stock for the river are but a small part of the whole. On the Tittabawassee, the great source of supply, the operations of the past winter have been almost insignificant. All this, as we have said, has been known and talked of, but few have taken the pains to figure up the result and see how near to a log famine the Valley mills will come this year, even should the best of fortune attend the driving of the logs to the booms. Of such good fortune there is not now much promise. Numerous gangs have been withdrawn fram the several streams, and the logs given up until an unusual freshet occurs. The snow, except along the Rifle and some others of the Shore streams, has nearly or quite disappeared, and all lumbermen know what a slim dependence for a 40 or 60 miles' drive are the rains which come with the spring. No reliance can be placed upon these rains, when there is no snow to help out the rise. A well-informed and largely interested lumberman yesterday said that not more than 200,000,000 feet of logs were sure to come to the river mills this season. This is a startling assertion, but it received the assent of several other lumbermen who were present, and who were all interested in a supply for the mills on the river. A careful computation of the resources at command will soon convince any person in possession of the facts that the estimate is by no means a wild one. That the situation, as developed by such a computation, has not sooner forced itself upon the attention of those interested, is due in part, doubtless, to the fact that estimates much too large have been carelessly made and circulated through the press and otherwise.

We have been at some pains to gather the latest and best information on this subject. In the first place, all the estimates of the old logs in the Tittabawassee have been too high. It has been the custom to speak of the amount of these logs as 400,000,000 feet, but the fact is that that figure is nearly double the true one. Information, collected from log owners and the boom company, which is as near strict accuracy as it is possible to get, shows that not over 280,000,000 feet of old logs remain in the Tittabawassee. The past winter's lumbering on this stream and its tributaries did not exceed 75,000,000, and not over one-half of these logs are likely to come out, unless the prospects materially improve. Say that two-thirds of the new crop will come down, and we have only 280,000,000 of old and new logs, instead of 400,000,000 of old logs alone. A similar scrutiny of the resources of the other streams which supply the river mills, gives the following as the total supply of logs for this year, which may come to the mills if there should be a change in the prospects for driving sufficient to make a first-rate running season. These, however, it will be conceded by well-informed persons, are the outside figures, the possibilities ranging below the total here given, even down to 200,000,000 feet:

From the Tittabawassee	280,000,000
From the Cass	60,000,000
From the Bad River and Beaver Creek	10,000,000
From the Swan Creek	3,000,000
From the Rifle River	38,000,000
From the Au Gres	35,000,000
From the Kawkawlin	6,500,000
From other shore streams	6,000,000
A total of	438,500,000

The above figures are liberal in amount, in all cases, and perhaps too high in some. For instance, a large operator on the Cass informs us that 30,000,000 will cover the past winter's operations on that stream, and there were 20,000,000 feet left over. There are, however, some small lots always put into the Cass, which may not have been reckoned in the above estimate, and we have put the figures about 5,000,000 higher than the majority of estimates of which we have heard. The figures throughout are neither the highest nor the lowest we have heard, but they are as close to the fact as it is possible to make them, with the advantage of very full information from all the localities.

The Rifle and Au Gres will probably bring down their logs all right, though some of the 35,000,000 which we credit to the Au Gres is doubtful of delivery. There is less uncertainty about the Rifle, from which all the logs will come, with the possible exception of a few millions in the west branch.

On the other streams the promise is not just now cheering, to say the least, and some lots have been abandoned until a decided change appears. Rains, with no snow on the ground to maintain a rise, are poor dependence, as before said. A long wet spell, if it was wet enough, would do the business for the amount of logs we have given above. Any one who can figure the chances of such a spell, can tell very nearly where the probabilities of the log supply be this year, between the 200,000,000 sure to come, and the 438,000,000 which may possibly be got out.

General Western Notes.

From the Chicago *Inter-Ocean*, April 8:—

FREIGHTS.—There is no special urgency in the demand for vessels. Owners are rapidly putting their vessels in order for the season, but the supply already awaiting orders is larger than is necessary. Rates are weak and about 25 cents lower than at the close of the previous week. The rates now current are about the average midsummer rates, and it is hardly possible that they will be any lower.

LUMBER.—This market has attracted considerable attention during the past week, and a fair business was transacted. The offerings, however, have not been of a very desirable quality, the bulk of the receipts being odds and ends of last year's cuttings. So far, this season, but few mills have commenced cutting, and it will probably be a week or ten days before they are all

in running order. The various East shore lumber ports are nearly all free from ice, although Manistee and Muskegon harbors are not entirely without obstruction. The demand was moderately active, and principally from the local trade, although during the past few days there has been a moderate number of interior buyers present. In canvassing the prospects for the future of the trade, operators are generally inclined to expect an active, firm market. While they anticipate a liberal, active trade, they do not expect any material advance in values. The city and interior retail demand is quite active, and the stocks in the yards are very light. As soon as the lumber season is fairly inaugurated, we may look for an active, urgent demand. At the opening of the week prices were steady, with sales on the basis of $:1 for joist and scantling. Later, a decline of about 50 cents was sustained, the ruling figures for the past few days being $10.50. Strips and boards sold at $10.50@13 for common to fair; good to choice grades would bring $14@16. Lath sold at $2.25. Shingles sold at $3 for "A" sawed afloat. There was no demand whatever for wood, neither for fuel, nor for brick or lime making, and prices were entirely nominal. To-day there was a fair number of cargoes on sale, but the demand was only moderate, and the market ruled rather quiet. A few transactions were reported at former quotations. A cargo of selects sold at $34.75 for thick, and $24.75 for inch. The market closed quiet, with several cargoes unsold. The following were among the reported cargo sales:

Cargo schr. Rouse Simmons, from Muskegon, 175,000 mill-run (three kinds), sawed in November, 1873; about ½ coarse boards; sold on an average at $14 straight; 24,000 lath at $2.25. Sold by C. Deming & Co.

Cargo schr. Hayden, from Muskegon, 10,000 1¼ and 1½ inch, at $34.75; 12,000, inch, at $24.75, sold by sample; straight measure, 100,000, common inch, at $11. Sold by Blanchard, Borland & Co.

Cargo schr. Jessie Phillips, from Manistee, 175,000 piece stuff, at $10.50. Sold by J. M. Loomis & Co.

Cargo schr. Mary McVey, from Foscora, 400,000 "A" shingles, at $3.

In the yards there was an active demand throughout. The stocks are light, although being replenished by new arrivals, and consequently orders were promptly filled. In values there were no changes of any importance to note, prices ruling steady and closing firm.

Correspondence of the Chicago *Tribune*, March 31:—

MINNESOTA LUMBER.

The lumbering season is over for the winter of 1873-4, and the logging crews (save those who are to accompany the drive) are coming down for a brief season of rest before commencing the labors of the summer in the innumerable saw-mills which vex the placid waters of the Mississippi River at this point.

Owing to the panic last fall, and the consequent stagnation of all branches of business, the logging firms of this city failed to send as large crews as usual into the woods, and hence, from data at present attainable, there seems to have been a very considerable falling off in the cut. The surveyor-general of logs and lumber estimates the entire cut on the Upper Mississippi which seeks boomage at and above this city (including the Rum River territory), at 150,000,000 feet; but the best informed lumbermen set the harvest much lower—varying from 130,000,000 to 140,000,000. Probably the correct estimate is not far from the last named figure; but to this must be added 25,000,000 held over from tho harvest of a year ago, and which now lie in the booms at or near the Falls. This will give 165,000,000 feet for next season's work among the twenty odd mills located in this city, and those of Aroka, Clear Water, St. Cloud, and above—a very decided falling off from the amount cut last season.

The above applies only to the harvest of the Upper Mississippi, including the Rum River region. I learn from the very best authority (the surveyor-general of the St. Croix district, which includes all the vast region between the Mississippi River at Prescott and the head of Lake Superior) that the cut of that stream and its tributaries will, from the most careful estimates, and after an entire winter spent in visiting the different crews employed, yield about 140,000,000. This, too, is a very large reduction from last year, and is doubtless due, in great measure, to the difficulty in getting money from the banks last fall at the date necessary to commence operations.

The winter has been most favorable for operations throughout the entire length and breadth of the Wisconsin and Minnesota lumber fields, Green Bay north and westward to the British line and Red River of the North. There has been an abundance of snow, but not too much, and no delaying storms: the snow came early in November, and over a large portion of the country named above, still covers the ground to a sufficient depth for active and continuous operations—it having, at no time during the winter, melted sufficiently to delay in the least the steady progress of work. All lumbermen agree in reporting that never, in the history of lumboring operations, has there been a more favorable season. The following figures will show the number of logs cut in the Upper Mississippi district during the winter just closed, as compared with the harvest of one and two years ago:

Logs scaled in 1872	146,000,000
Logs scaled in 1873	180,000,000
Probable cutting of 1873-4 (estimated)	145,000,000

The following will show how the stock on hand at this time compares with one year ago:

Lumber on hand April 1, 1873 (estimated)	99,000,000
Lumber on hand April 1, 1874 (estimated)	60,000,000

These estimates are arrived at by consulting with the leading lumber dealers and mill men of the city, and comparing their statements, and may be relied upon as nearly correct. It will be seen that the supplies of this year fall far short of last, while on every hand it is conceded that the local, State, and neighborhood demand will be much larger. The mills of this city and above will open up for active business about the 1st of May, commencing upon the 25,000,000 of logs left over from last year. Should the cut of this winter come down clean and safely, it will furnish a full supply of the raw material to keep the mills actively at work day and night during the season, but will leave no overplus to commence operations on next year.

Should the "drives" fail to come down, or even a portion of them, it will make a remarkably slim year for operations, and will have a decided tendency to send up the price of lumber.

Mill men are offering from $8 to $11 per thousand now, according to grade—the first mentioned sum having been paid on Saturday last for quite an extensive lot of inferior logs, and the latter offered by another manufacturer for a choice lot. Doubtless the best run will bring $11.50, and, perhaps, $12, as the spring advances, and the mills discover that it is barely possible that they will run short before the sawing season closes down.

At this time prices are down, but the universal opin ion is, that they are bound to advance with the season. The following is the scale being followed by a majority of the leading firms here (Minneapolis):

	Per thousand.
Common dimension	$12.00
Second common	9.00@10.00
Fencing	14.00
Stock-boards	14.00@20.00
Siding	18.00, 22.00@25.00
Flooring	22.00, 27.00@35.00
Clear	25.00, 40.00@50.00
Two-star shingles	4.00
A star shingles	3.50
Star shingles	3.00
No. 1 shingles	1.25
Lath	2.00@2.25
Pickets	12.00@14.00

A reduction of 10 per cent. on the above prices for large orders. As before stated, however, the impression is general that an early advance in prices is to be anticipated.

From the Dubuque (Iowa) *Herald*, April 7:—

Trade moves along in regular channels, and appears to be of an even volume, one week comparing favorably with another, and all showing a large increase on business last year.

The season's run has commenced. A fleet of 500,000, owned by Weed, of Barnum, Wis., arrived from the Wisconsin River last week, and sold to Lumbert & Co. for $16 per M. It was cut last year, contained a large percentage of choice uppers, and hence the high price paid. A raft, originally from the Chippewa, wintered here, and, being coarse, sold for $10 per M.

The crop will not move in large quantities until the Lake opens. Logging still progresses in some sections of the pineries, as we learn from private advices, but, generally speaking, operations have been closed for the season.

Raft tugs are clearing up last season's business by towing to market what lumber was wintered below Lake Pepin.

The prospects for a log drive in the pineries are as dubious as ever. No snow and no rain has fallen for weeks, and all the small streams are low.

The demand at the yards keeps along evenly, one week with another, offering no marked features to trade. Prices appear to rule steady, and values more generally agreed upon. Shipments show a falling off of ten cars, and at the same time are double what they were a year ago:

Shipped West last week	109 cars.
Previous week	119 cars.
Decrease	10 cars.
Same week in 1873	56 cars.
Increase in 1874	53 cars.

Pennsylvania Notes.

From the Williamsport (Pa.) Daily *Gazette and Bulletin* of April 9—

WILLIAMSPORT LUMBER SHIPMENTS.

Owing to the low stage of the river during the past week there has been no rafting, and the log drives remain "hung up" in the tributary streams, much to the disadvantage of the lumbermen. There is probably less than thirty millions in the boom, and a rise in the river is anxiously looked for to bring down a sufficiency of logs to enable the manufacturers to run their mills on full time. More than half of the mills are now in operation, working up the stock that remained in their pools over winter.

Last year the first shipments by canal were made on the 2d of May, nearly one month later than this year, and the traffic of that week footed up 2,075,000 feet.

Saw logs are reported to line the shores from the head waters of the Sinnemahoning to Quinn's Run down, notwithstanding the Lock Haven boom is full. The large flood dam near Caledonia, on Bennett's Branch, is still being used to "splash." It raises the river, we are informed, from six to ten inches at Quinn's Run, a distance of over sixty miles.

During the past week the shipments over the Northern Central road, from points south of Troy and north of Williamsport, show 41 cars, carrying 389,000 feet. The bark shipments reached 19 cars, making a total of 306 since the 1st of January.

Between Renovo and Lock Haven, 36 cars were forwarded by the Philadelphia and Erie road, aggregating 332,880 feet.

It will be observed that the shipments by canal exceed those of the Philadelphia and Erie road for the week by 952,791 feet, and only fall short of the shipments over the Catawissa by 155,809 feet.

The total shipments for the week over both railroads and the canal, foot up 7,775,551 feet.

Eastern Notes.

From the Boston *Lumber Trade*, April 13:—

There are no especially new features to record during the week. The market averages quiet. The demand for ship timber still continues, one or two houses reporting a rush in this line. The call for spruce is also good. There is considerable of this on the way, which has not arrived, owing to bad weather. Other varieties also are well represented in the carges, en route for Boston. The market is fairly supplied with Western lumber, excepting ash. The fact of the use, by our builders, of ash for finish in place of black walnut, as formerly, has created a brisk demand, and the article is scarce. Most of the lumber cargoes that are on the way are sold, and so these will not relieve the market in any particular degree. Hemlock is quoted as dull, and a slight decrease in price. Other prices remain as before.

Dealers are of the opinion that if pleasant weather succeeds that of the past few weeks, the market will brighten at the same time.

METALS.—COPPER.—New sheathing is steady at 33 cents, and bolts and braziers, 35; bronze and yellow metal sheathing, 24; and Y. M. bolts 30, net cash. Ingot has been somewhat quiet, with prices steady. Sales of 220,000 lbs. have been made at 24¾@25 cents for present, and of 200,000 lbs. at 24½ cents, for future delivery. The market closes rather firm at 25 cents.

IRON.—Business is still depressed, and both foreign and domestic production are suspending. Scotch pig is very limited in transactions, and prices are irregular. American shares this feeling, and keeps quiet. Rails are dull, scrap is almost without movement, and manufactured from store is nominal, with quotations unchanged.

LEAD.—Foreign pig is quiet at 6⅝@6¾ cents, gold, for ordinary, and 7⅛@7¼ for refined. Domestic has been in active demand, selling largely at 6@6¼ cents, gold, closing firm at 6¼ cents. Manufactured is steady at 8½ cents for bar; sheet and pipe, 9; and tin-lined pipe, 16½ cents, all less 10 per cent. to the trade.

TIN.—Pig is dull, and business has been very limited. Refined English is nominal at 22, L. and F. spot at 20½, straits 24, and banca 26 cents, all gold. Plates are quiet but steady, and although we conclude not to vary our quotations, having reports of only one sale of charcoal terne below our figures, we deem it proper to say that quotations have been given on all grades 25 cents per box lower.

ZINC—Is quiet but steady at our quotations.

NAILS.—Cut are unchanged, and quotations are as previously noted. We quote 10d. to 60d. common fence and sheathing, ℔ keg, $3.87½@4; 8d. and 9d. common do ℔ keg, $4.25; 6d. and 7d. common do ℔ keg, $4.50; 4d. and 5d. common do ℔ keg, $4.75; 3d. and 4d. light, ℔ keg, $5.50; 3d. fine, ℔ keg, $6.25; 2d. ℔ keg, $7.00. Cut Spikes, all sizes, $4.25; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ℔ keg, $6; 4d. and 5d. ℔ keg, $5.25; 6d. and 7d. ℔ keg, $5; 8d. ℔ keg, $4.75; 10d. to 60d. ℔ keg, $4.50.

CLINCH NAILS.

1¼ to 1 in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6.25@6.50.	$6@6.52.	$5.75@6	$5.50@5.75 ℔ keg.

OILS.—Linseed has been in fair jobbing demand, sufficient to advance prices, and we quote crushers in casks at 98, and in bbls. at 99 cents, boiled and refined $1.04.

PAINTS—Are in good demand, and prices are very firm, business for the past week being so active as to encourage the most hopeful feeling among dealers, and to lead to the best anticipations for trade. In this respect the market is in striking contrast with that of every other, and, while it is true that the season has arrived when it should be at its best, it is somewhat remarkable, as compared with the experiences in other lines of business. Goods abroad are firm, without prospect of decline, and domestic articles are steady, with every apparent disposition to continue so. White leads, foreign and domestic, are in good request, and zinc whites are selling well at steady prices. Vermilions are very firm, Chinese being held at $1.60@1.65, gold; English quicksilver is said to be out of the market, and American quicksilver has advanced in price, the manufacturers now asking $1.60@1.65. Venetian red is in fair demand; Paris white is in good jobbing request; Red lead is unchanged; Ultramarine is active, and Paris green is scarce on spot, and manufacturers have plentiful orders for future delivery. China clay is scarce, all arriving having been sold several weeks ago.

PITCH—Has been in jobbing demand, selling at $2.75, and we quote at $2.75@3 for city.

SPIRITS TURPENTINE.—The market has been dull and weak, closing quiet and nominal at 45 cents. We quote merchantable order, 45@46 cents; shipping order, 46@48 cents; and from store 49 cents per gallon.

TAR—Has been in fair request, with sales of Wilmington at $2.90@3. We quote Newbern at $2.87@3; Washington at $3; and Wilmington at $3@3.25 per bbl.

SOAPSTONE WASH TUBS.

A MUCH AND LONG NEEDED IMPROVEMENT.

None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francetown Soapstone.

Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry. *They are not affected by hot or cold water. Never crack or leak.*

Cheaper than Wood, and will last a Lifetime.

They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

ALSO, MANUFACTURERS OF

Soapstone Grate and Stove Linings, Register Frames.

SLAB STONE CUT TO ORDER.

Wash Bowl Tops, Dish Heaters, Foot Warmers, &c., &c.,

107 West Twenty-fifth Street, near Sixth Avenue.

S. MANSFIELD & CO., New York.

TAKE NOTICE

That whereas Letters Patent were issued to me on the 9th of August, 1870, the 23d of September, 1873, and reissues November 11, 1873, December 23, 1873, and numbered respectively 106,157, 143,149, reissues 5,650 and 5,693 for a new and useful improvement in the manufacture of Skylights, Conservatories, and other glazed structures, of which I am the sole and exclusive owner; and it having been made known to me that one Geo. E. Dayton and Chas. Sellman and divers other persons, of the City, County, and State of New York, and elsewhere, are making, selling, and vending manufactures embraced within said Letters Patent, and in violation of the rights thereby to me secured, and of the Act of Congress in such cases made and provided, and of which said Geo. E. Dayton and others have had due notice, and against whom a suit is now pending for infringement of the same.

You are hereby warned against the purchasing, using, vending, or selling, or having for sale, any article of manufacture wholly or in part embraced within said invention, as secured by said Letters Patent, and that all persons found in possession of, or using, vending, selling, or having the same in their possession for sale or use without my permission and license will be prosecuted according to law.

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

Decker Bros.'
Grand, Upright, and Square
PIANO-FORTES.

THE DECKER BROTHERS
are the owners of the only patents granted to any person of the name of DECKER for improvements in
PIANO-FORTES.
All genuine
DECKER BROTHERS' PIANOS
have the following line cast on the iron plate in the inner left-hand corner of the instrument:
"DECKER BROS.' PATENT, JUNE 2, 1863."
To guard against imposition, purchasers should see that this line is cast in the plate as described.

The reputation acquired for their manufacture by the
DECKER BROTHERS
is the result of years of unremitting effort to develop the power and correspondingly to improve the quality of tone in the PIANO-FORTE.

This endeavor has been rewarded to an extent deemed at the outset almost unattainable, and the absolute success of the method of manufacture originated and patented by them is now conclusively established by the unanimous testimony of the most eminent musical authorities and scientific experts, who unite in pronouncing the
DECKER BROTHERS'
instruments the most perfect of their class yet produced.
EVERY DECKER BROTHERS' PIANO-FORTE is guaranteed for seven years.
The splendor of tone for which the
DECKER BROTHERS'
instruments are world-renowned is the same in each of the three varieties of PIANO-FORTE—
GRAND, UPRIGHT, AND SQUARE.

DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

ESTATE OF DOCTOR VALENTINE MOTT.

REFEREES' and EXECUTORS' SALE OF

186 LOTS, GORES, AND WATER FRONTS

AT AUCTION.

A. J. BLEECKER, SON & WHITE

WILL SELL AT AUCTION

At the Exchange Salesroom, No. 111 Broadway (Trinity Building), New York,

On THURSDAY, the 30th APRIL, at 12 O'CLOCK,

The following valuable property, the estate of the late DR. VALENTINE MOTT, viz.:—

RIVERSIDE BOULEVARD AND RIVERSIDE PARK.—Nineteen lots on Boulevard, fronting Riverside Park, between Ninety-third and Ninety-sixth streets, including five corner lots on Ninety-fourth, Ninety-fifth, and Ninety-sixth streets, and mansion on Ninety-fourth Street.

NINETY-FOURTH STREET.—Thirty-one lots on both sides of Ninety-fourth Street, between the Riverside Boulevard and Eleventh or West End Avenue.

NINETY-FIFTH STREET.—Thirty-five lots on both sides of Ninety-fifth Street, between said Boulevard and avenue.

NINETY-SIXTH STREET.—Thirteen lots on south side of Ninety-sixth Street (which is 100 feet wide), between said avenue and Boulevard.

ELEVENTH OR WEST END AVENUE.—Twenty-two lots and gores on both sides of West End Avenue, including the corners of Ninety-third and Ninety-fourth streets.

NINETY-THIRD STREET.—Ten lots and gores on both sides of Ninety-third Street, between West End and Grand Broadway Boulevards.

NINETY-FOURTH STREET.—Ten lots and gores on both sides of Ninety-fourth Street, between West End and Grand Broadway Boulevards.

GRAND BROADWAY BOULEVARD.—Twenty-three lots and gores on both sides of Grand Broadway Boulevard, including the corners of Ninety-third and Ninety-fourth streets.

NINETY-THIRD AND NINETY-FOURTH STREETS.—Four lots and gores on said streets, between Grand Broadway Boulevard and Old Bloomingdale Road.

On the above lots are various buildings, comprising dwelling-house, cottage, barns, greenhouses, &c., &c.

WATER FRONTS.—Nineteen water fronts on the Twelfth Avenue, Hudson River, in front of the Riverside Park, and between Ninety-third and Ninety-sixth streets. The water grant was made to Dr. Mott by the City of New York in 1852.

Also, the valuable and desirable marble store No. 25 Park Place, thirty-seven feet eleven inches front on Park Place by about one hundred and fifty feet deep, running through to Murray Street.

Also, a lot of land on the corner of Montgomery Street and Albany Avenue, in the Ninth Ward of the City of Brooklyn, 63 feet 9x104 feet 10.

The usual executors' and referees' deed will be given, and SEVENTY PER CENT. OF THE PURCHASE MONEY can remain on mortgage at SEVEN PER CENT. for a term of years.

THE SALE IS PEREMPTORY,

and made by virtue of a judgment of the Supreme Court, directing the same through its referees, and by the executors as such under the last will of the late Valentine Mott.

HENRY A. MOTT, } Executors and
JOHN CHETWOOD, } Referees.
JAS. McQUADE, Referee.

T. WILBUR BURD, Attorney for Plaintiff.

Maps at Auctioneers' office, 35 Pine Street; also, at office of the estate 71 Broadway, room 82; of John Chetwood, 74 Broadway, and of James McQuade, 52 Broad Street.

REAL ESTATE RECORD

AND BUILDERS' GUIDE.

THE REAL ESTATE RECORD ASSOCIATION.

TERMS.

One year, in advance.....$10 00

All communications should be addressed to

C. W. SWEET,

WHITING BUILDING, 345 AND 347 BROADWAY.

THE MOTT ESTATE.

The Mott estate, which is to be sold at auction on Thursday next, was acquired by the late professor during a long life of intense activity and marked usefulness. Most of the lots now thrown on the market by his heirs—who are determined to sell every lot, bring it what it may—were conveyed to the professor during 1833 and 1834—now forty years ago, showing his foresight and confidence in the growth of a city of which he himself was such an illustrious ornament. The whole tract of land now offered for sale by his heirs is located along the Boulevard, Riverside Drive, and Park, Ninety-third, Ninety-fourth, Ninety-fifth, and Ninety-sixth streets; Tenth, Eleventh, and Twelfth avenues, comprising in all 186 lots. Whatever property owners or others may think as to the propriety of selling this valuable real estate in this peculiar state of the market, one thing is sure, that the parties offering it are not speculators. They are merely obeying the behests of the will, which commands this peremptory sale in order that a proper division of the proceeds may be had for the benefit of the heirs.

The water grant, which includes fronts on the Hudson River, was conveyed to the late professor by the Mayor and Aldermen in October, 1852. It originally embraced all the land under water in front of the premises out to the Thirteenth Avenue.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

April 13th.

Washington st. (No. 362), raised one story; front altered; owner, John Connolly; architect, Henry Davidson.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The general market has been quiet since our last report, and, as no one is inclined to sell at the sacrifices which seem to be expected, so, also, it is difficult to find any who are ready to take property at the prices which are sought. The market is consequently dull, and its recovery is of uncertain date. The public sales of the week have been more limited, and feeble in their results, excepting in the case of property sold on Thursday, under direction of John S. Lawrence, Referee, where the prices secured were, as a rule, exceptionally good, and only exemplifies our argument that there is a class of real estate in New York which is beyond the reach of adverse influences, and is sure to command its price under almost any circumstances. The feeling in the market has extended to rentals, and this year has witnessed a decline in many cases beyond necessity. The truth is, nevertheless, that forced values and costly improvements have driven property in numerous instances too fast, and the reaction is greater than it would have been had the haste to grow rich been made more slowly. There is certainly no market for real estate at present, except under specially favorable circumstances. We believe it safe, however, to buy even now, at good rates, as fruition is a mere question of time.

The sale of the estate of the late Dr. Mott will occur in the course of the coming week, and, as it presents a variety of property located on the Riverside, West End, and Broadway boulevards, Ninety-third, Ninety-fourth, Ninety-fifth, and Ninety-sixth streets, and intersecting avenues, with valuable riparian rights upon the Hudson River, no better chance for investment will occur this season. To those who doubt the prudence of such an offering at this season, under the circumstances, it is enough to say that the sale is peremptory, in partition, and comes under one of those legal necessities which are usually of the inevitable. The property is worth inspection and purchase, and careful investment will at a future day reap a large return for the venture.

GOSSIP.

The Department of Public Works reports the following contracts completed: Sewer in Washington Street, between Christopher and West Tenth streets; receiving basin at northwest corner One Hundred and Twenty-ninth Street and Third Avenue. Also the following Certificates of Cost of Improvements, transmitted to the Board of Assessors: Regulating and grading One Hundred and Eighteenth Street, from Seventh to Eighth Avenue, amounting to $14,860.27; paving Seventy-seventh Street, from Madison to Third Avenue, $10,-945.83; total, $25,806.10.....Croton Water has been introduced in the following streets: Avenue A, between One Hundred and Tenth and One Hundred and Sixteenth streets; Eighty-eighth Street, between Second and Third avenues; Sixty-eighth Street, between Third and Fourth avenues; Tenth Avenue, east side, between One Hundred and Forty-fourth and One Hundred and Thirty sixth streets; Tenth Avenue, west side, between One Hundred and Thirty-eighth and One Hundred and Thirty-ninth streets.... ..The Commissioners of Estimate and Assessment for extending Desbrosses Street will receive objections until May 26, and hear the same for ten days thereafter, and will present their report for confirmation on June 22. .....The Board of School Trustees of the Third Ward ask for proposals for fitting up premises No. 67 Warren Street for School purposes.....The Board of School Trustees of the Thirteenth Ward advertise for proposals for fitting up premises No. 93 Attorney Street for School purposes.

BUREAU FOR THE COLLECTION OF ASSESSMENTS.

Property owners are notified that the following Assessment list has been lodged for collection:

Tenth av., bet. Lawrence and 120th sts., sewer.

The limits embraced by said assessment include the following blocks and ward numbers, viz.:

Block 1170, ward numbers 36 to 40, both inclusive.

Block 1171, ward numbers 33 to 37, both inclusive.

All payments made on the above assessment on or before the 20th day of June next will be exempt (according to law) from interest. After that date interest will be charged at the rate of 7 per cent. from April 16, the date of confirmation.

MARKETS.

It seems as if nearly every branch of trade coming within the line of our review had held its breath, pending the action of the President upon the currency bill. With most of them, it was enforced by that dependence which subordinates them to the conditions of general trade, and with such as were not so immediately influenced, the feeling was of the same character which has unsettled all business. Now that the issue has been brought to a definite conclusion by the exercise of the veto power, we shall look to see trade bestirring itself in the effort to recoup its losses, and hope ere long to record a change for the better. For the week just closed, the markets have been extremely dull, affording little opportunity for comment, and plodding along, for the most part, in a dull, dogged way, akin to the style in which a convict performs his daily, enforced routine, Trade has been listless, and only one new event has occurred to make it remarkable. This feature occurs in the tin market, which, under the influence of advancing prices abroad, and diminished production, has become quite firm and active. Tin plates are held much higher than for weeks past. Other metals are in indifferent request; Nails are harder than before; Paints have fallen off in business without upsetting in price: Lumber is somewhat quiet, with no demand of consequence for building purposes; Laths, Lime, and Hair are steady, but dull; Glass in fair demand; Foreign Woods have a good and steady market; Cement is quiet; Bricks move freely, but in diminished quantity, and other materials are dull, or unworthy special mention.

Our report is herewith appended:

BRICK.—The market has not been as active, and goods have not been quite so free in movement as during the preceding week, although, everything considered, they have sold quite well. The weather has disadvantaged the market, which, however, is quite steady, and, with the exception of pale bricks, is unchanged in quotation. Arrivals have been more limited, but probably reached in the aggregate nearly, if not quite, eight millions. As yet there are no indications of good hurrying trade, and dealers are hoping for more life and better business after next week, when they expect that the employing builders will control the labor market to an extent sufficient to enable them to engage in contracts without risk. We are not inclined to believe, however, that any new activity will develop during the present season, but think rather that building will wait upon the movements of other lines of business. We quote: Pale, ℔ M, $3.25@4.00; Jersey, $6@6.50; Long Island, $6.50@7; Up-river, $6.25@7.; Haverstraw Bay, $7.50@8.75; Croton Fronts—brown, $14@15; dark, $15@16; red, $16@17; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—Business has fallen off in comparison with our report of last week, but, as trade has been going, there is but little difference. The jobbing demand is moderate, and we have reports of sales of 115 bbls. Roman, ex ship, at $4 per bbl., and of 300 bbls. Portland, to arrive, at $5 per bbl. We quote Rosendale at $1.50@1.60, and foreign at $4@5.25—delivery 25 cents per bbl. additional.

FIRE BRICK.—The market is altogether quiet, and prices are accordingly nominal. We hear nothing of sales, and it is probable that we shall have few to record for some months to come. Quotations are retained.

FOREIGN WOODS.—There is continued activity in the market, and the character of the supply leads us in come instances to vary our quotations. Our reports as to particulars are as follows: Cedar, supply large, with a decline in price, dealers having their hands well filled. Mahogany in full supply, with an active demand for large and fine, and a moderate demand for small and inferior wood. Fine San Domingo crotches are nominal. Rosewood is without change, the supply being very limited, and the inferior qualities sustaining quotations. Fine quality of wood is in active demand. We take from Pell's & Co.'s circular the following statements: There is continued activity, with no arrivals. The consumption for the past month has been about 1,100 logs of Bahia, and 100 logs of Rio, leaving on hand a supply of about 1,700 logs, a very limited stock for this market. Lignumvitæ has declined in price, there being a large supply in the market.

GLASS.—The recent advance in prices is fairly sustained, although we hear of a slight shading when effecting good sales. Discounts, under such circumstances, may be quoted at 50, and 10 to 60, but we do not accept this quotation as absolute until we hear more from the market. French window is in good request, but English sheet is dull and nominal. Polished plate is quite irregular.

HAIR.—The market is without change, no sales of any character occurring, and dullness prevailing. Quotations are nominally unchanged as follows: cattle, 18@28; and goat 25@30 cents per bushel, according to quality.

HARDWARE.—Trade seems somewhat better than at our last report, but the market is not up to the ordinary requirements of the season. Prices are easier, and although generally up to previous quotations, have in some instances been lowered. Sargent & Co. have issued a new discount sheet, and the Russell & Erwin Manufacturing Co. have made a slight reduction in their compression bronze goods.

LABOR.—The ten-hour question is still open, and will continue undecided until after the 1st of May. We do not see that any more action has been taken by the employers, and it will be at least two weeks before we shall be able to report the results of their movement. The trades unions maintain their organization, and meet regularly, but, as their proceedings are secret, it is difficult to arrive at any positive knowledge as to their probable action. It is understood that they will endeavor to maintain their ground, and will not yield except for temporary purposes, and through urgent necessity, if at all.

LATH—Are in good supply, and the demand is not great. The call is upon the stocks in dealers' hands, which are full enough for present requirements. We quote at $2@2.10.

LIME.—Arrivals are limited, and we hear of orders that have been carried for two weeks. The jobbing demand is fair, but trade is not of the best. Prices are unchanged, and we quote common at $1.05@1.10, and finishing at $1.50@1.60.

LUMBER.—The call has been chiefly for the common grades of pine, and of the character indicated in recent reports. Some of the yards report good and improved business, while at others we hear complaints of dull trade. Our quotations for pine, and indeed generally, are unchanged. Yellow pine is dull, and prices are not assured. We hear of a contract for 900,000 feet at $26.50. Flooring has fallen off in demand, with sales at $27.50@28. Sales of resawed stuff have been made at $25@26, although quotations are nominally higher. Sidings, $24@25. Spruce is quoted firm at $18.50@22. Hardwoods are inactive, black walnut being in greatest demand at fair prices. The anticipations for future trade are not very confident, and unless building interests are more active, a dull season seems likely to result. No one seems inclined to hazard a prediction, and the general feeling seems to concur in taking trade as it comes, trusting to chances, as if it were useless to attempt much pushing.

The charters comprise: An American Tern. schr., 450 tons (to arrive hence), from Fernandina to Montevideo or Buenos Ayres, lumber, $25 and primage—up river ports, $4 extra; a British bark, 647 tons (to arrive hence), from Brunswick to Buenos Ayres, lumber, $25, net; an American schr., 414 tons (to arrive), from Brunswick to Rio, lumber, $24 and primage; an American

bark, 643 tons (now at Baltimore), from Portland to Buenos Ayres, lumber, $20, net; an American Tern. schr., 427 tons (now at a Gulf port), from Pensacola to Montevideo or Buenos Ayres, lumber, $25 and primage—up river ports, $4 extra; an American bark, 362 tons (to arrive hence), from Brunswick to Aspinwall, lumber, $14; a schr., 120,000 dry boards, from Jacksonville to New York, $9.75; a schr., 140,000 resawed lumber, from Jacksonville to Albany, $12.50; four, 140,000@ 250,000, from Jacksonville to New York, $10.50; one, 140,000, from Savannah to New York, $9.50; one, 200,000, from Savannah to Providence, $9.50; one, from Chickahominy to Kennebuck, oak timber, $6; a British brig, 353 tons, to St. John, N. B., current rates—thence to a direct Irish port, deals, 97s. 6d.; a British bark, 386 tons (now at Savannah), from Brunswick to Montevideo or Buenos Ayres, lumber, $25 and primage—up river ports, $4 extra; an American bark, 533 tons (now here), from Portland to Buenos Ayres, lumber, $20. net; an American Tern. schr., 368 tons (now here), from Brunswick to Aspinwall, lumber, $13, and back to New York from a Mexican port in the Gulf, wood, private rate; an American schr., 397 tons, hence to St. Kitts, $14.

Michigan and Wisconsin Notes.

Of the log prospects in the Muskegon River, the Big Rapids (Mich.) *Magnet* says:

Present indications warrant the belief that a large number of logs will be hung up this season. Many were put into small streams, with anticipations of a freshet to carry them out into the main river. We have as yet had no heavy rains this spring; the winter's snow has melted so gradually that the streams have hardly been above low water mark; the long-looked-for freshet hasn't come, and thousands of logs are high and dry, with a very fair prospect of remaining there all summer.

The Bay City (Mich.) *Chronicle* says of the log prospect on the east side of the State:

As the season advances, and no rain comes to raise the streams to a stage available for running logs, the prospect for a fair drive and even a moderate supply of the river mills this season becomes more unpromising. There is yet no certainty that much more than half of the 440,000,000 feet of logs which are in booms and streams will come to the mills this year, though the whole would not make a full stock for the river mills. All of which means that lumbermen who have mills on the various lines of railways in the North woods are the men who will get the cream of the profit in lumbering this year.

In the yards trade was comparatively quiet, owing to the disagreeable weather. Prices firm and unchanged.

General Western Notes.

From the Chicago *Inter-Ocean*, April 18:—

LUMBER.—The market was again steady and active to the extent of the supply. Some eight or ten cargoes changed ownership. The inquiry was mainly on city account, with some inquiry from the country trade. Prices were firm, and former quotations were well maintained. Joist and scantling sold readily at $10.50, with two cargoes of coarse, and mostly 16 feet length, at $10.25. Strips and boards quotable at $10.50@16. Shingles and laths unchanged, closing steady, with all sold. The following sales were reported:

Cargo barge Mars, from Ludington, 150,000 joist and scantling, at $10.50.

Cargo schr. Jessie Phillips, from Manistee, 180,000 joist and scantling, at $10.50.

Cargo schr. Nellie Church, from Manistee, 100,000 joist and scatling, at $10.50.

Cargoes schrs. Skidmore and Regulator, from Pentwater, 100,000 pieces stuff, largely 16 feet, at $10.25; 17,000 square pickets, at $10; 32,000 lath at $2.25.

Cargo scow Chapin, from Manistee, 120,000 joist and scantling, at $10.50.

In the yards there was a good demand, and a steady, firm feeling prevailed. Prices steady and unchanged.

From the St. Louis *Times*, April 20:—

LUMBER.—Nothing doing in white pine as yet—little or none arriving. A lot of about 200,000 feet dimension was reported as sold at Alton, the latter part of last week, at $13 afloat. Best grades of depot and levee lumber of all descriptions have been in steady demand at full prices; refuse and common qualities hard to place. The demand was mainly, however, for yellow pine flooring, choice grades of oak, ash, and black walnut; 2d and clear selections of poplar, and sawed cedar and cedar posts—latter scarce. Yard rates unchanged, with a fair business doing. Shingles on East track are quoted at $3.90 for best grades, and lath on levee at $2.75.

Pennsylvania Notes.

From the Williamsport (Pa.) Daily *Gazette and Bulletin* of April 16:—

The loss of about twenty-five million feet of lumber by the great fire of Sunday morning last, it is thought, by many, will cause prices to stiffen. Should the anxiously looked for rise in the river fail, thereby causing the spring stock of logs to remain hung up in the tributary streams, manufacturers will not be able to replace the lumber destroyed, and an advance in prices may be looked for certain.

Nearly all the mills are running for the purpose of working up the stock that was carried over. There is very little in the boom, and, if more logs are not received soon, the mills will be unable to continue for any length of time.

During the week ending on the 11th of April, 26 cars were shipped on the Northern Central from points south of Troy, carrying 244,200 feet. The shipments of bark for the week reached 20 cars, making a total of 326 since the 1st of January.

From points on the Philadelphia and Erie Railroad, east of Renovo and west of Lock Haven, 327,480 feet of lumber was shipped, requiring 35 cars for its tranportation.

The shipments from Williamsport for the same time foot up 7,987,766 feet, an increase over the previous week of 112,215 feet. It will be observed that more lumber went forward on the canal than by either railroad, and that the Catawissa, for the first time this season, falls short.

GENERAL SUMMARY.

1874.	Feet.
Shipments over Catawissa Railroad	34,609,000
" " Phila. & Erie Railroad	26,606,820
" " Canal	6,988,296
Total for 1874	68,204,116
Total to April 12, 1873	43,943,020
Increase in 1874	24,261,096

Eastern Notes.

From the Boston *Lumber Trade*, April 20:—

The list of arrivals is quite extended this week, and the cargoes add considerable lumber to the amount on hand. The market is well stocked, and the arrivals by rail and ship are increasing daily. Sales are not active. In the department of spruce and ship lumber, the demand still continues. Spruce we quote at $17, but desirable lots of 2-inch sell readily at $18. The first fleet of the season is perhaps somewhat more than half in, possibly two-thirds. These cargoes, with a few exceptions, are stuff sawed during the winter and last fall. A few of the eastern mills have commenced running, and after this rush is over, the shipments will be more of a straggling nature. There is a fair demand for hemlock reported by one or two houses. The trade in coarse boards of all kinds is rather dull. Nothing is being done in random cargoes. The market is bare of clapboards. Probably as soon as suitable weather occurs for drying, there will be a better supply. Shingles are in fair supply, with a light demand.

The southern arrivals of yellow pine are for ship work. This branch of manufacture is making quite a brisk trade, and in this connection we would state that at East Boston there are now on the stocks two ships of 1,490 and 1,600 tons, two barkentines of 600 and 890 tons, four barks of 500, 600, 800, and 900 tons, one schr. of 500, and two of 600 tons each, and two schrs., the tonnage of which we have not ascertained. There are under contract five ships of 1,200, 1,300, and three of 1,600 tons each, and one bark of 950 tons.

METALS.—COPPER.—New sheathing is steady at 33 cents, and bolts and braziers, 35; bronze and yellow metal sheathing, 24; and Y. M. bolts 30, net cash. Ingot is dull, with limited sales of Lake at 24¼@25 cents.

IRON.—Scotch pig is irregular because of unsettled prices at points of manufacture, and business is dull and adapted only to the necessities of consumers. American pig is quiet. Scrap is dull, and somewhat nominal. New rails are without business, and old are nominal. Refined bar has been neglected, and prices from manufacturers hands are uncertain, but from store are unchanged. Russian sheet has been sold (to arrive) at 16@16½ cents, gold.

LEAD.—Pig is in very limited request, with sales of domestic at $6.20@6.25 ₱ 100 lbs., gold. Ordinary foreign is held nominally at 6½@6¾ cents; refined, 7@ 7¼ cents, all gold. Manufactured is steady as follows: bar, 8½ cents; sheet and pipe, 9; and tin-lined pipe, 16½ cents, all less 10 per cent. to the trade.

TIN.—Late advices from England report a large advance in pig, in consequence of which the market has become excited, the feeling extending to plates, which have hardened in price with all the conditions favoring sellers. The advance in price is most marked in charcoal tin, and business has been quite large.

ZINC.—Sheet has some movement at 8¼@8¾ cents, gold.

NAILS.—Cut are quiet, but somewhat firmer, and we quote: 10d. to 60d. common fence and sheathing, ₱ keg, $3.90@4; 8d. and 9d. common do ₱ keg, $4.25; 6d. and 7d. common do ₱ keg, $4.50; 4d. and 5d. common do ₱ keg, $4.75; 3d. and 4d. light, ₱ keg, $5.50; 3d. fine, ₱ keg, $6.25; 2d. ₱ keg, $7.00. Cut Spikes, all sizes, $4.25; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ₱ keg, $6; 4d. and 5d. ₱ keg, $5.25; 6d. and 7d. ₱ keg, $5; 8d. ₱ keg, $4.75; 10d. to 60d. ₱ keg, $4.50.

CLINCH NAILS.

1¼ to 1 in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6.25@6.50.	$6@6.52.	$5.75@6	$5.50@5.75 ₱ keg.

OILS.—Linseed has been quiet, except for jobbing lots, which have met with fair business. We quote, for round lots, crushers in casks, 96@97 cents; in bbls., 98 @99 cents per gallon; boiled and refined, $1.03.

PAINTS.—There has been a fair trade throughout the week, and values have been well sustained. White leads are firm. American red lead is in fair jobbing demand, and steady as to price. Quicksilver vermilions are strong at the late advance, with reported sales of American, in bulk, at $1.59½, gold. Chinese vermilion has advanced to $1.70. Venetian red is in good supply at strong prices, and Paris green is firm, with sales in advance of production. China clay is in fuller supply, with sales of a jobbing character.

PITCH—Has been in moderate jobbing request, and is held firmly at $2.75 for city.

SPIRITS TURPENTINE.—The market has not been very active, although at times there has been a fair demand, and prices were, for the most part, firmly maintained. The market opened early in the week at 44½ cents, but, prices stiffening, holders have been firm at 45 cents. We quote merchantable order at 45@46 cents; shipping order, 48 cents; and from store 49 cents per gallon.

TAR—Has been in moderate jobbing request, with sales of Washington at $2.50 per bbl. The market has been generally steady, although off in price, and we quote Washington and Newbern at $2.50@2.75; and Wilmington at $2.75@3.

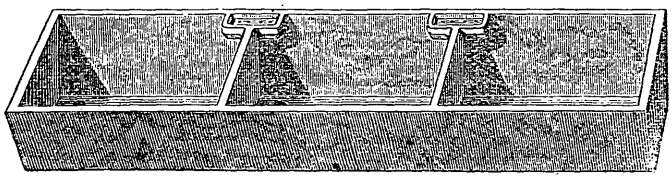
AT THE

American Institute Fair,



NEW YORK, 1873.

The Regulator holds the slats in any position in which they may be placed. Old or loosely constructed blinds made perfect without taking them apart or removing them from their hinges. Competent men sent to adjust the Regulators. J. T. O'DONOGHUE, 48 Pine Street, N. Y.

SOAPSTONE WASH TUBS.

A MUCH AND LONG NEEDED IMPROVEMENT.

None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francetown Soapstone.

Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry. *They are not affected by hot or cold water. Never crack or leak.*

Cheaper than Wood, and will last a Lifetime.

They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

ALSO, MANUFACTURERS OF

Soapstone Grate and Stove Linings, Register Frames.

TAKE NOTICE

That whereas Letters Patent were issued to me on the 9th of August, 1870, the 23d of September, 1873, and reissues November 11, 1873, December 23, 1873, and numbered respectively 106,157, 143,149, reissues 5,650 and 5 693 for a new and useful improvement in the manufacture of Skylights, Conservatories, and other glazed structures, of which I am the sole and exclusive owner; and it having been made known to me that one Geo. E. Dayton and Chas. Sellman and divers other persons, of the City, County, and State of New York, and elsewhere, are making, selling, and vending manufactures embraced within said Letters Patent, and in violation of the rights thereby to me secured, and of the Act of Congress in such cases made and provided, and of which said Geo. E. Dayton and others have had due notice, and against whom a suit is now pending for infringement of the same.

You are hereby warned against the purchasing, using, vending, or selling, or having for sale, any article of manufacture wholly or in part embraced within said invention, as secured by said Letters Patent, and that all persons found in possession of, or using, vending, selling, or having the same in their possession for sale or use without my permission and license will be prosecuted according to law.

(Signed) GEORGE HAYES, Patentee,

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

PORTLAND CEMENT.

Direct importations of the best qualities from the most renowned factories in Europe, of which I am always prepared to furnish my customers at the very lowest market prices.

SIDEWALKS.

I guarantee to lay, at very low rates, under my patented method. I make the laying of Malt floors, and floors for Cellars, Icehouses, Stables, &c., a "specialty." Cellars that are below the level of the river and consequently admit water, I will guarantee to lay perfectly watertight. I also lay floors of the very latest construction and pattern for Churches, Areas, Halls, Kitchens, and Restaurants; I make up and deliver to order the handsomest pieces of workmanship in stones, such as Lintels, Sills, Coping, Chimney Caps, Steps, as well as whole House Fronts, of the most beautiful architectural designs. ARTIFICIAL STONE

FOR BUILDING

FRONTS, SILLS, WINDOW HEADS, TILING, SIDEWALKS. FOR STREETS, LAWN, AND GARDEN. FLOORS FOR BREWERIES, STABLES, CELLARS, KITCHENS, &c., &c.

All the stone work of Dr. Dewitt Talmadge's Brooklyn Tabernacle is of this description of stone. The attention of builders and architects is called particularly to this Artificial Stone, which, though much cheaper than any natural stone, nevertheless is of the same durability and of greater beauty. Our sidewalks superior to anything ever laid in artificial stone. Contracts taken and promptly executed. EAGAN & VAN DOREN,
71 Broadway, New York.

WROUGHT IRON BRIDGES.

Decker Bros.'

Grand, Upright, and Square

PIANO-FORTES.

THE DECKER BROTHERS
are the owners of the only patents granted to any person of the name of DECKER for improvements in
PIANO-FORTES.
All genuine
DECKER BROTHERS' PIANOS
have the following line cast on the iron plate in the inner left-hand corner of the instrument:
"DECKER BROS.' PATENT, JUNE 2, 1863."
To guard against imposition, purchasers should see that this line is cast in the plate as described.

The reputation acquired for their manufacture by the
DECKER BROTHERS
is the result of years of unremitting effort to develop the power and correspondingly to improve the quality of tone in the PIANO-FORTE.

This endeavor has been rewarded to an extent deemed at the outset almost unattainable, and the absolute success of the method of manufacture originated and patented by them is now conclusively established by the unanimous testimony of the most eminent musical authorities and scientific experts, who unite in pronouncing the
DECKER BROTHERS'
instruments the most perfect of their class yet produced.
EVERY DECKER BROTHERS' PIANO-FORTE is guaranteed for seven years.
The splendor of tone for which the
DECKER BROTHERS'
instruments are world-renowned is the same in each of the three varieties of PIANO-FORTE—
GRAND, UPRIGHT, AND SQUARE.

CARD.

To Bankers, Lawyers, Trustees, Executors, Savings Institutions, and others having capital to invest in Bond and Mortgage on first-class property:
There are millions of capital controlled by parties who desire to invest in Bond and Mortgage, and who are not only satisfied with, but who refuse more than legal interest. To such we offer our services in negotiating safe and judicious investments, having had sixteen years' experience and knowledge of Real Estate in this city. Our commission, invariably one per cent., paid by the borrower. Searches, when made through our office, will be conducted by one of the best and most experienced Real Estate lawyers in this city at one-half per cent. JAMES R. EDWARDS,
Real Estate Broker,

YOUNG'S
DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

April 21st.

West Washington pl. (No. 49), raised one story; cost, $1,500; owners, Misses Bannester; builders, M. Turner and Jno. Jordan.

West st. (No. 422), extension 23x40; cost, $1,000; owner, G. B. Lawton; builders, A. J. Felter & Son.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The earlier events of the week were not of favorable indication to the real estate market, but inquiry became more abundant, and offers were made through private sources, showing a disposition on the part of many to make investments. The feeling seemed to arise that real estate had reached its worst, and that if bargains were to be had they must be secured at once, else the opportunity would be lost. The sales in the general market have been of no account, and business pursued a dull, monotous course, until the leading event of the week, and, indeed, of the season, in its favorable application to real estate, occurred, on Thursday, in the sale of the estate of the late Dr. Mott. On that occasion the attendance at the Exchange was very large, and the sale was productive of unexpectedly favorable results. The property sold was of the class heretofore regarded as specially desirable in its future aspects, and as of certain profit to those who engaged in it. The prices realized, although not fully up to previous experience or anticipation, were, under the circumstances, particularly good, and indicated a change which we must confess we had not anticipated at so early a date.

We have invariably expressed our full faith in city real estate, and in its power of recovery from all adverse or depressing influences as a simple question of time. The event has happened, at a happy moment, earlier, perhaps, than could have been expected in the ordinary course of trade, and none the less gratifying since it assures many who have devoted much of their means to investment, against loss, and certainly gives a better tone to the market. As a result we may expect owners to adhere more closely to their prices, and, at the same time, it will enliven the market and excite trade. We congratulate the executors of the estate upon the successful issue of their sale, and compliment the auctioneer upon his able management. The whole estate was not disposed of for want of time, but the remainder will be offered at an early day.

FORECLOSURE SUITS.

MARKETS.

The markets make a worse showing this week than last, trade being very much retarded by the unfavorable weather and general backwardness of the season. The falling off in business, mainly due to the troubles of last year, and the unsettled currency question, which succeeded them, has, in proportion to other times, been variously estimated. Good authorities, with ample opportunity for correct observation, place the decline in the volume of trade at a quarter to one-third below the average of prosperous seasons, and say that this percentage of decrease extends throughout the country. In considering the lines of trade with which we are most familiar, as coming within our observation and report, we are convinced that such an estimate is none too large, but that, in some instances, the percentage of loss in business is even greater than has been suggested, frequently extending to 50 per cent. below the average mentioned. It is natural that the building interests should feel the depression more acutely than other lines of business. They have contended with strikes and increased cost of production at a time least favorable for meeting them, and when the movement in real estate, upon which they are so largely dependent, has relaxed, declined, and fallen off to almost nothing. Prices of material have abated, without an outgo to balance trade, and the reduction has been made, not as the result of active business with fair competition and greater economy of manufacture, but more as a sacrifice to keep trade, even when the returns barely afforded the means of living. There has been very little money made in building of late, and it is quite evident that there will not be much for yet some time to come. It is said that in some directions business has reviving symptoms, and that the check upon inflation interposed by veto, has a salutary effect. This may be the case, and we sincerely hope that the opinion so expressed is surely founded, but, as yet, no such feeling is apparent in the line of our report. With us, business is dull, and trade is, in most instances, of the flattest. Bricks have largely fallen off in volume of trade, and prices are quotably lower. Cement has no reports, except in quotation; Foreign Woods are in fair request, a peculiarity of their's when other markets are dull; Glass is generally quiet, with a moderately fair demand for French window; Hair is without sales; Hardware is without improvement, dealers shading considerably in prices to secure trade; Labor is still an open question, looking to the events of the coming week for decision; Laths are in indifferent demand, and dealers have been rather seeking a quotation than making one; Lime is in fair request, with more than an average demand for finishing, and the market is short for spot. In Lumber there are some indications that the building season has opened, but trade is not rushing, while prices are unchanged. Metals are dull, and almost without business, Tin alone forming the exception; Nails are quiet; Linseed oil is in fair demand, and stronger; Paints are in good request, without increased trade; and Pitch, Spirits of Turpentine, and Tar are in poor request at reduced quotations.

Our review, in detail, is as follows:

BRICK—Are flat and almost without a market. Hard bricks are quoted 25 cents per M lower, and pale are out of business, and nominal. The arrivals of hard bricks for the week have been very scant, and about less by half than the average quantity for the past three or four weeks, or one-fourth of the number for an average good season. About five and a half millions came down the river during the week, the vessels making but one trip. Sales have been about a million and a half, leaving nearly four millions lying in market. The weather has had an unfavorable effect upon trade, as it has kept builders from using material, while it has prevented manufacture. As soon as the weather settles, it is anticipated that prices will be more buoyant, and that an amount of work will be progressing that will consume all the old brick now in the kilns. We are informed that only one pit of bricks has been made at Haverstraw this season, and that these goods now lie upon the ground, ruined by the weather. Prices are likely to stiffen when business resumes. Fronts are unchanged. We quote: Pale, ℔ M, $3.25@4.00; Jersey, $6.00@6.50; Long Island, $—@—; Up-river, $6@7.; Haverstraw Bay, $7.25@8.75; Croton Fronts—brown, $14@15; dark, $15@16; red, $16@17; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—The demand has been altogether of a jobbing character. We have no reports of sales, and quote Rockland at $1.50, and foreign at $4@5.25.

FIRE BRICK.—Sales of 3,000 are noted at $60, cash. The demand is limited, and quotations are retained.

FOREIGN WOODS.—The market is active, with moderate demand for cedar, and a good call for the better grades of mahogany. Rosewood is selling at the best prices, and is in good request. Quotations generally are unchanged.

GLASS.—French window has been in fair, but not active demand, discount quoting at 5 and 10 to 60. English sheet and polished plate are dull and nominal

HAIR.—The market is dull, no sales occurring, leading dealers assuring us that they have made no sales since our last report. Quotations are unchanged at 18@28 cents for cattle, and 25@30 for goat, according to quality.

HARDWARE.—Trade is dull and unsatisfactory, with limited and unimportant orders. Concessions are made from list prices in some cases to effect sales. Copper rivets have been sold at 25 per cent. discount, and are nominal, dealers in some instances asking higher prices. A reduction in the price of wrought iron pipe is anticipated, dependent, however, upon the action of the manufacturers at their meeting at Pittsburgh, held during the week.

LABOR.—The working hours will be tested during the coming week. The building trades are not unanimous or concerted in their action, as the carpenters have been working on longer time, and the plan of working by the hour seems to be growing in favor. The bricklayers, it is understood, intend to oppose any change, and the conflict, if any, is likely to occur with them. We hope, in our next report, to record a satisfactory conclusion to the question.

LATH.—The demand is very limited, and dealers seem looking for quotations. Inquiry as to price has been addressed to us by those whom we have been wont to consider as better fitted to furnish us with quotations. The market is doubtless weaker, and quotations somewhat nominal. We quote at $2.

LIME.—Arrivals are very light, and there is little or none for sale on spot. The demand for finishing exceeds in proportion to the customary average of trade, the usual call. This is doubtless due to the wide variance between the increase in new buildings and the number of alterations. We quote common at $1.05@1.10, and finishing at $1.50@1.60.

LUMBER.—The market for white pine is generally quiet, although in some instances the middle grades are selling pretty well. The demand from builders is increasing somewhat, while orders from the furniture trade are very limited. Hemlock joists are selling fairly; spruce flooring is in good demand, but timber is not very active; quotations are at $18.50@22. Yellow Pine—Timber is dull, and the demand for flooring is good; sales of resawed at $28@32, and $30@34 for flooring boards. Hardwoods are quiet at unchanged prices. The lumber market, even at the worst, is subject to a demand, which is the outgrowth of necessity, and therefore presents at a time when other lines of business are dull, an apparently fair showing. It does not, however, require very close investigation to determine that at present the character of its trade bears no comparison to the demands of average seasons of activity. Prices generally are well, and even firmly sustained, but an early advance in prices, although predicted, is not assured. If reports of sales at and nearest to the points of production are to be taken as a guide, we think (perhaps it may be fancy) that there is an underlying weakness in some kinds of lumber, which, if not cured by the revival of business and consequent reinvigoration of trade, will develop itself in shading prices. Buyers now find little difficulty in securing concessions, and sales are made more closely than dealers care to acknowledge.

The charters comprise: a schr., 197 tons, from Darien to Yarmouth, N. S., yellow pine timber, $13.50, gold, and back to New York from Windsor, plaster, $2.75; one, 190 tons, from Savannah to Windsor, N. S., yellow pine timber, $13, gold, and back to New York, plaster, $2.75; one, 220,000 resawed lumber, from Pensacola to Boston, $12; two, 150,000 and 160,000 do, from Brunswick to Kennebunk, $10; one, 190,000 do, from Jacksonville to Bangor, $11 50; one, 140,000 do, from Jacksonville to a Sound port, $10.50; one, 330,000 boards and scantling, from St. Mary's to New York, three trips, $10; an American brig, 359 tons, from Wilmington to Demerara, lumber, $13; a schr., 171 tons, to Key West, general cargo, lump sum, and from Pensacola to Boston, lumber, $12; one, from Annapolis, N. S., to Port-au-Prince, lumber, at or about $9; a schr., 135,000 dry

boards, from Jacksonville to Washington, D. C., $9.50; one, 100,000 resawed lumber, from Jacksonville to New York, $10.50; one, 160,000, from Jacksonville to Newark, $10.50 and river towage; one, 125,000, from Bucksville to Damarascotta, $11; one, 200,000, from St. Mary's to New York, $10 and river towage; one 180 tons, oak timber, from Mobjack Bay, Va., to Rockland, Me., $6; an American ship, 1,053 tons (due at Key West from Havre), from Frontera or Tomola (Mexico) to Cork or Falmouth for orders to the United Kingdom or Continent, mahogany, 83s.; a British brig, 342 tons, hence to Aspinwall, coal, $4.75, of which $1 gold, and from Frontera or Tomola to Cork or Falmouth for orders to the United Kingdom or Continent, mahogany, 80s.; an American ship, 1,239 tons, hence to Valparaiso, lumber, private rate; a British bark, 392 tons, from Portland to Montevideo or Buenos Ayres, lumber, $20, net.

Michigan and Wisconsin Notes.

From the Saginaw *Weekly Courier*, April 23:—

Chapman & Laforge, and W. H. Edwards, are driving out on the middle branch of the Tittabawassee, having about forty-five men at work. These parties have about 4,000,000 feet of logs on this stream, all of which will come out. The rear of the drive will pass the mouth of the east branch on Saturday, should no unforseen circumstances prevent, and below that point there is plenty of water.

J. H. Hill & Son sold on Friday 300,000 feet of lumber at $6.50, $13, and $35.

Gates & Fay, of Bay City, sold to Ohio parties, on Thursday, 200,000 feet of green lumber at $6.50, $13, and $35.

The Kinney Bros. have got out in the vicinity of Alabaster during the winter, 3,500,000 feet of long timber, which is now about ready to raft. It goes to Cleveland.

Joseph Green & Co. have put in 182 spars at Harrisville, this winter, which go ahead of anything before reported in this section. They measured 487,670 feet, or nearly 3,000 feet to the spar.

From the Saginaw *Courier*, April 23:—

The work of rafting out has fairly commenced at the Tittabawassee boom, the usual activity being shown, although the company has not as yet put on a full force of hands. Last Saturday's work, however, came nearly up to any day's work of last year, the number of pieces being something over 13,000, and this, as stated, with less than a full force of men. The largest day's work for last year was about 18,000 pieces, with a full working force. The total number of pieces out to Saturday night, is 38,000.

Correspondence of the Detroit *Post*, April 23:—

Never has a spring opened so inauspiciously for the lumber trade as this one. The prices are lower than was generally expected, and consequently but little lumber has been sold. Lumbermen do not feel disposed to accept the spring prices, believing that they can do better by waiting till the market livens up for the summer trade. The shipments for the past two weeks are remarbably light, and business generally suffers in consequence. But a small proportion of the mills are running, and those that are operating are only cutting up old logs held over from last season. Some of the larger mills on the river may not start up until the middle of May, and will then only run day time during the remainder of the season. I have not heard of any mills calculating to make extra time. All the docks along the river have still their piles of last year's cut, which manufacturers are anxious to dispose of before beginning business for this season.

The Saginaw Valley has never experienced such hard times as during the past winter and the present spring. It was universally predicted that the spring would dispel the gloom caused by the panic of last fall, and the general stagnation of the lumber trade during the winter, but thus far but little change is evinced, and the prospects for the summer are not very encouraging either. The danger of a lumber famine is apprehended. Out of the 438,000,000 feet of logs calculated upon for the river mills, it is now feared that not over 200,000,000 will be got out. The drive on the upper Tittabawassee is reported as being in a very discouraging condition, and it is very questionable whether it will be got down in good shape. On the Au Gres and Rifle rivers, the prospects are more encouraging, but the cut has not been as large on these streams as usual, and it is also very doubtful whether the full crop will reach this river. The Cass River drive is in much the same condition as on the other streams. There are a good many rafts from the Cass passing this port every day, but they are invariably last year's logs, which were hung up. The new cut, which is estimated at 30,000,000 feet by competent persons—a remarkably small cut for that stream—may get down all right, but the chances are against it. The absence of the usual spring freshet has had its effect, and nearly all the streams are now only at their usual midsummer hight. A change for the better may take place, but at present there are no such prospects.

From the Saginaw *Courier* of April 21:—

Owen & Brewer report a sale of 100,000 feet of lumber at $14; straight.

Mr. C. J. Murphy, of Avery, Murphy & Co., came to the city on Sunday morning last, having left Vassar after midnight. His object was to secure men to put on the drive on Wooden Creek, which empties into the Cass just below Vassar, and on which stream the firm named have 6,000,000 logs, all of which will come out with the present stage of water.

The Detroit *Free Press* says it is the general belief of the lumbermen on the Muskegon River that they will be unable to get out of the small streams that flow into the Muskegon River one-half of the logs that have been put into them during the winter. The lumbermen who put their logs into these small streams rely upon the freshet in the spring to enable them to float their logs into the Muskegon River, but this spring the snow has melted so gradually that there has been no freshet at all, and the water has hardly risen above low water mark. It is estimated that about 50,000,000 feet of logs will be laid up this season on the tributaries of the Muskegon River.

The *News and Reporter* says the rear of the Muskegon River drive has reached Butterfield Creek, and is moving extremely slow for this season of the year. The drive was started about three weeks ago, with a good stage of water, and fair weather for the men, and the logs were put afloat, winding their way toward Muskegon Lake. Owing to the almost entire disappearance of snow in the woods, and the unusually low stage of water this spring, the apprehension of a general "hang up" are well founded. The small streams, where the heaviest proportion of new logs have been put in the past winter, are filled, and but little water to float the logs. West and Middle Branch, Butterfield Creek, and the head of Little River, with the rest of the small tributary streams, offer very poor encouragement for getting out much more than half the quota of logs now in those streams during this season. It is very probable that at least from fifty to seventy-five million feet will be "hung up" this summer, despite all that men can do, unless some extraordinary freshet sets in and starts the armies of logs at the head of the several streams named. It is true it is rather early in the season for this low stage of water, but it is conceded by all that the amount of snow last winter was rather limited, with an occasional thaw to limit the supply on hand, leaving the creeks comparatively as dry as if the women's crusade had been inaugurated in the pineries early this spring.

From the Saginaw *Daily Courier*, April 28:—

Hill & Sons sold on Friday, to Buffalo parties, 280,000 feet, at $6.50, $13, and $35.

Albert Miller made a sale yesterday of 300,000 feet at the same figures.

R. J. Carney sold yesterday, to Cleveland parties, 500,000 feet at the figures named above.

W. S. McLean sold yesterday, to Toledo parties, 200,000 feet at the same rates.

General Western Notes.

From the Dubuque (Iowa) *Herald*, April 21:—

LUMBER.

Seeding time in the country has checked the demand for lumber, cutting off rail shipments and retail sales. The decline is only temporary; business will start up afresh when lumber commences running freely, and farmers are over the hurry of spring work.

News from the lumbering districts of Wisconsin and Minnesota, are not of a nature to inspire dealers with much hope for a drive, and unless heavy and continued rains fall, the bulk of last winter's logging will remain in the woods. Two large drives in Michigan are "hung up," the water falling without taking the logs along. Drives are also in the same condition on tributaries of the Wisconsin River. The Chippewa River is more fortunate with snow and water, and opened last week. Knapp, Stout & Co. have chartered the steamer "Albany" for towing purposes on that stream.

Weston, Burch & Co. started two rafts down the Wisconsin River last week. Rafts of logs and lumber are running past here for markets below, the greater part of the number on owners' account.

Sales during the week were 200,000 long timber logs to Clark & Co., saw-mill owners, for $13 per M, delivered; 200,000 No. 1 Chippewa lumber, to Rath, of Ackley, at $13 per M; and 50,000 do., to same buyer, at $14.25 on cars. Several buyers were in the market last week, expecting to see lumber running for a market, but were fooled, and had to buy from the yards. City dealers hold steady and firm, and are disposed to await the success of the drives before conceding any favors on stocks on hand. No. 1 Chippewa lumber is stiff at $13 afloat.

Rail shipments compare as follows:

Shipped West last week	97 cars.
Previous week	101 cars.
Decrease	4 cars.
Same week in 1873	68 cars.
Increase in 1874	29 cars.

Yard rates are as follows:

1st clear, 1¼, 1½, and 2 inch	$55 00
2d clear, 1¼, 1½, and 2 inch	45 00
1st clear, inch	50 00
2d clear, do	40 00
1st common, inch	35 00
Common boards, except 12 feet	16 00
Common boards, 12 feet	17 00
Stock boards, all lengths	20 00
Fencing, 16 feet	18 00
" 14 feet	17 00
" 12 feet	16 00
Sheating and grub plank	14 00
Timber and joists, 20 feet and under	16 00
Over 20 feet, $1 per M for each additional foot.	
Scantling, $2 per M more than joists.	
No. 1 siding	24 00
No. 2 do	20 00
No. 1 flooring	40 00
No. 2 do	30 00
A shingles	4 50
No. 1 shingles	2 50
No. 2 shingles	$1 00@2 00
Lath	3 00
Pickets	16 00

From the Chicago *Inter-Ocean*, April 23:—

THE CHICAGO LUMBER MARKET.

The largest lumber fleet of the season arrived at the sale docks to day. Probably not far from forty cargoes were on sale, composed largely of common lumber. The market was dull and weak, under the heavy receipts, and probably less than a dozen sales were made during the day. Several local and a few country buyers were present, but they were not disposed to operate very freely unless sellers would make concessions. On the other hand, sellers are holding firm at previous prices, and report that no reduction has yet been made on the standard grades. A cargo of lath brought $2.25, and mill-run boards and strips, from Ludington, $14.25. Common boards are quotable at $11@12; mill-run, do., $14@15; joists and scantling, $10.25@10.50; shingles, $3.00.

From the Chicago *Inter-Ocean*, April 25:—

LUMBER.—There was a better movement in this market to-day, the attendance of buers being larger and the weather more favorable. Some thirty odd cargoes were offered on sale. Values were weak, and it was generally conceded that values were being shaded, although sellers were backward in admitting the fact. Sales were reported at $10.25@10.50 for joist and scantling, and at $10@23 for coarse common inch to choice selects. The quality of the offerings was more desirable. White pine sold at $12, and Norway pine at $10. Lath steady at $2.25. Closing dull, with several cargoes unsold. Sales include:

Cargo schr. Express, from Monistique (Mich.), 115,000 white pine boards, at $12; 120,000 Norway pine, at $10.

Cargo schr. Little Belle, from Ludington, 75,000 short piece stuff, at $10.25; 35,000 strips and boards, at $12; 22,000 lath at $2.25.

Cargo schr. Westchester, from Muskegon, 142,000 common strips and boards (mostly Norway), at $11.25; 4,000 flat pickets at $10.

Cargo schr. J. P. Ward, from Ludington, 88,000 strips and boards, mill-run, at $14.75.

Cargo schr. L. McDonald, from Manistee, 150,000 joist, scantling, and timber, at $10.50.

Cargo schr. Curlew, from Muskegon, 50,000 lumber, at $11; 85,000 dry strips and boards (selected), at $23; 30,000 green strips and boards, mill-run, at $15.

In the yard there was an active trade on country and city account. The prevailing feeling was one of firmness, and values were well maintained.

From the Chicago *Inter-Ocean*, April 28:—

LUMBER.—The favorable wind since Saturday brought a very large lumber fleet, some forty odd cargoes being offered on sale to-day. The attendance of buyers was rather light, there being but few country dealers present, and only a small representation of the city trade. Several cargoes were sold, some of which were reported, while others were on "private terms." Country buyers can now find a sufficient supply on sale to admit of selections, as the quality of the offerings is improving considerably. Prices were weak and easy. Joist and scantling sold at $10; strips and boards sold at $10@15 for common to really good cargoes. Shingles nominal; lath steady at $2.25. The market closed dull and weak, with a large number of cargoes unsold. The following were among the sales:

Cargo schr. Arab, from Ludington, 140,000 mixed, at $12 for inch, and $10 for 2-inch.

Cargo schr. Scoville, from Ludington, 114,000 joist and scantling, at $10.

Cargo schr. Levi Grant, from Muskegon, 138,000 strips and 54,000 boards, mill-run, at $15; 41,000 lath at $2.25.

Cargo schr. Leo, from Muskegon, 75,000 common strips and boards, at $11.25; 5,000 short piece stuff at $10; 2,000 flat pickets at $10; 4,000 lath at $2.25.

Cargo schr. Magnolia, from Pentwater, 120,000 feet common mixed, at $10.

Cargo schr. J. O. Moss, from Ludington, 130,000 feet joist and scantling, largely 16 feet, at $10.

Trade in the yards was again fairly active, and values were steady and well maintained.

State Notes.

From the Troy *Times*, April 23:—

LUMBER.—During the past week the lumber market has shown considerable activity. Buyers were numerous, sales ready, and shipments constant. The stock is being reduced steadily, but the assortment still is pretty fair, except in some kinds of coarse lumber. Arrivals by rail, however, of spruce and hemlock, supply about the demand, and all orders thus far have been filled. Freights and prices remain unchanged.

Eastern Notes.

The backwardness of the season seems to throw its shadow upon the lumber trade, in common with other branches of business. Our lumber merchants are awaiting patiently the springing up of trade that has been prophesied. The market has not materially changed since our last. Prices remain as before. The Eastern mills have not generally commenced operations. When they do, and the lumber begins to come in, probably the market will weaken, without a demand should spring up. Local trade is duller than out of town. Considerable building in the suburbs creates a slight demand. The call for Western timber is not very loud, still something is doing. Southern ship lumber is selling well, while Southern pine for building or floor boards is dull. This feature is in marked contrast to the state of the market last year. As a whole, the market is very well stocked, well enough certainly for the demand. Freights are low.

Southern Notes.

From Pensacola, under date of April 19:—

Hewn timber is dull, and sales made are at a slight decline from last year's contracts. The prospects for the next season are not cheerful, and we look for a decline of labor to other business in some degree. Sawn timber is in more inquiry, but for only pending engagements; no contracts can be made for large amounts satisfactorily. Assorted lumber is dull, and no sales are made to any extent; prices nominal; we quote stowage deals $12.50 per M, and prime $14@14.50; for South America, rates are still the same for standard deals, $18@20.

Canada Notes.

The Belleville *Intelligencer* says:—

We learn that the quantity of saw-logs to be brought down the Moira, and other streams in this district, will this season be much smaller than usual. The monetary panic in the United States operated largely against production, which has subsequently been much diminish-

ed. Besides this, the season was highly unfavorable for drawing, there having been but little snow, and the open character of the winter preventing the freezing of the swamps. This, in the case of most lumbermen, crippled their operations most seriously, it having been found necessary to abandon a portion of the season's cut in the woods until next winter. Fair prices are, therefore, expected to rule, and the misfortune of having to leave logs in the woods may prove "a blessing in disguise," by limiting the supply. At all events, we trust it may prove so, as last year lumber manufacturers had not much to boast of in the way of prosperity.

METALS.—COPPER.—The quotations for manufactured continue unchanged. Ingot is in limited demand, with sales at 24¼@25 cents.

IRON.—Trade is dull, and almost at a standstill. Scotch pig is lower in price, without activity—consumers, it is said, awaiting the issue of the conflict in the building trades. American pig is almost without movement. Rails are quiet and scrap is dull and depressed. Manufactured from store is dull and without business of note.

LEAD.—Foreign pig is dull and nominal at 6½@6⅝ cents, gold. Sales of domestic at 6 cents, gold. Bar, 8¾; sheet and pipe 9; and tin-lined pipe 16½ cents, less 10 per cent. to the trade.

TIN.—Foreign advices indicate a decline in the price of pig. Plates are fairly active and firm. Sales are reported of charcoal tin at $10.50@10.75, and of charcoal terne at $9.37½@9.50@10.75, and of coke terne at $7.62½@7.75.

ZINC.—Sheet is steady at unchanged quotations, with a moderate demand from store.

NAILS.—Cut are easy at quoted rates, with a disposition in buyers' favor. We quote: 10d. to 60d. common fence and sheathing, ℔ keg, $3.90@4.00; 8d. and 9d. common do ℔ keg, $4.25; 6d. and 7d. common do ℔ keg, $4.50; 4d. and 5d. common do ℔ keg, $4.75; 3d. and 4d. light, ℔ keg, $5.50; 3d. fine, ℔ keg, $6.25; 2d. ℔ keg, $7 00. Cut Spikes, all sizes, $4.25; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ℔ keg, $6; 4d. and 5d. ℔ keg, $5.25; 6d. and 7d. ℔ keg, $5; 8d. ℔ keg, $4.75; 10d. to 60d. ℔ keg, $4.50.

CLINCH NAILS.

1¼ to 1 in. 2 & 2½ in. 2½ & 2¾ in. 3 in. and longer.
$6.25@6.50. $6@6.52. $5.75@6 $5.50@5.75 ℔ keg.

OILS.—Linseed is in fair jobbing demand, with occasional sales at 97 cents. Round lots are slow in movement. Our quotations are retained as follows: crushers, in casks, 96@97 cents per gallon; in bbls., 98@99; boiled and refined, $1.03.

PAINTS.—The demand is called good, without any apparent increase in business. The feeling among dealers seems of the best, and it is claimed that business will fully equal the average of previous years. Foreign goods are in fair, but not excessive supply, and prices are firm. Domestic goods are also firm, with no apparent weak tendencies. White leads are steady in price and demand. Paris green is in active request, and is sold in advance of production, with no definite time for delivery. Ultramarine is in great demand, and, notwithstanding importations, American manufacturers are crowded with orders which they can not supply. Red lead is firm; Vermilions are strong at our quotations; Venetian red is in fair demand; Paris white is in limited request; China clay is in fair supply.

PITCH—Is in moderate jobbing request at $2.75@3 for city.

SPIRITS TURPENTINE.—Prices have declined, and the market has been weaker, closing dull and nominal as follows: merchantable order, 40½@41 cents; shipping order, 46@48 cents; and from store, 49 cents.

TAR—Has been dull but steady. We quote Washington at $2.50, Newbern at $2.37½@2.50, and Wilmington at $2.75@3.00.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, APRIL 28, 1874.]

There has been a fair trade during the week. We hear of two sales that will amount to 2,500,000 feet. The character of most of the business now being done is not quite so active as we should wish to see it, buyers only taking what they want to keep their assortment right or to fill immediate orders. The stock in market is good, although the district begins to show signs of depletion; all desirable lots will be pretty well run off before the opening of the canals. From what we can learn there is not much dry stock arranged for to come in early. The opinion is becoming very general that building and other operations involving the consumption of lumber will now be much more active in consequence of the President's veto of the currency bill, and a decided improvement in all branches of trade is looked for. The reports from Pennsylvania are losses by fire of nearly up to 25,000,000 feet of lumber; prices must stiffen. The Chicago market, with increasing receipts, has become active, especially for the out-of-town trade. The stock on January 1st was 327,877,700 feet, against 321,943,000 in 1873. A late Ottawa paper says that lumbermen complain that unless heavy rains fall 42,000,000 feet of loss will be left in the Ottawa tributaries this year; the trade there is generally inactive; the *Citizen* says it is impossible to get anything like a reliable statement of the amount of lumber that has been wintered over at the Chaudiere this season, but shrewd, practical men who have been through the piling grounds calculate it at about 40,000,000. Of this, Mr. Booth has between 10,000,000 and 11,000,000; Mr. Young between 6,000,000 and 7,000,000; Mr. E. B. Eddy 12,000,000; Mr. Bronson 7,000,000; Messrs. Batson & Currier and Hon. James Skead have also several millions on hand. Burleigh & Bros., of Whitehall, signed a contract yesterday to freight 12,000,000 feet of lumber for Mr. Levi Young to Albany at $16 per 1,000, which is about $1 per 1,000 less than last year's rate. The lumbermen congratulate themselves on the fact that the Finance Minister has let them alone in framing the tariff. The new policy will not materially affect their trade.

It is estimated the lumber yield of Michigan will be 1,500,000,000 feet, as compared with 2,500,000,000 feet in 1872-'73; the old stock is estimated at 950,000,000 feet. The estimates of Wisconsin yield are 992,000,000 feet; left over from last year, 500,000,000 feet, making an aggregate which will be 300,000,000 feet short of 1872-'73; it is estimated, however, that not to exceed 1,000,000,000 feet will be available. In Minnesota, on the Upper Mississippi, the new cut does not exceed 150,000,000 feet, which, added to 27,000,000 feet, makes the total 177,000,000 feet; 200,000,000 feet manufactured in 1872-'73.

SOAPSTONE WASH TUBS.

A MUCH AND LONG NEEDED IMPROVEMENT.

None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francetown Soapstone.

Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry. *They are not affected by hot or cold water. Never crack or leak.*

Cheaper than Wood, and will last a Lifetime.

They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

ALSO, MANUFACTURERS OF

Soapstone Grate and Stove Linings, Register Frames.

TAKE NOTICE

That whereas Letters Patent were issued to me on the 9th of August, 1870, the 23d of September, 1873, and reissues November 11, 1873, December 23, 1873, and numbered respectively 106,157, 143,149, reissues 5,650 and 5 693 for a new and useful improvement in the manufacture of Skylights, Conservatories, and other glazed structures, of which I am the sole and exclusive owner; and it having been made known to me that one Geo. E. Dayton and Chas. Sellman and divers other persons, of the City, County, and State of New York, and elsewhere, are making, selling, and vending manufactures embraced within said Letters Patent, and in violation of the rights thereby to me secured, and of the Act of Congress in such cases made and provided, and of which said Geo. E. Dayton and others have had due notice, and against whom a suit is now pending for infringement of the same.

You are hereby warned against the purchasing, using, vending, or selling, or having for sale, any article of manufacture wholly or in part embraced within said invention, as secured by said Letters Patent, and that all persons found in possession of, or using, vending, selling, or having the same in their possession for sale or use without my permission and license will be prosecuted according to law.

(Signed) GEORGE HAYES, Patentee,

JAS. H. WHITELEGGE, Attorney for Patentee, 136 Chambers Street, N. Y. City.

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

PIANO-FORTES.

THE DECKER BROTHERS
are the owners of the only patents granted to any person of the name of DECKER for improvements in
PIANO-FORTES.
All genuine
DECKER BROTHERS' PIANOS
have the following line cast on the iron plate in the inner left-hand corner of the instrument:
"DECKER BROS.' PATENT, JUNE 2, 1863."
To guard against imposition, purchasers should see that this line is cast in the plate as described.

The reputation acquired for their manufacture by the
DECKER BROTHERS
is the result of years of unremitting effort to develop the power and correspondingly to improve the quality of tone in the PIANO-FORTE.

This endeavor has been rewarded to an extent deemed at the outset almost unattainable, and the absolute success of the method of manufacture originated and patented by them is now conclusively established by the unanimous testimony of the most eminent musical authorities and scientific experts, who unite in pronouncing the
DECKER BROTHERS'
instruments the most perfect of their class yet produced.
EVERY DECKER BROTHERS' PIANO-FORTE is guaranteed for seven years.
The splendor of tone for which the
DECKER BROTHERS'
instruments are world-renowned is the same in each of the three varieties of PIANO-FORTE—
GRAND, UPRIGHT, AND SQUARE.

ESTIMATES given for STONE-FRONTS, and SAWING for THE TRADE.
I am sole proprietor of "Buena Vista Free-Stone Quarry," situated near Buena Vista, Scioto Co., Ohio, and, with my improved facilities, am prepared to deliver in New York 100 CAR LOADS EVERY WEEK.
The FINEST GRAINED, the MOST DURABLE, and the MOST BEAUTIFUL Building Stone offered to the people of New York. Free from defects, blemishes, and disintegrating properties. Subjected to repeated tests, it stands a pressure of **2,000 POUNDS** more to the square inch than Brown Stone of Connecticut. In a fire it is superior to all other stone.
The following buildings, among others in New York city, exhibit the stone, viz.: St. Luke's Home, corner of Madison Avenue and 89th Street, the church adjoining, twelve houses corner Madison Avenue and 64th Street, and my office front, corner Eleventh Ave. and 60th St.
Call and examine the Stone. Samples furnished FREE. Terms reasonable. Addres, Box No. 8, Station G, N.Y

CARD.
To Bankers, Lawyers, Trustees, Executors, Savings Institutions, and others having capital to invest in Bond and Mortgage on first-class property:
There are millions of capital controlled by parties who desire to invest in Bond and Mortgage, and who are not only satisfied with, but who refuse more than legal interest. To such we offer our services in negotiating safe and judicious investments, having had sixteen years' experience and knowledge of Real Estate in this city. Our commission, invariably one per cent., paid by the borrower. Searches, when made through our office, will be conducted by one of the best and most experienced Real Estate lawyers in this city at one-half per cent. JAMES R. EDWARDS,
Real Estate Broker,
69 West 23d Street.

YOUNG'S
DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.
HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.
In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.
His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

REAL ESTATE RECORD

AND BUILDERS' GUIDE.

VOL. XIII. NEW YORK, SATURDAY, MAY 9, 1874. No. 321

Published Weekly by

THE REAL ESTATE RECORD ASSOCIATION.

TERMS.

One year, in advance.....$10 00

All communications should be addressed to

C. W. SWEET,

WHITING BUILDING, 345 AND 347 BROADWAY.

SPECIAL NOTICES.

We desire to call attention to the superior character of seeds and plants catalogued by James Vick, of Rochester, N. Y. Many are now preparing their gardens, and as Mr. Vick's catalogue presents an almost unlimited choice for useful or ornamental plants, we suggest that they address as above and send their orders which, we can assure them, will be filled at very moderate prices.

R. C. Ferguson has removed from No. 12 Pine Street to No. 59 Liberty Street.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

Varick st. (No. 148), partitions removed, &c.; cost, $100; owner, Robert Jonas.

Wall st. (No. 78), alterations in basement; builder, John H. Desker.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The week opened better than the last, and closed with fairer indications than we have seen for some time. Inquiry increased, and several negotiations were brought to conclusion, giving fair reports of accomplished sales. The chief interest of the past, as of the preceding, week centered in the public offering of the Mott estate, the remaining lots of which were closed out at auction at reasonable rates. The prices secured were not fully up to the average of the previous sale, but neither did the lots average as well in respect to location and choice. There were a limited number of lots on the Riverside Boulevard sold on this occasion, while the previous sale included a greater portion of property of that description, with the addition of several lots on the Grand Boulevard, where equally good prices prevailed. In all, the estate has fared well, and the market has not suffered for the experiment. Investors have gained confidence, and owners are more assured. The other sales of the week at the Exchange have been of an ordinary character, and we recall nothing that is applicable to the market, either for detriment or benefit. We do not counsel indiscriminate and hap-hazard investment, because of the altered circumstances of the market, nor do we think it judicious to hurry property upon it while in its present stage of recovery. Purchases should be made with quite as much discretion as at any time, and sales should be made moderately in response to inquiry and natural demand, and with these precautions we may ere long expect to see the market regain a tone which will qualify it for further advance, whether for speculation or in response to the legitimate demand of improvement.

GOSSIP.

The Commissioners for opening Ninety-fourth and Ninety-fifth streets, from Eighth Avenue to the new road, and from Twelfth Avenue to the Hudson River, give notice that the bills of costs in these proceedings will be presented to the Supreme Court for taxation May 18.

SPECIAL NOTICE.

We call the attention of the numerous mechanics and tradesmen, subscribers of the REAL ESTATE RECORD AND BUILDERS' GUIDE, to the advertisement, in another column, where Whitestone, L. I., property is offered on advantageous terms. The great need for New York's busy population is cheap and pleasant homes within accessible distance of the center of the metropolis, and Whitestone certainly offers these more than any other place near New York. There are mechanics' trains running daily, on which the fare is only 8½ cents, and, including the ferry from James Slip or from Thirty-fourth Street, no more time is consumed in reaching the place than in going to Seventieth Street, with this great advantage, that on the forty-two trains of the Flushing and North Side Road, running daily, the cars are well ventilated, there are all the comforts of modern railway travel, and a total absence of the thousand and one abominations always met with on the horse-cars. There is no more chills and fever at Whitestone than in New York. So say at least people who have resided in its vicinity for years; and, judging by their looks, they certainly appear more hale and hearty than a good many who live in the crowded city. While suburban property is in demand, Whitestone should not be overlooked, and for people of moderate means offers advantages nowhere else met with within sound of Trinity bells.

MARKETS.

Unfavorable as were the aspects of the markets at our last report, we are compelled to record even worse feeling for the week past. Trade is languishing, and where the greatest activity, limited as it was, prevailed, there has been a falling off in business, widely at variance with the character of even an ordinary season. Only one line of trade retains its semblance of life, and that is due to exceptional causes and a demand which extends far beyond the necessities of our own locality. The better feeling excited by the veto of the currency bill has not become impressed to any marked degree upon general trade, and we are driven to the conclusion that the present season must pass, and a few months of quiet waiting must ensue before the markets can regain tone and take on a healthier appearance. It is claimed that confidence is reviving, and while we are disposed to admit that this may be measurably true, we can not fail to perceive that business is conducted more quietly and upon more conservative principles. Credits are closely scrutinized, and sales are not attempted to be made with that *abandon* which denotes general monied ease and speculative transactions. Purchasers, too, take what they require to fill the measure of their wants, and no more, and are not tempted, nor are they asked, to exceed that limit or to incur liabilities because of the favorable nature of offerings or the possibilities of bargains. Manufacture has suspended to a great extent, and, while there is a certain necessity which requires a fixed amount of production, it is not enough to fill all the demands of labor, and consequently the working classes are feeling, perhaps more acutely than at any time within our knowledge, the distressing effects of impoverished trade and diminished production. Adversity has fortunately, however, not reached its extreme limit, and it is probable that we are now upon the turning point for the better, hanging nevertheless with that indecision resulting from lost momentum, which must be regained before we can step more actively toward a brightening future. The troubles that have encompassed trade at home seem to have kindred application to business in Europe. England, with whom we are most intimately allied, is now experiencing dull trade, and a great shrinkage in values, and the balance of trade, as between the two countries, is shifting and rapidly changing in our favor. The export hither of Iron has fallen off so largely as to excite dismay upon the other side, and prices have greatly declined, even in the face of strikes. The same tendencies prevail in Tin, and there has been for the past year a general aggregate reduction of twenty-five per cent. on all articles of export to this country. It has been claimed that depression here is partly the reflex action of this condition of trade in England. It may be so, but we favor the belief that the causes are mainly due to ourselves, and the rushing disposition we evince to

go ahead too fast. Our generation has been trying to compress, within the limits of a century, the experiences and progress of hundreds of years in the Old World, and has largely succeeded; but, in so doing, it has increased in relative proportion disasters to business, and is far more likely, in that respect, to affect trade abroad than to bear its reflection. Commercial revolution, too, has its natural effect, and in transferring the weight of indebtedness from one country to another, or in balancing their powers, it must affect business, for a time, unfavorably. All the elements which go to make up our weekly report are conditioned upon activity, and money making in general trade, and we must be content to wait upon opportunity until she presents a more smiling face. In brief retrospect, we report Brick very dull in one of the poorest markets we have yet seen; Cement inactive; Foreign Woods in moderately good business; Glass with diminished trade; Hardware dull and unsatisfactory; Labor unchanged, the master mechanics failing to carry out their ten-hour plan; Lime with moderate business; Lumber falling off in trade; Metals dull and depressed; Oils and Paints in fair request, and presenting better features than any other markets; Hair and Laths dull, and somewhat nominal; and Spirits Turpentine, Pitch, and Tar, in limited inquiry, but unchanged in price.

Details are as follows:

BRICK.—Receipts for the week have been very light, amounting only to about two millions, a falling off of one half in comparison with the week preceding, and about one-tenth of the average of arrivals during an ordinarily good season. This, in itself, speaks volumes for the depressed character of the building trades, but the comparison is more striking in that about one and a half millions of the total number of hard brick brought forward during the past two weeks remain, at the date of our report, on hand and unsold. Prices are quotably no lower, excepting for pale bricks, although we have been furnished quotations underneath our range. The market, however, is in buyers' favor, and likely to be shaded considerably rather than to lose a sale. There is nothing doing in higher priced bricks, but such goods are likely to become scarce, and to advance in price, as the new manufacture will not be as smooth. The market is very dull, and we quote: Pale, ℔ M, $3@3.50; Jersey, $6.00@6.50; Long Island, $—@—; Up-river, $6@7.; Haverstraw Bay, $7.25@8.75; Croton Fronts—brown, $14@15; dark, $15@16; red, $16@17; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—The market is quiet, and although prices are sustained at what now seems to be the settled rate for the season, yet it is probable that concessions are made to secure trade. We note sales of 300 bbls. Portland, ex vessel, at $5 per bbl; Rockland is held at $1.50, and foreign at $4@5.25.

FIRE BRICK.—We do not find the market active, although we are called on to report sales of 50,000 Scotch, to arrive, at $40@50, currency. Quotations for American and red Welsh are retained.

FOREIGN WOODS.—The market is moderately active for all woods, with the exception of choice grades of rosewood. The supply of cedar is large, while the stock of rosewood is very small. There is an improved demand for black walnut, and quotations remain as before.

GLASS.—The demand is light for the season, French window only being in moderate request, while English sheet and polished plate continue dull and nominal. The assortment of French window is much broken, and medium sizes are scarce. Discounts, generally, are unchanged.

HAIR.—There is no demand of consequence, and sales are very limited. Prices are steady, however, if nominal, at our quotations. We quote, as to quality, cattle, 18@28 cents; goat, 25@30 cents per bushel.

HARDWARE.—Trade is moderate, and wholly of a jobbing character. The demand has rather fallen off from its previous limited proportions, but prices are unchanged, excepting for wrought iron pipe, in which, at our last report, we anticipated a reduction. The event has fulfilled our expectation, and quotations are now 40 per cent. discount—before, 25.

LABOR.—With our report for this week we shall dismiss the subject, unless something new turns up, or until some other emergency makes it notable. The ten-hour movement, set on foot a few weeks since, has resulted, as we anticipated, in nothing. The resolutions and protests put forth in that behalf have proved but trifling implements in fighting the air, and no action has been taken to crystallize opinion upon the subject. The employing mechanics are very much at odds among themselves upon the subject, for reasons which we have fully set forth in previous reviews, and we can not but characterize it as the emptiest nonsense to make such puerile and futile attempts to enforce a measure which requires calm judgment and united and consistent action. In this instance, the precept that knowledge is gained by experience, falls far short of exemplification.

LATH.—The arrivals have been full, and the demand limited. The market, in consequence, is weak, and although we quote nominally at $2, we favor the belief that prices are, or would be, shaded to meet the views of buyers.

LIME.—The arrivals are still limited, and nothing has come forward as yet through the canal, and it will be another week before we shall be advised of such receipts. Trade, if not brisk, is fair, and prices are well sustained. We quote common at $1.05@1.10; finishing, at $1.50@1.60 per bbl.

LUMBER.—Trade has fallen off since our last report. The yard business is comparatively light, and there has been nothing doing worthy of special remark. Pine continues steady at our quoted rates, with a moderate demand. Spruce is in fair request, quoting from $18.50 to $22. Yellow pine has declined in business, with some demand for flooring. Quotations are from $25 to $35. Hardwoods are inactive, except for the demand that arises from interior fittings, incident to the changes of the spring season. Prices, however, are steady, and fairly sustained. The market only carries out our remark, where we assumed that when the demand for box-making and building alterations drew to a close there would be a very perceptible falling off in the extent of trade. The building interests are too dull to make a call which will enliven the market, and although the currently expressed opinion among dealers is that there will be an advance in prices, we must say that we can neither see the opportunity nor the propriety for any such movement. If manufacturers do not advance prices (and we do not know where, at the present juncture, they will get the chance) the suggestion is unsuited to the times and the market.

The charters comprise: Two American ships, 964 and 814 tons (bound from Mobile and New Orleans to Reval), from Cronstadt to Bristol Channel, deals, 60s.@62s. 6d.; a British bark, 621 tons (now at St. Thomas), from Doboy to a direct port in the United Kingdom, yellow pine timber, 45s., option Continent $50s.; a British ship, 873 tons, from Doboy to the United Kingdom, timber, 44s.; an American brig, 280 tons, hence to Montevideo, lumber, $22 and primage; a new ship, 1,230 tons, from Portland to Liverpool, deals, 85s.; a schr., 286 tons (to arrive hence), from Darien to St. John, N. B., yellow pine timber, $13, gold; one, 142 tons, from Garden Creek, Va., to Kennebunk, oak timber, $6; a schr., 140,000 resawed lumber, from Brunswick to Mystic, $10.50; one, 130,000 dry boards, from Jacksonville to New York, $10; one, 100,000 dry boards and resawed, same voyage, $10.50; one, 175 tons, to Jacksonville, current rates, and back, with lumber, $10; a brig, 245 tons, to Jacksonville, in ballast, and back, with lumber, $10; a British ship, 772 tons, hence to Liverpool or Bristol, oak timber, 47s. 6d.; an American brig, 516 tons, hence to Lisbon, staves, $50 for extra heavy pipe, $45 for heavy pipe, and $27.50 for heavy barrel; a schr., 230,000 resawed lumber, from Port Henry, St. Mary's River, to New York, $10; one, 200,000 do., from Savannah to New York, $9.50; one, 160,000 boards and scantling, from Orange Mills and King's Ferry, Ga., to Philadelphia, $9.50; one, 150,000 resawed, from Bucksville to New York, $10; one, 266 tons, from Virginia to Boston, oak timber, $6; one, 300,000 resawed, from Woodstock Mills to New York, $10, three trips; one, 200,000 do., from Pensacola to Boston, $10.50.

Michigan and Wisconsin Notes.

The following is a statement of the shipments from the Saginaw River during the month of April, with a review of the Saginaw market:

Last season the first shipment was made from the river April 30th. The river opened much earlier this season, and the shipments, up to this time, have been quite brisk, reducing the quantity of lumber on hand very materially. The shipments during the past month, which embrace all the lumber shipped by water this season, are as follows, the figures being taken from the books of the Custom-house:

	East Saginaw.	Bay City.
Lumber.....feet.	18,576,219	31,284,098
Lath ..... pcs.	922,500	2,328,490
Shingles.....	1,350,000	1,821,000
Staves.....	88,000	180,930

The shipments from the river for the season, to May 1st, were as follows: Lumber, 49,860,317; lath, 3,250,990; shingles, 2,532,000; staves, 268,930. All of which is an increase over the shipments for a corresponding time last year. The shipments by rail are also largely increased over those of last year.

The market opened the latter part of February quite brisk, the sales being largely confined to old stock. Large inroads were made on the better class of lumber, clear and selects, and prices were obtained considerably in advance of last year's quotations. Buyers extended their operations not only throughout the length of the Saginaw River, but to the interior and railroad mills, the purchases for 30 days exceeding rather than falling short of 50,000,000 feet. The prices obtained ranged from $6, $12, and $35, to $7, $14, and $42, a large proportion of the sales realizing the higher figures. In some instances better prices were obtained than those quoted. During the first two or three weeks there has been a lull in the market, and but few sales have been reported. The outlook, however, is bright, and manufacturers are holding firm at the highest quotations. They are sustained in this by the fact that only about a quarter of a stock of logs were wintered, and the further fact that the absence of the usual spring freshet will hold back a large proportion of the logs which, with good water, would have been brought to market. At least half a dozen of the river mills will remain idle the present season, for want of logs, and others will run but a portion of the season.

The amount shipped under the law is small compared with the shipments. This is owing, in a measure, to the fact that Mr. Mershon received his appointment late, and did not get fairly to work until late in the month. The office is now in good working order, with the promise of a satisfactory showing at the close of the year. The amount inspected through the three offices on the river last month was about 24,000,000 feet.

The Midland *Times* says that the logs are nearly all out of the small streams, except about 30,000,000 in the Tobacco and Cedar. There are less than 100,000,000 below Midland in the Tittabawassee, and certainly not over 120,000,000 in the Tittabawassee and Chippewa, and their tributaries above Midland.

It is computed that the Michigan lumber yield for last winter will amount to 1,500,000,000 feet, as compared with 2,500,000,000 feet in 1872-3. Of the old stock left over from 1872-3, the mills have on hand 950,000,000 feet; consequently, both the old stock and new cut, together, will not produce within 100,000,000 feet of the crop alone of 1872-3.

Close estimates of the Wisconsin yield for last winter are as follows:

Menominee River.....feet.	107,000,000
Green Bay District	122,000,000
Wolf River	118,000,000
Wisconsin River.....	30,000,000
Yellow River.....	17,000,000
Black River.....	120,000,000
Chippewa Valley.....	275,000,000
St. Croix Valley.....	140,000,000
On the railroads.....	63,000,000
Total new crop.....	992,000,000

The left-over stock is estimated at 500,000,000 feet, making a total for the year of 1,492,000,000 feet, or 300,000,000 short of last year's crop alone. Of the new crop, less than the usual percentage is expected to be floated down by freshets, and the aggregate available stock this season will probably not exceed 1,000,000,000 feet, the balance being left in the woods.

In Minnesota, on the upper Mississippi, the new cut does not exceed 150,000,000 feet, which, added to the old stock left over (27,000,000 feet at most), makes a total, at the most liberal estimate, of 177,000,000 feet from all possible sources, against 200,000,000 feet actually manufactured last year.

The Farwell *Register* states that the lumber, shingle, and stave business at Clare, for the past winter, has been quite active. E. Perry has on hand 2,300,000 feet of sawed lumber, which is perhaps the choicest lot on this line, and 1,000,000 shingles. At his mill, a few miles south, 1,300,000 feet of logs, the lumber to be hauled to Clare. He has also on hand 100,000 feet of hard wood lumber.

From the Green Bay (Wis.) *Advocate*, April 30:—

The spring trade opens at a trifle better rates than marked the close of last season. The last Saturday's Chicago market had a large fleet brought in by favorable winds, but the demand was active and sales liberal; all descriptions, from common piece stuff to choice mill run, being in request, while prices were firm at $10.50 for joists and scantling, $14 to $15 for choice mill run, and $11 to $13 for common strips and boards; shingles, $3@3 10; pickets, $10. Vessel rates start out at $2.50 from Oconto, $1.50 from Muskegon, and $1.75 from Manistee, Ludington, White Lake, Pentwater, and Grand Haven.

From the Muskegon *News*:—

Owing to the almost entire disappearance of snow in the woods, and the unusually low stage of water this spring, the apprehensions of a general "hang up" are well founded. The small streams, where the heaviest proportion of new logs have been put in the past winter, are filled, and but little water to float the logs. * * * It is very probable that from fifty to seventy-five million feet will be "hung up" this summer, despite all that men can do, unless some extraordinary freshet sets in and starts the armies of logs at the head of the several streams named. It is true it is rather early in the season for this low stage of water, but it is conceded by all that the amount of snow last winter was rather limited, with an occasional thaw to limit the supply on hand, leaving the creeks comparatively as dry as if the woman's crusade had been inaugurated in the pineries early this spring.

From the Milwaukee *Sentinel*, May 1:—

MILWAUKEE LUMBER MARKET.

The market is quiet and weak. Opening prices ranged at $10.25@10.37 for scantling and joist, and $10.50@17 for common to choice cargoes of strips and boards. For the past two days prices have declined on common cargoes, and we now quote:

Scantling and joist...	$10 00@10 25
Common strips and boards.....	10 50@12 00
Choice strips and boards, mill-run.....	15 00@17 00
Shingles	2 90@ 3 00
Lath...	2 00@ 2 25

We note the following cargo sales:

Schr. Arundel, Manistee, 160,000 scantling and joists, at $10.25; 40,000 selects at $25.

Schr. Traveler, Manistee, 160,000 scantling and joist, at $10 for 18 feet and under; at $11 for 20 feet and over.

Barge Mars, Ludington, 197,230 feet strips and boards, at $12.

Schr. Brigham, Ludington, 90,000 feet common strips and boards, at $11.

Scow D. R. Owens, Ludington, 100,000 scantling, joist, and small timber, $10.25 for short; $12 for 20 to 30 feet.

Schr. Kewaunee, Kewaunee, 160,000 strips and boards, $15.00.

Scow Quickstep, White Lake, 48,000 coarse common mixed, $9.50; 20,000 shingles, $2.90.

Schr. Challenge, Ludington, 75,000 scantling and joist, $10.37½.

Schr. Julia B. Merrill, Manistee, 125,000 scantling and joist, $10.25; 50,000 timber, $14, delivered at Racine.

Barge Mercury, Ludington, 200,000 common strips and boards, at $11.50.

From the Saginaw *Courier*, May 3:—

Operations on the Tittabawassee booms have been lively during the past week. The total amount rafted out during the season to date, is 188,154 pieces, or in the neighborhood of 38,000,000 feet. As rafting last year did not commence until May 2d, the figures above given are in excess of last year's operations. We learn that there has been delivered by the Huron Log Booming Co. up to the 1st of May, inst., 81,479 logs, scaling 15,045,800 feet. There have been 20,000 pieces rafted out by this company, which will scale somewhere in

the neighborhood of from three to four millions, which have not been delivered, on account of want of room in mill booms of the owners. The jam now in the Cass boom will not exceed 12,000,000 feet, which will be cleaned out in less than two weeks, unless timely rains should come to bring down the balance of the drive. There is estimated to be still back from thirty to forty millions.

SAGINAW LUMBER SALES.

Youmans & Van Winkle sold on the 2d inst., to New York parties, 120,000 feet of green lumber at $6, $12, and $35.

On May 4, the same firm sold to Toledo parties 300,000 feet dry, at $6, $13, and $36.

General Western Notes.

From the Chicago *Inter-Ocean*, April 29:—

The market during the first half of the week under review was steady and active to the extent of the supply, all offered meeting with ready sale, while prices were steady and well maintained. Since Friday, however, the supply has materially increased, quite a large fleet arriving from the east shore. Several of the mills have resumed operations for the season, and the ice has nearly disappeared. The attendance of buyers was only fair, and those present showed a disposition to hold back for lower prices. Sellers used their best efforts to dispose of their consignments, and at the same time maintain the prices current at the opening, but the supply proved too large, and a decline of about 50 cents per M was sustained on joist and scantling, and the poorer grades of strips and boards. Shingles and laths have been in fair demand throughout, with no quotable change in values. The average price for joist and scantling was $10@10.25, with several sales at $9.75 for poorer qualities. At the close, $10 was about the outside quotation of the general market. Strips and boards quotable at $10@16 for common to very choice grades. Shingles quotable at $3@3.10. To-day the market was quite active, and firm at the recent decline. Some fifteen or twenty cargoes were offered on sale, and about all were sold, the market closing firm at $10 for joist and scantling, and $10@16 for strips and boards. Lath sold at $2.05. There was a good attendance of city and country buyers. Sales include:

Cargo schr. Game Cock, from Muskegon, 45,000 Norway, inch, at $12; 120,000 joist and scantling, at $10; 51,000 Norway lath at $2, mill tally.

Cargo schr. Clara, from Manistee, 200,000 joist and scantling, at $10.

Cargo schr. White Oak, from Ludington, 144,000 culls, at $5, mill tally.

Cargo schr. Magic, from Neshoto, 380,000 lath, at $2.05.

Cargo schr. Raleigh, from Manistee, 18,000 3x12 24 feet, at $15; 122,000 joists and scantling, at $10.

Cargo schr. Truman Moss, from Manistee, 200,000 joist and scantling, at $10.

Cargo schr. C. L. Johnson, from Manistee, 83,000 joist and scantling, long lengths, at $11; 123,000 short do, at $10.00.

Cargo schr. Chapin, from Manistee, 115,000 joist and scantling, at $10.

Cargo schr. Challenge, from Ludington, 70,000 joist and scantling, at $10, mill tally.

Cargo schr. Gracie A. Filer, from Manistee, 65,000 long joist and scantling, at $11.50; 140,000 short at $10.

Cargo schr. Mystic, from Muskegon, 147,000 strips and boards, at $14.50, mill-run; 11,000 flat pickets, at $10.00.

Cargo schr. Live Oak, deck-load 40,000 small timber, at $11; hold full joist and scantling, at $10.

In the yards there was a fair degree of activity throughout the entire week. The inquiry was fair, both on city and country account. Values were steady, and without any quotable alteration. Closing steady.

From the Dubuque (Iowa) *Herald*, April 27:—

The market shows more life in receiving; rafts are running from below Lake Pepin, and as that body of water is now navigable, having opened last week, fleets will soon arrive from above that point. Logs and lumber have already arrived from the Chippewa and Wisconsin rivers, on city dealers' account. Knapp, Stout & Co. sent two fleets below last week, and received one for the yard here of one million feet. Weston, Burch & Co. added to-day one million feet to their stock, by a fresh arrival from the Wisconsin River; yesterday the Clyde came with a large lumber raft, a portion of which will be left here, the remainder with a large addition held over, will be sent to markets down river. No lumber is running for a market; all that has yet arrived here or passed is consigned to owners at some point along the river.

Reports from some sections of the pineries are more favorable as regards a drive. Last week a foot of snow fell on some tributaries of the Wisconsin River, and run the logs out. If this snow fall was general, there is yet some prospects of good drives on all the streams. The river is swelling at the rate of four inches per 24 hours, with a stage of water growing better every day, and all required for rafting or boating.

No sales afloat occurred last week. Chippewa lumber is held at $13 in the water, at which figures dealers are firm. Cedar fence posts sell at 25 cents each. Flat cars are scarce, and merchants inconvenienced in procuring enough to fill orders for long timber.

Trade in the yards picked up during the past few days, but, on the whole, is reduced from the week previous, rail shipments indicating a falling off of 5 cars; a comparison with a year ago also shows a decrease in trade:

Shipped West last week	78 cars.
Previous week	97 cars.
Decrease	9 cars.
Same week in 1873	83 cars.
Decrease in 1874	5 cars.

From the Chicago *Inter-Ocean*, May 5:—

LUMBER.—Since Saturday evening the receipts have been very large, fully seventy or seventy-five cargoes being on sale this morning. The weather was cold and disagreeable, and the attendance of buyers was rather light. The quality of the offerings was generally poor, cargoes consisting mainly of piece stuff and common boards and strips. Good cargoes of boards and strips are in demand, and would sell readily at remunerative prices. The market was dull and weak, and but few cargoes were sold. Sellers were not making their sales public, but it was generally understood that prices were considerably lower. Joist and scantling quotable at $9.25@9.50, and strips and boards at $9.50@16. Shingles quotable at $2.75@3. Lath, $2. The market closed dull, with a large number of unsold cargoes left over. There were no sales made public.

In the yards there was but a limited demand, and prices were easy, but no lower.

Pennsylvania Notes.

From the Williamsport (Pa.) *Gazette and Bulletin* of April 30:—

The shipments of lumber from Williamsport for the week closing on the 18th, show a falling off of 1,718,783 feet, as compared with the previous week. This decline may be attributed to the high water, together with the confusion in lumber circles caused by the great fire. It will be noticed that the shipments by Philadelphia and Erie Railroad declined 84 cars and 777,600 feet; Catawissa only shows an increase of 13,480 feet, and the canal a decrease of 11 boats and 964,663 feet.

The rise in the river has caused the logs to run freely, and, as we write, the boom is filling up rapidly.

There seems to be every prospect of the entire stock of logs being brought down. At present the river is at a good stage. The stock of logs now in the boom will probably exceed one hundred millions of feet, to be greatly increased within the next two or three days.

During the week, 31 cars were shipped from points south of Troy, on the Northern Central Railroad, carrying 295,480 feet. The bark shipments for the same time only reached 7 cars, making 336 for the year thus far.

From points south of Renovo on the Philadelphia and Erie Railroad, 29 cars and 261,000 feet went forward.

LOCK HAVEN LUMBER TRADE.

The *Republican* says that for the week ending April 18th, our shipments show a handsome increase, but especially by canal. Twelve boats were cleared, with a total of 1,022,000 feet, and 29 cars forwarded, containing 290,000 feet, making the shipments for the week 1,312,000, against 494,000 feet last week—an increase of 818,000 feet.

From the Williamsport (Pa.) *Weekly Register*, April 30:

The river continues too high for rafting out of the boom, which has the effect of delaying the mills in starting. Some of those which had started have been obliged to shut down until they can get their logs out of the boom. A number of drives are back yet, but it is very probable they will all get in with the present "rise." The total stock, when it is all in, will not exceed 200,000,000 feet. As the stock last year was 330,000,000 feet, it will be seen that there is a decrease this year of 130,000,000 feet—a very material difference. The booms are in admirable condition. Not a log has escaped thus far, nor is there, with the present stock, any probability of logs being lost. Sales are active, and prices firm. It is worthy of remark, that the prices for different kinds of lumber, with the single exception of lath, are almost double in this city what they are in Chicago.

LOCK HAVEN LUMBER MARKET.

Matters have about resumed their normal condition since the flood. Logs and rafts are able to pass down with very little difficulty. There are still, however, about fifty rafts in the jam. Forty million feet of logs are supposed to be in the boom. The total shipments for the week were 1,256,800 feet, a decrease from last week's shipments of 73,920 feet.

Eastern Notes.

From the Boston *Lumber Trade*, May 4:—

If a stereotyped form of expression characterizes these notes, it is because dealers generally have only one reply when questioned upon the state of the market. It is dull with the majority of the trade. Buyers are in town, but they hang fire, extreme caution being exercised. Prices are the same as last week, and the extra demand for spruce plank and ship lumber continues. The stock of Eastern lumber is reported as being just about sufficient for the demand. The arrivals have not been heavy. The stock of new-sawed stuff from the East is limited.

REPORT OF EDWARD D. PETERS & CO.

BOSTON, May 1, 1874.

The arrivals of lumber during the past month have been large, and prices on some of coarser grades of Eastern have declined. While stocks are lighter than they have been some years past, yet the demand is proportionate, and the number of "country yards," which have been established within a few years, have distributed trade so much that, while in individual cases the sales have been somewhat lighter, yet in the aggregate quite as much lumber has been sold as usual.

For Southern the trade is quiet, and prospect for building lumber dull; ship orders are not so plenty as they have been, but prices continue the same as last quoted. For Western, receipts have been heavy; and on account of reduction in freights, prices have materially declined.

The "veto" does not seem to have produced much effect yet, except to create a more settled feeling. The weather is so cold and stormy as to retard building operations, but considerable is projected.

Spruce—We quote $16 to $18 for ordinary yard orders; wide sizes, $19 to $22; side boards, $15 to $17; upper floor boards, planed and jointed, $24 to $30 (by cars); under floors very dull, and prices nominal. Random plank, scantling, and timber, $15 to $17. The demand for 2-inch is good.

METALS.—COPPER.—New sheathing is steady at 33 cents, and bolts and braziers 35; bronze and yellow metal sheathing 24, and Y. M. bolts 30, net cash. Ingot is in better demand, with sales reported at 24½@25 cents.

IRON.—The market is the worst for many years, and stagnation is the only feature. Business in Scotch pig has been very limited, as there is almost an absence of demand, and prices are quite nominal. Foreign advices indicate an advance movement which has not extended to the market here. American pig is depressed, with limited sales. New rails are quiet, and old are nominal. Scrap is without movement. Refined bar is inactive, and nominally steady at old quotations.

LEAD.—Foreign pig is dull and nominal at $6.50@6.62½, gold. Sales of domestic are noted at $5.90@6, gold. Manufactured is selling as follows: Bar, 8¼; sheet and pipe, 9; and tin-lined pipe, 16½ cents, all less 10 per cent. to the trade.

TIN.—Pig is quiet but firm. Latest advices per cable indicate an advance, and give a firmer tone to the market here. We quote banca, 26½; straits, 24½@24¾; English, 21½@21¾; and English refined at 22½@22¾ cents per lb, all gold. Plates are steady and firm, and sales have been made at prices fairly within the range of our quotation.

ZINC.—Sheet is in moderate demand at previous quotations.

NAILS.—The prices of cut are unchanged, quotations standing at current rates for small lots, although large lots can be had at lower figures. We quote: 10d. to 60d. common fence and sheathing, ₱ keg, $3.90@4.00; 8d. and 9d. common do ₱ keg, $4.25; 6d. and 7d. common do ₱ keg, $4.50; 4d. and 5d. common do ₱ keg, $4.75; 3d. and 4d. light, ₱ keg, $5.50; 3d. fine, ₱ keg, $6.25; 2d. ₱ keg, $7.00. Cut Spikes, all sizes, $4.25; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ₱ keg, $6; 4d. and 5d. ₱ keg, $5.25; 6d. and 7d. ₱ keg, $5; 8d. ₱ keg, $4.75; 10d. to 60d. ₱ keg, $4.50.

CLINCH NAILS.

1¼ to 1 in. 2 & 2¼ in. 2½ & 2¾ in. 3 in. and longer.
$6.25@6.50. $6@6.52. $5.75@6 $5.50@5.75 ₱ keg.

OILS.—Linseed is in fair demand, at somewhat firmer prices. We quote crushers prices, per gallon, in casks, at 97@98 cents; in bbls., 99c.@$1.00; boiled and refined, $1.03.

PAINTS.—The market continues active and firm. Importations have diminished. White leads are in good demand; Vermilions are strong; Paris green is in good request, and is sold ahead of manufacture; Ultramarine is in active demand, and China clay is plentiful on spot, with prices well sustained.

PITCH—Has not been in active request, but has had a fair jobbing demand at $2.75@3 per bbl. for city.

SPIRITS TURPENTINE.—The market has been a little variable, fluctuating between 40 and 41 cents, closing steady at 40½@41 cents. We quote merchantable order at 40½@41, shipping order 43@45, and from store at 47 cents per gallon.

TAR—Has been generally quiet, closing at the following quotations: Washington, $2.50; Newbern, $2.37½@2.50; and Wilmington, $2.75@3 per bbl.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, MAY 6, 1874.]

As a general rule, the market the week before the receipts of lumber by canal rules quiet; this, however, has not been altogether the case this year, for notwithstanding the very backward season, and the stormy weather, there has been more than the usual activity, and we hear of some good sales having been made since our last report. It is estimated that there has been over 45,000,000 feet already shipped hence this spring, and the district shows decided signs of reduced stocks.

The lumber and saw log drive on the Ottawa has not commenced yet; on some of the lakes and streams the ice is 30 inches thick.

At East Saginaw, on the 27th, 1,000,000 feet changed hands; dealers are confident of a pick up in the trade. At Bay City logs are brought down by building dams, and such aids only can bring them along.

The lumber receipts at Oswego to the 1st inst. were 14,308,000 feet; in 1873 they were 3,479,500 feet; and in 1872 they were 17,061,300 feet.

At Chicago, to the 1st inst., the reported receipts by lake were 60,481,000 feet; in 1873 they were 54,874,000 feet; the shipments by rail from Chicago since January 1st were 121,821,000 feet against 82,330,000 feet in 1873.

River and Eastern freights are quoted as follows:—

To New York, ₱ M	$1 25@	$1 50

The attention of owners of Tenement Houses and Public Buildings is invited to Ingram's Patent Grate and Cleaner for Privy Vaults.

Decker Bros.'
Grand, Upright, and Square
PIANO-FORTES.

THE DECKER BROTHERS
are the owners of the only patents granted to any person of the name of DECKER for improvements in
PIANO-FORTES.
All genuine
DECKER BROTHERS' PIANOS
have the following line cast on the iron plate in the inner left-hand corner of the instrument:
"DECKER BROS.' PATENT, JUNE 2, 1863."
To guard against imposition, purchasers should see that this line is cast in the plate as described.

The reputation acquired for their manufacture by the
DECKER BROTHERS
is the result of years of unremitting effort to develop the power and correspondingly to improve the quality of tone in the PIANO-FORTE.

This endeavor has been rewarded to an extent deemed at the outset almost unattainable, and the absolute success of the method of manufacture originated and patented by them is now conclusively established by the unanimous testimony of the most eminent musical authorities and scientific experts, who unite in pronouncing the
DECKER BROTHERS'
instruments the most perfect of their class yet produced.
EVERY DECKER BROTHERS' PIANO-FORTE is guaranteed for seven years.
The splendor of tone for which the
DECKER BROTHERS'
instruments are world-renowned is the same in each of the three varieties of PIANO-FORTE—
GRAND, UPRIGHT, AND SQUARE.

NOTICE TO CARPENTERS, BUILDERS, AND others requiring Metallic Sky-lights.—I have secured by patent the best and cheapest Sky-light yet introduced. The Diploma at the Fair of the American Institute having been awarded to me.
The Sky-light Bar which I construct I have covered by patent, and no other person has ever obtained a patent thereon, and no person has sued me for infringement. All statements to that effect being absolutely false.
(Signed) CHAS. SELLMAN, Patentee,
115 Waverly Place.

SOAPSTONE WASH TUBS.

A MUCH AND LONG NEEDED IMPROVEMENT.

None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francetown Soapstone.

Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry. *They are not affected by hot or cold water. Never crack or leak.*

Cheaper than Wood, and will last a Lifetime.

They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

ALSO, MANUFACTURERS OF

Soapstone Grate and Stove Linings, Register Frames.

TAKE NOTICE

That whereas Letters Patent were issued to me on the 9th of August, 1870, the 23d of September, 1873, and reissues November 11, 1873, December 23, 1873, and numbered respectively 106,157, 143,149, reissues 5,650 and 5,693 for a new and useful improvement in the manufacture of Skylights, Conservatories, and other glazed structures, of which I am the sole and exclusive owner; and it having been made known to me that one Geo. E. Dayton and Chas. Sellman and divers other persons, of the City, County, and State of New York, and elsewhere, are making, selling, and vending manufactures embraced within said Letters Patent, and in violation of the rights thereby to me secured, and of the Act of Congress in such cases made and provided, and of which said Geo. E. Dayton and others have had due notice, and against whom a suit is now pending for infringement of the same.

You are hereby warned against the purchasing, using, vending, or selling, or having for sale, any article of manufacture wholly or in part embraced within said invention, as secured by said Letters Patent, and that all persons found in possession of, or using, vending, selling, or having the same in their possession for sale or use without my permission and license will be prosecuted according to law.

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

For terms and further information apply to

SIDEWALKS.

I guarantee to lay, at very low rates, under my patented method. I make the laying of Malt floors, and floors for Cellars, Icehouses, Stables, &c., a "specialty." Cellars that are below the level of the river and consequently admit water, I will guarantee to lay perfectly watertight. I also lay floors of the very latest construction and pattern for Churches, Areas, Halls, Kitchens, and Restaurants; I make up and deliver to order the handsomest pieces of workmanship in stones, such as Lintels, Sills, Coping, Chimney Caps, Steps, as well as whole House Fronts, of the most beautiful architectural designs. JOHN J. SCHILLINGER,
247 Broadway, N. Y.
(State and County Rights for sale.) (Room 10.)

IMPROVED

NATIONAL STOVE WORKS,
239 & 241 Water Street.

MANHATTAN STONE CO.,
Office, 71 BROADWAY,
(Room 100).

PERFECT STONE OF ANY COLOR IS MANUFACTURED BY THIS COMPANY UNDER THE EAGAN PATENT.

Suitable for all uses that natural stone is applied to, viz.: for building purposes, &c.

The stone work on Rev. T. De Witt Talmage's Brooklyn Tabernacle is of this description of stone; see also church erecting on 61st St., bet. 2d and 3d avs.

Our walks and floors are superior to anything laid. Indestructible bricks of any color furnished to order.

Contracts taken and promptly executed.

REMOVAL.

SLADE, BRUNDAGE & CO.,
REAL ESTATE,
AND
SPENCER C. DOTY,
Counselor at Law, Notary and Commissioner,
HAVE REMOVED TO
31 UNION SQUARE,
Entrance on 16th Street.
Under Bank of the Metropolis, NEW YORK.
(Late of 23 Union Square).

THE
PROBLEM SOLVED!

MAGNIFICENT BUILDING LOTS AND CONVENIENT HOMES WITHIN EASY DISTANCE FROM THE CITY HALL BY

RAPID TRANSIT,

Now in actual operation.

PRESENT AND FUTURE HOMES
FOR
New York's Mechanics and Tradesmen,

At rates unequaled anywhere in the vicinity of the metropolis at

WHITESTONE, L. I.,

The future centre of large shipping interests, only twenty-two minutes from Hunter's Point by the Flushing and North Side Railroad, and fare only 8½ cents on Mechanics' trains.

FORTY-TWO TRAINS DAILY,

From 5.50 A. M. till midnight. By boats from James' Slip or Thirty-fourth Street ferries.

Magnificent Building Lots

On high ground
FROM $200 TO $500,

Which may be paid for at ten dollars a month, without interest.

Many streets are sewered, curbed, and guttered, and investors should bear in mind, that while the value of lots in Whitestone is steadily increasing, that the village charter

LIMITS THE VILLAGE TAXES

to one-half per cent. on valuation.

EXCELLENT BUSINESS CORNER FOR SALE,

Of which ninety per cent. can remain on mortgage if purchaser is disposed to make immediate improvements.

WHITESTONE, L. I., NEARER
TO NEW YORK

Than Fort Washington or Elizabeth. More convenient than Harlem, and as sociable as Brooklyn, with the usual quota of schools and churches. Scenery beautiful, and excellent opportunities for riding, boating, and bathing.

HOUSES, SIX TO TEN ROOMS, FOR SALE,

With cellar and garden lots 25x150 each, to be paid for in instalments ranging from $25 to $45 per month, and interest payable annually. Discount for cash.

The advantages here offered should be well understood by

MECHANICS AND CLERKS,

As they are here enabled to obtain property at low figures and on easy terms at a distance from their places of business NO FARTHER THAN SEVENTIETH STREET, in a constantly growing section of the metropolitan suburbs, where there is the first railroad to supply rapid transit, and fares no higher than the abominable horse cars.

CAPITALISTS AND INVESTORS GENERALLY,

Who by this time must be convinced that the value of real estate in New York City has reached its maximum, and that for some years to come there can be no further rise in values on the island proper, are requested to turn their attention now to

Whitestone Property,

Where values are continually rising, and where a small or large investment can be doubled in less than two years.

Remember, that Whitestone will be one of the first places near the Sound to reap the advantages that will follow the completion of the

HELL GATE IMPROVEMENT,

Which will ultimately revolutionize the shores of Long Island.

CARD.

To Bankers, Lawyers, Trustees, Executors, Savings Institutions, and others having capital to invest in Bond and Mortgage on first-class property:

There are millions of capital controlled by parties who desire to invest in Bond and Mortgage, and who are not only satisfied with, but who refuse more than legal interest. To such we offer our services in negotiating safe and judicious investments, having had sixteen years' experience and knowledge of Real Estate in this city. Our commission, invariably one per cent., paid by the borrower. Searches, when made through our office, will be conducted by one of the best and most experienced Real Estate lawyers in this city at one-half per cent.

YOUNG'S
DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.
HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.
In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.
His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

May 1st.

Adams, Emmor K., to Jas. H. Lynch. Elizabeth st., w. s., 196.8 s. Houston st., 18.11x88.4 x18.9x88.1. (Leasehold.) May 1, 3 years. 1,400
