MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The market has been busy in respect of public offerings, and the Exchange has been the scene of much activity, low prices ruling in every instance. The sale of the Furniss property was successful, to the extent of disposing of all of the offering, although the prices secured were far below those of last year, and inferior to those obtained at the sale of the Mott estate. Lots located on the Grand Boulevard sold for an average of $7,667, including a corner, and on the Riverside Avenue for an average of $6,344; on Eleventh Avenue interior lots sold for $3,000 per lot, and a corner lot at $4,600. Upon the side streets prices ranged from $2,250 to $3,850 per lot. Water lots on the Hudson River sold as low as $550 each. The improved property also sold cheaply. It is evident that while the market is in a demoralized condition, and many persons are anxious, yet fearful, to invest, there are some buyers who have concluded that the present is a very favorable opportunity for securing bargains, and, consequently, property can be disposed of at fair sale, no matter what depression exists. The remaining sales of the week were largely in foreclosure, and presented some chances which were taken advantage of. The suburban offerings have fared well, a sale at Long Island City meeting with marked success. We anticipate that as within the next few weeks many debtors will be in default of their July interest, the foreclosure sales will largely increase in number. Beyond the public sales the market is quiet, differing in nothing from previous report.

MARKETS.

No new conclusions are to be drawn from our reports for the current week. Dull, and in some instances almost extinct, trade is the feature, and, standing apart from all the hopes which encourage if they do not increase the business of the country, we can not look for early recovery. It is asserted, however, upon good authority, sustained by long experience, that the coming fall presents fairer prospects for mercantile business, and that every indication which in former years was a basis for such a hope, is presented now. We believe that while this view is very nearly correct, trade can not be steadily and fairly re-established until all its relations become harmonious. The mass of the people, and those who depend for their living upon the mechanical arts must feel the effects of buoyant trade before they can make that call upon the markets which is the last inducement to success. The authority we have cited says: "The new railroad construction account, the iron interest, building operations, and other departments that have anticipated the demands of the time by years, will not unlikely continue restricted and depressed." These interests depend altogether upon successful money getting in other lines of trade which must react to their advantage or be succeeded by renewed dullness and disaster. We are compelled, therefore, to regard the fair prospects of one as of brighter omen for the other, and consequently take to ourselves and the branches of trade which we represent a fair measure of hope and consolation. For this week Bricks are flat; Cement is unsteady; Foreign Woods have fallen off in quotation; Glass is in moderate demand, but firmer; Hair is steady and strong; the Hardware trade continues dull; Lime is held firmly; Lumber is quiet; Metals are of limited movement; Paints are fairly active; and other markets included in our report are weak, with no special features.

Our report, in detail, is appended:

BRICK.—The market is flat, sales being few and arrivals inconsiderable. The question of reduced freights is yet in abeyance, no decided action having been taken by the manufacturers. We have reports that pale bricks have been sold as low as $2 per M, but can not regard it as a market price, since $2.25@2.50 have been the ruling rates. Our quotations vary slightly on Haverstraw Bays, but are otherwise unchanged. We quote: Pale, ⅛ M, $2.25@2.50; Jersey, $5.50@6.00; Up-river, $5.50@6.50; Haverstraw Bay, $6.00@8.00; Fronts, Croton—brown, $12.00; dark, $13.00; red, $14.00; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT—Is weak, quotations remaining nominally the same. Rosendale is in some demand for export, but of very limited movement for home consumption. Sales of 150 bbls. Portland, at $5 per bbl., are reported.

FIRE BRICK.—Sales of 15,000 Scotch are reported at $42 per M.

FOREIGN WOODS.—Since our latest report prices have receded, and we vary our quotations for cedar and mahogany. Rosewood is steady at previous rates, choice being in good, and medium in moderate request. Large growth mahogany, of fine quality, is moderately active. Other descriptions are quiet. The stock of cedar is large, and there is small inquiry, except for large wood.

GLASS.—French window is in moderate demand

with limited stocks. Holders are firm, however, and we quote discounts at 60 and 10 and 60 and 10 and 5 per cent.

HAIR.—The market is strong and fairly active, one firm reporting more orders on hand than can be filled for a month. Quotations are steady at 18@25 cents per bushel for cattle, and 21@28 cents for goat.

HARDWARE. — The advancing season with the prospect of fall trade, is the signal for preparation, and new discount sheets are daily issuing. Trade, however, continues dull.

LATH—Are quiet, and, without new report, may be quoted at $1.85.

LIME.—Common is held firmly, as at our last quotation. For State finishing we note a reduction in the price of the Glens Falls manufacture to $1.25. We quote common at 90 cents@$1; finishing, $1.25@1.50.

LUMBER.—The yards are not very active, business jogging along in a quiet way, and just enough doing to give a semblance of trade. White pine is in moderate demand from yard, at usual rates. Spruce is difficult to place, arrivals keeping up the supply in excess of the requirements of the market. We quote at $15@17, while in special cases better prices can be secured. Yellow pine is in limited demand, Timber being in some request at $25@26. Hardwoods are steady, with light business. Reports of sales at Saginaw and other leading points of manufacture would, if uncontradicted, lead to the inference that prices were firmly sustained; many of the transactions, however, having been reported on private terms, and we have taken some pains to arrive at the true state of the Western market. Through reliable sources we learn that exceptional lots of choice lumber are bringing $6, $12, and $35, but that sales constantly occur below those rates, some having been reported to us at $5, $10, and $30, and others at $5.50, $11, and $33. Purchases under these conditions have been made and are now making for this market, and the shading of prices which is made at all the yards, despite quotations, amply proves a feeling which is general throughout the trade.

The convention of lumbermen, which met at Williamsport, Pa., on the 23d ult., did little else than perfect an organization and lay a foundation for future action. An association was formed, to be called the National Association of Lumbermen; officers were elected; the membership was restricted to the manufacturers of lumber or timber of any kind, or the owners of timber lands; and committees were appointed to recommend rules for the uniform inspection, measurement, and classification of lumber, and to procure statistics of the amount of standing timber in the United States and Canada, with all other information as to production, distribution, and consumption. The subject of reciprocity was broached, and led to discussion, which was finally deferred until the next meeting, which is to occur at Saginaw in September next. The greater and more definite results of this attempt to form a national association are therefore to be attained at a later day. We trust that they will benefit trade, prevent waste of timber, and bring into harmony the conflicting interests in the trade. We must confess that we unreservedly favor reciprocity, and that it is yet to be demonstrated to us that any damage is to ensue, except to compel a few manufacturers in special localities to moderate their views, and to acquire wealth more gradually and less to the cost of their less extravagant neighbors and of the public. We have no fears that, even with reciprocity, the natural demands of trade will not absorb all the product which should properly and not wastefully come from the Western country, and, if our belief is correct, manufacturers should be therewith content.

Michigan and Wisconsin Notes.

The Oconto (Wis.) *Reporter* says that the drive at that place is moving slowly on the different streams, and with a little more water every log could be got down in a short time. The mills are pretty well supplied with logs for immediate use, and if a little rain could be had on the headwaters of the different streams there would be no difficulty in keeping every mill running through the entire season. Owing to the present low price of lumber, money is very scarce and business dull; and even now if the mills, or a portion of them, were to close operations, times would neccssarily be still harder, and wages lower.

From the *Lumberman's Gazette* (Bay City, Mich.), June 21:—

There is nothing specially new to report about the market this week. The movement of lumber has been light, and the sales reported are few. Considerable is done in a quiet way, however, all the time, and does not find its way into the reports. Lumbermen here are receiving letters from their correspondents at various points, asking to be kept posted as to the condition of the market, which indicates a desire to await the most favorable time for buying, and an expectation that there will shortly be something to do in lumber. The mills are generally pretty well supplied with logs as yet, and are doing fair work, though not crowding it. The shortage in the log crop will soon be felt on the river, and the production must then seriously diminish. As it is, there is no rushing of work, and manufacturers are easy as to dock room, notwithstanding the light shipments.

The general feeling is that a change for the better must soon take place in the market. The settlement for the present of the finance question in Congress, will, it is believed, afford an opportunity for the business of the country to recover from the effect of the uncertainty which has so long prevailed. With this recovery there must come an increased demand for lumber. Add to this result the failure to push the reciprocity treaty through as was intended, which would have let in a large quantity of Canadian lumber that has been held in anticipation of free trade, and the fact of a general shortage of the log crop, and the prospect for a better market will seem promising indeed.

An important point for this market is the recent action of the Chicago lumber dealers, in resolving to buy only by inspection. The old practice was ruinous to Saginaw lumber when thrown into the market with the inferior products of some of the Western manufacturing points, and indeed it was little better than ruinous to lumbermen anywhere.

The following sales have been reported during the week:

Whipple, Parmelee & Co., to Eastern parties, part to be cut, 1,300.000 feet, at $6, $12, and $35.

Newton & Smith, to Buffalo parties, 200,000 feet, at $6, $12, and $35.

E. H. Scott to J. S. Newton, of Buffalo, 1,000,000 feet one half to be cut—at $5.50, $11, and $35. Liberal cash advances were made.

Van Winkle & Youmans, to Buffalo parties, 500,000 feet of selects, at $7, $13, and $36.

A sale of 3,000,000 feet to Eastern parties was reported, but the details were not ascertained.

A. Rust & Co., to Chicago parties, 1,000,000 feet, on private terms.

The total of logs rafted out by the Tittabawassee Boom Company for the week ending on the 19th, was 88,992 pieces, and the grand total for the season to that date was 727,754. As before announced, rafting on the other tributaries to the Saginaw has ceased, the booms being clear of logs.

From Saginaw the lumber shipments were 4,000,000 feet, making a total from the river of about 11,500,000 feet, against 14,000,000 the previous week. For the first two days of the present week the shipments of lumber from this port footed up 4,402,000 feet, with about the usual proportion from Saginaw. The square oak timber shipments from this port during the same time were very large, footing up 100,000 feet.

Lake freights are again reported down to the low rates prevailing before last week, though many carriers refuse to take cargoes at those figures. More barges are spoken of to lay up until some improvement takes place, among them the "American Giant," "Catlin," and "Walton."

From the Milwaukee *Evening Wisconsin*, June 29:—

There is no change to note in the condition of the market, and we renew our quotations. The arrival of all grades during the week has been liberal, and somewhat in excess of the requirements of the trade. In some instances prices for medium grade strips and boards have been shaded, while piece stuffs and better qualities of strips and boards have remained firm. Shingles and lath steady.

A good business is doing at the yards, and no change to note in prices.

General Western Notes.

From the Stillwater (Minn.) *Gazette*:—

Trade may continue to be reported dull; in fact, as compared with former seasons, there is scare any life in the lumber trade at this locality, and the outlook is for another unprofitable and consequently an unsatisfactory season's business for our St. Croix lumbermen. The entire sale of logs for this season up to the present writing will quite likely foot up from twenty to twenty-five million feet, not half what sales have reached by the middle of June in former years. This, too, with a far better stock of short logs, considering the amount cut, than we usually get in a winter's cutting on this stream.

From the St. Louis *Republican*, June 29:—

Shingles and lath are in fair request, with few offering on raft. We quote former $3.50, and latter $2.25@2.50. We note sales of 300,000 shingles, from yard, at $3.55.

Yellow Pine—The request for all kinds is limited, and has during the past week fallen off considerably. The yards are using but little dry flooring boards, and order only as needed. Green flooring boards almost unsalable. The demand for dimensions is confined to orders for special bills. We quote dry boards, first and second rate clear, $26@27; third rate, $15; green do nominally $24@14; mill-run dimensions, $13@14. Black walnut choice boards in fair request at $42.50@45; good slow at $37@38; fair, $30@32.50; and common, about unsalable at $20. Scantling, $25@30; and table legs 16@20 cents per set. Poplar is no exception to the general condition, and continues dull. We quote: Mill-run boards and strips, $15@16@18; assorted, $20@23 for 1st and 2d clear; common, $10@13; chair plank, $20. Oak—Only choice salable, and request limited at $25@27; common to fair, $15@20. Hickory—There is some demand on order at $30@35; lots on the market slow at $27@35. Ash quiet, but salable on order at $25@27 for choice. Cedar—We quote hewn $24@26; sawed timber, $40@32.50; fence posts, $27@30 per hundred.

From the St. Louis *Times*, June 29:—

We have no new features to note in white pine in raft; receipts are only moderate, and prices without quotable change. We heard of a couple sales aggregating about 1,300,000 feet Wisconsin afloat at $16.50 and 18; we now quote the range afloat at $13@15 for Minneapolis and Chippewa, and at $14@20 for Wisconsin, with sales of good mainly at $16@18, and dimension at $11@12. Lath unchanged at $2.40 on raft. Shingles are now quoted at $3.40 for best grades on raft. Trade at the yards dull, as is usual at this season of the year, when farmers are busy harvesting, and country orders light—prices unchanged, however. Depot and levee lumber continues as dull as ever for all kinds; low grades of yellow pine and walnut hard to place, even at the low figures prevailing.

State Notes.

From the Troy *Times*, June 28:—

During the past week the lumber market has been very inactive. Receipts were very light, and shipments moderate. Many boats on the canal are tied up for want of business, and the barges on the river are running out of freight, and many of them will have to take a rest. The action taken at a meeting of the mill owners on the Hudson River, last Saturday, to run their mills only in the day time, will result in a decrease of the production of coarse lumber of at least one-third of the usual amount. Similar action had already been taken by most of the mill owners in Canada, and the effect will be beneficial upon the market at this time. Stocks in the yards here are generally light; but there is very little demand for any kind of lumber. A dull July is expected, and then a revival of trade in August.

From the Albany *Argus*:—

The lumber manufacturers doing business in the vicinity of Glens Falls, Fort Edward, and Sandy Hill, held an important meeting on Saturday, June 20. Hitherto they have run their saw mills day and night. At the meeting on Saturday it was resolved to run them only half the time. This action is had in consequence of the supply of timber being already largely in excess of the demand. Lumber is not made from logs secured the present season, but from logs obtained one, two, and even three years ago. The supply of logs now *en route* to the mills, for the gathering of the past few months, is very great; and, consequently, the future cutting of logs will be diminished.

Eastern Notes.

From the Boston *Journal of Commerce*, June 27:—

The arrivals have not been very numerous during the past week, but of sufficient extent to meet the wants of the trade. There is not a great amount of lumber in the market, and with an improved inquiry prices of some qualities would be likely to advance. The present season has been the dullest one known for years, and dealers do not anticipate much improvement until fall. There is a little more activity in choice kinds of walnut, and good qualities of ash are a trifle more in demand. Canada finishing lumber is quiet, and Southern sells very slowly. There is not a heavy amount of good Western lumber on hand, but the inferior grades are plentiful.

METALS.—COPPER.—Manufactured is steady as last quoted. Ingot is held at 24¾ cents, with reported sales at 24¼.

IRON.—Scotch pig is very quiet, and Coltness and Gartsherrie are still without quotation. American pig is in limited inquiry, and weak. New rails are quiet, and old are nominal. Scrap is held strongly in dealers' hands. Manufactured is in moderate demand at previous quotations. Galvanized sheets are quoted at 20@35 per cent. discount.

LEAD.—Pig is dull, ordinary foreign offering at $6.50, gold. Domestic have been selling slowly at $5.75@5.85, gold. Manufactured is steady, and is quoted as follows: Bar, 8¼; sheet and pipe, 9 cents—less 18 per cent. to the trade; tin-lined pipe, 16¼—less 10 per cent.

TIN.—Pig is in better request, with firmer feeling. Plates are also steadier, with increased business.

ZINC.—Sheet is in limited demand at our quotations.

NAILS—Continue depressed. We quote: 10d. to 60d. common fence and sheathing, ₱ keg, $3.80@3.90; 8d. and 9d common do ₱ keg, $4.00@4.15; 6d. and 7d. common do ₱ keg, $4.25@4.40; 4d. and 5d. common do ₱ keg, $4.50@4.65; 3d. and 4d. light, ₱ keg, $5.25@5.40; 3d. fine, ₱ keg, $6.00@6.15: 2d. ₱ keg, $6.75@6.90. Cut Spikes, all sizes, $4@4.15; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ₱ keg, $5.90; 4d. and 5d. ₱ keg, $5.15; 6d. and 7d. ₱ keg, $4.90; 8d. ₱ keg, $4.65: 10d. to 60d. ₱ keg, $4.40.

OILS.—Linseed has declined in price, and is in moderate demand at 87@88 cents from crushers' hands.

PAINTS.—The market continues active, and leading articles are in good demand. Prices are steady and firm. English red lead is scarce. Other goods are in fair supply.

PITCH—Has been dull, and is quoted nominally at $2.62½, f. o. b.

SPIRITS TURPENTINE. — The market has been somewhat irregular, closing quiet at 36 cents.

TAR—Is inactive, with reported sales at $2.50. The market closed dull, at $2.25@2.50 for Washington and Newberne, and $2.75 for Wilmington.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, JUNE 30, 1874.]

The week past has been quiet, and since our last report we hear of no new features in any way affecting the market. The receipts and shipments have been lighter, and the attendance of buyers has not been large, but probably about as large as we generally have the week preceding the National Holiday. The hot weather must also be taken into account in keeping buyers away. Some inquiries have been made on the part of two large purchasers having in view the purchase of their fall stocks. The bulk of the trade now being done is in the purchase of lots to supply pressing needs. The district is well stocked, and the stocks are well assorted. We notice within a day or two the purchase in New York of two cargoes of lumber for shipment to the river Plate.

An Ottawa dispatch of the 26th inst. reports trade dull. The sales of the week are not worth recording.

A Quebec dispatch reports the lumber market there as very dull, unfavorable accounts from England having a depressing influence on the trade.

At Chicago, the reported receipts of lumber, by lake, to the 23d of June, were 335,202,000 feet against 344,908,000 feet the year previous; the shipments from January 1st, are 237,623,000 feet against 209,308,000 feet the previous year.

The receipts at Albany by the Erie and Champlain canals during the 4th week of June, were:

	Bds. & Sc'tl'g ft.	Shingles, M.	Tim'r, c. ft.	Staves, lbs.
1873..	18,020,900	....	....	....
1874..	16,770,500	903	....	....

Of the boards and scantling received, 11,302,400 feet were by the Erie, and 5,468,100 feet by the Champlain canal.

The receipts at Albany by the Erie and Champlain canals from the opening of navigation to July 1st, were:—

A GOOD INVESTMENT

EVERY PRUDENT MAN, CAREFUL OF THE

health and comfort of his family, should see to it that his drinking water is conveyed through TIN-LINED LEAD PIPE, which is a perfect safeguard against lead poison. Tin-lined Lead Pipe is strong, durable, flexible, and easy soldered. It is a great benefit to the community, and enhances the real value of every house in which it is introduced. It is cheaper than Lead Pipe, when strength and durability are considered. Sold by the COLWELL LEAD CO., 213 Centre St., New York. Price, 16½ cts. a pound for all sizes. Descriptive pamphlets sent by mail free. Also, manufacturers of Lead Pipe, Sheet Lead, Block Tin Pipe, Bar Tin, Pig Tin, Bar Lead, Pig Lead, Solder, &c. Orders filled at sight.

NO MORE LEAKY FAUCETS!

HOTZ'S FAUCET.

One of the most important Inventions of the age.

PATENTED JUNE 11TH, 1872.

ADVANTAGES OVER ALL OTHERS.—1. Self-closing, thereby preventing overflow and damage. 2. No friction, no wear. 3. Can be regulated to any pressure. 4. Does not require an air chamber. 5. Will never jar or hammer the pipe. 6. Will prevent other faucets from doing so. 7. It will never be injured by frost. 8. It prevents range boiler explosions. 9. It can be repaired in one minute. 10. It never requires grinding; never leaks. 11. Half the weight in pipe could be saved. 12. Will last a life-time. 13. It is the cheapest Faucet, as more than its whole cost can be saved in the weight of lead pipe. 14. And last, it will prevent pipes from bursting by freezing. These faucets have been in use since 1870.

WHEREAS, A LIMITED CO-PARTNERSHIP has heretofore existed, formed under the laws of the State of New York, under the name or firm of CHRISTY, SHEPHERD & GARRETT, in which Charles R. Christy, Thomas C. Shepherd, and William Garrett were the general partners, and Thomas Christy and Samuel S. Constant were the special partners, of which a certificate was duly filed in the office of the Clerk of the City and County of New York. And Whereas said co-partnership has been dissolved by the death of the said Thomas Christy.

And, Whereas, a new limited co-partnership has been formed under the laws of said State, in which the said Thomas C. Shepherd and the said William Garrett are the general partners, and the said Samuel S. Constant and the said Charles R. Christy are the special partners under the same name or firm of CHRISTY, SHEPHERD & GARRETT.

Now we, the said Charles R. Christy, Thomas C. Shepherd, William Garrett, and Samuel S. Constant, do hereby consent to the use of said firm name by said new co-partnership.

And we do hereby certify that the persons dealing under said firm name of CHRISTY, SHEPHERD & GARRETT are Thomas C. Shepherd and William Garrett, general partners, both of whom have their places of abode in said City and County of New York; and Samuel S. Constant and Charles R. Christy, special partners, both of whom have their places of abode in said City and County of New York.

SOAPSTONE WASH TUBS.
A MUCH AND LONG NEEDED IMPROVEMENT.
None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francetown Soapstone.
Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry. *They are not affected by hot or cold water. Never crack or leak.*
Cheaper than Wood, and will last a Lifetime.
They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

THE HAYES
SKY-LIGHTS, &c.,
Under patents of 1869, '70, '71, '73, and '74.
In relation to the notice of Charles Sellman, published in these columns, the undersigned states that suit has not yet been commenced against him, though preliminaries have been taken, awaiting only a knowledge on my part of the fact of his having furnished to any person a sky-light under his so-called patents which, if he has ever furnished, he is careful that it shall not come to my knowledge.
The silver medal and diploma of the American Institute fair of 1873 are in my possession, having been awarded to me as the legal and justly-entitled owner.
The cases of Charles Sellman and George E. Dayton (who have both been under my pay and instruction), will receive, in due time, their merits through the proper source, and I am only sorry that unwary persons will, *of necessity, be concerned.*
Our new illustrated catalogue free on receipt of business card.
(Signed) GEORGE HAYES,
75 Eight Avenue, New York.

NOTICE TO CARPENTERS, BUILDERS, AND others requiring Metallic Sky-lights.—I have secured by patent the best and cheapest Sky-light yet introduced. The Diploma at the Fair of the American Institute having been awarded to me.
The Sky-light Bar which I construct I have covered by patent, and no other person has ever obtained a patent thereon, and no person has sued me for infringement. All statements to that effect being absolutely false.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.
Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

YOUNG'S
DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

LEGAL NOTICE.

State of New York, City and County of New York. } ss.

THIS IS TO CERTIFY THAT THE UNDERsigned have formed a limited partnership pursuant to the provisions of the Revised Statutes of the State of New York, under the name or firm of A. S. STURTEVANT; that the general nature of the business to be transacted is the Buying and Selling of Gents' Furnishing Goods and such other articles as are usually dealt in in said business. That Abel S. Sturtevant, who resides in the City of Brooklyn, County of Kings, and State of New York, is the general partner; that Albert H. Moore, who resides at Philadelphia, in the State of Pennsylvania, is the special partner; that the said Albert H. Moore has contributed the sum of Twenty-five Thousand Dollars ($25,000) as capital toward the common stock; and that the said partnership is to commence on the first day of July, 1874, and is to terminate on the first day of July, 1875.

Dated this first day of July, A.D., 1874.

A. S. STURTEVANT,
A. H MOORE.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET

The market has been very dull and quiet. The public offerings have been more limited, and, except in the way of legal sales, we have very little movement in city realty to expect before fall. There is great disinclination to put property on the market, and little or no negotiation through private sources. Leading operators are straining everything to carry their investments, and prefer to add to their burdens rather than sell at the low rates which have recently prevailed. So far, it will be seen that the market presents few features for remark, and future prospects are yet beyond conjecture. It is hardly to be supposed, however, that prices will fall any lower, and, with the general hope and expectation of improvement in mercantile business, we may hope for a steadier and improving prospects in real estate.

GOSSIP.

The Commissioners of Estimate and Assessment for opening and extending Desbrosses Street to Varick will present their bill of costs, charges, and expenses, for taxation, at a special term of the Supreme Court, to be held July 15, at 11 o'clock, A. To the Editor of the Real Estate Record.

DEAR SIR: You will confer a favor on us by announcing the fact in your next issue that our client, Mr. Charles Duggin, is made a party defendant to the foreclosure suit of John J. Searing, announced in your issue of June 27 (affecting property on Fifth Avenue, west side, 50 feet 5 inches north of Forty-ninth Street), as being the holder of a subsequent mortgage to Mr. Searing and to protect the latter's interests, and *by no means* as having made default in any of his obligations. Mr. Duggin being at present extensively engaged in building operations, he wants the fact distinctly understood that he is abundantly able to meet every engagement of his.

Yours, respectfully,
McDANIEL, LUMMIS & SOUTHER.

BUREAU FOR THE COLLECTION OF ASSESSMENTS.

Property owners are notified that assessment lists for the purposes designated have been lodged for collection. The limits of property affected have been heretofore published in this paper.

Sixty-ninth st., both sides, from 3d to 4th av., flagging.

Objections thereto must be presented on or before July 30.

MARKETS.

Slight encouragement having befallen a few of the markets which met with better business during the week, prices became firmer, with advancing tendencies. But, to counteract this better feeling, our reports in other cases show greater depression and a decline in values, so that the general result leaves our markets of precisely the same general cast as at our last report, changing only, as it were, the *dramatis personæ*. Bricks have been in better business, prices of the intermediate grades of hard advancing from 25 to 50 cents per M, the range of quotation remaining the same. Cement is unchanged, foreign being in limited and domestic in export demand. Glass is in fair request; Hair is firm; Hardware is still dull; Lime is quoted higher from agents' hands, with none in market; Lumber is quiet and steady; Metals are dull and depressed; Paints have a fair trade; and in other respects our markets are quiet and without new features.

BRICK.—The market has improved in some particulars, a better demand seeming to prevail, causing medium grades of hard to advance 25@50 cents per M. Arrivals continue limited, vessels making veay few trips. Quotations are unchanged, as follows: Pale, ₱ M, $2.25@2.50; Jersey, $5.50@6.00; Up-river, $5.50@6.50; Haverstraw Bay, $6.00@8.00; Fronts, Croton—brown, $12.00; dark, $13.00; red, $14.00; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—Rosendale is still quoted from agents' hands at $1.40, and sales for export are reported at that price. The market, however, more nearly approximates to our previous reports and quotations at $1.25 for large lots, would be nearer the figure. We have a reported sale at $1.15 per bbl., but look upon the transaction as exceptional, and insufficient to cause us to vary our quotation. We quote as usual, merely premising that considerable shading is done to suit the character of trade and the class of buyers. Foreign cement is unchanged, and without special activity.

FIRE BRICK—Are dull, and without movement of note. Quotations are nominally unaltered.

FOREIGN WOODS.—Prices are steady as at our last report. Rosewood continues firm, and in fair request. The demand for other woods is limited.

GLASS.—French window is meeting with very fair business at 60 and 10 to 60 and 15 per cent. discount. Polished plate and English sheet are dull and nominal.

HAIR.—Prices are firm, and trade is reported as very good. Some dealers are holding on to stocks in the expectation that the demand and prices will improve. We quote as heretofore, according to quality, cattle at 18@25 cents, and goat at 21@28 cents per bushel.

HARDWARE.—Trade is of very limited proportions, foreign goods being in improved demand at firm prices. The lock manufacturers have revised their list, advancing their prices in some instances and reducing them in other. Plumbers' copper goods, heretofore sold for net cash, are now at 10 per cent. discount. Quotations generally on copper and brass goods are nominal. The Russell & Erwin Manufacturing Co. have prepared a new and extended list and discount sheet, in which they have settled prices at a uniform discount.

LATH.—The market is perhaps a little firmer, although the demand is limited. We still quote at $1.85.

LIME.—The market has an advancing tendency, and common is quoted by agents at $1 per bbl. for State, and $1.10 for Rockland. There is none, however, on spot in first hands, and the advance is in anticipation of arrivals. We are assured that for future delivery these prices will be firmly adhered to. We are without reports of sales, except from dealers, and the market is nominal. In the absence of transactions we omit quotations for this week. It is quite possible that the advance will be sustained, since arrivals are so limited and production is so curtailed, the market will probably absorb all the lime that comes forward. We quote finishing as follows: State, $1.25; and Rockland $1.50 per bbl.

LUMBER.—The market is dull, although for the opening of this month trade is perhaps a little better than at the close of last. This is due, however, to buyers deferring their purchases until settling day was past, and now coming into the market to supply their needs. Some of the yards are doing a moderately active trade, while others complain of dullness. As a whole, there is little life, and no reason to expect that much activity will ensue from the building demand. White pine continues in moderate request. Yellow pine is in limited demand for flooring, with some orders placing for contract purposes. Spruce is dull at about our quotation of last week, say $15@17, and at $18@20 for choicer lots. Hardwoods are slow of movement, but generally steady in price, black walnut absorbing nearly the whole, if not all, of the business. Our late report of Saginaw prices is sustained by quotations from that locality, which we herewith append. It will appear by reference thereto that our medium quotation is reproduced, and we are quite confident that the frequent sales reported on private terms will fully bear out all our statements. As far as this market is concerned, it is very reasonable that manufacturers should make concessions. Dull trade will not induce purchases unless the New York market can get lumber cheap enough to warrant the cost of carrying it, if compelled, until more active times. In maintaining assortments it is not necessary to carry very large stocks just now, and it pays better to limit stocks more in accordance with the demand of the market, unless liberal inducements can be made on all sides to excite trade and keep it going.

Michigan and Wisconsin Notes.

From the East Saginaw *Republican*:—

We hardly know what to say of the lumber market, for if we say it is flat we shall be contradicted; and if we call it fair, we shall be called foolish; and if we say it is improving, we shall be called crazy. There has been a few more buyers here than for the previous week, but no improvement in general prices. The regular figures are $6, $12, and $36, and the best stocks are firm at these figures, but ordinary and poorer stocks have been sold at less, some as low as $5, $25, $11, and $33. The demand seems to have been mainly for good common stock boards, and clear stock stuff. The call for bill stuff and timber is very light indeed. Lath are a drag, and shingles dull. XXX are held at $4, but that price can be shaded for cash. It is safe to say that a much better feeling is springing up among manufacturers. They do not expect a very considerable advance in prices, but the increase in sales show activity enough in the lumber trade to prevent further depression.

Whittier Bros. report a sale of 100,000 feet, at $6, $12, and $35.

Bliss Bros. have sold a cargo of 250,000 feet, to be shipped next week to Harris & Co., of Buffalo. No prices given.

Gebhart & Estabrook sold last week 750,000 feet of lumber to New York parties on special terms, including the freight down the lake.

Hunter Bros. bought of S. H. Webster 200,000 feet for New York parties, yesterday, green lumber, on dock at Bay City. Prices not given.

John G. Owen sold and shipped yesterday, on the barge "Braley," 654,000 shingles to Rochester, N. Y., parties, at the usual figures.

Shaw & Williams, a cargo of stock boards to Chicago parties, part dry and green, on private terms. The same firm sold 1,500,000 feet a few days since to Erie parties.

General Western Notes.

From the Dubuque (Iowa) *Herad*, July 3:—

Several influences have combined to weaken the market for lumber afloat, among which may be mentioned a swell in the river inducing increased receipts, the dullness of trade at all points below, and the scarcity of money. These are influences against which no opposition could contend, and the result has been a lower range for common grades of lumber, sales of which are reported at $9.25 per M afloat for common Black River. At the same time upper grades are held firm, and full figures realized, when transactions occur. Sales of "A" shingles are reported at $3.25 per M, and of lath at $1.50, bottom figures, for cash in hand.

Sales comprise 100,000 Chippewa, at $12.50 (a decline); 200,000 do at $12.75 (full rates); 150,000 upper Wisconsin at $16; 100,000 common Black River at $10, with one sale reported at $9.25, cash; 600,000 lath for St. Louis shipments on p. t.

From the St. Louis *Globe*, July 2:—

We note the same lack of animation in this line that characterized it at our last reference, all the sources of demand seeming to have dried up, or at least dwindled into most undesirable proportions. From the country the trade is very light, and the main dependence is upon the city, which requires a great deal, we know, but not sufficient to keep all busy. The trade at the yards is consequently dull. What sales have been effected during the term were mostly on private terms, although a cash sale of one lot at $14.75 was reported, and a transfer of a lot of first-rate Wisconsin at $23. As we have remarked heretofore, prices, although unchanged, are merely nominal.

State Notes.

From the Troy *Times*, July 2:—

During the past week there has been no particular change in the condition of the lumber market. Inactivity is the predominant feature at present, and is likely to be through the coming month. Receipts are light, and most of the lumber now coming forward is being piled up to await a market. Prices are considered to be about on the bottom, but buyers are in no hurry to lay in their stocks yet. Lumber will hereafter arrive more slowly than hitherto, and there is no fear of an undue quantity being forced upon the market.

METALS.—COPPER.—Manufactured is steady as previously reported. Ingot is dull at 24½@24⅝ cents. No sales are reported.

IRON.—There have been limited sales of Scotch pig, Eglinton being reported on private terms. The market for American is still very dull and depressed. New rails are quiet. A sale of old has been reported of 500 tons, T. & Bridge, to arrive, at $34. Scrap has been in better demand. Manufactured from store is depressed, and we revise our quotations accordingly.

LEAD.—Foreign pig is quiet at $6.45@6.50 for ordinary, and $7@7.25 for refined, all gold. Sales of domestic have been made at $5.75, gold, but $5.80 is the general price. Manufactured is steady as follows: Bar, 8½; sheet and pipe, 9 cents—less 18 per cent. to the trade; tin-lined pipe, 16½—less 10 per cent.

TIN.—Pig is quiet, but prices are firm, English being held at an advance. Plates are steady and firm.

ZINC.—Sheet is steady at our quotations.

NAILS—Cut are quiet as previously quoted. We quote: 10d. to 60d. common fence and sheathing, ₱ keg, $3.80@3.90; 8d. and 9d common do ₱ keg, $4@4.15; 6d. and 7d. common do ₱ keg, $4.25@4.40; 4d. and 5d. common do ₱ keg, $4.50@4.65; 3d. and 4d. light, ₱ keg, $5.25@5.40; 3d. fine, ₱ keg, $6.00@6.15; 2d. ₱ keg, $6.75@6.90. Cut Spikes, all sizes, $4@4.15; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ₱ keg, $5.90; 4d. and 5d. ₱ keg. $5.15; 6d. and 7d. ₱ keg, $4.90; 8d. ₱ keg, $4.65; 10d. to 60d. ₱ keg, $4.40.

CLINCH NAILS.

1¾ to 1 in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6.50@8.00.	$6.00.	$5.75	$5.50 ₱ keg.

OILS.—Trade has been at a stand-still. Linseed declined in price since our last report, but holders have become firmer, and crushers are now quoted at 86@87 cents per gallon.

PAINTS.—There is a fairly active market, and all goods continue in fair supply. Paris green is in demand. Ultramarine is still in request, and vermilions continue strong at previous quotation. Zinc white has declined one cent per lb. Other goods are unaltered.

PITCH.—City is dull at $2.62½.

SPIRITS TURPENTINE—Have been in moderate demand at 35½@36 cents for merchantable. We quote at 35½@37 cents per gallon.

TAR—Is dull, with reported sales of 60 bbls. Washington at $2.50. We quote Newbern and Washington at $2.25@2.50, and Wilmington at $2.75.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, JULY 8, 1874.]

The receipts by both canals show a large falling in the quantity of lumber delivered since our last report; the decrease is principally in the receipts by the Champlain, and may in part be attributed to the check on productions, of which we have already spoken. The week including the Fourth is always a broken one, and the attendance of buyers has been light, with the exception of Wednesday and Thursday, when sales of several round lots were made on private terms, but understood to be below our quotations. The week closes rather quiet.

Freight on lumber from Oswego to Albany, $3.12 ₱ M.; from Buffalo, $4.50 and $5.50, respectively.

An Ottawa dispatch shows a decrease in the shipments of lumber thence in June of some 7,000,000 feet. The number of American vessels freighting lumber from Chaudiere in June was 154, against 92 a year ago; of Canadian vessels 74, against 154. It will thus be seen that American boats are fast securing the lumber-freighting business.

The Belleville (N. C.) *Intelligencer* says the trade is in an unsatisfactory condition, but little is being shipped hence, the United States markets giving no margins.

The shipments from Bay City for June were 48,000,000 feet, and in excess of those of June, 1873. The total shipments so far are 121,000,000 feet.

There is nothing new at Saginaw; the failure of the Reciprocity treaty is received with favor; the reported sales are 1,300,000 feet at $6, $12, and $25; 200,000 feet to Buffalo parties at the same figures; 1,000,000 feet to Buffalo parties, one-half to be cut, at $5.50, $11, and $35, and 500,000 feet selects at $7, $13, and $36.

The Oswego *Commercial Times* reports the receipts to July 1st, as follows:

1874.....	95,927,000 feet.	1870.....	107,439,000 feet.
1873.....	89,182,000 feet.	1869.....	87,128,000 feet.
1872.....	72,466,000 feet.	1868.....	86,759,000 feet.
1871.....	97,006,000 feet.	1867.....	69,222,000 feet.

At Chicago, the reported receipts of lumber, by lake, to the 30th of June, were 372,033,000 feet against 388,989,000 feet the year previous; the shipments from January 1st, are 252,124,000 feet against 232,140,000 feet the previous year.

The receipts at Albany by the Erie and Champlain canals during the 1st week of July, were:

	Bds. & Sc'tl'g ft.	Shingles, M.	Tim'r, c. ft.	Staves, lbs.
1873..	15,695,500	305	....	....
1874..	10,416,800	422	....	....

Of the boards and scantling received, 7,498,300 feet were by the Erie, and 2,917,500 feet by the Champlain canal.

The receipts at Albany by the Erie and Champlain canals from the opening of navigation to July 8th, were:—

	Bds. & Sc'tlg ft.	Shingles, M.	Tim'r c. ft.	Staves lbs.
1873..	101,858,500	1,009	....	1,185,800

A GOOD INVESTMENT

EVERY PRUDENT MAN, CAREFUL OF THE

health and comfort of his family, should see to it that his drinking water is conveyed through TIN-LINED LEAD PIPE, which is a perfect safeguard against lead poison. Tin-lined Lead Pipe is strong, durable, flexible, and easy soldered. It is a great benefit to the community, and enhances the real value of every house in which it is introduced. It is cheaper than Lead Pipe, when strength and durability are considered. Sold by the COLWELL LEAD CO., 213 Centre St., New York. Price, 16½ cts. a pound for all sizes. Descriptive pamphlets sent by mail free. Also, manufacturers of Lead Pipe, Sheet Lead, Block Tin Pipe, Bar Tin, Pig Tin, Bar Lead, Pig Lead, Solder, &c. Orders filled at sight.

NO MORE LEAKY FAUCETS!

HOTZ'S FAUCET.

One of the most important Inventions of the age.

PATENTED JUNE 11TH, 1872.

ADVANTAGES OVER ALL OTHERS.—1. Self-closing, thereby preventing overflow and damage. 2. No friction, no wear. 3. Can be regulated to any pressure. 4. Does not require an air chamber. 5. Will never jar or hammer the pipe. 6. Will prevent other faucets from doing so. 7. It will never be injured by frost. 8. It prevents range boiler explosions. 9. It can be repaired in one minute. 10. It never requires grinding; never leaks. 11. Half the weight in pipe could be saved. 12. Will last a life-time. 13. It is the cheapest Faucet, as more than its whole cost can be saved in the weight of lead pipe. 14. And last, it will prevent pipes from bursting by freezing. These faucets have been in use since 1870.

SOAPSTONE WASH TUBS.
A MUCH AND LONG NEEDED IMPROVEMENT.
None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francetown Soapstone.
Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry. *They are not affected by hot or cold water. Never crack or leak.*
Cheaper than Wood, and will last a Lifetime.
They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

THE HAYES
SKY-LIGHTS, &c.,
Under patents of 1869, '70, '71, '73, and '74.
In relation to the notice of Charles Sellman, published in these columns, the undersigned states that suit has not yet been commenced against him, though preliminaries have been taken, awaiting only a knowledge on my part of the fact of his having furnished to any person a sky-light under his so-called patents which, if he has ever furnished, he is careful that it shall not come to my knowledge.
The silver medal and diploma of the American Institute fair of 1873 are in my possession, having been awarded to me as the legal and justly-entitled owner.
The cases of Charles Sellman and George E. Dayton (who have both been under my pay and instruction), will receive, in due time, their merits through the proper source, and I am only sorry that unwary persons will, *of necessity, be concerned.*
Our new illustrated catalogue free on receipt of business card.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.
Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

Magnificent Building Lots

On high ground
FROM $200 TO $500,

Which may be paid for at ten dollars a month, without interest.
Many streets are sewered, curbed, and guttered, and investors should bear in mind, that while the value of lots in Whitestone is steadily increasing, that the village charter

LIMITS THE VILLAGE TAXES

to one-half per cent. on valuation.

EXCELLENT BUSINESS CORNER FOR SALE,

Of which ninety per cent. can remain on mortgage if purchaser is disposed to make immediate improvements.

WHITESTONE, L. I., NEARER TO NEW YORK

Than Fort Washington or Elizabeth. More convenient than Harlem, and as sociable as Brooklyn, with the usual quota of schools and churches. Scenery beautiful, and excellent opportunities for riding, boating, and bathing.

HOUSES, SIX TO TEN ROOMS, FOR SALE,

With cellar and garden lots 25x150 each, to be paid for in instalments ranging from $25 to $45 per month, and interest payable annually. Discount for cash.
The advantages here offered should be well understood by

MECHANICS AND CLERKS,

As they are here enabled to obtain property at low figures and on easy terms at a distance from their places of business NO FARTHER THAN SEVENTIETH STREET, in a constantly growing section of the metropolitan suburbs, where there is the first railroad to supply rapid transit, and fares no higher than the abominable horse cars.

CAPITALISTS AND INVESTORS GENERALLY,

Who by this time must be convinced that the value of real estate in New York City has reached its maximum, and that for some years to come there can be no further rise in values on the island proper, are requested to turn their attention now to

Whitestone Property,

Where values are continually rising, and where a small or large investment can be doubled in less than two years.
Remember, that Whitestone will be one of the first places near the Sound to reap the advantages that will follow the completion of the

HELL GATE IMPROVEMENT,

Which will ultimately revolutionize the shores of Long Island.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

SPECIAL NOTICE.

We have heretofore called the attention of our readers to the economical manner in which the business of the Trades' Savings Bank, in West Twenty-third Street, near the Grand Opera House, is being conducted. Recently there has been a reorganization of the Board of Directors, which now contains some very excellent business men of the West Side—all men who, besides capital, add integrity and confidence to the institution. As a matter of fact we are informed that the deposits in this bank have increased four-fold since last year, and its popularity among traders and mechanics is constantly on the increase. A novel plan, copyrighted by the energetic Secretary, Mr. Freese, is that of issuing "Coupon Certificates" which, if desired, can be had by the depositors instead of the troublesome pass-books. There can be no doubt that with strict adherence to the principles laid down by the Board of Directors the bank will grow still more in the confidence of a community that, above all, seeks safety for its spare funds.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

It has been a very quiet week in real estate, sales at auction being few, and private transactions having no reports. The only suburban offering of the week was successful in its results. The leading feature in city realty was the sale of four lots, located on Fifth Avenue, at and adjoining the northeasterly corner of Fifty-eighth Street, with one lot on the latter street in the rear. The lots are partially improved, known as a portion of the Knickerbocker Hotel property, and were sold in foreclosure for $115,425. The price included, as we understand, the only existing prior incumbrance, and, in view of this fact, unless there are points connected with the property which were not developed upon the sale, it was beyond precedent a very remarkable sacrifice. Very little can be expected of the market at this season, even under favorable circumstances, and it is therefore no matter for special comment that it is dull. Although prices are now quiet, as compared with rates that have hitherto obtained, we must await the resumption of business in the fall to form accurate conclusions.

GOSSIP.

The Board of Public Works reports the following contracts entered into: Forty eighth Street, between Ninth and Tenth avenues, flagging; Ninety-seventh

MARKETS.

The markets continue depressed, and trade is of the dullest, everything favoring the buyer. We doubt if material will again be sold as cheaply as now, except under similar circumstances of trade, or of a profusion of prosperity. For the latter there is small chance, and of the former alternative it is hardly to be supposed that it will very soon recur. The weakness that we have noted of late in several of the markets included within our report seems to have extended somewhat, and prices are off in other cases where hitherto they have been fairly steady and strong. For details we refer to our report, as appended:

BRICK.—Are not as steady as at our last report, and do not move as actively. Prices for the intermediate grades of hard seem to have receded, which, however, does not vary our quotation. At the date of this report there are one million of brick lying in the market unsold. These are principally upon barges, and show the disinclination of dealers to stock up with many bricks of one grade. In ordinary times the amount of goods now awaiting sale would be inconsiderable, but the limited production and the comparatively short stocks in the market occasion remark, and illustrate the attenuation of trade. Freights have been reduced in some instances to $1.25 per M. This has happened with some of the barges, many of which in default of business have been withdrawn from the trade. We quote as follows: Pale, ℔ M, $2 25@2.50; Jersey, $5.50 @6.00; Up-river, $5.50@6.50; Haverstraw Bay, $6.00@ 8.00; Fronts, Croton—brown, $12.00; dark, $13.00; red, $14.00; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—Rosendale, as we anticipated, has developed its weakness, and may be fairly quoted at $1.25, although we give the trade the benefit of the range. There seems also to be no question that for large transactions $1.15 per bbl. would be accepted. Portland is held at our recent quotation. Sales of 300 bbls are reported at $4.75@5. Roman is in some demand at $4 per bbl.

FIRE BRICK.—We are without reports of sales, and quotations are nominal.

FOREIGN WOODS.—The demand continues of the character indicated in our recent reports. The market is quiet, rosewood meeting with a fair demand.

GLASS.—French window is in fair demand at firm prices, unaltered, however, from our quotation of last week, which was 60 and 10 and 60 and 10 and 5 per cent. discount. Polished plate and English sheet are not in request, and continue dull and nominal.

HAIR.—Less business doing this week, notwithstanding which prices are firm, and holders are confident of a better market. With present dull times it is hard to see where the hope arises, but the trade are doubtless satisfied with the reasons for their opinion. We quote cattle at 18@25 cents, and goat at 21@28 cents per bushel.

HARDWARE.—Trade continues dull, buyers said to be awaiting revisions in price lists, but, we fear, like everyone else, looking for a change in business that will induce purchases. Discounts are changing daily in anticipation of the fall trade, and the new price lists generally favor the buyer.

LATH.—The market has been pretty well cleaned out, and much is conditioned upon stocks yet to arrive. Sales have been at $1.65@1.75, and we quote accordingly.

LIME.—We have secured a price upon State common, sales having occurred at $1 per bbl., making a quotation which is nevertheless dependent upon the sale of Rockland. Of the latter manufacture there is none in market, and quotations would be utterly at fault, as it is unsettled whether the price shall be $1.10 or $1.25, or possibly be kept at previous quotations. Much will depend upon the feeling in the market, and manufacturers are not disposed to forward rapidly or in large quantities. An advance can be reasonably expected to be sustained until the market has taken up nearly all that it requires.

LUMBER.—We have no improvement to report, trade being so dull as to require concessions to the extent of weakening prices and inducing a change in some of our quotations. White pine is in very ordinary request, common grades quoting $1 per M lower. Spruce is weaker, and almost without a market, arrivals largely exceeding the demand. Sales have occurred as low as $13, and much difficulty is experienced in placing cargoes. We quote at $13@16@18. Spruce plank (2-inch) and wall strips, from yard, are quotably lower. Yellow pine is in limited demand for ordinary purposes, with reports of sales for contract purposes and for export. Prices are irregular. We quote hemlock joists one cent lower. White wood is also off in price. Hardwoods are inactive, but black walnut is firmly held. There is nothing in the present condition of trade to induce a rigid adherence to quotations. The demand, unusually limited for the season, seems to be getting still smaller, and whatever opinions may be as to fall trade, there is nothing in the market to warrant any early advance in prices.

General Western Notes.

From the Dubuque (Iowa) *Herald*, July 7:—

The leading feature of the lumber trade is a falling off in shipments by rail and the absence of buyers in the market, which has made business dull all through the week. Prices ashore and afloat are well maintained for all the upper grades; occasionally a party running for a market and pressed for funds disposes of his product below regular rates, but such instances are rare, and have no effect on standard qualities. The amount of lumber running is above the wants of the trade, and tends to depress prices. The business is overdone all along the river, and no hopes are entertained of any improvement until the supply gives out. A short crop would benefit the trade all round, and give the market a tone it has not carried for years. Ever since the first fleet of lumber arrived early this spring, owners have been forced to make concessions in order to effect sales, and this market is even better than many others below this point. A few small fleets are held here for purchasers, who are not numerous, and sales are slow.

The river continues in an excellent rafting stage, and with high water in all the upper tributaries, all the lumber ready for market is being run out freely, which makes a large supply offering.

From the Chicago *Tribune*, July 8:—

Lumber afloat was more active to-day, though the market was devoid of animation. Prices were off a little, though in many instances sales were effected at the old prices. The concessions were made chiefly on cargoes, which were not quite up to grade. The attendance of buyers was not very large, and many of those present were indifferent about purchasing. The present dullness extends to the local and country retail trade, and is usually expected during the summer season immediately preceding harvest. Owing to this fact many mills on the west shore are running on half time, and agents have dropped a number of vessels from their fleets. The receipts, however, are likely to continue liberal, at least sufficiently large to meet the trades' requirements. Joists and scantling sold at $8.75@9, common inch at $8.75@9.50, good to choice boards and strips at $12@15. Some local dealers still insist on buying the last named grades by inspection, though many do not object to straight measure, now that prices are lower. Lath are quoted at $1.75. Shingles were in very large supply, and dull at $2.65@2.85. Twelve or fifteen cargoes were left over. No sales were reported.

From the St. Louis *Globe*, July 9:—

The melancholy days have come, the saddest of this year, certain, to the lumbermen, and there is not a particle of poetry or fancy in the situation. Business in rough lumber is flat, and dressed only in any request to meet an almost exclusively local demand. In view of the quiet prevailing, buyers are indisposed to trade outside of their absolute necessities. Prices are irregular, and nearly nominal, each transaction of moment depending on its own conditions and concessions. The receipts on levee and at depot have fallen off, the depressed status of business and tendency to lower prices no doubt having the effect of inducing the holding of lumber at the mills.

From the St. Louis *Times*, July 13:—

From Griffin & O'Conner's price current we clip the following:

ST. LOUIS LUMBER MARKET.

We have no improvement to note in any description of lumber—all kinds are slow sale, and prices unsatisfactory. The supply of white pine on the market is largely in excess of the demand, and a considerable amount has been placed in pile by holders, either for want of buyers or because they would not accept the terms offered. Sales were reported afloat of 1,500,000 feet Minneapolis at $13; 640,000 feet Wisconsin at $15; and 900,000 feet choice do. at $22. We quote the range at $13@15 for Minneapolis and Chippewa; $14@23 for Wisconsin—fair to good at $15@18, and dimension at $11@12. A lot of 400,000 lath sold on raft at $2.40. Shingles on raft are quoted at $3.40@3.60. Trade at the yards very dull; both city and country orders light. Depot and levee lumber is affected by the general depression that prevails; buyers make their own terms, and absolute necessity is the only impelling motive that induces them to visit either place.

Eastern Notes.

From the Boston *Lumber Trade*, July 13:—

A week of quiet is all that can be said of the lumber market. Very little lumber is arriving just now, either by vessel or car, a fact for which dealers generally are thankful. A number of cargoes are reported to be on the way, which are being held back by adverse weather. They need not hurry, however, as the supply is fully equal to the demand, except in the case of a few kinds of lumber. There is a straggling call for stock, and country yards must soon be depleted, so that replenishing will be a necessity. If shippers will refrain from shipping, there is no reason but what a good, fair, healthy trade may be had during the fall. Dealers have waited long and patiently all through the season for signs of the "good time coming," and the experience has been such as to discourage any visionary views of the situation. We find everywhere a disposition to put the best foot forward, and this is strengthened by the expectation that a better state of affairs is in store for the trade. The demand for Southern lumber is extremely dull with us. There is a slight weakening in prices, several lots having been sold under the market rates. Prominent dealers tell us that they are advising mills at the South to shut down, as there is no money in working up logs at present prices. The capacity is so much greater than the actual wants of the country, that the markets are flooded, and profits and prices sink out of sight. News from different quarters give proof that manufacturers very generally

are appreciating the situation. We hear of various mills that are curtailing their manufacture and some that are completely closed up. This is the only thing that will save the lumber trade.

METALS.—COPPER.—Manufactured is steady at old rates. Ingot has met with better business, concessions having been made and lower prices ruling. Sales have occurred at 23½@24 cents.

IRON.—Scotch pig is in very limited demand, and stocks here are light. American pig is dull, and lower prices are anticipated. Rails are quiet, old being dull and nominal. Sales of new American have been made on private terms. Scrap has met with some sale at a private price, and manufactured is steady at our reduced quotations.

LEAD.—Pig is in very limited request, domestic selling at $5.80, gold. Ordinary foreign is held at $6.50, gold. Bar, pipe, and sheet are steady at previous quotations.

TIN.—Pig is quiet, with light sales. Plates are in better request, at previous prices.

ZINC.—Sheet is steady at 8¼@8½ cents, gold, for all kinds.

NAILS—Cut are unchanged and nominally steady. We quote: 10d. to 60d. common fence and sheathing, ℔ keg, $3.80@3.90; 8d. and 9d common do ℔ keg, $4@4.15; 6d. and 7d. common do ℔ keg, $4.25@4.40; 4d. and 5d. common do ℔ keg, $4.50@4.65; 3d. and 4d. light, ℔ keg, $5.25@5.40; 3d. fine, ℔ keg, $6.00@6.15; 2d. ℔ keg, $6.75@6.90. Cut Spikes, all sizes, $4@4.15; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ℔ keg, $5.90; 4d. and 5d. ℔ keg, $5.15; 6d. and 7d. ℔ keg, $4.90; 8d. ℔ keg, $4.65; 10d. to 60d. ℔ keg, $4.40.

CLINCH NAILS.

1¼ to 1 in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6.50@8.00.	$6.00.	$5.75	$5.50 ℔ keg.

OILS.—Linseed is unsteady and irregular in price, crushers quoting at 84@86 cents, while sales have been made at 83@85 cents, and of boiled and refined at 87 cents, cash.

PAINTS.—The market continues steady and firm, trade being fairly active. China clay is in good supply. White leads are firm, and quotations generally are sustained.

PITCH.—City is quiet, with sales of 100 bbls. at $2.50, f. o. b. We quote at that price.

SPIRITS TURPENTINE.—The market evinces a better feeling, although sales since our last report have been made at 35 cents. We quote at 36½@38 cents per gallon.

TAR.—The market is quiet, but quotations are advanced to $2.60@2.90 for Newbern and Washington, and $2.80@2.90 for Wilmington.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, JULY 14, 1874.]

We make some changes in our table of quotations; they are mostly in the prices of pine; our figures giving the quotations of coarse lumber are, with a single exception, unchanged; though it is supposed both spruce and hemlock can be purchased below quotations. We retain our figures of last week on coarse lumber, thinking that they will take an upward movement, mainly for the reason that the Northern mills have stopped sawing at night. Some heavy sales of spruce and hemlock are reported on p. t. There is a better feeling in the trade generally; the attendance of buyers has been better than for some time, and the opinion gains ground that we have seen the lowest prices of the season.

An important movement is said to be under way in Canada, which, if carried out, will have a very important effect on the trade here; a number of the banks, who are potential in lumber as well as in grain, are trying to get the mills to stop sawing at once, and not take out any more logs this winter. What effect a recommendation so desirable will have remains to be seen.

An Ottawa dispatch to the Toronto *Globe* says that Ottawa mill owners are talking of shutting their mills some time the present month, and until the demand for lumber increases.

A peculiar feature about the Canada deal trade this year is that first qualities, which have always been in demand, are now a drug; specifications calling mostly for third qualities, which almost any mill can furnish.

Our Canada exchanges report two mills on the Gatineau having passed into American hands.

At Saginaw, on the 7th, sales are reported of 80,000 feet to Albany parties on p. t.; 1,000,000 feet on p. t.; and 200,000 feet at $12 and $35.

At Chicago, the reported receipts of lumber, by lake, to the 7th of July, were 408,494,000 feet against 421,289,000 feet the year previous; the shipments from January 1st, are 264,110,000 feet against 249,540,000 feet the previous year.

The receipts at Albany by the Erie and Champlain canals during the 2d week of July, were:

A GOOD INVESTMENT

EVERY PRUDENT MAN, CAREFUL OF THE

health and comfort of his family, should see to it that his drinking water is conveyed through TIN-LINED LEAD PIPE, which is a perfect safeguard against lead poison. Tin-lined Lead Pipe is strong, durable, flexible, and easy soldered. It is a great benefit to the community, and enhances the real value of every house in which it is introduced. It is cheaper than Lead Pipe, when strength and durability are considered. Sold by the COLWELL LEAD CO., 213 Centre St., New York. Price, 16½ cts. a pound for all sizes. Descriptive pamphlets sent by mail free. Also, manufacturers of Lead Pipe, Sheet Lead, Block Tin Pipe, Bar Tin, Pig Tin, Bar Lead, Pig Lead, Solder, &c. Orders filled at sight.

NO MORE LEAKY FAUCETS!

HOTZ'S FAUCET.

One of the most important Inventions of the age.

PATENTED JUNE 11TH, 1872.

ADVANTAGES OVER ALL OTHERS.—1. Self-closing, thereby preventing overflow and damage. 2. No friction, no wear. 3. Can be regulated to any pressure. 4. Does not require an air chamber. 5. Will never jar or hammer the pipe. 6. Will prevent other faucets from doing so. 7. It will never be injured by frost. 8. It prevents range boiler explosions. 9. It can be repaired in one minute. 10. It never requires grinding; never leaks. 11. Half the weight in pipe could be saved. 12. Will last a life-time. 13. It is the cheapest Faucet, as more than its whole cost can be saved in the weight of lead pipe. 14. And last, it will prevent pipes from bursting by freezing. These faucets have been in use since 1870.

SOAPSTONE WASH TUBS.
A MUCH AND LONG NEEDED IMPROVEMENT.
None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francetown Soapstone.
Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry. *They are not affected by hot or cold water. Never crack or leak.*
Cheaper than Wood, and will last a Lifetime.
They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

THE HAYES
SKY-LIGHTS, &c.,
Under patents of 1869, '70, '71, '73, and '74.
In relation to the notice of Charles Sellman, published in these columns, the undersigned states that suit has not yet been commenced against him, though preliminaries have been taken, awaiting only a knowledge on my part of the fact of his having furnished to any person a sky-light under his so-called patents which, if he has ever furnished, he is careful that it shall not come to my knowledge.
The silver medal and diploma of the American Institute fair of 1873 are in my possession, having been awarded to me as the legal and justly-entitled owner.
The cases of Charles Sellman and George E. Dayton (who have both been under my pay and instruction), will receive, in due time, their merits through the proper source, and I am only sorry that unwary persons will, *of necessity, be concerned.*
Our new illustrated catalogue free on receipt of business card.
(Signed) GEORGE HAYES,
75 Eight Avenue, New York.

NOTICE TO CARPENTERS, BUILDERS, AND others requiring Metallic Sky-lights.—I have secured by patent the best and cheapest Sky-light yet introduced. The Diploma at the Fair of the American Institute having been awarded to me.
The Sky-light Bar which I construct I have covered by patent, and no other person has ever obtained a patent thereon, and no person has sued me for infringement. All statements to that effect being absolutely false.

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

With the advance of summer the market, as is usual, becomes more apathetic, but in comparison with the number of transfers recorded the present season makes a good, and, all things considered, fairer showing than was expected. In the earlier portion of the week there were few indications of activity. The public sales were limited, and were consummated with the dull formality of legal proceedings, and it was reserved for a later day and the closing moment of our review to encounter an interest in the market, and to witness a competition, quite novel, as it was unexpected. This occurred in the sale of property on Lexington Avenue and Sixty-ninth Street, and the prices secured were quite fair, taking previous circumstances of the market into consideration, with the additional fact that the sale was under legal and compulsory proceedings.

Among the recent transfers of property has been a large plot of more than ninety acres within the extended limits of the city formerly known as West Farms. The price was $400,000, and it is of good omen that contracts of such magnitude can be perfected and brought to conclusion under all the adversities to which the market has been subjected. The price in this case, although not meeting the extreme views of some real estate owners, may be regarded as fair and satisfactory. Another sale by private contract has been reported in the exchange of six brown-stone houses on One Hundred and Nineteenth Street, near the Harlem River, at a valuation of $135,000, for 800 acres of farming land at Moriches, L. I., valued at $80,000. It will therefore be seen that the market is not dead, although generally dull and uninteresting. Values are nominally unchanged from the low rates which have prevailed, because there have been no other transactions to alter their standard. Prospects, nevertheless, are reasonably hopeful, and with the coming fall season it will be no matter of surprise should the market improve.

GOSSIP.

MARKETS.

The quiet tone of the building markets at this time, when activity should prevail, quite precludes any further hope of good or improving trade for the remainder of the season. It seems generally conceded that no more building is to be done than the most ordinary exigencies require. If this be true, and we confess that present indications favor the statement, very little can be expected of the markets until another year, fruitful with the results of plenteous harvests and renewed prosperity excites trade and the resumption of improvements. In our review for the week just ended we have few changes to make from previous report. The aspects of the markets are briefly as follows:

BRICK.—Prices remain exactly the same, fluctuating between our quotations as quality and the market prescribe. The surplus stock of last week has been worked off only to be succeeded by a similar quantity this week. Freights are still unsettled, and although carriers have met and resolved to insist upon regular rates, there seems to be no positive action. The market is sluggish, and although far behind ordinary seasons in point of production, could more profitably bear a lighter stock. We quote: Pale, ⊕ M, $2.25@2.50; Jersey, $5.50 @6.00; Up-river, $5.50@6.50; Haverstraw Bay, $6.00@ 8.00; Fronts, Croton—brown, $12.00; dark, $13.00; red, $14.00; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—Rosendale is in fair demand for export, and is said for that purpose to be held firmly at its highest quotations. The market for home use is nevertheless dull, and we still quote at $1.25@1.40. Port

land is moving slowly, and we quote at $4.50@4.75. Other foreign is dull within the range of our quotation.

FIRE BRICKS—Are nominally steady at old prices, without a market. Buyers would find little difficulty in securing concessions.

FOREIGN WOODS.—Rosewood is in best request, but without special activity. The market otherwise is steady and quiet.

GLASS.—There is a very fair demand for French window at unchanged discounts. For English sheet and polished plate there is no business, and quotations are nominal.

HAIR—Quiet but firm, selling according to quality at 19@25 cents per bushel for cattle, and 21@28 cents for goat.

HARDWARE.—Although buyers have been in the market, very little trade has ensued, and purchases are seemingly confined to supplying present necessities. Some changes have occurred in discount sheets, too trifling for mention here. The lists for fall trade have not been fully completed, and we shall give due notice of such changes as are of particular importance to building interests.

LATH—Are dull. Held at $1.50@1.60 per M.

LIME.—The anticipated arrival of Rockland has occurred to the extent of ten or eleven thousand barrels, which have all been taken up, and the market is again bare. Sales were made at an advance of 15 cents all around, and we quote accordingly. State is in very limited supply, and firm at $1 per bbl. for common, and $1.25 for lump.

LUMBER.—As the month draws nearer to its close the yard trade, moderate as it has been, indicates a falling off, to be compensated, however, by renewed activity with the opening of another month, settling day past. The retail trade, therefore, makes no great showing, although some business is continually doing. White pine is in moderate request for ordinary purposes at our recent quotation. Foreign orders and sales for export are without reports. Eastern spruce continues weak and dull, the market being plentifully supplied, and quotations for random cargoes are had at from $13 to $17. Ordered schedules are quoted at $18@20.50. Yellow pine has been more active, several contracts having been closed recently, with better prices secured. Random cargoes are harder to place at $24@25. Ordered cargoes are quoted at $26@30, and flooring at $28@30. Hardwoods continue dull, black walnut still holding its own fairly and claiming the leading share of business. The trade seems to have settled upon the conclusion that no great results are to be expected of the market for some time to come, and business is transacted greatly upon the principle of keeping customers in hand rather than permit it to go by default. A building demand of course prevails to a certain extent, but not enough to stiffen prices or to give any hope of early activity. Purchases are made closely, and with a strict eye to meeting necessities and maintaining assortments which must be preserved in any contingency. The lower rates prevailing at the West, indicated by sales on private terms, have offered some inducements, not, however, of a largely speculative nature. The additions to stock will not, therefore, be excessive.

Michigan and Wisconsin Notes.

From the Saginaw *Courier*, July 15:—

There are no material changes in the market since our last report. Very little is being done in the way of sales, although shipments keep up, and thus far are in excess of a corresponding period last season. From views expressed in correspondence from other points, and lumbermen from abroad, the prospects seems to be fair for an improved fall trade. The continued dullness is attributed to the fact that a large percentage of the stocks shipped from the valley goes to the large yards of manufacturers, and consequently does not change hands. The promise of an abundant harvest and a fair price for the products of the soil, will encourage farmers to make improvements which will require lumber, and the effect will be felt in the lumber regions. The few sales reported have been made at former quotations, $6, $12, and $35.

From the *Lumberman's Gazette* (Bay City, Mich.), July 18:—

Nothing has thus far occurred to destroy the confidence of those who some weeks since settled into the belief that the fall months would bring something of a revival in the lumber trade. On the contrary, the indications favoring that belief are more numerous each week of late, and correspondents in other States are continually strengthening it by their reports of prosperous harvests and renewed good feeling among the farmers. The country generally seems to be settling down to regular business after the financial uncertainties which harassed trade during the session of Congress.

The shipments from this port and the whole river maintain their volume, though as has been noted heretofore, they are made up rather more largely than usual of lumber sent forward on owners' account to their yards in eastern markets.

Sales are made constantly, though there has been no marked increase in the number of buyers or their demands. Prices remain as before, at $6, $12, and $35, with special rates below those figures for inferior lots. There is no disposition to concede anything from the regular figures in view of the rapidly approaching end of the crop of logs in the streams, and the uncertainties which yet surround operations in the woods next winter.

Lake freights continue very favorable to shippers. The business has come to a point where carriers prefer not to report terms, which are just what can be got. Vessels and barges are constantly tying up, their owners discouraged at the prospects, and then suddenly taking up the business again and loading at the rates offered. Lumber charters were reported last Saturday to have been made at $1.50 to Chicago. As before stated, there are no reliable rates to quote, but shippers are certainly obtaining at least as favorable figures as at any previous time this season.

From some of the inland mills we have reports of a slight betterment in the demand, with the prospect good for a further improvement.

Buyers on the river have been rather more numerous during the latter part of the week, but they were generally looking for special advantages, and sometimes sought longer time than sellers cared to give.

General Western Notes.

From the Dubuque (Iowa) *Herald*, July 14:—

An increased activity characterized the lumber market last week in sales afloat and ashore; country buyers were more numerous, and sales from yards were larger. As usual, the demand is principally for low grades, prices being more of a consideration than quality; still, holders of the upper grades show no desire to "cut rates" to effect sales, preferring rather to wait what time will develop. There is less lumber running than there was a few weeks ago, the decrease coming principally from the Wisconsin River. An excellent stage of water offers, and seldom experienced during midsummer. The head waters of the Mississippi are higher than they have been any season since 1867, producing a stage which has run out with ease all the lumber made this season, and a large amount left over last year. This makes a large supply along the river, and operates against sellers. At St. Paul the water is falling, but local rains have raised the stream below that point, causing a temporary swell here.

State Notes.

From the Troy *Times*, July 16:—

During the past week there has been a little more activity displayed in the lumber market. Buyers were quite numerous, and the extreme low prices at which lumber was offered tempted some large purchases. Receipts were light, and shipments were fair. Lumber is lower now, generally, than it has been in ten years, and is probably at the lowest figures it will go this season. Freights to New York are down to 80 cents to $1 per one thousand feet.

Pennsylvania Notes.

From the Williamsport (Pa.) *Gazette and Bulletin* of July 16:—

It will be noticed by our report of lumber shipments from Williamsport for the week closing on the 4th of July, that there was a slight increase over the previous week, which is encouraging when we take into consideration that nothing was done on Saturday. The total amount shipped for the first six months of 1874 foots up 136,837,032 feet, an increase over the same period in 1873 of 15,888,703 feet. Of this amount the Catawissa Railroad has forwarded 60,146,140 feet, requiring the services of 6,296 cars; the Philadelphia and Erie Railroad, 44,389,340 feet, requiring 4,639 cars; and the canal 32,301,552 feet, requiring the use of 382 boats.

It will be observed that 6,107,800 feet have been sent to market from the various points on the Northern Central Railroad south of Troy, and 5,071,480 feet from points on the Philadelphia and Erie Railroad between Lock Haven and Renovo. The shipments from Lock Haven for the same period reach the handsome total of 18,724,180 feet.

As we are in the midst of the dull season, the shipments will, in all probability, continue light for the next two months. After that it is expected there will be an increase, and manufacturers look forward hopefully to a sufficient revival of business to warrant the movement of larger quantities of lumber than usual. Money, it is expected, will be more abundant, and retail dealers who have allowed their stocks to run low will be compelled to replenish for the fall and winter trade. The outlook is not discouraging.

Eastern Notes.

From the Boston *Journal of Commerce*, July 18:—

The past week has been one of the dullest of the season. There have been no heavy sales, and the arrivals have been few. Country dealers are buying comparatively nothing, and the yards in this vicinity present no activity. Buyers are scarce, and their operations are of little consequence. There is stock enough in the market to more than supply the demand, but should the inquiry become more active better prices would undoubtedly rule. At the present time prices are weak, and lots of various kinds of lumber can be purchased below quoted rates. There is some prospect of a good demand prevailing in the fall, and dealers confidently expect an advance in nearly all grades of lumber. The inquiry for Eastern is very light, and receipts have been exceedingly small. Southern and Western come forward slowly, though in sufficient quantities to supply the wants of the trade. In furniture wood there is some activity, but not so much as was expected.

METALS.—COPPER.—Manufactured is steady at previous quotations as follows: New sheathing, 33; bolts and braziers, 35; and nails 40 cents; Y. M. nails and sheathing, 24; and bolts 30 cents. Ingot is held at 23 @23½ cents.

IRON.—Arrivals of Scotch pig are light, and the demand is limited, leaving the market unchanged. American pig continues without much business, and the market is devoid of promise. Rails have been in limited demand, with ample stock. Scrap has had little movement, but sales are reported of 300 tons at $37, and of 400 tons (to arrive) at $25, gold, in bond. Manufactured is quiet but steady, as quoted.

LEAD.—Pig is in little request, foreign quoting at $6.37½@6.50, and domestic at $5.75@5.80, all gold. Bar, 8½, and sheet and pipe 9 cents, less 20 per cent.; and tin-lined pipe 16½, less 10 per cent. to the trade.

TIN.—Pig is yet dull, and prices are lower. Plates are not in very active demand, and prices are favorable to buyers. Sales have been made of charcoal tin at $10@10.25, and of charcoal terne at $9@9.25, and of coke terne at $7.50.

ZINC.—Sheet is steady at previous quotations of 8¼ @8½ cents.

NAILS.—Cut are nominally unchanged, although we might properly quote 10d. to 60d. at $3.80@3.85. We retain quotations, however, as follows: 10d. to 60d. common fence and sheathing, ₱ keg, $3.50@3.90; 8d. and 9d common do ₱ keg, $4@4.15; 6d. and 7d. common do ₱ keg, $4.25@4.40; 4d. and 5d. common do ₱ keg, $4.50@4.65; 3d. and 4d. light, ₱ keg, $5.25@5.40; 3d. fine, ₱ keg, $6.00@6.15; 2d. ₱ keg, $6.75@6.90. Cut Spikes, all sizes, $4@4.15; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ₱ keg, $5.90; 4d. and 5d. ₱ keg, $5.15; 6d. and 7d. ₱ keg, $4.90; 8d. ₱ keg, $4.65; 10d. to 60d. ₱ keg, $4.40.

CLINCH NAILS.

1¼ to 1 in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6.50@8.00.	$6.00.	$5.75	$5.50 ₱ keg.

OILS.—Linseed is firmer, and has advanced in price for immediate delivery, and we quote at 85@86 cents from crushers' hands.

PAINTS.—Prices continue firm, and business is about as fairly active as of late. Ultramarine continues in good demand, and is sold in advance of manufacture. Vermilions are firm, American quicksilver selling at $1.59½ for bulk, and $1.60 for bag, gold. Red leads are steady. Paris green is in request at steady prices.

PITCH—Has been quiet but steady at $2.50 per bbl. for city.

SPIRITS TURPENTINE.—The market has been more active, causing an advance in prices, which fell off somewhat later, but not to previous quotations. Closing sales were at 37½@38 cents. We quote at 37½ @39 cents.

TAR—Has been quiet and rather dull, closing, however, at $2.50@2.75 for Newbern and Washington, and $2.90@3 for Wilmington.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, JULY 22, 1874.]

After some weeks of dullness and inactivity we are glad to be able to report there is a more active business in the district; quite a number of buyers having come to the conclusion, very wisely we think, that the lowest prices for the season have been reached, are buying heavily; on Thursday last some six million feet changed hands.

Spruce is held with more firmness, the receipts having fallen off during the past two or three weeks; sales of large lots of spruce plank are under negotiations; dealers feel confident that an advance in prices must soon take place.

Stocks are sufficient for the demands of the trade, and are well assorted.

Parties from upper Canada have been at Ottawa in consultation with the mill owners there, and have decided on a general conference of the lumbermen of the provinces of Quebec and Ontario, to be held at Ottawa on the 30th inst., with the view of adopting measures to reduce, if it be practicable, the production of lumber. It is very probable that all the large saw-mills in the two provinces will shut down early in August.

Canal freights from Buffalo to Albany are: $4.25 per M feet for pine, and $5.25 for hardwood; from Oswego, $2.87.

At Chicago, the reported receipts of lumber, by lake, to the 14th of July, were 443,736,000 feet against 459,188,000 feet the year previous; the shipments from January 1st, are 280,465,000 feet against 265,768,000 feet the previous year.

SOAPSTONE WASH TUBS.
A MUCH AND LONG NEEDED IMPROVEMENT.
None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francetown Soapstone.
Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry. *They are not affected by hot or cold water. Never crack or leak.*
Cheaper than Wood, and will last a Lifetime.
They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

THE HAYES
SKY-LIGHTS, &c.,
Under patents of 1869, '70, '71, '73, and '74.
In relation to the notice of Charles Sellman, published in these columns, the undersigned states that suit has not yet been commenced against him, though preliminaries have been taken, awaiting only a knowledge on my part of the fact of his having furnished to any person a sky-light under his so-called patents which, if he has ever furnished, he is careful that it shall not come to my knowledge.
The silver medal and diploma of the American Institute fair of 1873 are in my possession, having been awarded to me as the legal and justly-entitled owner.
The cases of Charles Sellman and George E. Dayton (who have both been under my pay and instruction), will receive, in due time, their merits through the proper source, and I am only sorry that unwary persons will, *of necessity, be concerned.*
Our new illustrated catalogue free on receipt of business card.
(Signed) GEORGE HAYES,
75 Eight Avenue, New York.

NOTICE TO CARPENTERS, BUILDERS, AND others requiring Metallic Sky-lights.—I have secured by patent the best and cheapest Sky-light yet introduced. The Diploma at the Fair of the American Institute having been awarded to me.
The Sky-light Bar which I construct I have covered by patent, and no other person has ever obtained a patent thereon, and no person has sued me for infringement. All statements to that effect being absolutely false.

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

to one-half per cent. on valuation.

EXCELLENT BUSINESS CORNER FOR SALE,

Of which ninety per cent. can remain on mortgage if purchaser is disposed to make immediate improvements.

WHITESTONE, L. I., NEARER TO NEW YORK

Than Fort Washington or Elizabeth. More convenient than Harlem, and as sociable as Brooklyn, with the usual quota of schools and churches. Scenery beautiful, and excellent opportunities for riding, boating, and bathing.

HOUSES, SIX TO TEN ROOMS, FOR SALE,

With cellar and garden lots 25x150 each, to be paid for in instalments ranging from $25 to $45 per month, and interest payable annually. Discount for cash.

The advantages here offered should be well understood by

MECHANICS AND CLERKS,

As they are here enabled to obtain property at low figures and on easy terms at a distance from their places of business NO FARTHER THAN SEVENTIETH STREET, in a constantly growing section of the metropolitan suburbs, where there is the first railroad to supply rapid transit, and fares no higher than the abominable horse cars.

CAPITALISTS AND INVESTORS GENERALLY,

Who by this time must be convinced that the value of real estate in New York City has reached its maximum, and that for some years to come there can be no further rise in values on the island proper, are requested to turn their attention now to

Whitestone Property,

Where values are continually rising, and where a small or large investment can be doubled in less than two years.

Remember, that Whitestone will be one of the first places near the Sound to reap the advantages that will follow the completion of the

HELL GATE IMPROVEMENT,

Which will ultimately revolutionize the shores of Long Island.

AWARDED

THE GREAT MEDAL OF HONOR

OF THE

American Institute, 1872.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized. No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

Patent Vault Lights and Illuminating Tiles

OF EVERY DESCRIPTION.

The Illuminating Roofing Tile,

Represented by the cuts, is intended to take the place of the rough plate-glass sky-lights heretofore in general use, and will relieve of the constant annoyance from leakage and the danger from breaking experienced in the use of sheet-glass. Our new Tile is suitable for Dwelling-houses, Stores, Arcades, Railroad Depots, &c., &c., and can be laid in either iron or wooden frames. The cheapest and best sky-light made. Send for descriptive and illustrated pamphlet.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The dullest week of the season, thus far, has passed, and we are at fault for specific matter for review. Few public sales were announced, and still fewer were brought to issue. Adjournments disposed of the greater number, and nothing of importance occurred in connection with the remainder. The market has taken its accustomed holiday, negotiation and inquiry are very limited, if not suspended, and we have nothing to expect but a brief period of inaction until the fall awakening.

In the mean time, there is no change in values. If the market is not better, it is no worse; and, in the absence of transactions, prices may be regarded as nominal.

GOSSIP.

The Department of Public Works reports the following contract entered into: Ninety-third Street and Ninth Avenue, and at One Hundred and Thirteenth Street and Tenth Avenue, furnishing and setting gates and frames for gate houses. Also the following certificates of cost of improvements, transmitted to the Board of Assessors: Fifty-fifth Street, from Eleventh Avenue to North River, regulating, grading, etc., $4,772.87; One Hundred and Fifteenth Street, from Seventh to Eighth Avenue, regulating, grading, etc., $32,289.14; Eighty-fourth Street, from Boulevard to Riverside Avenue, regulating, grading, etc, $24,915.10; Twenty-fourth Street, from Eleventh Avenue to North River, regulating grading, &c., $2,674.37; Forty-ninth Street, south side, between Eighth and Ninth avenues, flagging, $1,304.94; Sixty-fifth Street, between Third and Fifth avenues, paving, $13,554.12; One Hundred and Twenty-third Street, between Sixth Avenue and Mt. Morris Square, sewer, $1,105; Madison and New avenues, between One Hundred and Twenty-first and One Hundred and Twenty-fifth streets, sewer, $6,652.08; Manhattan Street, between Avenue St. Nicholas and Twelfth Avenue, sewer, $129,468.06; Boulevard, between Sixtieth and Sixty-first streets, fencing vacant lots, $234.53; Madison Avenue, between Sixty-ninth and Seventieth streets, fencing vacant lots, $897.03; total, $217,867.24.

MARKETS.

There is more diversity in the markets than we have lately reported, and trade presents some apparently anomalous features, in some instances disorganized and almost at a stand-still, while in other cases it is quite active and promising. An out-of-town interest appears to have been excited in goods which are not completely subordinate to the requirements of city trade, and a better feeling has arisen in these particulars. Whatever trade has thus sprung up is probably to be attributed to a suburban demand, as our own building interests seem about falling into desuetude and are pervaded with a forlorn and hopeless air. The brick market is almost without bottom and low prices prevail, with ample opportunity for buyers in many of the other market indicated in our review, but in some instances prices are remarkably firm, with a disposition to advance. The contrarieties of trade, however, have been so marked throughout the season that it is unsafe to hazard conjecture as to their course from one week's end to another.

Our report is briefly appended:

BRICK.—Sales have been few; so limited, indeed, that the market has become demoralized, and prices during the week may be said to have been anywhere and everywhere. The demand fell off so considerably that trade became altogether forced, and in consequence the surplus stock on hand at our latest report considerably exceeds the amount stated during either of the two preceding weeks. The unsettlement of prices precludes us from arriving at any definite conclusions as to prices. We are obliged to retain our former quotation in default of any other, no authority seeming willing to gauge the market. As this is the time of year when demand should be at its height, we are quite forcibly shown the adversities and depression under which building interests labor and suffer. Quotations must be taken as nominal. We quote: Pale, ℔ M, $2 25@2.50; Jersey, $5.50@6.00; Up-river, $5.50@6.50; Haverstraw Bay, $6.00@8.00; Fronts, Croton—brown, $12.00; dark, $13.00; red, $14.00; Philadelphia, $28.50@30.50; Baltimore, $50@58.

CEMENT.—Rosendale is about steady as previously reported, and in moderate demand. Portland is quoted at $4.50@5, and other foreign at $4 and upward, with costs of delivery to be added. Sales of 300 barrels Portland in lots are reported at $4.75@5.

FIRE BRICKS.—The market is nominally $40@50 for American and $50@55 for red Welsh. Buyers, however, may expect concessions.

FOREIGN WOODS—Are steady as we quote without any new features for remark. Demand is of an ordinary fair character for good grades of rosewood, with a very limited call for other woods.

GLASS.—French window is in good request, and discounts continue nominally firm at 60 and 10 and 5, although we hear of some sales at 60 and 20. English sheet and polished plate are not in demand, and quotations are consequently of little value.

HAIR.—The market has been quite active and stocks are pretty well reduced, with an apparently increasing demand, likely to lead to stiffen prices in the fall. We retain our quotations, as to quality, as follows: cattle, 18@25 cents, and goat, 21@28 cents per bushel.

HARDWARE.—There is increasing confidence in the market, although trade has not assumed any greater proportions. Foreign goods are in fair demand, and prices here and abroad are quite firm. Copper rivets are unsettled, and some dealers are disposed to make concessions. The present quotation is 20@30 per cent. discount. There have been changes in several classes of goods, none, however, of special importance for our report.

LATH—Are firmer, sales of about 700,000 having occurred at $1.60. We quote at $1.50@1.60.

LIME.—Several cargoes of State arrived during the week and were readily placed at $1.00 per barrel. The demand seems improving, principally from out-of-town trade, and much is expected from business in the fall. Rockland is firm at $1.15@1.65.

LUMBER.—The market varys little or nothing from previous report. The yard trade continues moderate, some dealers doing a fair trade, but business being generally dull. White pine is only in request for ordinary grades. It is anticipated that with another month trade will pick up. In the mean time there is a disposition to favor customers. Spruce is still is limited request, quoting, in some quarters, slightly better than our reports of last week, but we are not sufficiently assured that prices are improved, and quote at $13@16@19. Yellow pine is little sought after, and prices are weak. We quote at $26@30 for ordered—for ordered schedules with a variable higher range for very choice cargoes. Hardwoods are dull and weak, black walnut sustaining former quotations, with a moderately fair demand. Until renewed activity in building operations—which are likely soonest to recur in suburban localities—we cannot expect any improvement in building material. The demands of general trade will probably excite the earliest movement and impart more steadiness to the market.

Michigan and Wisconsin Notes.

From the *Lumberman's Gazette* (Bay City, Mich.), July 25:—

The trade continues slow and unsatisfactory for the river mills, and the same, though in a less degree perhaps, with the inland manufacturers. Few buyers have been in the market during the past week, and some of them were seeking lumber on terms not very encouraging. The movement of lumber continues at a good rate for the season, the weekly shipments from the river running up to about 15,000,000 feet. The production has somewhat diminished during the last few days, and this curtailment will increase, in all probability, from week to week during the balance of the season. Taking all things together, the stock on the river remains at about the same stage. In the mean time the end of the log crop is coming nearer with every week's cutting, and if that can stimulate the business at all we shall soon have the benefit of it. The fact is well known that the streams are clear of logs, old and new, and present prospects are not favorable for extended operations in the woods the coming winter. Under these circumstances manufacturers naturally hold to prices with some tenacity, and no sales are reported of late under the ruling rates of the season—$6, $12, and $35. The steady receipts from the salt manufacturers, which many of the mills have in connection with their lumber business, are relieving present necessities in some degree, and thus making the manufacturers less willing to concede anything on prices, even to stimulate trade, while the prospects of a diminished supply in the future remain as at present. The movement already inaugurated in other lumber districts of this country and in Canada to limit the next winter's operations in the woods will probably be followed by similar action here, should the financial situation be such as to make probable any necessity for it.

The trade in hardwood in this vicinity continues good. It has been an exception to other lines of trade all the season, and in oak timber and staves the depres-

sion has had less effect than on pine lumber, and there are indications of the customary activity in getting out these products in the woods next winter.

Lake freights continue at the lowest point, and at the beginning of the present week the river was comparatively bare of employed vessels, though there were many tied up. Offers are made as low as $1.50 to Buffalo, and the trade has come to so depressed a point that the old distinction between the different Lake Erie ports is almost obliterated. With rates at $1.75 to Buffalo there could hardly be a difference of $1 to Cleveland. Engagements are constantly made, but it is useless to attempt to report them, as many parties decline to make them public.

We subjoin the latest price list for retail lots of rough and dressed lumber at the yards of Pitts & Cranage, in the city:

ROUGH LUMBER.

Three upper grades	$35 00
Common boards	11 00
Common twelve-inch stock boards	12 00
Fencing strips	10 00
Cull boards	5 50
Timber, joist, and scantling, 12 to 18 feet	11 00
Timber, 18 feet and over	12 00
Lath	1 50

General Western Notes.

From the Dubuque (Iowa) *Herald*, July 21:—

The market exhibits an increased movement in sales afloat, but yard transactions are light, and the majority of dealers report a dull trade. The market has a better tone, the conviction having become settled that prices have touched bottom, and nothing can be made by holding off any longer. As the result of that opinion country dealers have came forward freely and purchased lumber afloat; more sales were made last week than for a month past. Rail shipments and sales are made largely from the river bank of lumber pulled out on western dealers' account. The harvesting season lessens the demand, and trade is fully up to the expectations of the majority of dealers.

The river has commenced the downward movement, that is, the stage of water lessens each day—all the tributaries are falling; the Wisconsin River is low and but little lumber is coming out. The recent rise came from the head waters of the Mississippi River, augmented by swells from the St. Croix, Chippewa, and other streams, all of which are falling. Less lumber is running for a market now than there was a few weeks ago, which would indicate that the bulk of this year's crop has been marketed.

Last week's receipts includes 1,500,000 feet of logs for C. N. Clark & Co.; 1,000,000 do. for the D. L. Company; 3,500,000 feet of lumber for Knapp, Stout & Co., St. Louis; 500,000 shingles for Langworthy; 750,000 lumber and 7 strings of logs for Ingram, K. & Day.

Transactions in the water were 500,000 standard Chippewa in lots at $12.50; 200,000 do. at $12.75 per M; 100,000 common Chippewa at $11; 200,000 do. at $11.50; 70,000 do. at $11.50. A purchase of 1,000,000 feet of logs in Beef Slough at $6.80@6.90 was effected on account of Dubuque manufacturers; also 300,000 long logs at $11@12.50 delivered. Reed sold to-day 50,000 Meehan lumber to Zinn at $13.50; also to A. Habich, Galena, 500,000 at $13.50.

The lower river markets remain in the same unsatisfactory condition as previously noted, with sales of Chippewa at $13 and Wisconsin at $15@22, as per quality.

Price lists have been revised to actual selling rates, showing a decline of $2 per M on all grades between common boards and joists. Lath and pickets are also reduced in cost. The usual discount of 10 per cent. is allowed on cash purchases.

From the St. Louis *Republican*, July 22:—

Messrs. Berthold & Jennings, in their circular of July 20, review the lumber trade of the city as follows:

Although the summer season is half gone, there is yet no decided tone to the lumber market, and the past transactions have established no basis and left no influence toward the future operations. The demand for building lumber has been uncertain up to this time, and the most of the important sales from yards have been mainly accomplished through the method of cutting rates. The efforts put forth to the city dealers to secure more of the country trade (which were felt more particularly between themselves than between other river points and here) was not confined to this branch only, but lively competition was extended so far as to embrace the local consuming trade, and no doubt the results are to their satisfaction.

Price lists are nearly discarded, and prices, not like the general payments, are made on the "spot." It was, however, necessary for some efforts to increase the trade, and all such, under the circumstances, are perfectly legitimate. The low prices of all kinds of building material have induced many to build, and the number of residences especially will be largely increased.

The market for white pine is dull as usual, with prices sadly demoralized. There have been a fair number of sales made but, particulars are hard to obtain. Holders have considerable faith that the market will improve, and are confident of a change for the better in sixty days or so. We quote Chippewa and Minneapolis afloat nominally $12 to $15; Wisconsin $12 to $20 to $23, shingles $3.40 to $3.60, and lath at $2.25 on raft. In southern lumber there is much depression existing, and rates are only nominal. Receipts are more plentiful than condition of the market will justify.

Yellow Pine.—The demand for flooring boards and strips has slackened up wonderfully, and buyers are very distant. Prices are weak, and altogether out of convenient control. Dry flooring boards are quotable at $26@27 for first and second clear, which are entirely nominal figures, and third rate, $14@15; half dry, $14@25; green do, $22@23 and $13; dimension mill run, $13@14.

Black Walnut.—All kinds quiet, and only choice readily saleable. Common unsaleable. We quote: choice, $40@45; good, $35@37; fair, $25@32.50; common, $20; table legs, 16@20 cents per set.

Poplar.—Mill run boards and strips, $15@17; assorted first and second clear, $20@22.50. All kinds quiet.

Oak and Hickory—Very dull, and only saleable on order. We quote: former $20 for good to $15 for ordinary; hickory, $25@32.50.

Ash.—Quiet at $23@25 for good.

Cedar.—Not much doing, and very little inquiry. We quote: posts, $23@30 per 100; hewn timber, $23@25; sawed, $30@32.50.

State Notes.

From the Troy *Times*, July 23:—

During the past week there was no change for the better in the lumber market. Receipts and shipments were both light, and sales were small. Quite a number of buyers were in the market, but their object was mainly only inquiry at present. The reduction in the manufacture of lumber is already beginning to be felt; and as soon as any demand springs up there will be an advance in prices all around. Stocks are not at all heavy for this season of the year, and there is no danger of a glut in the market.

Eastern Notes.

From the Boston *Journal of Commerce*, July 25:—

There is literally nothing doing in lumber, and dealers are thoroughly discouraged at the present state of the market. Although arrivals are few, still stocks are accumulating, and cargoes sell with extreme difficulty. Round lots can not be disposed of at our quotations; to effect sales of any considerable quantity large concessions must be made, and in many instances prices realized are unremunerative. Builders are taking only such stock as their immediate necessities require, and as there is but a small amount of building going on in either the city or the suburbs, their wants are easily supplied. The season is uncommonly dull, and to those engaged in the lumber trade very unprofitable. All, however, look forward to a fair fall demand, and higher prices.

From the Boston *Lumber Trade*, July 27:—

There is no animation in the market. A slight demand for different grades of lumber characterizes trade, but nothing of a marked nature has come within our notice. The only favorable point we can give our readers is that very little lumber has come forward. That is what we want here in Boston. If for a month shipments would hold off the yards might be cleared out somewhat. We have not a Southern arrival to chronicle, and the dealers in this branch rejoice at the fact. It appears to be the general complaint throughout the country that the supply is far ahead of the demand, and it is a question under discussion at various points whether the mills shall be shut down or not.

The demand for 2-inch spruce plank is fair, but other sizes move slowly. Lath, picket, and shingle are very quiet. An effort is being made by Western parties to supercede Eastern spruce clapboards with Western pine, and these latter have been offered at very low prices.

METALS.—COPPER.—Manufactured is steady, as previously quoted. Ingot is dull and irregular, and sales have been made at 22½@23 cents.

IRON.—The decline in prices has imparted a general quietude to the market, which can only be disturbed by new conditions of trade. Scotch pig is steady, under the influence of light stocks, and American is only heard of in small parcels conditioned to meet necessities. Rails and scrap are dull, and manufactured is limited in business. The mills demanding $5 per ton more than dealers are selling for from store.

LEAD.—Foreign pig is held at $6.37½, gold, and domestic is quiet and nominal at 5¾ cents, gold. Manufactured is unchanged in price.

TIN.—Pig is pull and weak. Straits offering, without buyers, at 22½ cents, gold; and domestic nominal. Plates are not in active demand, and the market favors buyers.

ZINC.—Sheet is steady at our quotation.

NAILS.—Cut are quiet, and we quote: 10d. to 60d. common fence and sheathing, ₩ keg, $3.75@3.85; 8d. and 9d common do ₩ keg, $4@4.15; 6d. and 7d. common do ₩ keg, $4.25@4.40; 4d. and 5d. common do ₩ keg, $4.50@4.65; 3d. and 4d. light, ₩ keg, $5.25@5.40; 3d. fine, ₩ keg, $6.00@6.15; 2d. ₩ keg, $6.75@6.90. Cut Spikes, all sizes, $4@4.15; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ₩ keg, $5.90; 4d. and 5d. ₩ keg, $5.15; 6d. and 7d. ₩ keg, $4.90; 8d. ₩ keg, $4.65; 10d. to 60d. ₩ keg, $4.40.

CLINCH NAILS.

1¼ to 1 in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6.50@8.00.	$6.00.	$5.75	$5.50 ₩ keg.

OILS.—Linseed is held firmly at 85@86 cents, from crushers' hands.

PAINTS.—The demand continues fair, and, perhaps, as much as can be expected for the season. Paris green is active and firm at best prices. Chalk is in limited supply and is more strongly held. Vermilions are steady at our quotation.

PITCH—is quiet and steady at $2.50@2.62½, f. o. b.

SPIRITS TURPENTINE.—Prices have declined, since our last report, owing to plentiful arrivals, and the market closes quiet at 35@36 cents.

TAR—is weaker and quiet, quoting at $2.60@2.75 for Washington and Newbern, and $2.80@2.90 for Wilmington.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, JULY 29, 1874.]

The active movement in lumber noticed last week was of short duration, though some large sales of common Michigan box have been made to manufacturers at tempting prices, and below our quotations. The general trade of the District has been quiet. Lumber is now marked down to a low figure, to which the trade will hold, and to next season if it be necessary.

Receipts by canal are light; freights are low; yet there is not anything in the aspect of trade to induce manufacturers to send forward more than they can possibly help.

Stocks of all kinds are ample, and well assorted.

Considerable interest is felt in the action at the Ottawa meeting, which will convene to-day; it is hoped, and generally expected, that something will be done to curtail production.

The Ottawa *Citizen* reports sales to a New York firm, on the 23d inst., of 2,000,000 feet, common grades, on private terms.

At Chicago, the reported receipts of lumber, by lake, to the 21st of July, were 480,334,000 feet against 498,446,000 feet the year previous; the shipments from January 1st, are 294,397,000 feet against 280,766,000 feet the previous year.

Canal freights from Buffalo to Albany are: $4.25 per M feet for pine, and $5.25 for hardwood; from Oswego, $2.88.

The receipts at Albany by the Erie and Champlain canals during the 3d week of July, were:

	Bds. & Sc'tl'g ft.	Shingles, M.	Tim'r, c. ft.	Staves, lbs.
1873..	25,988,900	680	....	2,011,500
1874..	13,776,700	586	....	....

Of the boards and scantling received, 8,791,400 feet were by the Erie, and 4,985,300 feet by the Champlain canal.

The receipts at Albany by the Erie and Champlain canals from the opening of navigation to July 23d, were:—

	Bds. & Sc'tlg ft.	Shingles, M.	Tim'r c. ft.	Staves lbs.
1873..	136,208,300	1,689	....	3,197,300
1874..	155,566,300	6,730	....	....

River and Eastern freights are quoted as follows:

A GOOD INVESTMENT

EVERY PRUDENT MAN, CAREFUL OF THE

health and comfort of his family, should see to it that his drinking water is conveyed through TIN-LINED LEAD PIPE, which is a perfect safeguard against lead poison. Tin-lined Lead Pipe is strong, durable, flexible, and easy soldered. It is a great benefit to the community, and enhances the real value of every house in which it is introduced. It is cheaper than Lead Pipe, when strength and durability are considered. Sold by the COLWELL LEAD CO., 213 Centre St., New York. Price, 16½ cts. a pound for all sizes. Descriptive pamphlets sent by mail free. Also, manufacturers of Lead Pipe, Sheet Lead, Block Tin Pipe, Bar Tin, Pig Tin, Bar Lead, Pig Lead, Solder, &c. Orders filled at sight.

SOAPSTONE WASH TUBS.
A MUCH AND LONG NEEDED IMPROVEMENT.
None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francetown Soapstone.
Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry. *They are not affected by hot or cold water. Never crack or leak.*
Cheaper than Wood, and will last a Lifetime.
They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

THE HAYES
SKY-LIGHTS, &c.,
Under patents of 1869, '70, '71, '73, and '74.
In relation to the notice of Charles Sellman, published in these columns, the undersigned states that suit has not yet been commenced against him, though preliminaries have been taken, awaiting only a knowledge on my part of the fact of his having furnished to any person a sky-light under his so-called patents which, if he has ever furnished, he is careful that it shall not come to my knowledge.
The silver medal and diploma of the American Institute fair of 1873 are in my possession, having been awarded to me as the legal and justly-entitled owner.
The cases of Charles Sellman and George E. Dayton (who have both been under my pay and instruction), will receive, in due time, their merits through the proper source, and I am only sorry that unwary persons will, *of necessity, be concerned.*

Magrath's Copper Sash-Chain.
Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.
Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

THE
PROBLEM SOLVED!

MAGNIFICENT BUILDING LOTS AND CONVENIENT HOMES WITHIN EASY DISTANCE FROM THE CITY HALL BY

RAPID TRANSIT,

Now in actual operation.

PRESENT AND FUTURE HOMES
FOR
New York's Mechanics and Tradesmen,

At rates unequaled anywhere in the vicinity of the metropolis at

WHITESTONE, L. I.,

The future centre of large shipping interests, only twenty-two minutes from Hunter's Point by the Flushing and North Side Railroad, and fare only 8½ cents on Mechanics' trains.

FORTY-TWO TRAINS DAILY,

From 5.50 A. M. till midnight. By boats from James' Slip or Thirty-fourth Street ferries.

Magnificent Building Lots

On high ground
FROM $200 TO $500,

Which may be paid for at ten dollars a month, without interest.

Many streets are sewered, curbed, and guttered, and investors should bear in mind, that while the value of lots in Whitestone is steadily increasing, that the village charter

LIMITS THE VILLAGE TAXES

to one-half per cent. on valuation.

EXCELLENT BUSINESS CORNER FOR SALE,

Of which ninety per cent. can remain on mortgage if purchaser is disposed to make immediate improvements.

WHITESTONE, L. I., NEARER
TO NEW YORK

Than Fort Washington or Elizabeth. More convenient than Harlem, and as sociable as Brooklyn, with the usual quota of schools and churches. Scenery beautiful, and excellent opportunities for riding, boating, and bathing.

HOUSES, SIX TO TEN ROOMS, FOR SALE,

With cellar and garden lots 25x150 each, to be paid for in instalments ranging from $25 to $45 per month, and interest payable annually. Discount for cash.

The advantages here offered should be well understood by

MECHANICS AND CLERKS,

As they are here enabled to obtain property at low figures and on easy terms at a distance from their places of business NO FARTHER THAN SEVENTIETH STREET, in a constantly growing section of the metropolitan suburbs, where there is the first railroad to supply rapid transit, and fares no higher than the abominable horse cars.

CAPITALISTS AND INVESTORS GENERALLY,

Who by this time must be convinced that the value of real estate in New York City has reached its maximum, and that for some years to come there can be no further rise in values on the island proper, are requested to turn their attention now to

Whitestone Property,

Where values are continually rising, and where a small or large investment can be doubled in less than two years.

Remember, that Whitestone will be one of the first places near the Sound to reap the advantages that will follow the completion of the

HELL GATE IMPROVEMENT,

Which will ultimately revolutionize the shores of Long Island.

DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET

We had during the week limited reports of private sales, and a slightly increased number of public offerings, but do not gather from them anything noteworthy bearing upon the market. The stage has been reached when trade must lie dormant, because the season and all other conditions that control business compel. We have nothing, therefore, for review; the market is quiet, and nominally steady, at prices which afford no criterion as to the disposition or strength when business is resumed.

GOSSIP.

Commissioner Van Nort should compel the Contractor on the Madison Avenue extension to complete his task.....Although the Controller is opposed to up-town improvements, he cannot overlook the fact that the grading of One Hundred and Eleventh Street, between Fourth and Fifth avenues, is urgently necessary, and that the Contractor should be at once set at work to relieve the residents of that street and vicinity from the annoyances and disabilities they daily encounter.....On August 24 the Counsel to the Corporation will apply to the Supreme Court for the appointment of Commissioners of Estimate and Assessment in the following matters: Opening One Hundred and Fifty-first Street, from Ninth Avenue to Hudson River; opening Kingsbridge Road, from Inwood Street to Hudson River; opening One Hundred and Tenth Street, from Second Av. to Harlem River; opening One Hundredth Street, from Bloomingdale Road to Riverside Avenue. .....The Commissioners of the Department of Public Parks advertise for proposals for granite and mason work of the building to be known as the Museum of Art.....The Commissioners of the Department of Public Charities and Correction advertise for proposals for the construction of wooden pavilions on Blackwell's and Randall's islands. Also for proposals for the construction of an elevator at Bellevue Hospital.....The Commissioner of Public Works reports the following contract entered into: Eleventh Street, from Dry Dock Street to East River, curb, gutter, and flagging. Also the following certificates of cost of improvements, transmitted to the Board of Assessors: Eleventh Avenue, between Fiftieth and Fifty-first streets, and in Fiftieth Street, between Tenth and Eleventh Avenues, sewer, $21,025.60; Lewis Street, between Sixth and and Eighth streets, sewer, $1,274; Madison Avenue, between Sixty-third and Sixty-fourth streets, curb, gutter, and flagging, $780.38; Tenth Avenue, west side, between Forty-sixth and Forty-seventh streets, curb, gutter, and flagging, $59.80; Lexington Avenue, east side, between Thirty-sixth and Thirty-seventh streets, flagging, etc., $419.83; Thirty-sixth Street, north side, between Lexington and Third avenves, flagging, etc., $175.42; total, $23,735.03. Also the following contract completed: Second Avenue, from Sixty-sixth to Eighty-sixth street, paving.

MARKETS.

While hope of active trade seems growing in general mercantile circles, we have no such experience in our markets; depression continues where it has been most apparent, and trade is duller where we have heretofore recorded the greatest activity. These circumstances are not unexpected, and all who are familiar with the incidents of real estate and the obstructions to building excited during two or more years, while hoping for recovery, do not find the conditions of trade fraught with such better indications as to excite more sanguine feeling. As yet, all markets are sluggish, and general business is nearly of the same desultory character as for months past. When it regains prosperity, and the profits of plenteous harvests excite a demand for the necessaries and all of the luxuries of life, we shall find greater activity in building, and a disposition for investment and improvement that will turn to our advantage. Confidence seems to be gradually reviving, a fact of good indication for the future. Should the results of fall trade be plentiful, we may expect a partial reaction upon the building markets during the later season of the year, with good prospects for trade in the early spring.

We append our review in detail:

BRICK.—The market is very much at fault, and is overstocked. The supply for one week is not exhausted until fresh arrivals preserve the proportions, and in consequence there is about the same quantity of goods lying in the market from one week's end to another. Demand is too limited to sustain prices, and to our inquiry as to the market for hard, a leading merchant remarked that it was all comprised in an (?). Supplying the answer ourselves, we are almost inclined to include it within an 0. We quote Haverstraw Bays lower and weaker; Up-rivers are steady; and Pale are held nearer to their lowest ranges. Fronts are in fair demand, and Philadelphia's vary slightly in quotation. We quote: Pale, ₱ M, $2 25@2.50; Jersey, $5.50@6; Up-river, $5.50@6.50; Haverstraw Bay, $6.00@7.75; Fronts, Croton—brown, $12.00; dark, $13.00; red, $14; Philadelphia, $28.00@32.00; Baltimore, $50@58.

CEMENT.—Rosendale is nominally firm at $1.40, cash, but the market is fairly established at a lower range, and we quote at $1.25. Foreign cements are steady. We note sales of 150 bbls. Portland at $4.75, and of 150 bbls. more, ex store, for $5.25 per bbl. Sales of Roman have been 25 bbls., at $4.75 per bbl.

FIRE BRICK — Are nominally steady at old quotations.

GLASS.—The demand for French window is declining. Discounts, however, are quite firmly sustained. English sheet is dull and nominal at 50@60 per cent. discount, and polished plate is quoted at 30@40 and 5.

HAIR.—The market has become less active, and some effort has been made to force concessions, but so far, as we understand, without success. From some sources we have reports that the July trade has been the best, for the time of year, that has occurred during a series of years. We quote the market steady at 18@25 cents per bushel for cattle, and 21@28 cents for goat, according to quality.

HARDWARE.—There is an increasing demand for domestic and foreign goods, notwithstanding which, and a somewhat improved trade, the market can not be called active. A few changes have been made in prices, among which we note the following: Palmer's door and gate springs at a discount of ten per cent on $5 for japanned, $6 for coppered, and $8 for silver-plated. The Union Nut Co. quotes nuts 6 cents off list for small, and 8 cents off for large; washers, 8 and 10 cents off.

LATH—Are held steady at recent quotations, the market price being generally $1.60 per M, although we give a range to our quotations to meet emergencies.

LIME.—There have been arrivals of Rockland and of State, which were taken up as fast as they came upon the market, and as the policy of the manufacturers is to forward no more goods than the demand is likely to absorb, prices have been and are quite steadily maintained. Beyond this the market presents no features. We quote, as of late, common at $1@1.15, and finishing at $1.25@1.60 per bbl.

LUMBER.—With the opening of the month, as was expected, trade at the yards made a spurt, and for three or four days there was a fair amount of business done. The first call, however, was soon satisfied, and those dealers who had been the busiest, came later in the week to a general footing of dullness. The call for white pine has been somewhat better for building purposes, and there is a slightly improved demand for spruce. The requirements of the cabinet trade are at an end for the present, and box-makers will not create any demand until trade revives in the fall. Michigan lumber is arriving in good quantities, some firms having as many as three boats at the dock daily. We note arrivals of several cargoes, bought at the mills at the lower rates indicated in our previous reports. Dealers have now concluded to get in their supplies, carefully avoiding any possible overstock. Prices are easy and generally weak, as trade must be retained. Spruce is quoted at $14@19, and at extra rates for extra cargoes. The market is well supplied, and although there is an improved demand, there is not sufficient trade to give any great strength to prices. Yellow pine is unchanged and in moderate request, with easier quotations from yard. Hardwoods are dull and without a market, if we except occasional sales of black walnut, which commands a fair price. There seems to be anticipation of better trade after September 1st, when it is expected the market will regain tone and prices will stiffen.

Michigan and Wisconsin Notes.

From the *Lumberman's Gazette* (Bay City, Mich.), August 1:—

The week has been rather more quiet than heretofore, though the shipments show no material falling off from the previous later weeks of the season.

The total shipments from river for the season to July 25, are as follows:

Lumber, ft	254,413,536
Lath, pcs	24.120,500
Shingles	35,119,500
Staves	9.083,208
Hoops	12,885,000
Timber, cubic ft	1,361,500

Prices remain steady at $6, $12, and $35, with occasional variations for inferior lots, but less frequently than heretofore.

Lake freights can not be quoted, there being actually no ruling rates. Shippers watch opportunities and get the lowest rates possible, and carriers take what they can get, and will not report the terms of engagements. A number of barges have laid up here since the first part of the present week, but this is constantly happening. There are some craft which have tied up here two or three times this year, and afterward taken loads at no better figures than were prevailing before.

There has been some slacking up in the shingle trade of late, though for most of the season, as heretofore noted, it has been much better off than lumber. Some transactions are stated at a decline from the old prices.

The special feature of the week in the general market has been the partial development of a demand from Chicago, which bids fair just now to exercise no little influence upon the market during the fall months. From ten to fifteen million feet of lumber have been quietly bought on the river within the past ten days or so by Chicago dealers, who wished to be here before the coming of the regular demand from that market, which they were convinced can not be delayed a great while. A gentleman, well informed of the Chicago market, took especial pains to ascertain the extent of the stock on hand there last week, and satisfied himself that it is fully 40 per cent. below the usual amount at this season. The amount to be got from the mills on the west shore is limited, and it is confidently predicted that Chicago will fall from two to three hundred millions short of her needs from her ordinary sources of supply. To make up this deficiency, the dealers must come to the Saginaw River, and a conviction of this has already forced itself upon some dealers there. Several cargoes lately shipped by parties here have netted well, and nearly all the prospects are favorable from that quarter.

General Western Notes.

From the Dubuque (Iowa) *Herald*, July 27:—

Business in lumber circles last week was in marked contrast with the week previous. Then we had a large number of sales afloat to report, and liberal shipments by rail; last week both fell off. Country buyers failed to put in an appearance, and the market was dull. With all the inactivity the market maintains a firm tone, Lumbermen would rather hold fleets than make any concession in prices to effect sales, and are strengthened in their views by discouraging reports from the pineries. All the tributaries are "dead" low, some of them unnavigable, with sand-bars and "snags" preventing the running of rafts. Nothing is coming out of the Wisconsin, many of the booms on that stream are dry, and the logs having grounded beyond the reach of the saw-mills. The main river is falling from St. Paul down at the rate of 4 inches every 24 hours, a decline that indicates low water in a short time. Taking all these facts into consideration, together with a large falling off in the amount of lumber running for a market, the dealers can well afford to wait and see what time will bring forth.

The sales afloat are small lots No. 1 Chippewa at $12.50; do. standard at $12.75; 500,000 Wisconsin at $13.50; and a small lot of "culls" at $6 per M.

From the St. Louis *Globe*, July 30:—

While there is no apparent change in the city and country business, there seems to be something which impresses operators with the idea of an early improvement, as they announce a stronger feeling in the market, and prospects for better trade increasing. We are glad to hear of the anticipated awakening of this interest, which has laid so long dormant, and should not be surprised when the reaction takes place that it would be proportionate in activity to the intense dullness of the past month or two. It is not our province to prognosticate the future of values, or urge the transaction of business upon our readers, but it strikes us, from the depth to which prices have fallen, and the urgent desire of dealers to sell, added to the almost absolute ability of buyers with money to make their own terms, that this would be a particularly auspicious period to replenish stocks, although it might be slightly in advance of time for actual demand. We would impress upon purchasers in all directions, that St. Louis is offering unusual inducements to secure their patronage, and they should test this market before going to any other. Since our last review we hear of sales, in water, of 635,000 feet pine lumber, Wisconsin, at $21, all cash; 115,000 feet do. do., $15, half cash; and 200,000 feet do. do., $12, half cash.

From the Chicago *Inter-Ocean*, August 3:—

The market remains quiet and easy. The receipts during the week were comparatively light, but still fully equal to the demand. The attendance of buyers was light, neither the city or country interest showing any desire to purchase. The demand for the best grades, however, was fair, all the choice cargoes of strips and boards selling readily at $15@16, while fair to good grades were steady at $12.50@14; common and medium lots dull and easy at $9@12. Joist and scantling quotable at $8.37½@8.75 for common to good grades, and $9 for choice Manistee cargoes. Shingles quotable at $2.60 @2.90 for common to choice "A" sawed. Lath, $1.62½ @1.75, closing quiet and steady.

In the yards the demand was only moderate, trade ruling quiet. Prices were easy but unchanged.

Pennsylvania Notes.

From the Williamsport (Pa.) *Gazette and Bulletin* of July 30:—

The lumber trade still continues dull. For the week closing on the 18th, the shipments from Williamsport foot up 4,413,591 feet, a decrease of 486,536 feet since our last report. There is but little hope for a perceptible improvement in the trade for a month or so, and the best that can be done is to patiently wait for better times.

State Notes.

From the Troy *Times*, July 29:—

There has been but very little movement in the lumber market during the past week. Buyers were scarce, and shipments and receipts small. There seems to be a general feeling, however, that prices have reached the bottom notch, and as soon as any demand arises, an advance will be in order. There is by no means a large stock on hand in this market, and even a moderate trade would soon thin out the assortment. Better times are looked for during the coming month, and more activity generally is expected.

Eastern Notes.

From the Boston *Journal of Commerce*, August 1:—

There is no quotable change in the prices of lumber, neither is there any improvement in the demand. The suburban dealers report but little inquiry, and consequently their purchases are of little account. Arrivals are few, though the market is well supplied with all kinds of stocks. Cargoes sell with great difficulty, and to dispose of them lower prices than those quoted are accepted. This is the state of affairs in nearly all the large lumber markets throughout the country, in all of which the amount of business transacted has been much less than in former years. The call seems to be principally for finishing lumber, but sales of this class of stock are exceedingly small. After the close of the present month dealers anticipate a change for the better, both in the demand and the range of prices.

METALS.—COPPER.—New sheathing is quoted at 33 cents, bolts and braziers 35, bronze and yellow metal 24, and Y. M. bolts 30 cents, net cash. The failure of a firm which has largely controlled the market leaves ingot in a very unsettled condition, with sales of Lake at 20@20¼ cents.

IRON.—The market for Scotch pig is of limited proportions. Sales are made in small quantities at or about our quotation, but concessions would be required for large lots. American pig is dull and dispirited, and hope of a better market seems wearing away. The demand is of the most ordinary character, and suited to the wants of the trade. Rails are quiet, and new are nominal. Scrap is sold in small lots at $35@36 for No. 1. Notwithstanding the advance in the price of manufactured at the mills, store prices remain unchanged.

LEAD.—Pig is neglected, and bar, sheet, and pipe are steady at 22 per cent. discount on the quotation of 8¾ cents for bar, and 9 for sheet and pipe. Tin-lined pipe is steady at 16½ cents—less 10 per cent. to the trade.

TIN.—Pig is nominal and plates are dull, with prices in buyers' favor. Sales have been made of 2,000 boxes charcoal tin at $10@10.12½; sales of coke tin and coke terne have been made on private terms, and we hear of sales of charcoal terne at $9.

ZINC.—Sheet is in moderate request, and steady at our quotation.

NAILS.—Cut are steady at our quotation, and in moderate request. We quote: 10d. to 60d. com-

mon fence and sheathing, ℔ keg, $3.75@3.85; 8d. and 9d. common do ℔ keg, $4.00@4.15; 6d. and 7d. common do ℔ keg, $4.25@4.40; 4d. and 5d. common do ℔ keg, $4.50@4.65; 3d. and 4d. light, ℔ keg, $5.25@5.40; 3d. fine, ℔ keg, $6.00@6.15; 2d. ℔ keg, $6.75@6.90. Cut Spikes, all sizes, $4@4.15; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ℔ keg, $5.90; 4d. and 5d. ℔ keg, $5.15; 6d. and 7d. ℔ keg, $4.90; 8d. ℔ keg, $4.65; 10d. to 60d. ℔ keg, $4.40.

OILS.—Linseed is steady, with a fair demand at 85 @86 cents, from crushers' hands.

PAINTS.—Trade is not as active as it has been, but is thought to be very fair for the season. Prices are firm, with slight variation in the price of American white lead, which is quotably lower. Ultramarine continues in demand, and American quicksilver vermilion is steady and strong at previous quotations.

PITCH—The market is quiet for city, with moderate sales at $2.50, f. o. b.

SPIRITS TURPENTINE.—The demand fell off, and prices weakened considerably, falling off to 34 cents for merchantable. At a later period prices advanced under a moderate demand for consumption, and the market closes with report nominally steady at 35¼@35½ cents, merchantable.

TAR—Has been quiet, with limited sales. We quote Washington and Newberne at $2.75@2.85, and Wilmington at $3.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, AUGUST 5, 1874.]

A meeting of the largest spruce and hemlock manufacturers was held last week, at which it was decided to hold prices firm at our present quotations. This, we think, will be adhered to for the rest of this season. The receipts of spruce and hemlock are moderate, showing a steady falling off as the season advances; all desirable lots are readily picked up.

The receipts of pine are light, and the prospect is that they will so continue. The aggregate receipts of lumber at Albany, by canal, during July, were about 45,000,000 feet, against 70,000,000 feet in July, 1873, of which about 18,000,000 feet were by the Champlain canal.

Some large sales of pine lumber have been made to leading firms, who are stocking up at present prices Stocks are ample and well assorted.

Canal freights from Buffalo to Albany are: $4.25 per M feet for pine, and $5.25 for hardwood; from Oswego, $2.88.

The receipts at Albany by the Erie and Champlain canals during the 4th week of July, were:

	Bds. & Sc'tl'g ft.	Shingles, M.	Tim'r, c. ft.	Staves, ℔s.
1873..	20,517,800	326	....	....
1874..	9,218,200	462	7,500	....

Of the boards and scantling received, 6,173,300 feet were by the Erie, and 3,044,900 feet by the Champlain canal.

The receipts at Albany by the Erie and Champlain canals from the opening of navigation to August 1st, were:—

	Bds. & Sc'tlg ft.	Shingles, M.	Tim'r c. ft.	Staves ℔s.
1873..	156,725,900	2,015	....	3,197,300

SOAPSTONE WASH TUBS.
A MUCH AND LONG NEEDED IMPROVEMENT.
None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francetown Soapstone.
Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry. *They are not affected by hot or cold water. Never crack or leak.*
Cheaper than Wood, and will last a Lifetime.
They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

CHASE'S
PIPE CUTTING & THREADING MACHINE.
This important tool is designed to fill a want long felt by STEAM AND GAS FITTERS and MACHINISTS for cutting and threading pipes rapidly and cheaply. An apprentice boy, with one of these, can do more work than two men with old appliances, under the old system. NO PIPE SPLITTING! NO BEVEL INSIDE OR OUT! It cuts threads and makes nipples for all sizes of pipes, from ⅛ to 2 inches. Weighs only 100 lbs. Stronger than any machine made. A set of collars and lengths for making nipples goes with the machine. Address THE CHASE MANUFACTURING COMPANY,

THE HAYES
SKY-LIGHTS, &c.,
Under patents of 1869, '70, '71, '73, and '74.
In relation to the notice of Charles Sellman, published in these columns, the undersigned states that suit has not yet been commenced against him, though preliminaries have been taken, awaiting only a knowledge on my part of the fact of his having furnished to any person a sky-light under his so-called patents which, if he has ever furnished, he is careful that it shall not come to my knowledge.
The silver medal and diploma of the American Institute fair of 1873 are in my possession, having been awarded to me as the legal and justly-entitled owner.
The cases of Charles Sellman and George E. Dayton (who have both been under my pay and instruction), will receive, in due time, their merits through the proper source, and I am only sorry that unwary persons will, *of necessity, be concerned.*

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

YOUNG'S
DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

Nothing has transpired since our last report to vary the monotony in real estate. In the absence of private transactions, we cannot estimate the feeling of the market, except in the support it obtains from owners who profess, and act up to, their disinclination to sell. The auction sales have been inconsiderable in number, and of no moment in their bearing upon the market. Dullness rules, and prices are still unsettled and nominal.

GOSSIP.

The Commissioners for the erection of a Court-house and Prison building, on the site of Jefferson Market, ask for proposals for mason's, brick-layer's, and stone-cutter's work, bids to be opened on the 18th inst. .... Croton water has been introduced in Sixty-fourth Street, between Eighth Avenue and Boulevard; in Eighth Avenue, between Sixty-third and Sixty-sixth streets; and in 48-inch pipe on Tenth Avenue..... The Commissioner of Public Works reports the following contracts entered into: Eighty-fourth Street, between Avenue A and Third Avenue, and between Fourth and Fifth avenues, paving; One Hundred and Seventy-third and One Hundred and Eighty-third streets, and Kingsbridge Road and Harlem River, under-ground drains; Fifty-seventh Street, between Fifth and Sixth avenues, fencing vacant lots; Thirteenth Avenue, east side, between Twenty-third and Twenty-fourth streets, flagging. Also the following contracts completed; Fifty-sixth Street, from Third Avenue to East River, regulating, grading, etc.; on Thirty-ninth Street, from Seventh Avenue to Broadway; on Twenty-seventh Street, from Fifth to Sixth Avenue; on Fifth Avenue, from Sixtieth to Sixty-fifth Street; on Rector Street, from Broadway to West Street; on Bridge Street, near Broad Street; on Maiden Lane, from Broadway to Pearl Street; on North Moore Street, from West Broadway to West Street.

MARKETS.

From our reports this week it will be seen that the markets, with slight variation, preserve their conditions. Exception might, however, be made in the brick market, which seems to have pretty well come to grief, and for which, as matters now stand, there seems very little hope except in a suspension of manufacture. A careful review of the markets brings us to the conclusion that, apart from possible labor disturbances, there can be no more favorable time to build in point of economy than now. People who expect to turn their resources to the improvement of real estate, and have deferred the execution of their intentions to that period when reviving trade and active business are likely to induce speculation and investment, should take into equal consideration the fact that, under such condition, cost is likely to be enhanced, and if with prosperity better prices are to prevail, the rule will hold equally good with building material. As it is, we think, in connection with the cost of production and existing depression, that the present affords an unusual opportunity, and buildings can be erected more cheaply now than when increased demand relieves the market of surplus stocks and active business excites a trade unembarrassed by forced sales.

Our report is appended:

BRICK.—The market for hard is altogether broken up, it being difficult to accomplish sales at any price short of sacrifice, while the demand at that is too limited to clear out cargoes which have laid over from one week to another until there are several millions awaiting disposition. We are informed that manufacturers now have under very serious consideration a project for shutting down on September 1. They have begun to diminish their already-curtailed production, and it is generally thought that their only resource to save themselves from utter ruin will lie in the proposed suspension. Such action will doubtless rid the market in a very short time of all superfluous material, and will restore a standard of prices reliable for quotation. The demand, however, is not likely to improve, and when manufacture is resumed, even upon very limited proportions, it will not take many arrivals to glut the market. We nominally retain our quotations for hard, but it must be understood that we do so in default of any others. Prices are actually so unsettled that no one attempts to keep the run of them. Goods have been sold for what they would bring rather than for their worth, and thus the market is weak, far removed from our highest quotation and frequently running below our lowest range, with all the dispositions favoring the buyer. Fronts continue in fair request and steady as heretofore quoted. We quote: Pale, ℔ M, $2.25@2.50; Jersey, $5.50@6; Up-river, $5.50@6.50; Haverstraw Bay, $6.00@7.75; Fronts, Croton—brown, $12.00; dark, $13.00; red, $14; Philadelphia, $28.00@32.00; Baltimore, $50@58.

CEMENT.—The market is quiet without transactions of note, and we have no reports of sales. Rosendale is nominally firm at $1.40 from agents' hands, but we believe that our quotation of $1.25 fairly covers the market. Portland is held at $4.50@5.25 per bbl., and Roman at $4.50@4.75.

FIRE BRICK—Are dull and nominal at our quotation.

FOREIGN WOODS.—The market is very quiet, the only exception occurring in rosewood which continues in fair demand. Mahogany is not in request, and cedar is reported particularly dull.

GLASS.—The demand for French window has improved, and prices continue steady and firm. At a meeting of American manufacturers held at Pittsburgh, the Philadelphia list of 1872 was revised and discounts were fixed at 60 and 65. Messrs. Van Horne & Co. report receipt of 12,000 boxes from Antwerp, which is said to be the largest single consignment ever received in this city.

HAIR.—Trade has assumed more limited proportions and the market is consequently quiet, although in view of the fair amount of business transacted during the last month prices are firmly maintained. We quote as to quality as follows: cattle, 18@25 cents, and goat, 21 @28 cents per bushel.

HARDWARE.—Numerous buyers have been in the market with an appreciable effect on trade, which has brightened under the influence of the new demand. Purchases, however, are not large, and it requires a summing up of trade to ascertain the weight of business. Foreign and domestic goods are about equally in request. Discounts are changing and new lists are making, which as they occur and are important enough for report we will mention. Prices otherwise are generally firm.

LATH.—The market is quite bare, and new arrivals are likely to be quickly taken up. Under such circumstances, and the probable increase in demand for finishing buildings now drawing near to completion, prices may stiffen. At present our quotation of $1.60 is the market price.

LIME.—The market is quiet, arrivals being limited and well proportioned to the general conditions of trade. Prices are therefore steadily sustained, and all the cargoes coming forward are quickly placed. State is steady at $1 for common and $1.25 for finishing; Rockland is firm at $1@1.65.

LUMBER.—Trade in all kinds is dull, and much disposition is shown to make concessions. White pine from yard continues in limited request at prices favorable for buyers. Dealers are still receiving from upriver and the West, and are carefully filling up their stocks with a view to preserving the requisite assortments. Spruce is in some little demand from yard for building purposes, but is generally dull and hard to place. Random cargoes are quoted at $14@18, and ordered schedules at $18@21. Yellow pine is in very limited request and dealers are buying sparingly. The stock of dry flooring is said to be nearly exhausted, and prices are, in consequence, said to be advancing. We have reports of sales of 150,000 feet from yard at $34, and of 40,000 feet at $40. We quote ordered schedules at $29@31. Timber is quoted at $20@25 for hewn. Resawn is quoted at $24@27 for random and $26.50@32.50 for ordered schedules. Hard woods continue dull, and until the demand for cabinet purposes arises are likely to remain quiet. The market is apparently settling into the belief that while better business may naturally be expected from the necessities of general fall trade and the awakening of various industries dependent thereon, no great results will ensue. The building demand will be very limited, and the best efforts will hardly achieve more than a moderate and conservative trade.

Michigan and Wisconsin Notes.

From the *Lumberman's Gazette* (Bay City, Mich.), August 8:—

There is nothing new to report in the lumber market this week. The shipments continue about the same, with some increase, however, last week over the previous week, which was rather exceptionally short. Prices are maintained as before, $6, $12, and $35, and there is a growing feeling that the demand must soon improve.

Lake freights continue at the very lowest notch, and there is actually no established rate. Charters are at $1.50 to Buffalo, and even less is sought.

From the Milwaukee *Sentinel*:—

A continued dullness is the only feature that characterizes the trade. Buyers take hold with extreme caution, and sales have been effected only at shaded prices. We quote: scantling and joist, ordinary, $8; Manistee and Luddington, $2.25@8.75; common strips and boards, $9@10; medium, $11@13; extra to choice, $14 @17; shingles, star "A," $2.62½@2.85.

General Western Notes.

From the St. Louis *Republican*:—

In the followiug circular Messrs. Berthold & Jennings review the lumber trade of the city in the past week:

There is nothing but general depression to note in the local lumber market and little or no variation in quotations. Yards are endeavoring to do a conservative business, but the temptations to sell even at shaded rates are not resisted, and every opportunity is made available. White pine moves slowly and remains very quiet. We note sales of 300,000 feet Wisconsin at $15.25, and about 500,000 feet at $17.50; also 300,000 feet mostly dimension at $11@12.

Nominal quotations are $12 to $23 for Wisconsin and $12@14 for Minneapolis, and Chippewa shingles are unsettled and quotable at $3.40 to $3.60; lath very dull at $2.25 to $2.50 but steady; levee and depot operations retain their usual tone and are exceedingly meagre with nothing indicating a change for the better soon; receipts have continued much in excess of capacity of market to absorb, and consequently do not meet with ready sale.

YLLLOW PINE—Dry flooring boards and strips are dull and selling very slowly at $25@26 for first and second clear, with the majority of sales at former figures; common or third rate $13 to $14; mill-run dimension $13, with no demand.

BLACK WALNUT—Dull and no inquiry excepting for choice boards; common to fair requires much exertion to make sale, and no regular prices can be given. We quote common nominally at $20; fair, $25 to $27.50; good, $35 to $37; choice, $40 to $45; table legs, 14 cents to 20 cents per set. Receipts moderate.

POPLAR—Very little doing and no demand to speak of. We quote mill-run boards and strips $15 to $17; for first and second clear $20 to $22; chair plank, $18 to $20.

ASH—Little wanted and receipts light, selling in small way at $23 to $25 for good.

OAK AND HICKORY—Prices for former range from $15 to $35, according to quality, &c.; latter quotable at $25 to $35 for axles. Inquiry limited and sales small.

CEDAR—We quote fence posts $23 to $30 per hundred; hewn timber $23 to $25; sawed $27 to $30. Orders higher. Not much request.

From the Chicago *Inter-Ocean*, August 11:—

The market was again in a very unsatisfactory condition. The attendance of buyers was limited, and the offerings, although light, proved excessive when compared with the demand. Prices were nominally weak and easy at $8@8.50 for joist and scantling, and $8.50@16 for poor to really choice grades of strips and boards. Shingles quotable at $2.60@2.90 for common to choice. A sawed lath, $1,62½; pickets, $8. The outlook is certainly not favorable, although it is hardly probable or possible that the market will be in a worse condition. Closing dull, with several cargoes unsold.

In the yards trade was only moderate. A steady feeling prevailed, and quotations were tolerably well maintained.

From the Dubuque (Iowa) *Herald*:—

Low water and the harvesting season begins to tell upon the lumber market decreasing sales ashore and afloat. Low water is the most discouraging feature the trade has to encounter. All the upper tributaries, the Wisconsin, Chippewa, Black, and St. Croix rivers—the principal feeders of the river markets—are unusually low, and nearly all past a rafting stage. The Wisconsin has not been so shallow in five years, and rafts are tied up all along that stream for a reviving market and more water. A fleet, rafted light, reached this city to-day from the Wisconsin River, having been thirty-two days on the way from Grand Rapids; eight large fleets are held on that stream, some of them unable to run out; all the upper rivers are similarly conditioned, and the result is that very little lumber is running, and less are to come. This condition of affairs has changed the tenor of the market. From St. Louis to this point we hear of a better inquiry, which although not resulting in purchases in every case, shows a disposition to operate. One point is past contradiction—bottom prices have been reached, and nothing can be made by holding off any longer. Knapp, Stout & Co. have advanced their grade of Chippewa 50 cents per M, and hold at $13 afloat; sales afloat of good Wisconsin have also been made at 50 cents advance. The supply of lumber offering in the water is very light at present, consisting only of a few small fleets outside of what dealers hold.

Knapp, Stout & Co. added 1,250,000 feet to stock afloat, the only arrival on regular dealers' account.

Regular dealers have little to report. Reed sold 250,000 good Wisconsin in lots to country buyers at $14, offered two weeks ago at 50 cents less; also 100,000 common Chippewa at $11.50.

From the Chicago *Inter-Ocean*, August 8:—

Lumber remains in a most unsatisfactory condition to sellers, and to all parties concerned. The market is now almost at a stand-still, there being several cargoes on sale that arrived last Monday and Tuesday. The attendance of buyers is light, and the few present do not show any special desire to purchase. The country trade prefer to buy from city yard dealers, as they can purchase from them on time and in smaller quantities. Prices are easy but without any material change. Joist and scantling quotable at $8 25@8.50, although it would require very choice grades to bring the outside quotations. Strips and boards quotable at $8.50@16 for coarse common to choice grades. Shingles, $2.60@2.90. Lath, $1.62½. The yard trade was fair, and the market was steady and firm.

State Notes.

From the Troy *Times*, Aug. 6:—

During the past week there has been more selling than for several previous weeks. The impression seems to have got abroad that the lowest point in the market for the season is reached, and those in want of lumber are beginning to supply their needs. Receipts still continue light, and the effect of the reduction of the manufacture of lumber is already perceptible. From all manufacturing points comes the same news of diminished production or complete shutting down of mills. The meeting of lumbermen at Ottawa last week resulted in the formation of a permanent organization of manufacturers, and in the interchange of opinion as to the best means of curtailing excessive production of lumber and saving the forests from wanton destruction. The stock of lumber on hand at this time is not large for the season, and will not be increased this year.

METALS.—COPPER.—Manufactured continues nominally steady at old rates, but trade is not active, and it is possible that prices will be weaker. Ingot is depressed, selling at 19@19½ cents per pound.

IRON.—Scotch pig is selling only in lots at retail from yard, and there are no reports of large transactions. Stocks are light; American pig continues dull, and low prices still rule without any present prospect for improvement. New rails are rather quiet, although transactions are reported on private terms. Old are said to have more business. Scrap is in limited demand from yard; sales of 1,000 tons for future delivery on private terms are reported. The demand for manufactured is limited, but quotations are steady.

LEAD.—Foreign pig is quiet and nominal, and domestic is steady with reported sales at $5.75, gold. Manufactured is steady at our most recent quotation of 22 per cent. discount on sheet, bar, and pipe, and 10 per cent. on tin-lined pipe.

TIN.—Pig is neglected and nominal at 25@25½ cents for Banca, 22½ for straits; L. and F. 21, and refined English 21¾, gold. Plates are dull with weaker tendencies. No sales have been reported, and quotations are nominal.

ZINC—Is steady at our lowest quotation.

NAILS.—Cut are unchanged. The market is not active, and we quote: 10d. to 60d. common fence and sheathing, ₩ keg, $3.75@3.85; 8d. and 9d common do ₩ keg, $4.00@4.15; 6d. and7d. common do ₩ keg, $4.25@4.40; 4d. and 5d. common do ₩ keg, $4.50 @4.65; 3d. and 4d. light, ₩ keg, $5.25@5.40; 3d. fine, ₩ keg, $6.00@6.15; 2d. ₩ keg, $6.75@6.90. Cut Spikes, all sizes, $4@4.15; Finishing, Floor, Box, Coopers, Slating, and Brad Heads: 3d. (Slating), ₩ keg. $5.90; 4d. and 5d. ₩ keg, $5.15; 6d. and 7d. ₩ keg, $4.90; 8d. ₩ keg, $4.65; 10d. to 60d. ₩ keg, $4.40.

CLINCH NAILS.

$6.50@8.00.	$6.00.	$5.75	$5.50 ₩ keg.

OILS.—Linseed is very firm at 85@86 cents from crushers' hands. Resales are reported at 84 cents.

PAINTS.—Demand is fair, although trade has diminished in its proportions. Dealers, however, profess themselves generally satisfied with the results of the season's business. Prices are generally steady. Vermilions have advanced.

PITCH—The market is quiet but steady, at $2.62½ for city, f. o. b.

SPIRITS TURPENTINE.—The market improved in feeling, and prices advanced to 36½ cents, but under later influences became weaker, and closed steady at 36 cents for merchantable.

TAR—Is in good demand, and prices have strongly advanced, but stocks are light and transactions are consequently restricted. We quote Newbern and Washington at $3.75@4, and Wilmington at $4.25@4.50.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, AUGUST 12, 1874.]

There is not any change to note in the prices of lumber, neither is there any improvement in the demand; sales are being made from time to time, and in some cases of round lots to cash buyers, who have idle funds. The impression appears to be very decided that prices will not go lower, and the indications, as presented by the outside markets, lead many to look for a decided advance in prices about the first prox. Box, 1¼-inch, is scarce, and parties having that in stock are holding it with much firmness; other descriptions of lumber are in good and well assorted supply. The deliveries from the Champlain Canal, the past week, it will be noted, are nearly equal to those from the Erie Canal. Does this indicate that the production of coarse lumber has not been curtailed? Lumber freights from Buffalo are higher.

At Chicago, the reported receipts of lumber, by lake, to the 4th of August, were 551,549,000 feet, against 575,855,000 feet the year previous; the shipments from Jan. 1st, are 321,200,000 feet against 306,602,000 feet the previous year.

Canal freights from Buffalo to Albany are higher: $5 per M feet for pine, and $6 for hardwood; from Oswego, $2.88.

The receipts at Albany by the Erie and Champlain canals during the 1st week of August, were:

	Bds. & Sc'tl'g ft.	Shingles, M.	Tim'r, c. ft.	Staves, lbs.
1873..	15,195,600	438	....	....
1874..	13,397,600	120	....	....

Of the boards and scantling received, 7,068,400 feet were by the Erie, and 6,329,200 feet by the Champlain canal.

The receipts at Albany by the Erie and Champlain canals from the opening of navigation to August 8th, were:—

A GOOD INVESTMENT

EVERY PRUDENT MAN, CAREFUL OF THE health and comfort of his family, should see to it that his drinking water is conveyed through TIN-LINED LEAD PIPE, which is a perfect safeguard against lead poison. Tin-lined Lead Pipe is strong, durable, flexible, and easy soldered. It is a great benefit to the community, and enhances the real value of every house in which it is introduced. It is cheaper than Lead Pipe, when strength and durability are considered. Sold by the COLWELL LEAD CO., 213 Centre St., New York. Price, 16½ cts. a pound for all sizes. Descriptive pamphlets sent by mail free. Also, manufacturers of Lead Pipe, Sheet Lead, Block Tin Pipe, Bar Tin, Pig Tin, Bar Lead, Pig Lead, Solder, &c. Orders filled at sight.

TRANSFER GRAINING.

THE ONLY COMPLETE PROCESS OF GRAINING EVER INVENTED.

Its practicability and utility are fully established by the 350 Licenses and Machines in use.

It copies exactly ALL NATURAL WOODS; also, ASSUMED DESIGNS ETCHED OR ENGRAVED ON WOOD, GLASS, OR METALS.

The process is so simple and complete that Panels of all sizes and shapes can be grained, so that unskilled labor can be employed. The American Institute awarded us the HIGHEST PREMIUMS for it in 1872 and 1873.

For Circulars, Samples, and References, apply to

CROSS & BASTINE, 132 West Broadway, N. Y.

Caution.—All persons buying a Graining Machine in which a smooth elastic surface is used, are hereby notified that we are the inventors and owners of Letters Patent pertaining to and fully covering this process. We shall hold all parties responsible by suit who purchase of one John Johnston, offering for sale a smooth elastic surface for transferring configurations or graining, or any one unauthorized by us. Suits have been commenced against Edward W. Baxter & Co. and others for infringing. We shall prosecute all parties found using or vending, to the full extent of the law. SOAPSTONE WASH TUBS.
A MUCH AND LONG NEEDED IMPROVEMENT.
None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francetown Soapstone.
Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry *They are not affected by hot or cold water. Never crack or leak.*
Cheaper than Wood, and will last a Lifetime.
They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

CHASE'S
PIPE CUTTING & THREADING MACHINE.
This important tool is designed to fill a want long felt by STEAM AND GAS FITTERS and MACHINISTS for cutting and threading pipes rapidly and cheaply. An apprentice boy, with one of these, can do more work than two men with old appliances, under the old system. NO PIPE SPLITTING! NO BEVEL INSIDE OR OUT! It cuts threads and makes nipples for all sizes of pipes, from ⅛ to 2 inches. Weighs only 100 lbs. Stronger than any machine made. A set of collars and lengths for making nipples goes with the machine. Address THE CHASE MANUFACTURING COMPANY,

THE HAYES
SKY-LIGHTS, &c.,
Under patents of 1869, '70, '71, '73, and '74.
In relation to the notice of Charles Sellman, published in these columns, the undersigned states that suit has not yet been commenced against him, though preliminaries have been taken, awaiting only a knowledge on my part of the fact of his having furnished to any person a sky-light under his so-called patents which, if he has ever furnished, he is careful that it shall not come to my knowledge.
The silver medal and diploma of the American Institute fair of 1873 are in my possession, having been awarded to me as the legal and justly-entitled owner.
The cases of Charles Sellman and George E. Dayton (who have both been under my pay and instruction), will receive, in due time, their merits through the proper source, and I am only sorry that unwary persons will, *of necessity, be concerned.*

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

YOUNG'S

DIAMOND SAW MACHINES

FOR

SAWING STONE,

AWARDED

THE GREAT MEDAL OF HONOR

OF THE

American Institute, 1872.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized. No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

ILLUMINATING ROOFS

HYATT BROTHERS,

PATENTEES AND MANUFACTURERS OF

Patent Vault Lights and Illuminating Tiles

OF EVERY DESCRIPTION.

The Illuminating Roofing Tile,

Represented by the cuts, is intended to take the place of the rough plate-glass sky-lights heretofore in general use, and will relieve of the constant annoyance from leakage and the danger from breaking experienced in the use of sheet-glass. Our new Tile is suitable for Dwelling-houses, Stores, Arcades, Railroad Depots, &c., &c., and can be laid in either iron or wooden frames. The cheapest and best sky-light made. Send for descriptive and illustrated pamphlet.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

Earlier in the week the market was devoid of interest, nothing occurring through private or public transactions to evoke comment. At a later day the sale of lots fronting on and in the vicinity of the Seventh Avenue Boulevard, although under the stress of legal proceedings in foreclosure, indicated sacrifices insufficient to break the apathy of the market. A partition sale of real estate, located at Corlears Hook, excited no competition, and the property was taken up by heirs upon apparently preconceived arrangement. The aggregate of prices secured largely exceeds that of the week preceding, but this is due to the partition sale above noted. It will be seen, therefore, that the market preserves its conditions, and it seems hardly probable that the fall season will be distinguished by any special activity aside from the limited movement excited by the demands of people about to resume city life. It is not likely that further weakness will ensue, as owners have come to a very general conclusion to hold, and will persist in this resolution as long as the means and opportunity are afforded them. Prices are still nominal, and uncertain. We anticipate an advance in asking, which, while indicating the temper of owners, will, in default of sales, bring no conclusions. Whatever change may occur we conclude must be for the better, as values have reached too low a point to warrant further concessions.

MARKETS.

From various sources we gather that the prospect for active general trade has not developed as fairly as was expected, and that the rose-colored hopes of sanguine men in mercantile life have blended with shades of disappointment, largely detracting from their brilliancy We have not at any time assumed, nor do we now expect during the fall season, that bustling activity indicative of common prosperity. We have held that, whatever the results of general traffic this fall, the specific branches of trade within our report must wait, and that even with very favoring circumstances another season in the coming year must bring the budding promise of life to the building markets. We incline to this opinion more rigidly, and while we do not believe that the material prosperity of the country will fail or be succeeded by universal ruin, we are convinced that haste must be made more slowly and that time must recover the energies which have wearied under the pushing influences of the war. In our review for this week we find no new indications, except the ordinary movement in branches of trade which usually resume activity at this season. Even this movement is not urgent. Business is still confined to narrow limits, beyond which at present it promises no swollen volume. Weakness pervades mostly all of our markets. A few retain strength, held by that tension which diminishes production and keeps the product from our doors. For the future we have faith and hope, but patience is the ruling virtue of the markets, and in its practice we may gather greater good.

Our review in detail is as follows:

BRICK.—The market for hard has become steadier, and stocks have been reduced during the week. All this because manufacture at Haverstraw Bay was suspended on Saturday last, to enable workmen to participate in a religious holiday. No boats were loaded, and as no arrivals occurred on Monday, the earlier call of the week came upon the goods previously in market, and, although they were not cleaned out, the movement was enough to settle quotations until new or pre-existing conditions of trade compel us again to change them. The market is still, and is likely to continue, in that state in which very slight influences will turn it. A momentary suspension of demand would break the market, or an unfavorable wind, delaying arrivals, would effect a stronger quotation. At the best, it is weak, and hangs in the scale with a positive downward inclination, which can only be overcome by the decided action of manufacturers. We vary our quotations to meet, as nearly as possible, current prices, which are not, however, so positive that goods cannot be bought a little off from quotation. We believe, however, apart from exceptional transactions, that we fairly indicate the range, quality considered, and that sales occur most frequently at or near our lowest figures. Front brick continue unchanged, and steady. We quote: Pale, ℔ M, $2.25@2.50; Jersey, $5@5.50 Up-river, $5@5.50; HaverstrawBay, $6.00@7.50; Fronts;

Croton—brown, $12.00; dark,$13.00; red, $14; Philadelphia, [$28.00@32.00; Baltimore, $50@58.

CEMENT.—Rosendale is nominally firm at $1.40 for export orders, which are said to be plentiful; but for city and near-by trade there is a very limited demand, and our quotation of $1.25 per bbl. is, we believe, the most reliable, and upon which the most business is done. At the same time, the market is not exceedingly strong, and we know of sales that have occurred under that price. Portland is in very limited request, with small sales at $4.50, and is quoted generally at $4 50@4.75 per bbl. Other quotations are unaltered.

FOREIGN WOODS.—Trade is generally less active, but mahogany and rosewood continue firm in price. There have been few sales of cedar, which is in very indifferent request.

GLASS.—French window is in active demand, and prices are firmly maintained. The market, otherwise, is dull, and English sheet and polished plate continue nominal.

HAIR.—Trade shows some improvement, compared with business for the earlier part of the month, but is not so brisk as to be called active. There is slight indication of unsteadiness on the part of some dealers, who seem inclined to realize on their stocks at a sacrifice, but as yet prices are unchanged, and we quote, as to quality, cattle at 18@25 cents, and goat at 21@ 28 cents per bushel.

HARDWARE.—Trade seems improving daily, to an extent encouraging for fall trade. Domestic goods are in fair demand at generally well sustained prices, although some concessions have been made. Foreign goods are active, and English are improving in demand. Some new lists have been offered, and in a few of them we note a decline. The Russell & Erwin Manufacturing Company's list of real bronze hardware shows a decline of 10 per cent. on lava goods. Their discounts on all goods in the list, excepting lava door knobs, escutcheons, and shutter knobs, is 20 per cent., net cash. Lava door knobs, escutcheons, and shutter knobs, 10 per cent., and 2 per cent. additional from all bills paid within thirty days from their date. We note a discount of 30 per cent. on Rowland's shovels, before 20 and 10. Locks continue firm. Brass and copper goods are in good demand, and prices appear steady, the influences which overcome the metal market, seemingly not extending as yet to manufactured goods, coming within the scope of this market. Tin goods are dull.

LATH.—We have heard of only one arrival of Eastern, and that limited to 200,000, which were doubtless absorbed at once, if not previously sold. The price is yet unknown to us, otherwise we might be called upon to revise our quotation. The market is quite bare, and we quote nominally at $1.60@1.65. Arrivals will probably excite the market, as goods are wanted, and an advance of 10 or 15 cents per M may be expected when sales occur.

LIME—Is steady at old figures. Arrivals are restricted to the smallest limit, and the market is kept bare enough to take up all that comes in. State is held at $1 for common, and $1.25 for finishing. Rockland remains firm at $1.15@1.65.

LUMBER.—Apathy pervades the market, except where special offerings of a very desirable character can be had upon favorable terms. Such cases are rare, however, and the general feeling is one of dullness. White pine differs nothing from previous report, prices remaining ostensibly the same, while much allowance is to be made for the chances of trade. Eastern spruce is in small request, and is quoted at $14@15.50 for random cargoes, and at $18 for extra sizes. Ordered cargoes of extra dimensions would probably bring $19, and are so quoted. Yellow pine is generally dull. From the best information attainable, we quote resawn timber as to sizes and lengths as follows: Random, dull, at $24 @26.50; ordered, $26@30. Hewn timber average 12x12, average 35 feet long, $20@21. Hewn timber, average 1,200 feet contents, $27@28. Other quotations are as follows: Heart flooring 5-4, dry, $32; green, dull at $26 @28; heart flooring, merchantable, dry, $28@29; green, dull at $25; merchantable dry sidings, $23.50@24.00. Hardwoods are inactive, and; prices are generally nominal. Trade at the yards is quiet, a little doing at times, but not enough to be taken largely into account. While considerable hope and much expectation is based upon the demand to arise from fall business, and some confidence is expressed in a stronger market and better prices, no one seems sufficiently assured to enter largely into purchases, and stocks are still carefully scrutinized and assortments are graduated to the lowest point consistent with the experiences of the year, and of the probabilities and not possibilities of the future. The export trade has fallen away to nothing, and we hear of no sales of that character. From a trustworthy source we learn that the charters from Montreal for the portion of the year just elapsed are about 90 per cent. less than for 1873, ending with May. The West Indian and South American markets have been surfeited with lumber, or the conditions of trade have been such as to forbid shipments. The Cuban demand has been declining, and is now cut off, with no probability of resumption until the disturbances in the island cease, and the work of rehabilitation is begun. All these circumstances, and the depressing influences which surround real estate and envelope building, do not point to any great activity or improvement in our market beyond the results arising from the demands of general trade, which, however large, fail to compensate for the life excited by building improvements. These influences must more or less pervade all the lumber markets of the country, and, although under the spasmodic influences of fall trade, prices may vary and become stronger, we cannot believe that manufacturers at the present rate of production will be able to keep up their prices, or that this market will bear the strain of sustaining quotations unsupported by the demands of either necessity or speculation.

General Western Notes.

From the Chicago *Inter Ocean*, Aug. 18:—

There is as yet no prospect of any improvement in the wholesale lumber trade. The offerings were only moderate, but as compared with the demand they were excessive. A few buyers put in an appearance early in the day, but they were not at all anxious to purchase, and sales dragged slowly throughout. Prices were weak, and easy, but without any quotable alteration. Joist and scantling quotable at $8@8.25, and strips and boards at $8.50@16. It is difficult to obtain correct quotations, as sellers are not willing to make their sales public. Closing dull, with a comparatively large number of cargoes unsold. In the yard trade was quiet. Prices were easy, and in buyers' favor, but without any quotable alteration.

Michigan and Wisconsin Notes.

From the *Lumberman's Gazette* (Bay City, Mich.), August 15:—

The movement of lumber continues very slow, and there is no material improvement in the demand. There are, of course, constant inquiries by buyers, but many of these are for small lots or specialties of one kind or another, and some are looking for terms which manufacturers are not willing to give. However, it may be said, as to the latter point, that the belief seems to be pretty general that the bottom has been reached, both in the price of lumber and carrying rates, and advises from the East represent a more promising feeling. The end of the log supply is near at hand, and some mills have already shut down, while others are only waiting to reduce their logs to the capacity of the booms, preferring, of course, to carry over logs rather than lumber. The conditions would seem to bring a better business, certainly. When a staple article can be bought at the bare cost of manufacture, and transported to market at less than carriers say it costs, there can be no risk in investing in it. The very general movement throughout the lumber districts to cut down operations in the woods next winter also favors the prospect of a better market soon.

The Tittabawassee Boom Company rafted out to August 1st a total of 1,130,262 pieces, equal to about 200,000,000 feet. According to the best estimates last spring, this would leave about 30,000,000 feet to come this year. The shore streams are also getting well emptied of logs.

Prices remain at $6, $12, and $35, with concessions on inferior lots. We note sales, at the above rates, of 250,000 by S. H. Webster & Bro. to Gelfrie & Simpson, and of 500,000 feet by Moore, Smith & Co. to Cincinnati parties.

METALS.—COPPER—Manufactured is unsettled, and prices are irregular, and we quote nominally as follows: New sheathing 30@31 cents per lb.; bolts and braziers, 32@33; and nails, 37@38 cents. Yellow metal sheathing and bronze, 22@23; bolts, 30; and nails, 23@24 cents. Ingot is dull, with sales at 19@19¼ cents, the asking price being 19½.

IRON.—Scotch pig is moving only in small parcels on a demand for present necessities. Stocks are limited, and prices are steady. American pig is inactive and weak. Rails and scrap are dull and nominal. Refined bar is in moderate demand.

LEAD.—Pig is not in demand, and prices are nominal. Manufactured is quoted at 8¾ cents for bar; 9 cents for sheet and pipe, less 22 and 2-9 per cent. Tin lined pipe, 16½ cents, less 10 per cent. to the trade.

TIN.—Pig continues depressed. Straits is held at 22¼@22½ cents. Plates are dull.

ZINC—Is in moderate demand, with very little domestic in market.

NAILS.—Cut are steady at former prices, and we quote: 10d. to 60d. common fence and sheathing, ₱ keg, $3.75@3.85; 8d. and 9d common do ₱ keg, $4@4.15; 6d. and 7d. common do ₱ keg, $4.25@4.40; 4d. and 5d. common do ₱ keg, $4.50@4.65; 3d. and 4d. light, ₱ keg, $5.25@5.40; 3d. fine, ₱ keg, $6@6.15; 2d. ₱ keg $6.75@6.90. A GOOD INVESTMENT

EVERY PRUDENT MAN, CAREFUL OF THE

health and comfort of his family, should see to it that his drinking water is conveyed through TIN-LINED LEAD PIPE, which is a perfect safeguard against lead poison. Tin-lined Lead Pipe is strong, durable, flexible, and easy soldered. It is a great benefit to the community, and enhances the real value of every house in which it is introduced. It is cheaper than Lead Pipe, when strength and durability are considered. Sold by the COLWELL LEAD CO., 213 Centre St., New York. Price, 16½ cts. a pound for all sizes. Descriptive pamphlets sent by mail free. Also, manufacturers of Lead Pipe, Sheet Lead, Block Tin Pipe, Bar Tin, Pig Tin, Bar Lead, Pig Lead, Solder, &c. Orders filled at sight.

TRANSFER GRAINING.

THE ONLY COMPLETE PROCESS OF GRAINING EVER INVENTED.

Its practicability and utility are fully established by the 350 Licenses and Machines in use.

It copies exactly **ALL NATURAL WOODS**; also, ASSUMED DESIGNS ETCHED OR ENGRAVED ON WOOD, GLASS, OR METALS.

The process is so simple and complete that Panels of all sizes and shapes can be grained, so that unskilled labor can be employed. The American Institute awarded us the HIGHEST PREMIUMS for it in 1872 and 1873.

For Circulars, Samples, and References, apply to

CROSS & BASTINE, 132 West Broadway, N. Y.

Caution.—All persons buying a Graining Machine in which a smooth elastic surface is used, are hereby notified that we are the inventors and owners of Letters Patent pertaining to and fully covering this process. We shall hold all parties responsible by suit who purchase of one John Johnston, offering for sale a smooth elastic surface for transferring configurations or graining, or any one unauthorized by us. Suits have been commenced against Edward W. Baxter & Co. and others for infringing. We shall prosecute all parties found using or vending, to the full extent of the law. SOAPSTONE WASH TUBS.
A MUCH AND LONG NEEDED IMPROVEMENT.
None More Simple & None so Durable.

We are now manufacturing in this city to order, Wash Tubs and Sinks of the celebrated Francctown Soapstone.
Of the annoyance, costly repairs, and filthiness of our present wash tubs the public need not be told—experience has taught them. The superiority of them over wood is, they do not absorb the wash water and slops, consequently preventing that *disagreeable odor* in the house. They are easily kept sweet, clean, and dry *They are not affected by hot or cold water. Never crack or leak.*
Cheaper than Wood, and will last a Lifetime.
They only need to be seen to be appreciated. All interested we invite to call and examine them at our warerooms.

PIPE CUTTING & THREADING
MACHINE.
This important tool is designed to fill a want long felt by STEAM AND GAS FITTERS and MACHINISTS for cutting and threading pipes rapidly and cheaply. An apprentice boy, with one of these, can do more work than two men with old appliances, under the old system. NO PIPE SPLITTING! NO BEVEL INSIDE OR OUT! It cuts threads and makes nipples for all sizes of pipes, from ⅛ to 2 inches. Weighs only 100 lbs. Stronger than any machine made. A set of collars and lengths for making nipples goes with the machine. Address THE CHASE MANUFACTURING COMPANY,

THE HAYES
SKY-LIGHTS, &c.,
Under patents of 1869, '70, '71, '73, and '74.
In relation to the notice of Charles Sellman, published in these columns, the undersigned states that suit has not yet been commenced against him, though preliminaries have been taken, awaiting only a knowledge on my part of the fact of his having furnished to any person a sky-light under his so-called patents which, if he has ever furnished, he is careful that it shall not come to my knowledge.
The silver medal and diploma of the American Institute fair of 1873 are in my possession, having been awarded to me as the legal and justly-entitled owner.
The cases of Charles Sellman and George E. Dayton (who have both been under my pay and instruction), will receive, in due time, their merits through the proper source, and I am only sorry that unwary persons will, *of necessity, be concerned.*

Magrath's Copper Sash-Chain.

Patented 21st March, 1871.

Is adapted to ordinary round pulley, and strong enough to suspend weights of any size required.

Being intended as a substitute for sash-cord, it can be put into sashes now provided with cord without any change of pulleys. The inventor feels confident that experience will prove his chain to be both economical and durable, besides doing away with the constant annoyance and expense attending the use of sash-cord.

YOUNG'S
DIAMOND SAW MACHINES
FOR
SAWING STONE,
AWARDED
THE GREAT MEDAL OF HONOR
OF THE
American Institute, 1872.

HUGH YOUNG, Stone Cutter, and Manufacturer of Diamond Saw Machines, solicits orders in both branches of his business.

In Stone Cutting he hopes to receive a fair share of the trade of the city, believing that his business, as organized, combines as many advantages of experience, tastefulness, and mechanical facilities as can be found.

His Diamond Saw business is also thoroughly organized No invention for preparing stone for the Building Trade has ever been so well and promptly received as this. As economists of room, stone, labor, and power, these machines are unrivalled. They are without practical drawbacks, easily kept in order, and have extraordinary range of usefulness and value.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.
