MARKETS.

Commerce generally is dull and hopes of reviving trade seem deferring to this influence. Building materials are in greater demand, as might be expected with the advancing season, and we are of opinion that trade in this direction, with perhaps a few exceptions in detail, is much better than it was last year. Still, compared with transactions dating three years ago, business is small and its proportions are reduced probably sixty per cent. There is the same easy feeling in money that we have noted all along for several months, and investments in directions tending to operate upon the building markets are too few and limited to excite particalar activity. Prices are quite steady, and indeed the general character of trade is as we have outlined it for weeks past.

The Building Material Company has closed its affairs and has transferred its stock and business to Messrs. Rowe & Denman, both of whom were connected with the old business, the former being favorably known as its superintendent. The new firm will doubtless merit all the patronage that can be given to it.

The following is our report of the markets in detail:

BRICK.—There have been larger arrivals, and the quantity of brick coming into the market for the past week was about 12,000,000. Sales have been good and prices were well sustained notwithstanding that there were three millions in the market upon one day. The demand is strongest and quite active for medium grades. Prices are substantially the same as last quoted, although some very good salmon brick sold as high as $4 @4.50. We quote: Pale, ₱ M, $3; Jersey, $6@6.50; Long Island, $7; Up-river, $6@7; Haverstraw Bay, $7.25 @8; Fronts, Croton—brown, $12@13; dark, $13@14; red, $14@15; Philadelphia, $28@32; Baltimore, $50@56. Yard prices, delivery included, $2@3 higher.

CEMENT.—Rosendale is quoted steady at $1.30 cash, but sales have been made at $1.25. We note sales of Portland at $3.90@4 ex-vessel. Roman is quoted at $4 @4.50.

GLASS.—Trade is slow and the market is consequently quiet. Prices are firm notwithstanding full stocks, and discounts are steady as follows: French window, 40 and 10@40, 10, and 5; English sheet, 20@ 10, and polished plate 15 per cent.

HARDWARE.—The market, although not rushed with activity, is doing very fairly, and trade continues very good at quite steady prices. There has been an advance in the price of manufactured copper and O'Neil's patent planished is quoted as follows:

14x48.

14 and 16 oz. and heavier..37c. ₱ lb.—by the case .36c.
12 oz., and lighter.....40c. " — " ..39c.

BOILER SIZES.

(And all sizes not over 20 inches wide.)

30x60.

14 and 16 oz. and heavier, 41c.—12 oz.....44 c.
Planished brass 2 cents less.

LATH.—There have been few arrivals since our last report and none for the greater portion of the week. Prices are steady as previously quoted, and we note sales of about 3,000,000 at $1.60.

LIME—Is somewhat dull, and although arrivals are not excessive the demand for the past week has not been great enough to absorb all that has come into the market. State is quoted steady at $1.10 for common and $1.40 for finishing. Rockland common is held at $1.25 and finishing at $1.60@1.65 per bbl. Yard prices are 25 cents per bbl. additional.

LUMBER.—The local demand for building purposes is still very limited and trade is generally dull, involving many concessions, quotations remaining nominally the same. In other particulars the yards are doing enough to keep them going, although the requirements of general business are much restricted and fall largely short of past experiences for the time of year. The export demand is restricted, white pine shipping in small quantities and quoting as before. Yellow pine is dull, and sales are said to have been made at lower rates than the average of the market can afford. Spruce has met with better business chiefly because of lower prices entailed by abundant offerings, but the demand after all is small. There have been sales of about 1,000,000 feet at $15@18. We quote generally at $15@19.

Michigan and Wisconsin Notes.

It is estimated that 25,000,000 feet of new logs are already in the upper booms of the Ean Clare River, and the logs are said to be "running nicely."

The lumber cut on the Muskegon River and branches this season will be over 250,000,000.

The *Republican and Leader* says from 80,000,000 to 100,000,000 feet of logs are between McGilvary's and Ooalaska in Black River, Wisconsin.

The Black River Fall's *Gazette* says that at least 100,000,000 feet of logs have passed down Black River, and that logs have been running rapidly and to the satisfaction of loggers.

From the *Lumberman's Gazette*, May 1:—

There is nothing new to report in the lumber market except that the prospects for the coming out of last winter's log crop in Michigan are of course damaged by each day of dry weather. East and west of this point the drives have been and are still prosperous and successful, but in this State the lumbermen have thus far met with nothing but disappointment this season. On the brief freshet at the break-up there were run into the Tittabawassee River about 30,000,000 feet, it is estimated—about one-fifth of what has been calculated upon from that river. Other streams are in the same or even a worse condition. On the Saginaw River the boom company is delivering old logs from the Tittabawassee and some of the mills have started up, but the great majority appear to be in no haste. Some of them have as yet too poor a chance of a supply of logs to warrant their starting.

In this market there are occasional buyers, generally looking for some special lots. The trade has not opened, however, with anything like briskness, and many of the sales are on private terms. There are inquiries for logs quite frequently, and the feeling among owners is of course strengthening as the season advances without bringing the necessary rainfall to let out the cut of last winter. The log market, indeed, is in better condition than for some years before.

A gentleman well posted in the lumber trade who has lately traveled through Indiana, Illinois, and part of Ohio, brings us the report that the local dealers are generally having a pretty brisk trade just now; that their stocks are broken, and must soon be quite largely replenished, especially if the business should continue as at present. In the opinion of our informant, a better state of affairs in regard to the demand for lumber.

From the Saginaw *Courier*, April 30:—

Reports from the Cass River and its tributaries concerning the prospects of getting down the logs show a much more encouraging state of affairs than at first anticipated. There are 65,000,000 feet to come out, about 15,000,000 feet of which are old logs, the balance being the past season's cut. Most of the logs on the tributaries have reached the main stream. Good judges estimate that not to exceed 10 per cent. of the entire product will be hung up.

The Mason County (Mich.) *Record* estimates the log product of that county at 98,314,581 feet.

The Evart *Review* says that a fair estimate of the logs hung up or likely to be hung up above Evart may be reached as follows:

On the Clam	20,000,000
Middle Branch	15,000,060
Grindstone	2,000,000
Doc and-Tom (half)	8,000,000
Total	45,000,000

The *Review* also says there is a good prospect that the mills in Evart which are capable of turning out considerable lumber will get all the logs to saw they want the coming summer.

METALS.—COPPER.—Manufactured has been advanced 1@2 cents per lb., and we now quote: Sheathing copper over 12 oz. per square foot, 30 cents; do. 12 oz. and lighter, 35; bolts, 31; braziers, ordinary sizes over 16 oz. per square foot, 31; 16 oz. and over 12 oz. per square foot, 33; 12 oz. and lighter, 35: circles not 84 inches in diameter, 34; do. over 84 inches, 37; segment and pattern sheets, 34; locomotive fire box sheets, 31, and copper bottoms 33, net cash. The prices of yellow metal are unchanged at 21 cents for sheathing and 28 cents for bolts. Ingot is firm with better inquiry. Contracts have been closed with the Lake Company for eleven millions of pounds, of which five millions are for export at 21@21¼ cents and six millions to dealers and manufacturers at 22 cents for June, July, and August delivery. Sales have been made of about 600,000 lbs. at 22¾@23 cents, closing at the latter price.

IRON.—Scotch pig is weak and prices are favorable to buyers. The demand is too limited for the supply, and stocks are accumulating so as to compel sales independently of cost. American pig is very dull and weak, and chances for improvement are not looked upon as encouraging. Rails are in little inquiry with sales upon private terms. Scrap is dull, quoting nominally at $33 @35. Manufactured from store is dull at nominally steady prices.

LEAD.—Foreign pig is quiet at $6.75 for ordinary and $7.12½@7.25 for refined, all gold. Domestic is selling in small lots at $5.87½@5.90, gold. Manufactured has been advanced, and we quote as follows, viz.: Bar 8¾ cents, pipe 9¼, and sheet 9½, all less 10 per cent. to the trade. Block-tin pipe 45 and tin-lined pipe 16½ cents.

TIN.—Pig continues dull with quotations nominally as follows, viz.: Straits, 19⅝@19¾ cents; L. & F., 19½, and refined English, 19⅝@19¾, gold. Plates are weak and prices are running lower.

ZINC.—Sheet is steady at 8⅞@9⅛ cents for all numbers.

NAILS.—The market is quiet and cut are about steady at former prices. We quote: 10d. to 60d. common fence and sheathing, ₱ keg, $3.25@3.50; 8d. and 9d. common do. ₱ keg, $3.50@3.75; 6d. and 7d. common, ₱ keg, $3.75@4: 4d. and 5d. common do. ₱ keg, $4@4.25; 3d. and 4d. light, ₱ keg, $4.75@5; 3d. fine, ₱ keg, $5.50@5.75: 2d. ₱ keg, $6.25@6.50. Cut Spikes, all sizes, $3.50@3.75. Floor, Casing, and Box, 75 cents above the same sizes of Common—Finishing, $1 above and Fine Finishing, $1.25 above.

OILS.—Linseed is quiet with a limited demand at 69 @70 cents for casks from crushers' hands. We quote at 69@71 cents per gallon.

PAINT.—Trade is reported good, particularly from jobbers' hands, and prices generally are quoted steady. China clay is in fair demand with sales of English at $18@21, gold, and $25, currency. Southern has been selling at $15, currency. Vermilions are in request at $2.50 for China and $1.30 for American quicksilver and $1.30@1.35 for Trieste, gold. Venetian Red is steady at $1.90, gold, for English. English White Lead is firm, but American has been selling about ¼ cent lower. Paris Green is steady at 32 cents for strictly pure.

PITCH.—The market is steady with sales of city at $2.25 per bbl., f. o. b.

SPIRITS TURPENTINE.—The weakness noted in our last has become more extended and prices have declined further, sales occurring at 35 cents. We quote at 35@36 cents per gallon for merchantable.

TAR.—The recent advance has not been sustained and prices have receded. We quote Newbern and Washington at $2.25@2.37½ and Wilmington at $2.50 per bbl.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

It has been a very dull and uneventful week in the market. Sales of prime importance have not been made, and public offerings, with few exceptions, were under legal proceedings, which give no chance for developing the values of real estate concerned. The most important sale, in respect to location and extent of property, included fourteen lots, situated on Sixty-first Street, near the Boulevard. These lots were taken in by parties to the foreclosure suit, at an average price of $10,500 per lot. The records of private transactions are very limited, and since their trifling expansion at the first of the month have reduced in number, and do not indicate any greater amount of business doing than usually falls to the share of the duller seasons of the year. The whole tone of the market, therefore, is apathetic, and any change to activity depends upon the revival of commerce. The abundance of money might, it would naturally be supposed, be diverted to real estate investment, but the want of confidence, not to say distrust, that seems to permeate business affairs in every direction, naturally extends to our market. It is not, however, that there is any want of faith in the security and future of city realty, but rather the indecision that overhangs its recovery, and the possibility of waiting long for profits which might be more easily commanded in other directions. The feeling of owners is about as stiff as ever, and is the main support of the market, although adding to its dullness.

On Wednesday next J. Cole will sell, at the Brooklyn Exchange, 750 residence lots, located in Flatbush, near Prospect Park, upon the Ocean Parkway, and other avenues. For investment in that direction, nothing can be better than is presented in this sale, and we invite attention to the offering.

We also ask consideration for the large offering of improved and unimproved city property, which, with various parcels of suburban property, belonging to the estate of Henry Leger, deceased, will be sold by James M. Miller, at the Exchange, on the 25th inst. This sale is by order of Executors, and as such may be regarded as peremptory, and affording opportunities for investment as desirable as they are unusual.

MARKETS.

There seems to be increasing dullness rather than improving trade, and although some of the markets are stirred to activity, with many of them business is of a slow, listless nature, quite out of keeping with the time of year. New erections are comparatively few, and alterations of buildings have been increasing until their number has become provocative of remark. These things all point to a jobbing trade for certain classes of material, but it is plain that a great draught on the markets does not follow, and that the life attendent upon new and important enterprises does not prevail. It is a subject of frequent query, what is to be done with the money that is so freely offering but which is not directed to the legitimate channels of commerce or to landed investments. The continuing plethora of funds is unfavorable to business activity of any kind, and confidence is withheld as long as any distrust is apparent. If the abundant capital of the country was diverted even partially into trade and to an extent enough to enable the diversion to be felt, and some contraction, if not stringency, ensue, there would be a general looking around for investment with a view to a little speculative profit, and even if greater caution than was ever exercised in the heyday of prosperity should be used there would be a new development of activity grateful to all kinds of business and certainly cheering to the mass of our population. It is probably too much to expect that any capitalists will throw themselves into the front and tempt the chances of experimenting on behalf of interests now neglected and languishing. We must await the slow recovery which comes with time and waits upon patience.

In general *resume* we find our markets more inactive than we have been called upon to note this season, everything considered, and duller than we had expected. There seems in many respects to have almost a hiatus in trade for the past week, and stocks of nearly every description have been working off slowly and at frequently lower prices.

Our review in detail is appended:

BRICK.—The arrivals for the week amount to twelve or fourteen millions, which have sold very slowly. Up-rivers have come in large quantities and the market is overstocked. The principal movement has been in the cheaper kinds of brick, the best grades finding difficult sale. Despite the dullness, prices have not declined very greatly, but are off 25@50 all around. There are no new brick in market, and although manufacturers generally have begun to mould it is not like y that any of the new make will come into the market under a month. We quote: Pale, ℔ M. $2; Jersey, $6@6.50; Long Island, $6.50; Up-river, $6@6.75; Haverstraw Bay, $7@7.75; Fronts, Croton—brown, $12@13; dark, $13@14; red, $14@15; Philadelphia, $28@32; Baltimore, $50@56. Yard prices, delivery included, $2@3 higher.

CEMENT.—Rosendale is still quoted nominally steady at $1.30 per bbl. from manufacturers' hands, but the market is shaded to meet the demands of trade, and sales are frequent at $1.20 per bbl. We quote at $1.20@1.30 per bbl. Yard prices 25 cents per bbl. additional. Portland has been sel ing in small lots at $4@4.25 per bbl. from yard. We note sale 500 bbls. at $4 delivered. We quote at $3.90@4.25. Roman is nominal at old figures.

FIRE BRICK—Are dull and no sales are reported. We quote Scotch at $40@55, American at $40@50 and Red Welsh at $50 per M.

GLASS.—Under the influence of dull trade prices for French window have weakened and discounts are now 50 per cent. This change had an effect on the market, and some activity ensued. The discount on American glass is 70@10 per cent. from the Philadelphia list of 1872. English sheet and polished plate continue inactive at nominally steady quotations.

HAIR.—There is very little movement in this market, and prices are properly at our lowest range of quotations, which we retain to cover all emergencies.

HARDWARE.—A fair demand for most kinds of goods is reported. The Stanley Works have advanced prices of wrought butts 10 per cent, and quote discounts as follows: Narrow table and back-flaps 30, broad and loose joint 35, and reversible 12½ cents discount. Copper rivets are in demand at 49 cents, less 20 per cent.

LATH.—Arrivals since our last report aggregate abont 800,000 pieces, all of which were sold at $1.60 per M. We note also sales of 300,000, to arrive, at $1.60. Two cargoes to be delivered at Newark are also said to have been sold at $1.70. Consignments are not very free, and the limited quantity of goods coming forward are about proportioned to the requirements of the market. We quote at $1.60. Yard prices 25 cents per M higher.

LIME.—The market is somewhat dull, under which influence we note a decline in the price of Rockland finishing. State meets with even, if slow sale, arrivals being restricted to requirements. We quote State at $1.10 for common and $1.25 for finishing. Rockland common $1.25 and finishing $1.50 per bbl. Yard prices 25 cents per bbl. additional.

LUMBER.—The market generally is quite inactive. White pine for shipping purposes meets with little sale and quotations are very uncertain. Spruce is in supply in excess of the demand, which is very light. Sales of random cargoes have been made during the week at $15@16.50 and ordered schedules have been placed at $15.50@17. These rates are very low, and, it is claimed, are below cost. The mills cannot afford to run at lower prices, and it is probable that the supply will be checked, and that dealers who are holding off for lower prices later in the summer will be compelled to make their purchases upon stronger terms. Yellow pine is dull and unsettled, although we note sales of 500,000 feet ordered at $22.35, which makes are quotation. A random cargo amounting to 170,000 feet has been sold at $21 and 50,000 feet of sidings without inspection were sold at $17.

Local trade is of an easy character, enough doing to keep up a show of business, but widely differing from past experiences either as to extent or profit. Hardwoods are slow of movement, but are nominally steady. Quotations are retained.

Michigan and Wisconsin Notes.

LUMBER SALES AT BAY CITY, MICH.—Gates & Fay, 700,000 to Connecticut parties at $6, $12, and $35. This is reported to have been an excellent lot of lumber.

Warer & Eastman, 500,000 to Ohio and Eastern parties at $5.75, $11.50, and $35. N. Barnard also sold 300,000 at the same figures.

William Brothers, 1,000,000 feet at $6, $12, and $35.

T. Jerome & Co., 500,000 at $5.50, $11, and $33.

Butman & Rust, 500,000 at $6, $12, and $35.

From the *Lumberman's Gazette*, May 8:—

We note no general change in the market for the week just closed. The Straits of Mackinaw have opened, and lake navigation between the lower lakes and the great ports on Lake Michigan has opened without the usual liveliness. From all points east and west the reports concerning the log drives continue about the same, with the exception that in several of the Michigan districts some improvement is reported. A severe snow and rain storm a week ago was followed this week by a short rain, and both of these together have had the effect to start some of the abandoned drives. Still, there is nothing like a good relief from the almost unprecedented hang-up. A late estimate puts the extent of the Muskegon hang-up at 45,000,000.

The mills on the Saginaw River are starting up slowly, and as yet the resumption of manufacture can hardly be said to have begun. Many mills are without logs, and others which have a few in boom are not justified in starting now, so uncertain are the prospects of a new supply. Nearly a month must elapse before the new logs from the shore streams can be received, and it is in that direction that the hopes of quite a number of mill men lie.

Lake freights open dull, of course. One charter—a schooner outside the barge association—is reported at $1.75 from Saginaw City to Toledo, a rate twenty-five cents below the association rates.

During the week there have been quite a number of sales, amounting in all to over 5,000,000 feet, the prices showing an upward tendency, the lowest having been reported on some common Tittabawassee stock at $5, $11, and $33, and one lot having gone at $6, $12, and $35, this being some Cass stock of fair quality; one medium lot went at $5.50, $12, and $34, the common being of good quality. The holders of dry lumber are firm, and make no concessions, as they are confident that their entire stock will be demanded by the market as soon as the actual condition of the log market is ascertained.

The following is an estimate of logs now in all the streams tributary to the Saginaw:

Tittabawasse	165,000,000
Sturgeon	7,000,000
Molasses	14,000,000
Salt	25,000,000
Tobacco and tributaries	37,000,000
Chippewa	75,000,000
Pine	28,000,000
Shiawassee and tributaries	50,000,000
Cass	50,000,000
Total	451,000,000

Of this amount it is safe to expect the following amounts will be brought down with ordinary rains:

Tittabawasse	150,000,000
Salt	10,000,000
Tobacco	17,000,000
Sturgeon	5,000,000
Chippewa and Pine	50,000,000
Shiawassee	10,000,000
Cass	35,000,000
Total	277,000,000

This amount may be increased by unusual freshets 50,000,000, making as the available crop, in the case of a good stage of water lasting for two or three weeks, 327,000,000 feet. In this estimate are not included logs in mill booms at the commencement of the season, as there must of necessity be nearly the same amount held over this winter. There have been no transactions in logs the past week. The situation is more hopeful for the market, and lumbermen are feeling better than for several seasons, though all regret the almost universal hang up, as they feel that the logs are needed to give employment to those who depend on the mills for their living, and they further believe that the whole crop would be called for at fair prices.

The Mason Co., Mich., log crop is put at 98,000,000. Reports from White Lake, Mich., say that 54,000,000 feet of logs are on hand at the mills, comprising about two-thirds of the crop for that section.

General Western Notes.

The stock of lumber on hand in Chicago on April 1st was reported as follows:

Sawed pine lumber and timber, 211,048,971 feet; hewed pine timber, 130,000 feet; pickets, 1,298,695 feet; lath, 2,188,725 pieces; cedar posts, 135,000 pieces; sawed shingles, 62,557,500. These figures show a decrease since January 1st of 133,060,402 feet of sawed pine lumber and timber, 12,902 feet of hewed pine timber, 1,201,195 feet of pickets, 17,664,575 pieces of lath, 155,533 cedar posts, and 38,461,500 shingles.

From the Chicago *Inter-Ocean*, May 4:—

During the past week cargoes have been coming forward quite freely, lake navigation being now fairly open. As yet the attendance of buyers has been rather light, but they are now coming forward more freely, and both city and country buyers show a disposition to purchase. They are not inclined, however, to pay anything like high prices, and have been doing their best to force a lower range of prices. At the opening sellers were asking $10@10.50 for joist and scantling, with first sales reported at $9.50@9.75. Since then prices have been receding daily, the ruling quotations at the close being $8.50 for joist and scantling. Regarding the season, sellers are generally of the opinion that values have about touched bottom. To-day about thirty cargoes were offered on sale. Considering the unfavorable condition of the weather the market was fairly active, some fifteen cargoes being sold. Dealers generally look for a good attendance of city and interior buyers and a better market. Sales were made at $8.50 for joist and scantling. Strips and boards quotable at $9@14 for common to good, with no choice offered. Shingles nominal. Lath about $1.75. The market closed quiet with several cargoes unsold. The following sales were reported:

Schooner Live Oak, from Manistee, 110,000 joist and scantling at $8.50; 60,000 common inch, $9; 40,000 lath, $1.75.

Schooner Scoville, from Grand Haven, 108,000 strips and boards at $13.30; 26,000 inferior lath, $1.62½.

Cargo barge Allen, from Grand Haven, 140,000 strips and boards at $13.30—sold by Blanchard, Borland & Co.

Schooner Albatrose, Manistee, 160,000 joist and scantling, $8 50—John Mason, Loomis & Co.

Schooner Falcon, Ludington. 119,000 joist and scantling, $8.50, Ludington tally—John Mason, Loomis & Co.

Cargo schooner Seventh Ohio, from Muskegon, 120,000 dry common at $10.25; 40,000 lath at $1.75.

Cargo schooner Peoria, from Muskegon, 150.000 good medium strips and boards at $13—sold by M. Ryerson & Co.

In the yards only a fair demand was reported, while values were rather easy, although as yet there has been no quotable decline.

Pennsylvania Notes.

The total amount of stock to be received in the Williamsport and Lock Haven boom, it is thought, will not exceed 250,000,000 feet. The estimate of lumber in the Williamsport market on January 1st is 234,748,992 feet of pine and 19,536,339 of hemlock.

METALS.—COPPER.—Manufactured is steady at recent quotations. Ingot is quite firm and prices are stronger. Sales of Lake have been made at 22¾@23¼ cents, and quotations are advanced to 23½ cents.

IRON.—Recent sales of Scotch pig have been too low to avoid loss, and importers are not inclined to pursue this line of business any further. Stocks are more restricted and there is more confidence in the market. American pig continues dull at nominal prices, and the prospective demand is not of a favorable nature. Rails are generally quiet with a few sales reported. Scrap is weak with sales at $32. Manufactured from store is steady but quiet as quoted.

LEAD —Foreign pig is in limited supply, but quiet and firm at 6⅞@7 cents, gold. There is some inquiry for domestic, with sales at $5.95@6, gold. Manufactured is steady at the following quotations, viz.: Bar 8¾ cents, pipe 9¼, and sheet 9½, all less 10 per cent. to the trade. Block-tin pipe 45 and tin-lined pipe 16½ cents.

TIN.—The market for pig is dull and confined to jobbing transactions, Straits quoting at 19½@20 cents, L. & F. 19¼@19½, refined 19½@20, and Banca 24½@25 cents, gold. Plates are dull and nominal, with a jobbing trade at our quotations.

ZINC.—Sheet is in limited demand at 8⅞@9¼ cents per lb., gold, as to numbers.

NAILS.—The market for cut is steady, with a moderate demand at old prices. We quote: 10d. to 60d. common fence and sheathing, ℔ keg, $3.25@3.50; 8d. and 9d. common do. ℔ keg, $3.50@3.75; 6d. and 7d. common, ℔ keg, $3.75@4; 4d. and 5d. common do. ℔ keg, $4@4.25; 3d. and 4d. light, ℔ keg, $4.75@5; 3d. fine, ℔ keg, $5.50@5.75; 2d. ℔ keg, $6.25@6.50. Cut Spikes, all sizes, $3.50@3.75. Floor, Casing, and Box, 75 cents above the same sizes of Common—Finishing, $1 above and Fine Finishing, $1.25 above.

CLINCH NAILS.

1¼ to 1½ in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6@6.50.	$5.50.	$5.25	$5 ℔ keg.

OILS.—Linseed has not improved in feeling, but is weaker with a very moderate demand, selling at 68 cents per gallon for casks from crushers' hands.

PAINTS.—There has been a fair degree of activity in the market, and prices have undergone very little change otherwise than as noted. Vermilions have been again reduced and are active at the new prices. We quote manufacturers' list as follows: In lots of 500lbs. and over. in 30 or 50lb. bags, $1; in lots of 300 to 500lbs., in 30 or 50lb. bags, $1.02½; in lots of 100 to 300lbs., in 30 or 50lb. bags, $1.05; in lots of less than 100lbs., in 30 or 50lb. bags, $1.08, gold; in bulk, kegs of 100lbs. or over, half a cent ℔ lb. less. Terms, cash in ten days or interest added. White leads are firm. Ochre is in good demand with sales at $1.50@1.75 and of doublewashed at 2¼ cents, currency. Venetian Red is steady at former figures. Paris White is selling at $1.90, gold, for Queensgate. China Clay is in fair demand, with sales of English at $20, gold, and $25, currency. Paris Green has been in good request with sales of strictly pure at 32 cents, of Kings County at 25, and of Montauk at 16 cents.

PITCH.—The market is very dull, but is quoted steady at $2.25 per bbl. for city, f. o. b.

SPIRITS TURPENTINE.—The market is returning to low prices, greater weakness having developed; and although a fair business is reported sales were made at 34, which was about the closing price. We quote at 34 @35 cents per gallon for merchantable.

TAR.—Arrivals have been full and the market has responded with weakness, as a result of which we quote the market generally for all kinds at $2.12½@2.25 per bbl.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, MAY 12.]

The trade since our last report has been better, buyers taking hold more free than at any time since the opening; still there is no disposition to press sales, holders looking more to the safety than to the extent of their sales. The assortment of pine continues good, and of hard woods also, in which there is a steady business doing; the assortment of spruce and hemlock is kept up by receipts by the Albany Northern Road, with a fair business doing. Some few changes have been made in our quotations.

A despatch from Ottawa, under date 9th inst., reports the lumber trade inactive; no new sales of any importance; a large number of barges are being loaded for Burlington and Whitehall; rates very low; a contract was closed a few days ago for 10,000,000 feet, at $4.50 to Albany, and $6 to New York, currency.

River and Eastern freights are unchanged; bargemen report full as much doing as there was a year ago.

A GOOD INVESTMENT

EVERY PRUDENT MAN, CAREFUL OF THE

health and comfort of his family, should see to it that his drinking water is conveyed through TIN-LINED LEAD PIPE, which is a perfect safeguard against lead poison. Tin-lined Lead Pipe is strong, durable, flexible, and easy soldered. It is a great benefit to the community, and enhances the real value of every house in which it is introduced. It is cheaper than Lead Pipe, when strength and durability are considered. Sold by the COLWELL LEAD CO., 213 Centre St., New York. Price, 16½ cts. a pound for all sizes. Descriptive pamphlets sent by mail free. Also, manufacturers of Lead Pipe, Sheet Lead, Block Tin Pipe, Bar Tin, Pig Tin, Bar Lead, Pig Lead, Solder, &c. Orders filled at sight.

PIANOS,

33 Union Square, New York.

Decker Bros.' illustrated catalogue, containing four original compositions by S. B. Mills, Alfred H. Pease, Henry G. Andres, and J. H. Bonawitz.

Better than Uptown, Brooklyn, or Harlem.

You would like to hire parlor, library, dining room, kitchen (elevated oven range, washtrays), bathroom, three bedrooms, an elegant cottage, all to yourself, on sewered street, for $40 a month.

Or a whole new Cottage, six rooms, cellar, vegetable garden, for only $20 a month.

Or for $25 a month a cosey Home, parlor, dining room, kitchen, range, four bedrooms, large vegetable garden.

Or pleasant modern Cottage, similar to the last, but larger and handsomer, for $35 a month.

Have a whole house and garden to yourself, not part of a tenement.

Only 30 minutes from Hunter's Point; commutation only 8½ cents each way; 37 trains daily, from 6 A. M. to midnight; comfortable, clean, safe cars, warm in winter, cool in summer; not overcrowded.

Beautiful scenery, boating, fishing.

At Whitestone, L. I.; churches, schools; high rolling ground; as healthy as the city and much pleasanter; these houses just painted and only five to eight minutes' walk (plank, not mud,) from depot.

Or pay a little more each month instead of rent and small amount cash down and you can buy your house and have something to show for your money in a few years. Go look at these houses. It will only take three hours in all. Thirty-fourth Street or James Slip ferry to Hunter's Point, and Flushing and North Side Railroad at 8½, 9, 10 A. M., 12 M., 1½, 2, 3, 4 P. M. Inquire for SAMUEL DRAKE, Agent, at Whitestone depot. If you wish more information call at office of owner, GEO. W. VAN SICLEN, 99 Nassau Street, New York.

ATTENTION! PROPERTY OWNERS.

Messrs. Wanner & Caspar,

Architects and Civil Engineers, are prepared to furnish plans, specifications, and estimates for all classes of Buildings, Improvements, and Alterations; also, to superintend the work.

Special attention will be given to Iron Structures and Fire-proof Construction.

Contracts are solicited for arches, partition walls, mansard roofs, plain and ornamental terra cotta works for inside and outside use.

OFFICE, 150 FULTON STREET.

The steady and continuous use of tubulated plaster, concrete, in place of brick and sheet iron as a fire-proof material for floor and ceiling arches, partition walls, and mansard and deck roofs since its introduction in the United States by the patentee (A. Wanner, Architect and Civil Engineer) in 1869, is offered as a direct proof of its superiority over all other materials for efficacy in the resistance of the action of fire, for remarkable lightness, and for moderate cost.

Among the extensive works executed under the direct superintendence of A. Wanner may be mentioned such strictly first-class buildings as the well known Palmer House, at Chicago; the new Capitol Building, at Springfield, Illinois; the Equitable Life Insurance Building, at Boston, and the new Evening Post Building in this city.

The applicability of this superior building material to a variety of purposes is illustrated by drawings and specimens on exhibition at the office, 150 Fulton Street.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

We have passed through another quiet week in the market, where nothing has occurred to change the condition or feeling of real estate. The large sale of Kings County lots was deferred, after a limited number of parcels had been sold, considerably below last year's prices. Public sales of New York realty have been few, and mostly in foreclosure, and, of course, are not valuable for reference. A few Central Park lots are said to have been sold at private contract, and the rumored prices have given rise to comment and some gratulatory remark. We have not, however, had the details in reliable form, and are not inclined to give the reports currency, until assured of their veracity. In one instance we are fully satisfied that the actual consideration has been overstated. It is impossible to make people believe in everything, and putting forth of large stories is not likely to aid real estate, or encourage respect for the people who attempt to foist them upon the market. The system of fictitous considerations has gone far enough, and, as there are few who will be deluded by them, they only expose the property involved to distrust and contempt.

The sale of the Leger estate occurs during the coming week, as will be noted in our columns. The property offered is valuable, and certainly worth buying, and there is no doubt but, that if bidders at the sale will offer a fair price, they will be able to take advantage of the offering, to their benefit.

LOCAL ITEMS.

The Controller asks for proposals, until the 27th inst., for $100,000 additional Croton Water Stock, and $250,000 Dock Bonds, interest at six per cent.

MARKETS.

It is hard to gather encouragement from the general commercial outlook of the present season, and although, as even in the greatest distress, hopefulness is prominent, there are many gloomy forebodings. Spring trade has not been such as to enable the business community to retrieve losses or to tide over a prolonged season of dullness. Many extentions which were made in the expectation that something must be done this year to bring business to a level are likely to default, and we hear rumors of impending troubles which are not calculated to improve confidence. It seems quite plain that the disasters of the past two years did not reach their natural limits, but that the extended effort which was made to arrest the flood of ill fortune only resulted in stopping up breaches in a manner which added no strength to the commercial structure, but rather impaired and prevented improvement. This feeling, although not openly pronounced, will be found of quite general impression; and the succeeding summer, it is thought by many, will compel the development of weaknesses that have hitherto lain concealed. The small amount of money in general use and the impossibility of enterprises which would lead to the diffusion of capital compel rigid economy throughout the country. The great portion of the population dependent on daily effort for support are sorely put to their wits for subsistence. The labor field has become contracted, its narrowing limits controlling the scope of trade, and until methods can be devised or exigencies arise, which will call for the active employment of muscle in the legitimate ways of bread-winning, we have nothing to expect but continued dullness in trade and increasing impoverishment. The supply of money is ample, but investment does not tend to channels which direct to the country's prosperity, and unless its course is changed the bankruptcy of labor will follow to pull down even those securities which have been considered the safest. The financial problem is one which does not come within our province, and we might add capacity, to solve. It is full of botheration and is likely to keep so, but the necessity of balancing promises to pay with gold is becoming daily of more pressing necessity.

From our review appended it will be seen that there is no improvement in the building outlook. One or two new enterprises are announced, which will make some demand for material, but they are the exception to the general dearth of activity.

In minor details there is a moderately jobbing trade arising from small improvements and limited building. Prices are in most instances ruling low, and weakness is apparent where the season should encourage strength.

For specific report we refer to the following:

BRICK.—The arrivals will aggregate fully as much as for the week preceding and are probably in excess of the quantity reported then. The market is quite full and sales have been slow, prices falling off and goods selling down to and close to our lowest quotation. The arrivals from up river have been more limited, but Haverstraw Bay bricks have filled the market to an extent precluding any possible improvement in price so long as the demand is restricted. The last year's make is not yet exhausted, and none of new manufacture may be expected under two or three weeks. The supply may become depleted enough in the meantime to aid in advancing prices, but there is much doubt if the present attitude of trade or the possible requirements of the season will justify any change. We quote: Pale, ℔ M, $3; Jersey, $6@6.50; Long Island, $6.50; Up-river, $6@6.75; Haverstraw Bay, $7@7.75; Fronts, Croton—brown, $12@13; dark, $13@14; red, $14@15; Philadelphia, $28@32; Baltimore, $50@56. Yard prices, delivery included, $2@3 higher.

CEMENT.—The market for Rosendale is weak, and we note sales of 1,000 bbls. at $1.15. There was a rumored delivery at $1.10, and although offers were made for purchase at that price, we could not learn definitely of any contracts concluded. We are inclined to believe that some business has been done on p. t., and that inferior brands certainly have been sold at $1.10. We quote at $1.15@1.20 per bbl. Yard prices $1.40@1.50. Portland is not very active in movement, and we have reports of sales of about 400 bbl. at $4, ex-vessel. We quote at $3.90@4.25.

FIRE BRICK—Are quiet, quoting as before at $40@55 for Scotch, $40@50 for American, and $50 for Red Welsh.

GLASS.—The market for French window is dull, but the discount is as before, viz., 50 per cent. English sheet and polished plate are quiet, the former at 20@10 and the latter at 15 per cent. off.

HARDWARE.—The market has settled down into more quiet trade without any change in prices. Few buyers are in the market and orders, more particularly in foreign goods, have diminished.

LATH.—Arrivals have been restricted, and the demand has sufficed to take up all coming forward. As a consequence prices are advanced and the feeling is quite firm. The earlier sales of the week were made at $1.60, but the latest sale reported was of 500,000 at $1.65, from which price, if present conditions of the market continue, there is not likely to be any abatement. We quote, yard prices included, at $1.65@1.90 per M.

LIME.—The decline noted in our last has extended further, and the dullness of the market, together with the competition between the Glens Falls, Keenan, and Washington County lime companies, has reduced the prices of State brands. Rockland is quoted steadily at recent prices, although we have reports of sales of common from dealers' hands at manufacturers' figures. We quote State common at $1 and finishing at $1.35 per bbl. Rockland common $1.25 and lump $1.50 per bbl.

LUMBER.—The market is about as previously reported. White pine is very dull, shipping qualities quoting at $19@25. Yellow pine is also inactive, and although the sales reported in our last indicate the weak feeling of the market, we do not hear of sales at similar prices, and, giving the market the benefit of the doubt, quote generally at $23@25. Spruce is quiet with fuller arrivals and tendencies are favorable for buyers. We quote at $15@17, with sales of over 1,000,000 feet at these prices. The yard trade has a limited degree of activity, with quotations nominally unchanged, but the opinions of purchasers are consulted and prices, without any marked decline, are suited to the demands of the occasion. Hardwoods are steady with some business. Stocks of all kinds are kept well in hand, and purchasers do not appear to be making lavishly. The current wants of the market are thought all that are necessary to be supplied, and it is not assumed that prices at points of production will advance in expectation of a demand which is only contingent upon the resumption of business activity throughout the country.

Michigan and Wisconsin Notes.

From the *Lumberman's Gazette*, May 15:—

There is an unmistakable improvement in the general market and a promise of a steady but gradual betterment of trade. In the Pennsylvania districts the latest advices were that some of the logs would be hung up, but the late wet weather, if it has extended to that region, must have materially modified those calculations. In the far west the spring business has been and is fairly prosperous, while in Michigan the past week has put quite a new phase upon matters. The bountiful rains of the last few days have started the logs upon most of the streams where driving had been abandoned, and though the benefit may not extend to the extreme upper waters, yet the hang-up has unquestionably been greatly diminished. In the Saginaw region there are no longer complaints of low water. Gangs have been started out within a week for the drives upon the worst of the rollways, and the prospect is favorable upon all.

Within a few days most of the river mills have started up, the new supply of logs being now near enough to justify such a course. Shipments have been considerable, and the stock of dry lumber on the docks have been materially diminished.

Buyers continue to be reasonably numerous for the season, and there is a better feeling all around. Sales of several millions have been made since our last report, at prices fully sustaining previous quotations.

The salt market continues good, with a demand fully equal to the supply and rather in excess, as has been demonstrated by the recent sharp advance. The rate may be quoted at $1.25 cash.

The latest lumber sale reported here was 500,000 feet to-day at $5.50, $11, and $32.

Shippers say that carrying rates are being shaded considerably from the card figures. The report is that the D. W. Rust and tow, now loading, capacity 1,650,000 feet, are chartered from this port to Tonawanda at $2.50: the Araxes and tow, capacity 2,000,000 feet, to same point at $2.25; and that another tow, names not given, is secured to take 2,000,000 feet to Tonawanda at $2.25.

EAST SAGINAW, May 13, 1875.

The market has been active in dry lumber for the past ten days, and a large amount has been sold since I last wrote you. John F. Rust & Co. sold to Cleveland parties 1,000,000 feet on private terms. Wm. Callum, 800,000 feet at $5.50, $11, and $35. Warner & Eastman, 200,000 feet at $6.12 and $35. N. Barnard & Co., 400,000 feet at $5.75, $11.50, and $35. Other parties have sold cargo lots of from 200,000 to 300,000 feet. Lumbermen now feel hopeful of a fair trade at remunerative prices. From latest reports from the drives logs are now coming out.

ST. LOUIS LUMBER MARKET.

From Williams & Alford's Circular, May 8:—

We have nothing new to note in white pine—little has come forward as yet, and no sales were reported; prices nominal. In depot and levee lumber we have no change to note in rates; for best grades yellow pine, poplar, walnut, and ash there has been a good demand—common qualities slow sale—while all kinds oak and cedar timber and posts were very dull at all times. For bill stuff the demand has been moderately active, and liberal sales wete made for present and future delivery at special rates. Sales were reported of 2 cars yellow pine dimension (order) at $13. 11 do. at $13.65, delivered, 1 do. flooring (3d rate)at $13, 7 do. at $21 and $11, 5 do. at $21@22, 19 do. at $23 and $13, 5 do at $23 50 and $13, 3 do. at $24 and $13, 11 do. strips at $22 and $11.50, 50,000 feet common poplar (mill-run) at $16. One car do. (chair plank) at $18, 160,000 feet choice do. (1 inch) at $23.50 and $14, 30,000 extra choice do. at $26.50, 10,000 feet walnut at $40, 1 sawed cedar (order) at $29, 3 cars cedar posts at $22, 2 do. at $22, 2 do. at $24. Shingles in fair demand—7 cars "A" sawed delivered on track this side sold at $3.20. Lath steady and firm. Business at the yards fairly active.

From the Saginaw *Courier*, May 16:—

Burnham & Still, of this city, sold on Friday to Albany parties 1,000,000 feet of lumber at $6, $12, $25, and $35 per M, all inch stuff, thick uppers out. Terms cash as fast as delivered.

General Western Notes.

From the Chicago *Inter-Ocean*, May 18:—

The market has been moderately active all week, with a fair supply on sale. The attendance of city and country buyers was quite large, and sellers did not find any difficulty in maintaining former prices. To-day about 50 cargoes were offered for sale, and the week opened with an active market. The attendance of buyers was good, and they took hold freely, about 30 odd cargoes being sold. Values were firm at $8.50 for joist and scantling and $8.50@14.50 for coarse common to good strips and boards. Shingles quotable at $2.25@2.70 for poor to extra choice; "A" sawed lath $1.50. The market closed firm and steady.

We take the following from the Chicago correspondence of the *Lumberman's Gazette:*

May 12.—The market for cargoes continues rather quiet, though as compared with last week there is a slight improvement. Prices are without important change from the week previous, piece stuff still selling at $8.50 for green afloat and $9 for partly dry, but the offerings of the latter were limited. The receipts of common boards and strips have been large in proportion to the better qualities, the receipts of which are light. Sales have been made at $10 and $13 for common to fair strips and boards, and good to fair mill-run is quotable at $13 and $14, though if the higher qualities were on sale better prices could be obtained. We note the sale of a cargo by qualities at $12 for common, $23 for select, and $34 for uppers, which is generally thought to be rather above the market. A prominent dealer received a letter a day or two ago reporting a similar sale at Saginaw at $6 for common, $12 for select, and $35 for uppers.

METALS.—COPPER.—Manufactured is steady as follows: New sheathing 30; bolts and braziers' 31; nails 38@39; yellow metal sheathing 21; bolts 23, and nails 21@22 cents. Ingot is quiet at 23¼@23¾ cents, with sales of Lake at 23½@23¾ cents, the market closing firm at our quotation.

IRON.—Scotch pig continues dull and quotations are uncertain. The demand falls behind the supply and prices favor buyers. American pig shows no change and sales are made at low figures. Rails are quiet and scrap is quoted nominally at $33@35. Manufactured is in limited demand at weaker prices, which are noted in our quotations.

LEAD.—Foreign pig is steady but quiet at 6⅞ cents, gold. Domestic is inactive but firm at $5.95@6. Manufactured is steady at the following quotations, viz.: Bar 8¾ cents, pipe 9¼, and sheet 9½, all less 10 per cent. to the trade. Block-tin pipe 45 and tin-lined pipe 16½ cents.

TIN.—Pig is dull at about nominal prices. Straits is held at 19, L. & F. 19, and Banca 23¾, all gold. Plates are depressed and sales are of a jobbing nature.

ZINC.—Sheet has declined since our last, and may now be quoted at 8¾@9 cents.

NAILS.—There has been a sale of 20,000 kegs of West Virginia cut, since which the market has been quiet. Quotations are firm as follows: 10d. to 60d. common fence and sheathing, ℔ keg, $3.25@3.50; 8d. and 9d. common do. ℔ keg, $3.50@3.75; 6d. and 7d. common, ℔ keg, $3.75@4; 4d. and 5d. common do. ℔ keg, $4@4.25; 3d. and 4d. light, ℔ keg, $4.75@5; 3d. fine, ℔ keg, $5.50@5.75; 2d. ℔ keg, $6.25@6.50. Cut Spikes, all sizes, $3.50@3.75. Floor, Casing, and Box, 75 cents above the same sizes of Common—Finishing, $1 above and Fine Finishing, $1.25 above.

CLINCH NAILS.

1¾ to 1½ in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6@6.50.	$5.50.	$5.25	$5 ℔ keg.

OILS.—Linseed has not improved in feeling, and we note sales of lots at 67 cents from crushers' hands. The market is weak, and we quote at 67@68 cents.

PAINTS.—The market is quite firm and the demand generally is fair. There is no dry English White Lead in first hands. Vermilions are in good demand with sales of American at .99½@$1. Paris White has been selling at $1.90 for Queensgate and $1.85 for Crown, gold. Cliffstone has been selling at $1.75, currency. Dry Ochre is in limited supply, and no Crown Golden is here. Paris Green is selling at 32 cents for strictly pure. English Red Lead is scarce and American is selling at 8½ cents. Venetian Red is selling at 2@2¼ cents.

PITCH.—City is selling in a small way at $2.12½@2.25, f. o. b.

SPIRITS TURPENTINE.—The decline noted in our last report induced a more active demand, under which the market reacted; sales throughout the week were at 34@35 cents, quotations closing steady at 35@36 cents per gallon.

TAR.—The market is quiet, although there has been a better demand throughout the week. We quote at $2.12½@2.25 per bbl. for all kinds.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, MAY 19, 1875.]

There has been less done in the district the past week than there was the week previous; but this is usually the case at the opening of the canals. Prices of pine lumber are unchanged. Hard woods are without change, with a moderate business doing. Coarse lumber is easier, with a fair business doing; new stock, by canal, is looked for on Friday.

Western papers say that all fears that the logs in the Saginaw Valley would be "hung up" are dissipated; the welcome rains having floated them to the booms, where they will be "drawn and quartered."

Ottawa dates of the 15th report few small sales during the week. They also report the loss of lumber, by the wreck of the barges at Granville rapids, at about 200,000 feet.

The Cement manufactured by this Company, which is of unrivaled quality, was solely used in laying the foundations of the Westminster Bridge, and has been largely employed on the Metropolitan Main Drainage and Thames Embankment Works. The tests to which it has been submitted by the Metropolitan Board of Works and by the engineers in charge of the works above enumerated, prove it to be of the strongest quality. It is especially adapted for the formation of Concrete, whether for laying Foundations or the Construction of Buildings.

LAWS AFFECTING REAL ESTATE.

CHAPTER 38.

AN ACT to amend section one of chapter two hundred and sixty-one of the laws of eighteen hundred and seventy-four, entitled "An act to amend an act, entitled 'An act to enable resident aliens to hold and convey real estate, and for other purposes,' passed April thirty, eighteen hundred and forty-five," passed April twenty-seven, eighteen hundred and seventy-four.

PASSED March 3, 1875; by a two-third vote.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section one of chapter two hundred and sixty-one of the laws of eighteen hundred and seventy-four, entitled "An act to enable resident aliens to hold and convey real estate, and for other purposes," passed April thirty, eighteen hundred and forty-five, is hereby amended so as to read as follows, to wit:

§ 1. Section four of chapter one hundred and fifteen of the laws of eighteen hundred and forty-five, entitled "An act to enable resident aliens to hold and convey real estate, and for other purposes," passed April thirty, eighteen hundred and forty-five, is hereby amended so as to read as follows, to wit:

§ 4. If any alien resident of this State, or any naturalized or native citizen of the United States, who has purchased and taken, or hereafter shall purchase and take, a conveyance of real estate within this State, has died, or shall hereafter die, leaving persons who, according to the statutes of this State, would answer the description of heirs of such deceased person, or of devisees under his last will, and being of his blood such persons so answering the description of heirs, or of such devisees of such deceased person, whether they are citizens or aliens, are hereby declared and made capable of taking and holding, and may take the hold as heirs, or such devisees, of such deceased person, as if they were citizens of the United States, the lands and real estate owned and held by such deceased alien or citizen at the time of his decease. But if any of the persons so answering the description of heirs, or of such devisees, as aforesaid, of such deceased persons, are males of full age, they shall not hold the real estate hereby made descendible or devisable to them as against the State unless they are citizens of the United States, or in case they are aliens, unless they make and file in the office of the Secretary of State the deposition or affirmation mentioned in the first section of this act.

§ 2. This act shall take effect immediately.

CONVEYANCES.

Wherever the letters Q. C. and C. a. G. occur, preceded by the name of the grantee, they mean as follows:

1st—Q. C. is an abbreviation for Quit Claim deed, *i. e.*, a deed in which all the right, title, and interest of the grantor is conveyed, omitting all covenants or warranty.

2d—C. a. G. mean a deed containing Covenant against Grantor only, in which he covenants that *he* hath not done any act whereby the estate conveyed may be impeached, charged, or incumbered.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

More business has been done in the market, and real estate has found a ready sale, although at lower rates than it has been heretofore held. Most of the transactions have occurred at the Exchange, where city and suburban property excited competition, and gave a livelier aspect to the market than it has worn for some time. The sale of the Leger estate, by James M. Miller, was pleasingly animated, and bids were made with an eagerness and rapidity which left good foundation for the assurance that city realty still possesses attractions, and, although the prices secured showed an abatement from former valuations, we are inclined, upon the whole, to consider the sale a good one. The improved property sold well, relative cost of material at the time of building and present market prices considered, while lots brought more moderate figures. A. H. Muller & Son sold a number of choice plots on the Hudson River, at Scarborough, and the decline was more marked in this instance than the other. The sale, nevertheless, attracted attention and competition, and the entire offering was disposed of. Private sales have not been numerous, and nothing of unusual interest has been brought to our attention. The small amount of traffic that is doing would be incident to the market under almost any conditions, for it is impossible to prevent business in real estate, no matter how dull the market. The time is coming when movement will resume. How long to be deferred we cannot say, but we are satisfied that there is money waiting to take advantage of the market when it shall be thought to have reached its lowest point, and when the probability of a turn is apparent. The temper of the market is about as usual. Some despondency, but a great amount of faith; low offers and strong opinions. Owners are determined to stick until compelled by necessity to fall, and there is a speculative element alive to all the chances that may offer in the way of bargains. Old-time prices are not to be expected now, but when the change comes it will not be surprising if a rapid advance should follow.

LOCAL ITEMS.

The Commissioners for opening One Hundred and Forty-eighth and One Hundred and Fiftieth streets, from Eighth Avenue to Harlem River, and for widening One Hundred and Tenth Street, and for widening the Boulevard, give notice that they have completed the estimates and assessments. Property owners can examine the abstracts and other documents now on file in the office of the Commissioner of Public Works. All objections must be made on or before June 30.

MARKETS.

Activity has been more prominent during the past week, but there is nothing in the condition of trade to justify any rose-colored hopes or predictions for this season. Prices of material are low, and the greatest strength apparent is where, in a few instances, quotations have not receded, but remain as before. Generally speaking, the markets are dull and, where stocks are ample and uncontrolled by restrictions which prevent overloading, are weak and favorable to buyers. The amount of building doing is not large, although some people have entered into glowing expressions of satisfaction at the revival in this direction. The best opportunity for judging in this respect can be obtained from careful scrutiny of the movement of material, and it will be found that where some dealers are doing a good trade the greater number experience the reverse and are barely able to meet their engagements. These results are not such as were expected at the opening of the year when improvement in trade seemed more imminent than now. Economy has been growing and expenditure seems narrowing more closely from day to day. Purchases are made only upon absolute requirements, and the little money in general use frequently prevents even the supply of needs.

Investors are more than cautious, and the glut of money in its own market continues, while enterprises that tend to benefit the community and excite trade are languishing. To "make haste slowly" seems to be the dominant idea of those who control finances, and its application, judicious under many circumstances, is telling now with lamentable effect upon most people. Trade, however, when fairly re-established will be set upon firmer foundations than those which have been shaken by the events of the past few years; and recovery, if slow, will probably become of more enduring benefit.

The following is our review in detail:

BRICK.—There have been limited arrivals, amounting to about five millions less than for the week previous, which, as the demand has not exceded the supply, only served to steady prices and to retain quotations. Some sales from yard are reported below market figures, but under what conditions we have not been able to learn, and the circumstance has given rise to comment. We are disposed to believe that such a movement is the result of strong effort to hold trade, and that any losses that may accrue are made up in other directions and upon other classes of material. We quote: Pale, ℔ M, $3; Jersey, $6@6.50; Long Island, $6.50; Up-river, $6@6.75; Haverstraw Bay, $7@7.75; Fronts, Croton—brown, $12@13; dark, $13@14; red, $14@15; Philadelphia, $28@32; Baltimore, $50@56. Yard prices, delivery included, $2@3 higher.

CEMENT.—The market for Rosendale is still quoted steady in some quarters at $1.30, a price which we are not disposed to believe controls many purchases. There has been a strike among the quarrymen, which was not of long duration, and it is said that wages have been advance. The stronger quotation arises from this, and it is assumed that $1.50 will be a possible asking price. We do not as yet see any reason for changing our quotations. It has been rumored that sales of an inferior brand have been made at $1, but in default of positive knowledge of such an occurrence we do not attach any value to the report. We quote at $1.10@1.20 per bbl., with 25 cents per bbl. to be added for delivery from yard. Portland is probably firmer as we note sales of 500 bbl., to arrive, at $4. We quote at $3.90@4.50.

FIRE BRICK—Are steadily held, without much movement, at old figures.

GLASS.—Stocks are ample and the demands of trade are not such as to indicate any considerable depletion for yet a while to come. The market is dull and discounts are steady as before quoted.

HARDWARE.—Trade is light, and the market consequently is rather dull, although prices for the most part continue steady and firm. A new list for wrought-iron pipes has been issued, from which the discount is 25 per cent. By this list the prices of ⅛ to ¾ pipe have been advanced while all others are reduced. Strap and T. hinges are quoted at 35 and 10 per cent. off.

LATH.—The market is well supplied, but not in ex-

cess of its requirements, as everything coming forward is taken up and sales are made about as fast as arrivals occur. We note sales of 1,500,000 at $1.65 and quote at that price for cargoes. Yard prices 25 cents per M additional.

LIME.—The contest between competing State brands continues, and the chief interest of the market lies in this issue. The Glens Falls Company's manufacture maintains its reputation, but dealers are not pleased with the combination lately made between it and Rockland. The Keenan Company has disposed of all its lime here and is now selling to arrive. Rockland is in fair request and prices generally are steady and firm. We quote State common at $1 and finishing at $1.35 per bbl. Rockland common $1.25, although shaded at times to suit trade. Lump is firm at $1.50. Yard prices are nominally 25 cents per bbl. additional, although we are informed of dealers who are selling common State at $1.15 per bbl.

LUMBER.—The export market continues dull and quotations for white pine are nominally $19@25, although we believe that a lower range of prices actually obtains. Yellow pine is very dull and unsettled, quotations having little value and standing somewhere at or about $23. Spruce is inactive, and for the season shows remarkable dullness. We quote random cargoes at $15 @17 and ordered schedules nominal at $16@19. The yard trade is brisk in some quarters, while in others there are complaints of inactivity. Business seems to run in streaks and is much governed by local considerations. Purchases are making, and the failure to advance prices at the West with well-authenticated reports of sales constantly occurring below the customary quotation leads to close figuring. For the present we retain our quotations, but hope to present some new features in connection with our next report. Hardwoods are in moderate request at fair and steady prices.

Michigan and Wisconsin Notes.

From the Saginaw *Courier*, May 19:—

A number of buyers are in the market and some transactions have occurred. Quotations are $5.75, $11.50, $35. For choice lots $6, $12, and $35 have been realized. Shipments are lively.

From the same, May 22:—

There are numbers of buyers in the market who are picking up small cargo lots to meet immediate demand. Our quotations are $5.50, $11, and $33. These figures in some instances have been shaded, sales at $5, $10, and $30 green lumber, common run, to be cut having been made. Extra lots readily command prices quoted.

From the *Lumberman's Gazette*, May 22:—

The most important news of the week—and for the matter of that for several weeks—is in relation to the effect of the late rains upon the log drives of Michigan. The matter as it relates to the principal lumber streams of the State will be found set forth somewhat in detail elsewhere in this paper. Here it suffices to say that the whole aspect of affairs is changed since a fortnight ago, and there is little doubt that the drives will be at least as "clean" as any we have had for some years. In the Cass and the main Tittabawassee, high up, even the accumulations of big logs for several years are all coming down under the influence of the unusual freshet, which starts the logs that have been too heavy for any previous flood for several seasons. From all the Michigan streams, in short, the same report comes—the logs are coming down rapidly, and there is every prospect that, substantially, the whole cut of last winter will come safely down to the booms. Nevertheless, it must be said that the latest reports say that the interior streams are falling almost as rapidly as they rose under the late rains, and that the loggers appreciate the necessity of the most strenuous efforts to get their logs out while the flood lasts. One of the small tributaries of the Salt River fell no less than seven feet in two of the earlier days of this week. At this rate it is easy to see that the chances of some of the drives on the smaller streams being caught back after all are by no means few. The outcoming of the entire Michigan stock will put more lumber on the market from the Michigan mills than has been calculated upon since the late winter months. But the season was so far spent when sawing was resumed that the lost time cannot be regained. There will doubtless be a short and a comparatively brisk sawing season, the product of which, even with a late fall, cannot reach very near the figures of former seasons.

The market here continues about the same as at our last report. There are buyers in the market quite numerously, many of them looking for small lots for interior points, but serving to keep business going after a fashion. Sales of cargo lots are made constantly, however, and at rates previously given, though the trade is not so brisk as could be wished. Fair quotations of the range of prices may be stated at $5.25 to $6, $10.50 to $12, and $33 to $35, as last sales have run. We are advised of one offer—not accepted—of $5.50, $11.50, and $33 for 1,000,000 feet green lumber, to be sawed from select Cass River logs running 25 per cent. uppers, with the option of sawing as much thick stuff up to six-inch as the manufacturer desires.

General Western Notes.

From the Chicago *Inter-Ocean*, May 25:—

In comparison with the preceding week there was very little if any change to note in the prevailing features or characteristics of this trade. The receipts were quite liberal during the first half of the week and only fair during the closing days, while the quality of the offerings was not particularly desirable. So far this season the quality of the cargoes coming forward has been only fair, and buyers have experienced some difficulty in obtaining such lumber as they wanted, and holders of really desirable cargoes have found ready buyers. The attendance of buyers has been fair, both the city and country yard trade being well represented, and there was an inquiry sufficient to enable sellers to dispose of the daily arrivals without much trouble. Values have ruled with considerable steadiness and regularity, the changes not being worthy of any notice. Joist and scantling composed the bulk of the receipts, and $8.50 was readily obtained for all offered. Strips and boards are quotable all the way from $8.50 for coarse common to $14 for choice desirable grades, with the bulk of the sales at $10@14 for common to good cargoes. Shingles quotable at $2.25@2.75 for poor to extra choice "A" sawed. Lath $1.50@1.62½. To-day about fifty cargoes were offered on sale. There was a good demand on local and order account, and the bulk of the offerings were disposed of. Values were steady and unchanged. Sales were:

Cargo scow Gladiator, Manistee, 130,000 joist and scantling, at $8.50; scow Menominee, Manistee, 225 joist and scantling $8.50; schooner Two Brothers, Ludington, 50,000 selects, $22; 125,000 joist and scantling, $8.50; schooner Falcon, Ludington, 115,000 joist and scantling, $3.50; schooner Truman Morse, Manistee, 85,000 joist, 12 to 24 feet, $9.75; 121,000 mill-run joist and scantling, $8.50; schooner M. Schooner D. Newhall, Black Lake, 150 common inch, $9.50.

In the yards a fair demand was reported and a steady feeling prevailed.

METALS.—COPPER.—Manufactured is steady at the following quotations: New sheathing 30; bolts and braziers' 31; nails 38@39; yellow metal sheathing 21; bolts 28, and nails 21@22 cents. Ingot is dull at 23@23½ cents for Lake.

IRON.—Scotch pig is weak and prices are unsettled and lower. Some offers to sell have been made at low figures but without takers, and sales are said to have resulted in a loss upon the cost of importation. American is dispirited and low sales are rumored, none of which have an encouraging effect upon the market. Trade is light and consumption is limited to necessities. Rails have moved slowly and to the advantage of purchasers. Scrap has been selling in small parcels, and although quoted at $32@33, cannot be considered strong at those figures. Manufactured from store is dull, with some promise of better times, as orders at the mills are reported to be increasing.

LEAD.—Foreign pig is dull and nominal at $6.87½@7. Domestic is selling moderately at $5.95@6, gold. Manufactured is steady at the following quotations: Bar 8¼ cents, pipe 9¼, and sheet 9½, all less 10 per cent. to the trade. Block-tin pipe 45 and tin-lined pipe 16½ cents.

TIN.—Pig is quiet and nominal at 18¼@19¼ cents for Straits and English and 23¼@24½ for Banca. Plates are very dull, and although nominally steady at our quotations may be considered weak, with prices shaded to meet the views of purchasers.

ZINC.—Sheet is in some request, quoting at 8¾@9 cents, gold.

NAILS.—The market for cut is quiet, trade being of a moderate character, and old prices are maintained. We quote: 10d. to 60d. common fence and sheathing, ₱ keg, $3.25@3.50; 8d. and 9d. common do. ₱ keg, $3.50 @3.75; 6d. and 7d. common, ₱ keg, $3.75@4; 4d. and 5d. common do. ₱ keg, $4@4.25; 3d. and 4d. light, ₱ keg, $4.75@5; 3d. fine, ₱ keg, $5.50@5.75; 2d. ₱ keg, $6.25@6.50. Cut Spikes, all sizes, $3.50@3.75. Floor, Casing, and Box, 75 cents above the same sizes of Common—Finishing, $1 above and Fine Finishing, $1.25 above.

CLINCH NAILS.

1¼ to 1½ in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6@6.50.	$5.50.	$5.25	$5 ₱ keg.

OILS.—The market for linseed is weaker and prices have declined since our last report. Sales have been made at 65 cents and upon private terms. We quote for casks from crushers' hands at 65@66 cents per gallon.

PAINTS.—The market holds its own, as the demand for almost all kinds of goods is fair and prices are well sustained. Foreign goods are not in ample supply and are firmly held. English Red Lead is scarce and is held at 9⅝ cents, gold, from importers' hands. English Dry White Lead is also scarce, with sales at 10½ cents, gold. Vermilions are in good demand, American quicksilver selling at 99½ cents in bulk and $1 in bags. China at $2.25. Rochelle Ochre is in limited supply at $1.50@1.60. Paris Green is steady at 32 cents for strictly pure. China Clay has sold at $20 for English and $20.50 for Cornwell, gold.

PITCH.—The market is dull and sales have been made in a small way at $2.12½@2.25 for city, f. o. b.

SPIRITS TURPENTINE.—Earlier sales occurred at 35 cents, the quotation given in our last report, but as the demand slackened prices fell off to 34½ cents, offers not coming up to that figure. We quote at 34½ cents per gallon for merchantable.

TAR.—The market continues dull with slightly improved feeling for Wilmington, while other kinds are held lower. We quote Newbern and Washington at $2.12½@2.15 and Wilmington at $2.20@2.25 per bbl.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, MAY 26, 1875.]

Sales to some extent of pine and coarse lumber have been made since our last, and there is an improving demand, especially in pine strips, for which the demand is active. The receipts of pine lumber this A. M., by canal, from Oswego, and of coarse lumber, on Friday and Saturday last, by Champlain Canal, have imparted more life to the district. The recent fires in Pennsylvania of growing and manufactured lumber are not without their effect on this as well as other markets.

At Chicago the reported receipts of lumber, by lake, to May 16, were 78,819,000 feet, against 152,216,000 feet for the corresponding period in 1874; the shipments from January 1 are 113,994,000 feet, against 159,516,000 feet in 1874.

At Grand Haven, Mich., recent sales indicate an active season; on 21st, 5,250,000 feet were sold to Henry Barker & Co.; the latest reports from the river drives indicate the speedy arrival of new logs.

At Alpena it is stated that all the logs cut on the streams will be got out and the mills fully stocked. At Saginaw on 12th, 1,100,000 feet lumber, various grades, sold to Buffalo parties, and 300,000 feet strips to Cleveland parties.

A dispatch from Ottawa, under date of 23d inst., to Toronto *Globe*, states that mill owners are still complaining of dullness in the lumber market. On labor there is a reduction of ten to fifteen per cent. The following are given as the latest quotations: Stocks and sidings, $14@15; shipping culls, $8@9; strips, $13@15; mill culls, $5@7; laths, 90 cents. The yards are not crowded, and there is less marketable lumber on hand than there was a year ago. There does not appear to be a doubt that a healthy trade will pervade the market in the fall. It is estimated that the cut of the logs will be about 400,000,000 feet, a large reduction on the cut of last year. Lumber freights are reported at 50 cents ₱ M to Burlington, and $1 to Albany. The timber drives have progressed much more favorably than was expected early in the season, and there will not be much "hung up."

Eastern freights are unchanged. To New York, $1 ₱ M is the ruling rate, though some cargoes have been taken as low as 80 cents ₱ M, and offers are reported to have been made at still lower figures.

River and Eastern freights are quoted as follows:

CHASE'S
PIPE CUTTING & THREADING
MACHINE.
This important tool is designed to fill a want long felt by STEAM AND GAS FITTERS and MACHINISTS for cutting and threading pipes rapidly and cheaply. An apprentice boy, with one of these, can do more work than two men with old appliances, under the old system. NO PIPE SPLITTING! NO BEVEL INSIDE OR OUT! It cuts threads and makes nipples for all sizes of pipes, from ⅛ to 2 inches. Weighs only 100 lbs. Stronger than any machine made. A set of collars and lengths for making nipples goes with the machine. Address THE CHASE MANUFACTURING COMPANY,

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The market has been rather quiet, Decoration holiday and the Masonic celebration preventing business. The public sales were crowded into the later days of the week, and, although attended with interest, have failed to produce any striking results. Prices, indeed, have been low, and a reluctance on the part of purchasers has been shown, proving that investors have not attained that degree of confidence which is essential to the well-being of the market. Private transactions still occur on a moderate scale, and a steady, if not large, flow of trade seems to be going on. It is hard to imagine what people can want, if they are not satisfied with present opportunities. There is hardly any doubt that the market has reached its lowest point, apart from general and absolute sacrifice, and this is not to be expected. The general feeling is the same as frequently noted. Owners are not pushing their property, though anxious to take advantage of any chance to sell, and buyers offer too little for serious consideration.

On Thursday next, John McClave & Co. will sell at the Exchange Salesroom, and under the direction of the executors of Francis W. Worth, deceased, several parcels of unimproved property, located upon the Tenth Avenue, One Hundred and Forty-sixth and One Hundred and Forty-seventh streets. In connection with these, the same auctioneers will offer a plot of lots upon One Hundred and Thirty-ninth Street, near the Tenth Avenue. Fuller particulars may be gathered from the advertisement in another column. This offering is classed among the best of its kind, and deserves attention. The chances of an executor's sale do not occur every day, and investors would do well to take advantage of the opportunity.

LOCAL ITEMS.

The Department of Docks will sell at the Exchange Salesroom, 111 Broadway, on the 10th inst., the right to collect wharfage at various piers and bulkheads on the East and North rivers.

The same Department asks for proposals for repairing piers at foot Twenty-second and One Hundred and Twenty-ninth streets, North River, and pier 38, East River.

The Board of Education asks for proposals for Coal.

MARKETS.

The markets do not show much activity, yet there is probably all the trade doing that is warranted by the necessities of the people or their capacity to pay. We have been so wont to excitement and a rush and whirl of business that any abatement seems damaging, and it is only by retrospect and comparison that we can arrive at just conclusions as to the present temper or future prospects of trade. The season has well advanced, and we are not to see such activity as prevailed a few years ago; but the question arises and seems to answer itself whether such capacities for business exist, and if the needs of the country have not hitherto been more than supplied. It would seem that they had, and many people are coming to the conclusion that we have all the opportunities for the employment of capital that can arise, except such as may occur under unusual emergencies. The proof seems accumulating that, even with the disorders of the past two or three years, our commercial interests are generally on a broader footing and the volume of trade greatly in excess of their comparisons for ante-war times. This conviction only needs to become widespread, and our people will settle down with greater satisfaction into steady methods of living, and business will return to its natural course, yielding ample returns for its prosecution. With this view it is hard to call trade so dull, for after all there is a great amount of business doing. Harvests have been abundant, and the crops of the present year are full of promise; and with the material resources of the country in full and ample supply, there can be no sounder basis for prosperity. The turning-point must be at hand. Prices have receded in many particulars until they can go no lower short of sacrifice, and we do not believe that utter ruin is impending. Improvement in trade must come, and we think it is pending. Money has accumulated until a surplus is on hand quite beyond the capacity of its holders to manage to advantage. Drawing little or no revenue it must be employed, and enterprises which are sound or present reasonable prospects of success must soon claim the disposal of funds which are now at a loss for employment.

In our markets we find much steadiness, although there are some elements of weakness. Improvements are projected, which will call largely for material and it may be that others will follow.

We append our report in detail:

BRICK.—About 12,000.000 have come into the market during the week, and among them were some of this year's make. The stock of old brick has nearly run out and new goods will fill the field within a short time. Movement has not been very active, the market at the time of report was quite full, dealers withholding orders pending an effort to bear the price of pale. As a result there have not been sales of pale brick to justify a quotation, and we report them uncertain and nominal. There has been a slight effort to advance H. B.'s, but without success. Uprivers are steady at old prices. Fronts are unchanged; Long Islands and Jerseys are nominal. We quote: Pale, ᵽ M, —; Jersey, $6@6.50; Long Island, $6.50; Up-river, $6@6.75; Haverstraw Bay, $7@7.75; Fronts, Croton—brown, $12@13; dark, $13@14; red, $14@15; Philadelphia, $28@32; Baltimore, $50@56. Yard prices, delivery included, $2@3 higher.

CEMENT.—The market for Rosendale is not altogether certain. The best brands are selling at $1.15@1.20, while inferior makes are offering lower. It is said that prices are too low to support the manufacture and that some of the weaker companies must go to the wall unless an upward turn in the market occurs. We quote at $1.10@1.20 per bbl. Portland is not strong, and we note sales of 500 bbls., to arrive, at $3.85, ex-vessel. Prices generally are $3.85@4.25 per bbl. Roman is apparently out of market, and quotations are not given.

FIRE BRICK—Are in little demand, but prices are about steady as heretofore quoted, viz.: Scotch, $40@55; Red Welsh, $50, and American, $40@50 per M.

GLASS.—The supply of French window is very large, but the demand is too small to make a lively market. Discount is quoted at 50 and 2½ per cent., which, it is claimed, is the lowest selling figure. English sheet and polished plate are dull but nominally steady, the former at 20 and 10 and the latter at 15 per cent. off. American window is inactive, quoting, however, as before.

HAIR.—There is a surfeit in the market, and it is almost impossible to work off stocks at any price. On the basis of recent sales we quote cattle at 10@18 cents and goat at 12½@21 cents per bushel. It is a question if lower prices do not obtain, and we have been apprised of a large lot of cattle hair offering at 7 cents without takers.

HARDWARE.—The dull season for this market has arrived, and little activity can be expected until the fall trade sets in. The market has had a fair degree of activity despite the general dullness of business, and prices have been fairly steady. Strap and T. hinges have been advanced to 33⅓ and 10 per cent. discount. Plumbers' goods are in better request.

LATH.—The market has been amply supplied with goods throughout the week, the arrivals amounting to 4,000.000 or 5,000,000. As might be expected, some shading in prices has occurred, but no positive weakness has ensued. Some sales were made at $1.60, but the bulk of the lath in market were closed out at $1.65, at which price holders were quite firm at the close of this report. The latest sales occurred at these figures with the market nearly bare, and we retain our former quotation, yard prices included, of $1.65@1.90 per M.

LIME.—Trade has been fair throughout the week, the various brands claiming a good share of business. The Keenan Company's manufacture is rapidly advancing in favor, entering largely into competition with older and hitherto highly esteemed brands, lessening the cost of material, while at the same time it supplies one of the best articles to be found in the market. Prices for all kinds are steady and firm and we quote State common $1, finishing $1.35. Rockland common $1.25 and finishing $1.50 per bbl.

LUMBER.—The export trade continues dull, although some improvement is noted in white pine, which is quoted at $19@20 for West Indian consignments and $23@25 for the South American market. For the latter a sale of 10.000.000 has been reported, but we are not informed of the particulars. Yellow pine for export is dull and weak, but the domestic is quite steady and even strong in feeling. Bids have been made for about 3,000,000 feet to be used in the construction of Lorillard's new warehouses, and it is probable that we shall be able to state the contract price in our next report. We quote at $23. Spruce is very dull, and the supply is greater than the market requires or can stand. The result is a weak feeling, which has brought prices below cost. We quote random cargoes at $14.50@16 and ordered schedules at $16@17.50 per M. Hardwoods move slowly but steadily, and are quite firm as to values. The yard trade is fairly active, a better business setting in with the opening of the month. The natural increase of building operations at this season of the year adds to trade, and while business is not of such a rushing character that it cannot be attended to, there is enough doing to make a fair show of life and to keep dealers generally busy. Values are quite steadily sustained, and although some revision in quotations is doubtless necessary, for the present we make no change.

Michigan and Wisconsin Notes.

The Saginaw papers report the following:

Warner & Eastman sold to Buffalo parties 576,000 feet. D. F. Rose purchased of Bliss Bros. 250,000 feet for Buffalo parties; also, 250,000 feet of A. W. Thompson & Co., for Buffalo parties; also, 300,000 strips for Cleveland parties.

Eaton, Potter & Co. are shipping a quantity of lumber by rail that was sold a few days since at $6, $12, and $35.

W. S. Green & Son have recently sold 2,000,000 feet of Tittabawassee stock, to be shipped as manufactured, at $5.50, $11, and $33.

From the Bay City *Tribune*, May 29:—

The Tittabawassee River is filled with logs for a distance of 60 miles—the biggest jam ever known. At the rate of 4,000,000 feet of lumber to the mill there is 240,000,000 feet of pine lumber represented by those logs. To figure further, there are about 1,000,000 pieces, which if placed end to end would extend 3,000 miles.

On the Muskegon there is a jam of 25 miles.

From the Saginaw *Courier*, May 26:—

A few buyers are in the market picking up small lots. There is no change in quotations, $5.50, $11, $33 for good lots. Sales of common-run, to be cut, have been reported at $5, $10, $30. Shipments have been quite active, but the total movement is less than one-half in quantity as compared with those of last year to this date.

From the *Lumberman's Gazette*, May 29:—

There is but little that is new to report of the lumber market. The most that can be said is that lumber is probably keeping pace with other industries in the gradual revival which is thought to be going on. The recent western floods have had the effect to check any anticipations of a brisk revival because of the hanging-up of large quantities of logs, if indeed any such anticipations were still indulged in when the floods came. Throughout Michigan especially the logs have come out with unusual success, and what will be left will be comparatively of small account. The rafting to mills and sawing is another matter, and the present indications are that it will not be rushed like the drives during the short season which the mills must make of it since the late resumption of sawing. Many lumbermen had timber which they much preferred to have in the water rather than on the stump, because of past and prospective fire damages. Now that it is in logs and well into the main streams, they will be easy on that score, and may consult the condition of the market before sawing.

Considerable lumber has been moved from the Saginaw, and shipments are going on with fair rapidity as compared with the state of general business. Many sales have been made and not reported, so that it is not all the dry lumber to be seen on the docks—in which, it must be said, no very alarming hole has yet been made by the shipments—that is for sale.

Prices remain as before. The range is from $5.50 to $6, $10.50 to $12, and $33 to $35. Freights are well maintained by the barge association so far, if the assertions of skippers are good for anything.

SAGINAW CITY, May 28.

There has been but little change in the situation, and during the past week there have been no sales to record in this city, though there were a few made last week, which did not reach you. They aggregated about 5,000,000, and ranged from $5, $11, and $33 to $6, $12, and $35 for dry, according to quality, and about 3,000,000 green were sold from $5, $10, and $33 to $5.50, $11.50, and $34. A fair average quotation for mill cut would, I think, be $5.50, $11, and $33. There have been no transactions in logs, but the situation is much different than was anticipated it would be at the beginning of the month, when it was supposed that 50 per cent. of the crop on the streams tributary to the Saginaw was hung up as it would have been had it not been for the unusual rains which swelled the streams to a greater height than had been known before in fifteen years after the breaking up of the rivers in the spring.

General Western Notes.

From the Chicago *Inter-Ocean*, June 1:—

In comparison with the preceding week there was no change of any importance to note in connection with the lumber market. The demand has been moderately active throughout, and sellers found but little difficulty in disposing of the daily arrivals, and at the same time maintaining former prices. The attendance of buyers was quite large, both the city and interior trade being well represented. Values were steady and without any quotable change. Joist and scantling sold at $8.50, this being the only price of the week. Strips and boards quotable at $9@14 for common to choice cargoes. Shingles quotable at $2.25@2.75 for common to choice "A" sawed. Lath $1.50@1.62½. The supply on sale to-day was about sixty cargoes. With a good local and country demand the market ruled fairly active, and closed steady at former quotations. Sales were:

Schooner Fountain City, Manistee, 70,000 timber, 22 feet and over, $10.50; 100,000 joist and scantling $8.50; schooners Great West and John Miner, Oconto, 500,000 feet strips and boards at $10; schooner Tracy, Manistee, 150,000 joist and scantling at $8.50; schooner Orphan Boy, Bay City, 300,000 common cull boards and strips at $10.

Schooner G. M. Filer, Ludington, 235,000 joist and scantling at $8.50; schooner Two Brothers, Manistee, 190,000 joist and scantling at $8.50; schooner Gamecock, Manistee, 165,000 joist and scantling at $8.50; schooner Reciprocity, Manistee, 180,000 joist and scantling, 2x12 and 3x20 feet and over, at $9.25.

Schooner Fisher, Grand Haven, 70 cords beach wood at $5.

In the yards trade was fairly active, and a firm feeling prevailed.

From the Chicago correspondence *Lumberman's Gazette*, May 27:—

The Secretary of the Lumberman's Board of Trade has just completed taking account of stock in this market, and reports that on the 1st inst. the stock of sawed pine lumber and timber was 151,936.673 feet, of pickets 676,744 feet, of lath 14,238,000 pieces, of sawed shingles 38,192,500, of cedar posts 110,100.

This shows a reduction since April 1st of 59,135,293 feet of lumber, 621,941 pickets, 7,652,800 pieces lath, 4,365,000 shingles, and 24,900 posts.

There was a fairly active market for lumber during the week under review, and the sales aggregate something over two hundred cargoes. The attendance of buyers has increased somewhat, both the city and interior towns being well represented. There was also a little more disposition among all classes to buy, as the steadiness with which the market has been sustained for some weeks has considerably weakened confidence in lower prices. Indeed, nearly all candidly admit that prices are reasonably low, and even if all the logs are not in, it hardly seems probable that any decided reduction will ensue, hence there is more of a disposition to stock up without waiting for the reduction so many were looking for a few weeks ago. This applies more generally to the country than to the city; for the latter, though by no means idle, are not putting in stocks so liberally as their brethren from the rural districts. The supply during the week was liberal, and fully as much as the trade will asorb. The receipts, however, consist largely of piece stuff and common to fair inch, the run of the better grades being more moderate, and really choice uppers are in quite meager supply, and would meet with ready sale.

There is a fair inquiry for dry lumber, and as but little is arriving, it finds ready sale at satisfactory prices. One cargo of dry piece stuff sold this week at $9.25, being only a difference of 75 cents per M as between green and dry. On the better grades, however, the difference would be much greater.

Trade at the yards is fair, and prices are without any decided change. Hardwood lumber is in fair and steady demand at former prices.

General Notes.

The *Lumberman's Gazette* has been at some pains to estimate the lumber product and consumption for 1874 and 1875, and gives the following figures:

Total pine product for 1874	8,315,222.113
Less lumber on hand	1,752,768,000
Net consumption of lumber for the year	6,562,454,113

SUPPLY FOR 1875.

	Feet.
Lumber left over	1,752.768,000
Logs left over	1,872,953,000
On hand Jan. 1st, 1875, lumber and logs	3,625,721,000
Deficit on consumption of 1874 for demand of 1875	2,936,733,113

ESTIMATED LOG CUT AND SUPPLY OF 1875.

	New Logs.	Old Logs left over.
Michigan	1,542,514,724	387,303.000
Minnesota	619,713,466	66,150.000
Wisconsin	617,513,646	414,500,000
Pennsylvania	600,000,000	50.000,000
New York	240,000,000	—
Canada	855,000,000	805,000,000
Maine	439,000,000	—
The South	800,000,000	100,000,000
Washington Territory	250,000,000	—
Other points	600,000,000	50,000.000
	6,563,741,836	1,872,953,000
Total		8,436,694,836
Amount of lumber left over		1,752,768,000
Total supply for 1875		10,189,462,836

Of the supply for 1875 the *Gazette* thinks that there will be about 2,186,913,612 feet of new cut logs unavailable, reducing, thereby, the total production to 8,001,549,224 feet of lumber, from which it deduces the following conclusions:

Total production of 1875	8,001,549,224
Deduct amt. naturally to winter over to '76	1,248,635,234
Available for production, 1875, feet	7,753,113,990
Consumed in 1874, net	6,562,454,113
Excess of supply, 1875 over 1874	101,659,877

But allowing for other chances the opinion is expressed this surplus will be wiped out and that shortages will occur in the production of the current year to the extent of about 1,166,898,277 feet.

METALS.—COPPER.—Manufactured is steady as follows: New sheathing 30; bolts and braziers' 31; nails 38@39; yellow metal sheathing 21; bolts 28, and nails 21@22 cents. Ingot is dull, with sales of Lake at 23 cents.

IRON.—Scotch pig is very dull and prices are unsettled and nominal. The weakness here and abroad has been furthered by the failure of a leading company in Wales, which has carried a number of firms. Sales here are said to be making at considerable loss, and the market is tending still further downward. Buyers are few and much iron is going into yard. American pig is also depressed, and some stocks are offering at very low figures. Trade is limited and only small lots can be placed. Rails have been selling more freely during the week, but the market is not active. The movement has been limited to steel rails, and other kinds are dull at uncertain figures. Scrap is quiet, and manufactured from store is in moderate demand at nominally steady prices.

LEAD.—Foreign pig is dull, quoting nominally at $6.87½@7 Domestic is still quoted at $5.95@6, gold, but is said to be offering at lower figures. Manufactured is steady at the following quotations, viz.: Bar 8¾ cents, pipe 9¼, and sheet 9½, all less 10 per cent. to the trade. Block-tin pipe 45 and tin-lined pipe 16½ cents.

TIN.—The market for pig is dull with a light demand, but as stocks are not large prices are fairly sustained. We quote Straits at 19@19¼ cents, L. & F. 18¾@19, and refined English 19@19½ cents, all gold. Plates are dull and depressed, although there has been rather more business.

ZINC.—Sheet is quiet but steady at 8¼@9 cents, gold.

NAILS.—The market is very quiet, but cut are steady at old figures. We quote: 10d. to 60d. common fence and sheathing, ₱ keg, $3.25@3.50; 8d. and 9d. common do. ₱ keg, $3.50 @3.75; 6d. and 7d. common, ₱ keg, $3.75@4; 4d. and 5d. common do. ₱ keg, $4@4.25; 3d. and 4d. light, ₱ keg, $4.75@5; 3d. fine, ₱ keg, $5.50@5.75; 2d. ₱ keg, $6.25@6.50. Cut Spikes, all sizes, $3.50 @3.75. Floor, Casing, and Box, 75 cents above the same sizes of Common—Finishing, $1 above and Fine Finishing, $1.25 above.

CLINCH NAILS.

1¾ to 1½ in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6@6.50.	$5.50.	$5.25	$5 ₱ keg.

OILS.—Linseed has been selling at our quotations of last week, but the market has become irregular and sales are variable. We quote at 64@66 cents for casks from crushers' nands.

PAINTS.—The market continues steady and firm, most goods being in fair demand. Southern China Clay is scarce for spot, selling at $17, but to arrive $15 is asked. There have been sales of English to arrive at $19.50@20, gold. Paris Green is in good request, with sales at 20@32 cents, the latter price for strictly pure in bulk. Vermilions have been in request at our quotations. American Dry White Lead is scarce and held firmly at 9¼ cents. Sales of English Red Lead have been made at 10¾ cents. Venetian Red has sold at 2½ cents for C. T. R. and H. R. & Co. Paris white is held at $1.90, gold, for Queensgate.

PITCH.—The market is inactive, with small sales of city at $2.12½@2.25, f. o. b.

SPIRITS TURPENTINE—Has ruled weaker since our last report, selling at 33¾ cents immediately after our last report. Prices fell off still lower and reached 32½ cents, at which sales were made from dock, and which is the lowest price attained in many years and is lower than ante-war figures. We quote at 32½@33½ cents for merchantable.

TAR.—The market is dull and sales have been few, weakening prices, and we quote Newbern and Washington at $2@2.12½ and Wilmington at $2.25@2.37½ per bbl.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, JUNE 1, 1875.]

There is more stir in the lumber market; the inquiry for New York and the East is more active; yesterday, which is somewhat unusual for Monday, there was more doing, and to-day there are a good many buyers in the district. The week's transactions, embracing some round lots, have been to a fair extent. Stocks are ample and are well assorted. Prices of pine lumber have not undergone any change. Coarse lumber has been selling at lower figures; our quotations show a decline in the price of some descriptions of coarse, and we are advised that sales have been made since our last report at still lower figures; the demand has been fair. Hardwoods are steady in price and demand.

At Chicago the reported receipts of lumber, by lake, to May 22, were 111,442,000 feet, against 186,192,000 feet to the corresponding period in 1874; the shipments from January 1 are 146,935,000 feet, against 174,588,000 feet in 1874.

The shipments from Bay City from the opening of navigation to May 22, are 22,726,600 feet against 63,126,300 feet in 1874.

An Ottawa dispatch to the Toronto *Globe* states that in addition to a sale of four million feet made by Gilmour & Co., they have closed another sale of two million feet with a prominent Burlington firm at quotations said to be better than last fall. Negotiations for two million feet are now going on between a Whitehall firm and the owner of a mill above the falls. It is reported that a sale of ten million feet of deals, to be delivered in Quebec, has been made.

A sale of two large loads of deals to an Oswego firm at $9 in the yard. They we better than the average in quality. Lumcermen already begin to see the wisdom of curtailing the operations of last year. Buyers are beginning to feel that the stocks of lumber are getting light, and there will soon be activity in the trade, which will send up the prices. The trade in deals is brightening; they are in demand at slightly advanced prices. Freights are dull and one-third lower than last year's rates for lumber to the States.

The receipts at Albany by the Erie and Champlain canals from the opening of navigation to June first were:

	Bds. & Sc'tl'g ft.	Shingles, M.	Tim'r, c. ft.	Staves, ₱s.
1875...	13,264,900	....	....	....
1874..	45,289,500	3,437	....	....

Lumber freights from Buffalo to Albany are $3.62@3.75 ₱ M feet on pine and $4.62@4.75 on ash and walnut.

The receipts of lumber a Buffalo by lake during May, this season, are 3.056,000 feet against 25,700,000 feet in May, 1874; of staves only 389,000 against 5,631,000 in 1874.

Eastern freights are unchanged. To New York 80c. @$1 ₱ M is the ruling rate, although some cargoes are reported to have been carried at still lower figures.

River and Eastern freights are quoted as follows:

ATTENTION! PROPERTY OWNERS.

Messrs. Wanner & Caspar,
Architects and Civil Engineers, are prepared to furnish plans, specifications, and estimates for all classes of Buildings, Improvements, and Alterations; also, to superintend the work.
Special attention will be given to Iron Structures and Fire-proof Construction.
Contracts are solicited for arches, partition walls, mansard roofs, plain and ornamental terra cotta works for inside and outside use.
OFFICE, 150 FULTON STREET.

The steady and continuous use of tubulated plaster, concrete, in place of brick and sheet iron as a fire-proof material for floor and ceiling arches, partition walls, and mansard and deck roofs since its introduction in the United States by the patentee (A. Wanner, Architect and Civil Engineer) in 1869, is offered as a direct proof of its superiority over all other materials for efficacy in the resistance of the action of fire, for remarkable lightness, and for moderate cost.
Among the extensive works executed under the direct superintendence of A. Wanner may be mentioned such strictly first-class buildings as the well known Palmer House, at Chicago; the new Capitol Building, at Springfield, Illinois; the Equitable Life Insurance Building, at Boston, and the new Evening Post Building in this city.
The applicability of this superior building material to a variety of purposes is illustrated by drawings and specimens on exhibition at the office, 150 Fulton Street.

Better than Uptown, Brooklyn, or Harlem.
You would like to hire parlor, library, dining room, kitchen (elevated oven range, washtrays), bathroom, three bedrooms, an elegant cottage, all to yourself, on sewered street, for $40 a month.
Or a whole new Cottage, six rooms, cellar, vegetable garden, for only $20 a month.
Or for $25 a month a cosey Home, parlor, dining room, kitchen, range, four bedrooms, large vegetable garden.
Or pleasant modern Cottage, similar to the last, but larger and handsomer, for $35 a month.
Have a whole house and garden to yourself, not part of a tenement.
Only 30 minutes from Hunter's Point; commutation only 8½ cents each way; 37 trains daily, from 6 A. M. to midnight; comfortable, clean, safe cars, warm in winter, cool in summer; not overcrowded.
Beautiful scenery, boating, fishing.
At Whitestone, L. I.; churches, schools; high rolling ground; as healthy as the city and much pleasanter; these houses just painted and only five to eight minutes' walk (plank, not mud,) from depot.
Or pay a little more each month instead of rent and small amount cash down and you can buy your house and have something to show for your money in a few years. Go look at these houses. It will only take three hours in all. Thirty-fourth Street or James Slip ferry to Hunter's Point, and Flushing and North Side Railroad at 8½, 9, 10 A. M., 12 M., 1½, 2, 3, 4 P. M. Inquire for SAMUEL DRAKE, Agent, at Whitestone depot. If you wish more information call at office of owner, GEO. W. VAN SICLEN, 99 Nassau Street, New York.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The time of year has come when we can look at the market in the light of the past, and try to judge of its future. At the start we find naught to excite fear, but much from which to gain hope. There has been no panic in real estate, and if prices paid are less, it is where sales have been made by force of law, or other circumstances, which have not compelled the whole market to yield. It is true that there has been a change in values, in some cases to the extent of fifty per cent., but this loss has fallen upon realty which had no support other than plans for development; and the excitement of speculation. The trade in real property that has been done this season is small, and it could not be expected that when commerce has been restricted and close economy has been urged upon the people, that any one interest should form a striking exception to the general rule of dullness. It is hard to sell, but it is about as hard to buy, and the faith that holds property to-day is a sure guaranty of strength when revival happens. We do not expect an early reaction in the market. Months must pass before it can reap the benefit of new opinions, and the change which is sure to come must be waited for patiently. It is creditable to city realty that it has borne the brunt of adversity so long and so well. Heavy taxation, a plundered and depleted treasury, obstructive official action, and business disorders have not been able to shake the faith of its holders, and although the tenacity with which owners have clung to it may be regarded as the clutch with which a drowning man clings to the last resources for life, it has not utterly failed them, and the market still stands strong enough to support those who are able to keep their grasp upon it. Money is abundant, and banks and institutions are so surfeited that they are at loss to distribute their surplus assets upon safe and legitimate securities. Further than this, leading operators in stocks and prominent bankers are beginning to cast their eyes toward this market, and a careful perusal of the records, as published in this paper, will give satisfactory assurance of our statement. When stock jobbers buy real estate and put it safely by it becomes us to look for the reasons which actuate them, and when leading banking firms lend money on bond and mortgage there is room for further inquiry. The truth is that the soundest investments after all are in land or in its pledges, and when other methods fail, and when prudence suggests a safe deposit, real estate becomes a logical resort.

The market for the week just closed has not been active, and in the sales that have transpired prices have been low, lots in favored localities selling at half price. It must be remembered, however, that this occurred under one of those exigencies which arise in the settlement of an estate, and that when property is put upon the market without regard to consequences, bids are not apt to run wild or in excess of the feeling of the hour. Most of the public business was done under legal proceedings, which leave no resource and is, therefore, not to be taken much into account. Private transactions have been limited, and in their details add no discredit to the market. Matters, therefore, stand about the same as usual, of late, and activity is not soon to be expected. We think that the depth of depression and dullness has been reached, and that should any change occur all the tendencies would be favorable.

MARKETS.

The building out-look shows signs of improvement, and if not frustrated by strikes or inopportune exactions will probably become still more extended. While it cannot be said that trade is of the most bustling character, still in many respects there have been changes sufficient to put a different aspect upon the markets. Some which come within the line of our report are naturally dull at this season, the jobbing trade now controlling business for which purchases were made earlier in the year. The movement in masons' materials, however, has been sharper during the past week than we have yet noted. The yards are fairly busy and the wholesale markets, with ample supplies, have more tone, and goods have been selling freely. Prices in some particulars are stronger, and where decline is noted have been affected by ordinary causes which control trade even in the most prosperous times. There are some interests, nevertheless, which are still languishing, and await the general improvement in trade which, with slowly returning confidence, is thought by many of the well informed to be impending. The present summer is not likely to give fruition to all the hopes that have been entertained, but if passed through with even temper and free from disasters that would add to business complications, it will leave behind it encouragement and renewing confidence.

Money continues abundant, and its holders are beginning to realize that something must be done to make it profitable. The diversion of capital into real estate investment or securities is only the precursor of a better feeling in real property, to be followed by a demand for its improvement. We do not take into this connection loans by institutions, which are the accustomed resort of the needy who are able to give satisfactory guarantees; but we consider it especially noteworthy and suggestive to find that the leading operator on "the street" is gathering in a few parcels of realty and putting them by, where, amid the contingencies of the future, it is probable they will "do the most good." It doesn't make any difference what the moving causes may have been in such instances, whether in settlements or otherwise, the fact remains that the security has been thought adequate and that it has been so disposed as to abide ill fortune. Prominent bankers are also working in this direction, and we note loans made by leading firms whose business connections both here

and abroad are of the highest order. The conviction is daily growing that money must be put to new use, and when other enterprises fail it is found to be most thoroughly cared for when laid away in those foundations which commercial adversities cannot move and which are only to disappear in the experience of eternity.

Our review in detail will be found appended:

BRICK.—There has been a good market throughout the week, and with the exception for pale prices have been quite strong. Arrivals of hard have been fully up to 15,000,000, and while the cheaper grades have shown the greatest activity, everthing has gone fast. Old brick, with few exceptions, are nearly off of the yards and the new brick are arriving in quantities sufficient to satisfy the market. Up-rivers have been rather limited in arrival and their prices consequently have approximated to Haverstraw Bay's, quoting at $6.50@7 per M. Pale have been weaker, a result of the action noted in our last report, and as prices yielded to the bearing movement transactions occurred as low as $2 per M, at which figure our latest report notes a sale of half a million. Quotations are still to a great extent nominal, as $2.50 per M were afterward offered and no one was found willing to sell at that price. H. B.'s are stronger, quoting a quarter better than last week. Other kinds are as previously reported, fronts being firm at our quotations. We quote: Pale, ℔ M, $2.50@3; Jersey, $6@6.50; Long Island, $6.50; Up-river, $6.50@7; Haverstraw Bay, $7@8; Fronts, Croton—brown, $12@13; dark, $13@14; red, $14@15; Philadelphia, $28@32; Baltimore, $50@56. Yard prices, delivery included, $2@3 higher.

CEMENT.—The demand for Rosendale is good, and the leading manufacturers are selling all they can get forward, while in at least one instance the product is nearly up to the capacity of the mills. Yet prices continue low, and the reason lies in the fact that inferior brands are able to control the market so as to compel concessions on the part of makers of the best material, and sales at present figures are in many instances below cost. We quote Rosendale steady at former figures, leading brands securing the highest prices. We still hear of goods offering at $1, but have no sufficient reason as yet for changing our quotation at $1.10@1.20 per bbl. For out-of-town trade or for shipment prices are stronger and may be quoted at $1.30 per bbl. Portland is quiet at $3.85@4.25 per bbl., with no sales reported.

FIRE BRICK—Are unchanged and nominally steady at old figures. We quote Scotch, $40@55; Red Welsh $50, and American, $40@50 per M.

GLASS.—The market is very quiet, as buyers are few and stocks are ample. French window, however, is quoted steady at 50 and 2½ per cent. English sheet and polished plates are quoted nominally steady as before, the former at 20 and 10 and the latter at 15 per cent. discount.

HAIR—Is extremely dull, stocks being too ample for any active movement, while holders are offering at almost any price until dealers almost fear to take them up. Bids for hair are quite out of the question. The market, therefore, is uncertain and irregular, and quotations are rather nominal. We note sales of 21,000 bushels at 10 cents for cattle and 13 cents per bushel for goat, and quote cattle at 10@18 and goat at 12½@21 cents per bushel.

HARDWARE.—The market is quiet, as very few buyers are in town and orders by mail are extremely limited in number. As this is the dullest season of the year for the trade, nothing more can be expected until the fall demand sets in. Neuss & Gamble's are quoted at $4.75@15; J. and Reilly Carr at $5.25, and Butcher's $5.25, all ℔ £, gold. W. Greave & Son quote at $5, currency.

LATH.—Arrivals have been very full and in excess of the demand which, nevertheless, has been very good and served to steady prices. The market closed dull, with sales of 11,000,000 reported at $1.50@1.60, later sales, say 3,000,000 to 4,000,000, occurring at the lower figure. We quote accordingly. Yard prices 25 cents per M additional.

LIME.—Trade has been picking up, and is said in some instances to be as good as usual for the season. Some of the manufactures are sold in advance of arrival and up to the full capacity for supply, so that the companies are about to enlarge their facilities for production. Prices remain steady, and we quote State common at $1 and finishing at $1.35 per bbl. Rockland common $1.25 and lump $1.50 per bbl. Yard prices, delivery included, 25 cents per bbl. higher.

LUMBER.—In some respects there is better feeling in the market, although white pine for shipping purposes continues dull and depressed, quotiug nominally at $19@25. Yellow pine is stronger and is held quite firmly at $24. The bids for the large order recently noted have not become know, and we are therefore unable to give the figures or to state the award. Spruce is still quiet, but the market is more closely held, good schedules being in better demand while inferior are not sought for. Arrivals have been free and sales of random cargoes have been made at $13.50. One cargo, running largely 24 and 25 feet, sold at $15. Sales in all aggregate about 9,000,000 feet, prices strengthening somewhat toward the close of our report, although quotations have been given as low as $13 per M. We quote random cargoes at $14@15 for inferior schedules and at $16@17.50 for good. Hardwoods are in moderate request at steady prices. The yard trade is fair and buyers are making the most of opportunities while purchasing no more than current demands require. Dealers are taking some advantage of the ruling prices for pine at the West, and purchases are making, although not to an illimitable extent. The impression obtains, despite any argument to the contrary, that the supply will more than meet the emergencies of the season, and that if lower prices should not prevail no difficulty will ensue in purchasing as cheaply as at present. Quotations are retained for the present, but it may be assumed that they are shaded to suit the demands of trade.

Michigan and Wisconsin Notes.

From the Saginaw *Courier*, June 6:—

There has been very little doing in the market the past week. Several buyers have been in the market and some small lots have been picked up. The range of the market is from $5 to $6, $10 to $12, and $30 to $33.

From the *Lumberman's Gazette*, June 5:—

There is a more settled feeling in this market this week, if nothing more. Buyers have been quite numerous, though a large part of them have been holding off for a breakage in the Barge Association freight rates, which have been held at $2.50 to Buffalo and $2.65 to Tonawanda. It is claimed and denied that these rates have already been broken, and it is certain that some outsiders have surely been cutting in on the rates. The range of prices is from $5.50 to $6, $10 to $12, and $34 to $35. Dry lumber is offered at the lower rates sometimes and green at the higher—the price depending upon the quality of the stock. Some very fine logs have been received from the shore streams, and the Tittabawassee new crop, which will begin to come out in July, will be better than for several years. Most of the buyers lately here have been looking over the stocks along the river and getting posted generally before buying. We note the sale of 600,000 feet of green stuff just from the saw by Gates & Fay to eastern parties at $6, $12, and $35. Some other sales have been made on the same terms, though the aggregate is not large for the week. Shipments have held up some within the last few days, parties looking for lower freights.

SAGINAW CITY, June 3.

It can hardly be expected that the lumber trade will prove an exception to all of the varied industries of the country, and present activity in all its branches when every other manufacturing enterprise is stagnated by crowded markets. Lumbermen the past winter curtailed their operations very largely as compared with preceding seasons, and yet the stock on hand of new and old logs is quite large, the late rains having brought down nearly a hundred millions of logs which were considered as almost hopeless and which were no longer counted in as available, but with this stock there will be less lumber cut on Saginaw River this season than last, and I find at this end of the river that while sales are not being made as rapidly as could be desired, still there are quite a number of sales reported—few of them are of large quantities. The yards in the interior are stocking up and quite a number of sales have recently been made by parties in this city to be shipped by rail and the shipments are now being made, prices being about as heretofore. Butman & Rust have sold since my last letter a half million to Columbus parties at $5.75, $21.50, and $33. Rust, Eaton & Co. and Rust & Hay will ship this week a million and a half that was sold a short time since at $5.50, $11.50, and $34.00.

From the same:—

During the past few days there have been a number of buyers in this market, mainly occupied in looking over the stocks on the docks and those which are to come from the crop of logs now being received. The lumber on the river is rather bare of extra fine lots of dry, though some of the mills are turning out choice stocks from the logs just received. On this account we hear of stocks of dry offered at $5 50, 11, and $33, while the same mills have green stuff which buyers take at $6, $12, and $35. A sale of 600,000 feet just four days from the saw, was made here a day two since, and an offer of the same price for as much more was made by an Albany buyer who looked over the stock of logs from which the mill was sawing. The terms of payment were entirely satisfactory in both these cases. It should be stated that the lumber was cut from a very choice lot of logs, and that for which the Albany man made an offer is to come from some very fine Rifle River stock.

The Tittabawassee Boom Company having agreed to close out the old stock in that stream before running out the new crop, there will be no change in the quality of its product before July, when the old logs will be through, it is calculated. The new Tittabawassee stock, as has been mentioned heretofore in these columns, will show considerably better than for some years past; this is owing to the fact that the loggers last winter went farther up the small branches than ever before and struck some of the best tracts of timber that have ever been cut in those sections. The same thing is true of the other streams in this region, all of which will this year send down some very choice stock. The shore streams, which had comparatively little old stock on hand, are already furnishing some rare lots of logs.

Just now buyers are waiting for some change in their favor, either in prices of lumber or in freights. The opinion is general that the Barge Association rates must be broken, and many shippers are holding off in anticipation of that event. Some strenuous efforts have been made within a few days to bring about that result, but, the barge men claim, so far without success. There is considerable sold lumber on the river and the shipments aggregate a good round figure weekly.

General Western Notes.

From the Chicago *Inter-Ocean*, June 8:—

A fair trade has been reported in this market during the past week, and up to Saturday the market was tolerably firm. The receipts were fair and the attendance of city and country buyers moderate. The quality of the lumber coming forward is not particularly desirable, the arrivals consisting mainly of joist and scantling and the lower grades of strips and boards. The ruling price for joist and scantling was $8.50, with a part cargo of inferior now and then at $8.25. Strips and boards sold at $9 for inferior to $15 for choice cargoes. Shingles quotable at $2.20@2 75 for common to choice "A" sawed. Lath, $1.50. Saturday the market was dull, buyers holding off in anticipation of the arrival of a large fleet by Monday.

To-day the offerings were large, about eighty cargoes being on sale. The market was very dull and sales dragged slowly, with a downward tendency in values. Sellers were not generally reporting their sales, and it was difficult to obtain correct quotations, closing dull with a large fleet on sale.

Common to fair boards and strips	$9.00@12 50
Good to choice	13.00@15 00
Joist and scantling	8.50
Shingles	2.25@ 2.70
Cull shingles	.75@ 1 00
Lath	1.50
Pickets, flat	8.00
Pickets, square	10.00
Cedar posts	.08@ .14

Schooner Westchester, Muskegon, 173,000 strips and boards at $11.50.

Schooner City of Woodstock, Green Bay, 1,700,000 "A" shingles at $2.30.

Schooner Three Belles, White Lake, 550,000 "A" shingles at $2.65; 32,000 1 shingles at $1.

Schooner Dousman, Oconto, 240,000 strips and boards at $10; 80,000 lath at $1.50.

Schooner Honest John, White Lake, 100,000 boards and strips at $13.

Schooner M. Dale, from Muskegon, 152,000 mill-run at $12.

METALS.—COPPER.—Manufactured is steady as follows: New sheathing 30; bolts and braziers' 31; nails 38@39; yellow metal sheathing 21; bolts 28, and nails 21@22 cents. Ingot is firmer and prices favor sellers. We quote Lake at 22¾@23 cents per ℔.

IRON.—Scotch pig is in little demand and sales continue at figures said to be lower than cost, while the chances for improvement are very lightly regarded. American pig is irregular, some companies asking full prices while others are disposed to yield. Buyers, therefore, are cautious, taking no more than will satisfy their needs. Rails are dull except for steel, for which there has been of late a good demand, recent sales of 15,000 tons occurring on private terms. Scrap is dull, with sales at prices not disclosed, said to have been very low. Manufactured is rather inactive. The agents for Burden announce a new price list, in which they quote: Round, square, and flat ordinary sizes at $75 per ton; round and square extra sizes $105@80; flats $80@95; ovals and half round $100@87.50, and half ovals $105@92.50. "Burden's Best" is quoted as before.

LEAD.—Foreign pig is dull, quoting nominally at 6⅞ cents, gold. Domestic is weak at $5.90@6, gold. Manufactured is steady as follows: Bar 8¾ cents, pipe 9¼, and sheet 9½, all less 10 per cent. to the trade.

TIN.—Pig is dull and weaker, quoting as follows: Straits 18½@19, L. & F. 18¾@19. Plates are very quiet and prices favor buyers and quotations are uncertain.

ZINC.—Sheet is in moderate request at 8¾@9 cents, gold.

NAILS.—The market for cut is quiet but steady at old figures. We quote: 10d. to 60d. common fence and sheathing, ℔ keg, $3.25@3.50; 8d. and 9d. common do. ℔ keg, $3.50 @3.75; 6d. and 7d common, ℔ keg, $3.75@4; 4d. and 5d. common do. ℔ keg, $4@4.25; 3d. and 4d. light, ℔ keg, $4.75@5; 3d. fine, ℔ keg, $5.50@5.75; 2d. ℔ keg, $6.25@6.50. Cut Spikes, all sizes, $3.50@3.75. Floor, Casing, and Box, 75 cents above the same sizes of Common—Finishing, $1 above and Fine Finishing, $1.25 above.

CLINCH NAILS.

1¼ to 1½ in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6@6.50.	$5.50.	$5.25	$5 ℔ keg.

OILS.—Linseed is quiet at 64@65 cents per gallon from crushers' hands. Sales have been made on private terms, and a bankrupt's stock of 35,000 gallons was disposed of at 56 cents in tanks, about equal to 61 cents delivered in casks.

PAINTS.—Trade is fairly good all around, the jobbing demand being quite active while prices continue quite steady. English White Lead, ground, is scarce and firm at 10½ on spot and to arrive. Vermilions have been in active demand at $2.25 for China. American quicksilver selling at 99½ cents in bulk and $1 in bags. Paris Green is very active at good prices, strictly pure in bulk quoting at 32 cents. Genuine has sold at 30, Kings Co. at 27, and Montauk at 20 cents. Ochre is scarce for all kinds of dry. English Red Lead is scarce, with sales at 9¾ cents, gold. Venetian Red is in good demand. Paris White sold from store at 2½ cents for Crown. English China Clay is selling at $25, currency, and J. S. ex-store at $21, gold.

PITCH.—The market is dull, city selling in a small way at $2.12½ per bbl., f. o. b.

SPIRITS TURPENTINE.—The market is weak with moderate business, and prices have receded to 32 cents. We quote at 32@33 cents per gallon for merchantable.

TAR.—The market is very quiet and reports of sales are wanting. We quote Newbern and Washington at $2.12½@2.25 and Wilmington at $2.30@2.37½ per bbl.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, JUNE 9, 1875.]

There has been a fair business throughout the district since our last report; some houses report more done by them than any week of the season, but the general report shows no marked increase. Stocks are ample for the demand and are fairly assorted. Representatives of some houses that buy largely were in the district this A.M., but they, like the generality of visitors, want to purchase below our reduced quotations, reducing their limits upon every concession in prices. Hardwoods are in steady demand and easier on some kinds. Coarse lumber is lower in price on almost every article with some inquiry, buyers having about made up their minds that coarse lumber will bring more money before the week is out.

The receipts of lumber at Chicago to the 29th ult. were 151,229,000 feet, against 226,918,000 feet to a corresponding date in 1874; the shipments, 160,949,000 feet, against 191,748,000 feet.

The receipts at Oswego by lake and the shipments by canal to June 1st, compared with the receipts and shipments of the two previous years, are thus given by the *Commercial Times:*

	Receipts, feet.	Shipments, feet.
1875	21,945,700	15,501,000
1874	53,347,900	26,917,000
1873	43,405,500	25,110,000

Freights on lumber from Oswego to the Hudson are $2.20 ₱ M feet; from Buffalo to Albany, $2.75 ₱ M feet for pine and $3.87 for hardwood.

The receipts at Albany by the Erie and Champlain canals from the opening of navigation to June eighth are:

	Bds. & Sc'tl'g ft.	Shingles, M.	Tim'r, c. ft.	Staves, lbs.
1875	26,268,900	500	....	50,000
1874	63,826,600	4,068	....	430,000

Eastern freights are unchanged. To New York, 80c. @$1 ₱ M is the ruling rate, though some cargoes are reported to have been carried as low as 50 cents.

River and Eastern freights are quoted as follows:

CHASE'S

PIPE CUTTING & THREADING MACHINE.

This important tool is designed to fill a want long felt by STEAM AND GAS FITTERS and MACHINISTS for cutting and threading pipes rapidly and cheaply. An apprentice boy, with one of these, can do more work than two men with old appliances, under the old system. NO PIPE SPLITTING! NO BEVEL INSIDE OR OUT! It cuts threads and makes nipples for all sizes of pipes, from ⅛ to 2 inches. Weighs only 100 lbs. Stronger than any machine made. A set of collars and lengths for making nipples goes with the machine. Address THE CHASE MANUFACTURING COMPANY,

ADVANCED ARCHITECTURE.

Within the last ten years a greater improvement in design has been effected in this city than in the whole preceding half century. As we noted in a short article in the REAL ESTATE RECORD, published some fifteen months since, the best examples of this may be found in that quarter situated between Fifth and Lexington avenues and above Forty-second Street. Before considering more particularly in what this step toward the establishment of style consists, it may be well to consider shortly those iron buildings which, really a product of our own life, have, to a certain extent, shared in the progress that more especially applies to brick and stone. Some six years since we stated the radical objections to iron as a building material. Those objections were, for the most part, constructional, holding, as we did, that poverty of design and neglect of details were faults in no way dependent upon the material used, but upon the inexperience of architects and the negligence of iron-founders. Time has fully justified the opinions then expressed. At least three fronts, one on Broome Street, two on Broadway, real *chefs-d'oeuvre* of decoration judiciously applied to strictly mechanical construction, show that the artistic objections so often raised to fronts of iron were founded on misconception of its capabilities. Even better examples may be seen in the first story of the Stevens building and in various single stories and ornamental work by other well-known architects. The constructional objections remain. They have so evidently forced themselves upon the attention of owners within the last two years that we may confidently predict the disuse of iron in entire fronts at no distant date. The opinion at that time expressed, that the real utility of iron was as a substitute for heavy interior columns—either large shells or of brick or stone—has not been verified. Frankly, it seems as if we were trying too much. The construction of immense buildings wholly fire-proof necessitates the employment of columns almost as thickly set as those of an Egyptian temple. For such columns slender iron castings are of course inadmissible, but we repeat that a wholly fire-proof building for any purpose requiring space, light, and air is, and always will be, an impossibility. When we recognize the fact that a light interior within a carcass so substantial as not to be weakened by a conflagration is the real solution of the problem, then we shall be in a fair way to make iron a servant, not a master.

To return to the consideration of our advancement in design which is so evident in our present structures of brick and stone. Ten years since the architecture of our city was fairly beginning to show the effect of cultivation and study. The younger men of the institute, succeeding to the race of "dada-architects," graduates of the foot-rule and mitre-box, who led our national taste till 1850, began to impress upon our streets their own artistic sentiments. Their errors were of inexperience or of eccentricity, mistaken for genius. English by taste, for the most part their feelings sided with that prejudice in favor of Gothic, common to most cultivated Englishmen for the last forty years. Whether a natural love of perfection induced their preference for the "decorated" period; whether peculiar conditions have combined to weaken the effect of "early" or "perpendicular," certain it is that their most successful efforts were in the former style. But the exigencies of a different country soon made themselves felt, and the cost of production quickly forbade the employment of any Gothic style in its full purity. Gradually they learned, as their English cousins before them, that the spirit of Gothic architecture still possessed the power of infusing life into the more rigid exigencies of the present time. They chose then that modified style strongly tinged in ornamentation with the flowing and bizarre composition of the French school, which has been called modern English Gothic. But again the question of cost stepped in, and at present, in spite of many really beautiful façades both in this city and throughout the East, one of our architects well known for his enthusiastic bias and esthetic taste, has declared Gothic in this country a failure. We must respectfully differ from him, or at least qualify the assertion by adding that the cost of erection does effectually forbid any general use of that style. A most beautiful example of a Gothic, so hardy as to be rather French than English, is the Reformed Church corner of Forty-eighth Street and Fifth Avenue. In Thirty-sixth Street, near Broadway, is a most happy church-front of early English; and the house now completing corner of Fifty-seventh Street and Fifth Avenue is a perfectly successful specimen of modern Gothic. The exigencies of cost and situation called for some style which should combine classical repose with Gothic light and shade, while avoiding both the heavy cornices of the one and the interminable details of the other. This style was found in the Neo-grec, though why so named it would be hard to say, since it is neither new nor Greek. A legitimate development of French renaissance—which was always Gothic in details and classical in composition, while Italian renaissance is the reverse—it owed its birth some twenty years since in the houses of certain Parisian artists in the Rue des Martyrs to the wants of modern city life acting upon what has been for three hundred of years the favorite French school, not untinged, perhaps, by the Greek mania of the First Empire. Touching on one side modern French Gothic, on the other pure Renaissance, it is susceptible of all variations, responsive to all thought, and in fine seems alone possessed of that natural elasticity which is an absolute necessity of modern street architecture. We shall procede to consider how, gradually impressing upon the public taste its great merit as a style, it has here become burdened with a solidity and harshness at variance with its real character.

CONCRETE BUILDING.

The frequent use of concrete in recent constructions, and its important application for building purposes where strength, lightness, and protection from fire are involved, deserve more specific notice than has hitherto been given to it. Concrete building has received more attention in Europe than in this country, but of late a start has been achieved in this direction likely to prove valuable in all future experiences. We take from English sources the following interesting and valuable review:

Until within recent years, little or no improvement appears to have been made in the primitive apparatus for molding concrete walls, so that only the roughest kind of building was possible with such means. It is, therefore, not to be wondered at that treating concrete architecturally never received due attention, brick-work and stonework being more easily capable of architectural treatment. In the use of these materials, dependence upon the bonding of the bricks or stones gradually increased, and the valuable properties of adhesion and cohesion to be obtained by the right use of good lime, has been increasingly neglected. Architects, engineers, and builders became careless and ignorant of the properties and proper treatment of lime, and the value of concrete was entirely dependent on the binding material with which it was compounded. Thus lime-concrete, although possessing the advantages of economy in materials and labor, great ultimate strength, damp-proof, fire-proof, vermin-proof, and other good qualities, was subject to the greater disadvantages of requiring more time and space, and of being less capable of high architectural treatment. The modern system of cement-concrete building is free from all these disadvantages, and, in addition, possesses important advantages not hitherto attainable. The modern revival of the use of concrete can be traced to increased

knowledge of the properties and values of all kinds of limes and cements. Engineers, architects, and manufacturers now recognize the necessity of applying the most accurate scientific knowledge and practice to the preparation and use of these materials. Talented and painstaking French engineers commenced researches and experiments in this subject in 1812, and published results in 1818. Since that time French chemists, architects, and engineers have continued to increase their knowledge of the subject. The use of concrete as a veritable building material made no real progress until cement instead of lime was used as the binding material. The advantages claimed as secured by the use of cement-concrete for house-building purposes, are (1) increased strength; (2) greater durability; (3) reduced cost; (4) greater expedition; (5) superior damp-resisting qualities; (6) greater facilities for fire-proof construction; (7) greater facilities and economy for ventilating, warming, and applying improved sanitary arrangements; (8) being vermin-proof; and (9) giving an alternative method of construction, and the means of employing unskilled labor. Under the first head it has been proved that almost all the ordinary building stones and bricks succumb under test with concrete. The strength of ordinary brick or stone walls can not be measured by tests of separate blocks, because the chief weakness is in the mortar joints, from which the best (*i. e.*, the monolithic) system of concrete building is free. The lowest estimates of comparative strength show concrete to be three times stronger than brickwork. Of course there must be great variation of strength in different kinds of materials used for mixing with the cement, but there is a very large margin in favor of concrete with every kind of material employed for the purpose. As to durability, chemical analysis proves that ancient lime and modern cement concrete have identically the same qualities, the durability of both being assured by ultimate crystallization. Experiments have proved that the induration of cement is continuous, and instead of deteriorating with age, it becomes harder and stronger. Thirdly, the economy of concrete is as decided as its many other advantages, it being from thirty to fifty per cent. cheaper. The difference in cost, however, is very variable, as in some districts circumstances are much less favorable to concrete than in others. Carriage for cement is sometimes a costly item, and the aggregates for concrete are much dearer in some places than in others, so that comparing yard with yard of walling, only a small margin in favor of concrete might appear. But in such cases other elements of economy must not be lost sight of. Wood lintels and bonds are not required; one coat of plastering may be saved; and where concrete is used instead of stone, the walls are so much thinner that the same house room may be obtained on a smaller area of ground, or more house room on an equal area of ground, and for an equal surface of walling. As to expedition in construction, an experience of six years' continuous building in concrete has proved that cement-concrete walls may be safely built at the rate of two feet high per day—a rate of progress that can not be considered safe for ordinary brick or stone walls. The greatest saving of time, however, effected by concrete building is due to the fact that a concrete house is perfectly dry as soon as built, and can be inhabited at once with safety. During the progress of setting, which occupies only a few days, cement exudes all moisture in excess of that required for hydration and induration, and will not absorb moisture from the atmosphere. Fifthly, good cement-concrete is practically damp-proof, but it must not be considered that the various rough concretes used for wall-building will always insure a perfectly dry building without cementing the surface. In the majority of cases it would do so, but sometimes rough rounded aggregates are used that produce good strong walls, with a good key to take surface cementing, but having small interstices through which water will find its way if the surface is not cemented. Concrete, in the next place, affords greater facilities for fire-proof construction than any other material, although much must depend upon the aggregate of which it is composed. Burnt clay, ballast, slags, clinkers, &c., make concrete that merely vitrifies on the surface when exposed to the most intense heat; but the same heat applied to gravel concrete causes the particles on the surface to split and disintegrate. In concrete walls ventilating and air-flues can be formed with the greatest ease; no pipes are required, and the value of the concrete saved pays for the slight extra trouble in forming the flues. In monolithic concrete building there are no mortar joints, and vermin have no chance to find an entry or an abiding-place. Lastly, building in concrete may be done almost entirely by unskilled labor, and ought, in the present days of strikes, to find favor with architects and employers.

WEIGHTS OF TIMBER AND OTHER BUILDING MATERIALS.

So many authorities have experimented on the weight of various woods, &c., that a general review of the principal sorts used in building may not be out of place. The figures apply to seasoned wood, and give the number of lbs. per cubic foot:

DECISIONS REPORTED IN LAST VOLUME COURT OF APPEALS.

Mooney *vs.* Elder.—This action was brought by plaintiff, a real estate broker, to recover commissions alleged to be due under a contract with defendant, for procuring a purchaser for certain premises owned by defendant, in the City of Buffalo. Testimony was given by the plaintiff, tending to show that, in April, 1872, the defendant had employed the plaintiff, a real estate broker, in Buffalo, to effect a sale of his house, situated in the city, for the price of $21,000. That the parties entered into an agreement to the effect that if a sale was effected, either through the agency of the plaintiff, or that of any other person, that the defendant should pay the plaintiff a commission of two and one-half per cent. That the plaintiff advertised the property for sale, and made various efforts to make one to different parties, among others, to the First Presbyterian Church, of Buffalo, which was desirous of purchasing a parsonage. That about the middle of July the defendant told the plaintiff he had sold the house to the church. Some time thereafter the plaintiff presented to the defendant his account for commission, which the defendant refused to pay, upon the ground, as he claimed, that he had withdrawn the property from market before he sold the same. It appeared that the plaintiff had made a parol contract, for the sale, and that the defendant had based his refusal to pay not upon the ground that a contract *in writing* for the sale had not been and could not be made, but upon the ground that defendant had withdrawn the property from market before the sale was made. Judge Grover says, "These facts show *prima-facie* that a purchaser, by plaintiff, had been produced, ready to purchase the property. It was after, and in reference to this verbal contract, doubtless, that the defendant told plaintiff that he had sold the property. Had the defendant, after this, been unable to consummate the contract, or refused so to do, the plaintiff would have been entitled to his commission, having fully performed the contract on his part. The delay of nearly two months in completing the contract was wholly unexplained. The plaintiff was entitled to his commission upon the production of a purchaser, ready and willing to purchase the property, although, through the default of the defendant, a sale was never effected. The Court is warranted in holding that the commissions then became due, although the conveyance was not made until some time afterward."

Defendant, owning a farm some miles from New York, employed the plaintiff to examine the same, and to estimate the value thereof, and also to procure a loan to be secured by mortgage on the said farm. The defendant authorized the plaintiff to obtain a loan for $20,000 if he, the plaintiff, could obtain that amount; and if he could not obtain that amount, the defendant agreed to take $10,000. The plaintiff, in pursuance of this agreement, visited the said farm, and estimated the value thereof; and, having made such estimate, he endeavored to procure a loan of $20,000 for the defendant, but succeeded only in procuring a loan of $10,000, to be secured by a mortgage on said farm. The defendant in the agreement promised to pay the plaintiff, for all services, at the rate of two and one-half per cent. on the loan to be obtained by him. The defendant refused to accept the loan of $10,000. *Held*, that the agreement for two and a half per cent. was a violation of the statute providing that "no person shall directly or indirectly take or receive more than fifty cents for a brokerage, soliciting, driving, or procuring the loan or forbearance of $100 *for one year*, and in that proportion for a greater or less sum, nor more than thirty-eight cents for making or renewing any bond, bill, note, or other security given for such loan or forbearance, or for any counter bond, bill, note, or other security concerning the same." It appeared in evidence that the loan negotiated for defendant was to be for three or five years. Several constructions of the statute were suggested by plaintiff's counsel.

1st. That it should be taken literally, in which case it would only apply to loans for one year.

2d. That it should be held to apply only to loans for one year or under.

3d. That the words "for one year" should be disregarded, in which case the rate prescribed would apply to all loans.

Chief-Justice Church, in his opinion, says, "To adopt the literal construction would render the statute utterly ineffective and useless, as it would only apply when the loan was precisely one year; while either of the other constructions requires the interpolation of words not in the statute, or the omission of words found there. The statute applies to all loans without regard to time; thus practically disregarding the words 'for one year.' This construction entitles the plaintiff to no more tkan fifty dollars for negotiating this loan."

CONVEYANCES.

Wherever the letters Q. C. and C. a. G. occur, preceded by the name of the grantee, they mean as follows: 1st—Q. C. is an abbreviation for Quit Claim deed, *i. e.*, a deed in which all the right, title, and interest of the grantor is conveyed, omitting all covenants or warranty. 2d—C. a. G. mean a deed containing Covenant against Grantor only, in which he covenants that *he* hath not done any act whereby the estate conveyed may be impeached, charged, or incumbered.

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

It has been a quiet week in real estate circles, with nothing to record beyond the usual legal sales, and an unsuccessful attempt to force some offerings. The market has neither gained nor lost in its apparent movement, although there is reason to believe that an undercurrent of feeling has set in, which, if not destined to be early felt, may bear fruit in another year. The building trades have taken a better stand than the first indications of the season seemed to warrant, and, from personal inquiry, we are able to say that many builders are anxious to take advantage of the present low prices of labor and material, if they can only secure the aid which capitalists can extend. In a few cases this help has not been wanting; and the drift of investment will probably increase with the necessity that compels it. In general, a passive feeling dominates real estate, as owners will not abate to speculators, who, in their turn, hold aloof, looking only to avail themselves of the weaker points in the market.

MARKETS.

There is a change apparent in some of our markets since last report, but nothing that we conceive to be due to causes other than the ordinary fluctuations of commerce in times of general activity and excitement. The yard trade in building material is still reported good, and the current demand for goods is of larger volume than the opening indications of spring gave reason for hope. New enterprises are suggested, and if sufficient means could be diverted in this direction there seems to be little doubt but great activity would follow. Prices in some particulars are stronger, while in other they are weaker, but the average may be called steady. Money continues abundant at its centre, and the fairest gleam of hope attainable for trade generally will be when such stringency follows that loans are sought after instead of offering.

We append our review in detail:

BRICK.—The market was very well sustained until Monday, when a surplus was thrown upon the market and since then prices have been weaker, although the demand has been fair. Cargoes were not as easy to work off as before, and the downward pressure has been aided by the ample arrivals, which amounted to over 20,000,000. At the time of report the market had become somewhat lethargic, up-rivers selling down to $6, with continued weak feeling. Haverstraws are also quoted lower, and the latest sales of Jerseys were made at $5.50 per M. The weakness of the market is not an unusual incident of the season, as there is generally a break just before the Fourth. We quote: Pale, ℔ M, $2.50@3; Jersey, $5.50@5.75; Long Island, $6.50; Up-river, $6@6.75; Haverstraw Bay, $6.75@7.50; Fronts, Croton—brown, $12@13; dark, $13@14; red, $14@15; Philadelphia, $28@32; Baltimore, $50@56. Yard prices, delivery included, $2@3 higher.

CEMENT.—The market for Rosendale is steady at $1.10@1.20, the better price being the highest market range despite other quotations to the contrary. We quote Portland at $3.90@4.25 per bbl., and note sales of 200 bbls. at $4 and of 1,000 bbls., to arrive, at $3.90@4.10 per bbl.

FIRE BRICK—Are steady at former quotations, selling nearer the lowest figures. We note sales of 20,000 Scotch at $45 per M, ex-vessel.

GLASS. — Trade, although dull, has been ample enough to reduce stocks to a degree sufficient, in the face of diminished importation, to keep prices steady, and we quote French window at 50 and 2½ per cent. discount. English sheet and polished plate are very quiet at nominal unchanged prices. American window is steady as heretofore quoted.

HAIR.—There is nothing new in the market, the feeling still being unsettled and weak, and more hair is offering than even an active market could withstand. We quote cattle at 10@18 cents and goat at 13@21 cents per bushel.

HARDWARE.—There is no change to note in this market, as inactivity is usual to it at this time of year. The demand is confined to the wants of city and nearby trade, which are of an ordinary nature and as excited by the requirements of local custom. Strap and T. hinges quoted nominally at 33⅓ and 20 off are selling at 40 and 10. The Russell & Erwin Company offer a new sash fastener, the superior merit of which, it is claimed, consists in locking the upper and lower sash at any point. Prices are generally steady, although it is intimated that some changes in foreign goods will occur at an early day.

LATH.—The arrivals for the past week have been limited, and the demand has been good. Prices have recovered strength and we quote at $1.60 per M, at which figure the latest sale reported, 400,000, was made.

LIME.—Rumors have been made of lower prices for State, but we are unable to trace them to any authentic source, and therefore retain our quotations. The market is in good form, several of the brands being unable to meet the demand upon them. Rockland is steady at old figures. We quote State common, $1; finishing, $1.35; Rockland common, $1.25, and finishing, $1.50 per bbl. Yard prices, delivery included, 25 cents per bbl. additional.

LUMBER.—We have no changes to note, except that the market is rather quieter than at our last report. White pine for shipping purposes is slow of sale and transactions are rare, quotations keeping nominally steady at $19@25. Yellow pine is held more strongly and is in somewhat better request, quoting at $23@25, the intermediate figure representing the average of the market. Spruce is rather firmer, but the demand is not such, with the constant succession of arrivals, as to advance quotations. We quote at $14@17.50. Trade at the yards is fair, more activity showing in some quarters than in others, and prices are not altogether certain because of the competition for business.

Michigan and Wisconsin Notes.

From the *Lumberman's Gazette* (Bay City, Mich.), June 12:—

There is little or nothing new to report in the lumber market in this region. The usual small business is going on in the regular way, and the inland mills are, some of them, sending down considerable quantities of lumber. The river mills are well supplied with logs, and those which have new stock in the Tittabawassee will soon begin to receive it. Several of the mills have been running quite largely on hardwood, oak, and ash, and one or two have contracts which will occupy them for some time in the same way.

There are buyers in the market almost constantly, but there is a disposition to hold off from purchases and take chances of a breakage in the Bargemen's Association freight rates. Shippers regard these rates to the lower lake ports as out of proportion to the rates westward, where there has been no combination, and this feeling operates to restrain purchasers. The price may be quoted as ranging from $5.50 to $6, $10.50 to $12, and $33 to $35. Our remarks last week relative to quality and corresponding price are still applicable.

SAGINAW, June 10.

There has been no marked change in the situation during the week. The number of buyers visiting this end of the valley has not been large, but there has been a constant inquiry mostly for small lots, however, a fact which shows the tendency of the trade to which the manufacturers might so adapt their facilities and accustom themselves. The movement of lumber by water has been quite active, but it has been chiefly of lumber sold some time since. During the week the following sales have been reported for shipment by rail: Barnard & Co., to Adrian, 60,000 of dry Tittabawassee stock at $6, $12, and $33; Eaton, Potter & Co., to same parties, 75,000 assorted, price not given. C. L. Kimberly, from mill at St. Charles, 60,000 bill stuff, to Bellefontaine, O., at $8.50@9; Gebhardt & Estabrook, 70,000 flooring to Ohio parties, price not given. I hear of sales aggregating about a million at mills on the F. & P. M. mostly of green lumber, which has been sold at prices which average on the river about $5.50, $11, and $33. The large movement of lumber through the Saginaws by rail both on the F. & P. M. and J. L. & S. R.R. shows the tendency of dealers to patronize the railroad mills, and simply because they can always buy what they want and in quantities to suit themselves. Rafting operations on the Tittabawassee, Bad, and Cass are progressing favorably, and there is every reason to believe that these streams will for the first time in years be cleared of logs at the close of log navigation next fall.

General Western Notes.

From the Chicago *Inter-Ocean*, June 15:—

The market has been slow and dull all week. The offerings were rather large, while buyers were indifferent about buying except at prices lower than sellers would submit to. To-day about fifty cargoes were on sale. Buyers and sellers were apart in their views, and although a few sales were made not a single transaction was recorded on the sales book or made public in any way. As a consequence it was absolutely impossible to form any correct and certain idea regarding values, and quotations at best were only nominal. Sellers were very backward in granting any concessions, but buyers were equally obstinate, insisting on full prices. Joist and scantling about $8@8.12½ and strips and boards $9@14 for common to choice. "A" shingles, $2.25@2.75. Lath, $1.50. The market closed dull with about forty cargoes on sale.

METALS.—COPPER.—The market for manufactured is steady at the following quotations: New sheathing 30; bolts and braziers' 31; yellow metal sheathing 21, and yellow metal bolts 28 cents. Ingot is steady, and the demand is said to be improving. Sales have been made at 22⅞@23¾ cents, the latter to arrive. The price has been principally at 23 cents, the market closing firm at 23@23¼ cents, with 23½ asked.

IRON.—Scotch pig continues dull, but holders are not inclined to sell at former prices because of an advance in freights. Buyers, however, are not anxious, and there is consequently very little movement. American pig is irregular, as stocks are very large and the product is greatly in excess of the demand. Rails are very quiet and transactions in scrap are limited and unimportant. Manufactured from store is jobbing in a small way at our quotations.

LEAD.—The market for pig is extremely dull, nominal prices ruling for both foreign and domestic. We quote at $6.87½ for the former and $5.90@6 for the latter. Manufactured is unchanged as follows: Bar 8¾ cents, sheet 9¼, and pipe 9½ cents, all less 10 per cent. to the trade.

TIN.—Pig is dull, quoting at 18¾@19 cents for Straits and L. & F. Malacca has been selling at 18¾ cents, gold. Plates are dull and depressed, with sales within the range of our quotations.

ZINC.—Sheet is weaker, quoting at 8⅝@8¾, gold, for usual numbers and at 9 cents for No. 8.

NAILS.—The market for cut is quiet and prices are unchanged. We quote: 10d. to 60d. common fence and sheathing, ℔ keg, $3.25@3.50; 8d. and 9d. common do. ℔ keg, $3.50 @3.75; 6d. and 7d. common, ℔ keg, $3.75@4; 4d. and 5d. common do. ℔ keg, $4@4.25; 3d. and 4d. light, ℔ keg, $4.75@5; 3d. fine, ℔ keg, $5.50@5.75; 2d. ℔ keg, $6.25@6.50. Cut Spikes, all sizes, $3.50 @3.75. Floor, Casing, and Box, 75 cents above the same sizes of Common—Finishing, $1 above and Fine Finishing, $1.25 above.

CLINCH NAILS.

1¼ to 1½ in.	2 & 2¼ in.	2½ & 2¾ in.	3 in. and longer.
$6@6.50.	$5.50.	$5.25	$5 ℔ keg.

OILS.—Linseed is firm at our quotations of last week, viz.: 64@65 cents per gallon from crushers' hands, and is chiefly held firmly at the latter price.

PAINTS.—There has been a fair demand at steady prices, and the market generally is active. Venetian Red has been selling at $1.87½ for Cookson's from store and $1.85 for Crown, to arrive, all gold. Paris White

has been in request at $1.85, gold. Paris Green is selling actively at former prices. Vermilions are steady as previously reported.

PITCH.—The market is quiet and city has been selling in small parcels at $2.12½ per bbl., f. o. b.

SPIRITS TURPENTINE.—Gained some strength earlier in the week, but again receded to 32 cents per gallon for merchantable. This price is the lowest that has obtained for more than twenty years. The market closed weak at 32@33 cents per gallon.

TAR.—Sales occur only in small lots and at prices within our range of quotation. We quote Newbern and Washington at $2.12½@2.25 and Wilmington at $2.30@2.37½ per bbl.

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, JUNE 16, 1875.]

There is no particular change to note in the market. There was a fair attendance of buyers on Thursday and Friday last, the market maintaining a fairly steady tone. The canal receipts are very light, as will be seen by the figures below. Stocks moderate and fairly assorted.

Dispatches received confirm to the full extent the loss reported this morning at the mills of Messrs Edwards & Co., in Canada. They place the loss at 6,000,000 feet of lumber at the least.

The receipts of lumber at Chicago to the 5th inst. were 193,225,000 feet, against 264,342,000 feet to a corresponding date in 1874; the shipments, 177,202,000 feet, against 206,992,000 feet.

Freights on lumber from Oswego to the Hudson are $2.20 ₱ M feet; from Buffalo to Albany, $2.75 ₱ M feet for pine and $3.37 for hardwood.

The receipts at Albany by the Erie and Champlain canals from the opening of navigation to June fifteenth are:

LEGAL NOTICES.

NOTICE IS HEREBY GIVEN THAT A LIMited partnership has been formed by the undersigned in pursuance of the Laws of the State of New York.

That the name under which said partnership is to be conducted is DAVID KOHNS; that the general nature of the business to be transacted by such partnership is the general banking and brokerage business; that the place of business of said partnership is in the City of New York.

That the names of all the general and special partners interested in said business are David Kohns and David S. Greenebaum; that the said David Kohns is the general partner, and his place of residence is in the City and County of New York and State of New York; and that the said David S. Greenebaum is the special partner, and his place of residence is in the City and County of New York and State of New York.

That the amount of capital which the said special partner, David S. Greenebaum, has contributed to the capital stock of said partnership is the sum of Ten Thousand Dollars.

That the period at which said partnership is to commence is the first day of June, 1875, and the period at which the same is to terminate is the thirtieth day of April, 1876.

Dated New York City, June 1st, 1875.

D. KOHNS,
D. S. GREENEBAUM.

NOTICE IS HEREBY GIVEN THAT A LIMITed partnership has been formed by the undersigned under the laws of the State of New York, to be conducted under the name of M. J. PAILLARD & CO., whose general partners, as well as its limited partner, were members of a former partnership conducted under the same name, and who elect to continue their business under the name of such prior partnership, both having business relations with foreign countries.

That the general nature of the business to be transacted is the importation from foreign countries and the purchase and sale of watches, musical boxes, and other merchandise either for its own account or on commission.

That the names of all the general and special partners are as follows, viz.: Adolphe E. Juillerat, Alfred E. Paillard, both of whom reside in the City and County of New York, and who are the general partners; and Mathilde T. W. Paillard, who resides in the City of Stuttgard, Germany, who is the special partner; that she has contributed Twenty Thousand Dollars to the common stock; that said partnership is to commence on the first day of February, 1875, and is to terminate on the first day of February, 1877.

Dated New York, April 26, 1875.

CHASE'S

PIPE CUTTING & THREADING MACHINE.

This important tool is designed to fill a want long felt by STEAM AND GAS FITTERS and MACHINISTS for cutting and threading pipes rapidly and cheaply. An apprentice boy, with one of these, can do more work than two men with old appliances, under the old system. NO PIPE SPLITTING! NO BEVEL INSIDE OR OUT! It cuts threads and makes nipples for all sizes of pipes, from ⅛ to 2 inches. Weighs only 100 lbs. Stronger than any machine made. A set of collars and lengths for making nipples goes with the machine. Address THE CHASE MANUFACTURING COMPANY,

MORTGAGES.

REAL ESTATE.

NEW YORK.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Wherever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MISCELLANEOUS.

REVIEW OF THE REAL ESTATE MARKET.

The market has been dull and sluggish throughout the week, and in some instances bargains were achieved at prices which could hardly have been expected. Most of the sales, however, were made under forced issues, and cannot be said to have any bearing upon property other than that immediately concerned. In a few cases good prices were secured, and in the sale of lots lying within the limits of the Twenty-third Ward enough interest was excited to successfully dispose of the offerings at fair and doubtless remunerative figures. In most of the public sales the field is left entirely to speculators, who, where foreclosures occur, are able to fix their own valuation, as the parties interested are generally content to reimburse their advances with the attendant costs and expenses. One offering was made in which the holders were sufficiently strong to resist sacrifice, and, the fact becoming apparent, no bids were made and the property was withdrawn from sale.

The dullest time of the year is now upon us, and there is little to be expected of the market until Fall, or more probably next year. Owners are quite firmly fixed in their views, and, should general trade prove favorable, will have ample reason to congratulate themselves upon their endurance. There is, undoubtedly, a changed feeling favorable to real estate, young as yet, and likely for some time to be slow of growth, but which will gather force as months pass by, and as confidence returns with the proof that, despite all assertions and illy-considered argument to the contrary, the country is not at extremity, but is full of resources and rich in capacities, which must develop in excess of its needs.

The sale of forty-one lots, advertised on our first page this morning, ought to attract the attention of large and small investors. The sale will be peremptory, and workingmen especially will have a chance to buy these lots at a very low figure. They are situated in the block bounded by the First avenue, East River. 100th and 101st streets, and can be reached to-day by rapid transit, the Harlem boats and the Vanderbilt roads leading directly to that locality. Mr. Scott, the auctioneer, announces that all of these lots will be sold without reserve.

The Westchester lots advertised on the same page are the property of S. L. Haight, situated on the line of the Harlem and Portchester Railroad. They are only one hour from the City Hall by steamboat or rail. With thirty-two trains daily to and fro, the march of improvement evidently leads this way; and, while rapid transit is now nearer to accomplishment than ever, it is doubtful if another opportunity to purchase building lots like these may be again presented.

MARKETS.

Trade reports do not generally indicate extraordinary dullness, the time of year considered, and certainly in the markets, within the line of our review, there is enough business doing to give rise to the belief that building interests are faring much better than the earlier indications of the season gave reason for hope. In many particulars we find that there is more trade than at this time a year ago, and that improvements and greater confidence are impending. Business disasters abroad seem likely to enure to our benefit. The conservatism in trade forced upon our people by the events of three years has extended to foreign countries, and the accumulation of money abroad is greater than here, and ought to aid in reducing gold to its proper standard of value. Specie exports will probably be much restricted, and imports are falling off so as to diminish the demand for gold, and it is possible that out of the troubles and anxieties of the past few years, we are working our deliverance from national bankruptcy and repudiation. Much hope lies in the future, and business men are availing themselves of its cheer, in the belief that henceforth matters must mend, and that each day brings them nearer to activity.

Our review in detail is appended:

BRICK.—Arrivals during the week were over 30,000.000, and the market weakened under the influx of goods. Sales followed each other slowly, and cargoes were hard to work off except at low prices, dealers holding back to that end. Inquiry, however, was fair, and the market cannot be regarded as permanently committed to this week's figures. We quote: Pale, ₱ M, $2.00@2.50; Jersey, $5.50@5.75; Long Island, $6.00; Up-river, $5 50@6.26; Haverstraw Bay, $6.25@7.00; Fronts, Croton—brown, $12@13; dark, $13@14; red, $14@15; Philadelphia, $28@32; Baltimore, $50@56. Yard prices, delivery included, $2@3 higher.

CEMENT.—Rosendale is steady at our quotations, viz., $1.10@1.20 ₱ bbl. The demand is very good, and manufacturers are selling about all that they can make. Portland is still quoted at $3.90@4.25 ₱ bbl. for the best brands. Some sales are said to have been made at $3.75 ex-vessel, and it is understood that the contract with

the Department of Docks for 5,000 bbls. has been closed at $3.45 ℔ bbl.

FIRE BRICK—Are in limited request, but steady at our quotations.

GLASS.—Some improvement in the demand for French window is announced, but the market is not active and trade is limited. The discount is steady at 50 and 2½ ℔ cent. American is nominally unchanged. English sheet and polished plate are dull and nominal at old figures.

HAIR.—Offering abundant and unsettled in feeling; quoting as heretofore—viz., cattle 10@18c., and goat 12½@21c. ℔ bushel.

HARDWARE.—Trade is dull, without any expectation of change for yet a little while to come. Prices are generally steady. A few changes have occurred, and among them we note the following: wrought iron pipe are selling at 35@40 per cent. off the new list. Burden's horse shoes are reduced to $4.87½, and mule shoes to $5.87½ ℔ keg. The Union H. S. Co.'s mule shoes are quoted at $5.25 for Nos. 1, 2 and 3 assorted in kegs, and at $4.50 for No. 3 alone.

LATH.—Receipts have not been large enough to unfavorably affect the market, and, although some shading in prices has happened, it has been due principally to the quality of the cargo—sales will aggregate several millions. Demand has been fair, but not active, and prices are quite firm. We qote at $1.50 ℔ M.

LIME.—Trade continues of fair volume, and is reported to be much better than during the month of June, 1874. Indeed, it has been called as good again, and we may accept this as one of the signs of renewing prosperity. Arrivals are quite full, and some of the companies find ready takers for all of their make. We quote State common at $1, and finishing at $1.35 ℔ bbl. Rockland common, $1.25, and lump, $1.50 ℔ bbl. Yard prices, delivery included, 25c. ℔ bbl. additional.

LUMBER.—The wholesale market continues dull and depressed, with irregular prices and uncertain quotations. White pine for shipping purposes is quoted nominally as before. Yellow pine is dull at $23@24, with a few quotations at $25, and no sales. Spruce is weak and depressed, with lighter receipts, and no indications of change are apparent. Quotations have been as low as $14; but we quote generally at $15@17; the latter price being extremely hard to get. Hardwoods are steady and firm at our quotations, with moderate trade. The yard trade for all kinds is of fair character, and business at times has been rushing. Home-dealers seem to be of opinion that prices have fallen to the lowest point that can be reasonably expected, and while not purposing to buy extravagantly are inclined to fill up their yards wherever the room for restocking is afforded. Much depends, however, upon the temper of manufacturers, and should a disposition be shown to force prices it would be likely to defer trade. Stocks here are not small, and can withstand for some time any draught likely to be made upon them.

Michigan and Wisconsin Notes.

[From the Lumberman's Gazette, May 19.]

There is but little to report in the way of transactions in this market. Lumber is changing hands constantly, and in the aggregate, taking river and inland mills together, a large quantity is going out of the country. On the river, however, buyers are generally looking for lower rates than manufacturers are willing to concede, and seeking to make up on lumber what they cannot get on freights from the barge association. This has a tendency to array the mill men against the barge association. These men have heretofore been not antagonistic to the barge association, generally regarding the established rates as fair. But certain late regulations of the association have had the effect to somewhat antagonize the mill men, and the very evident desire of buyers to get off from prices of lumber the margin they cannot obtain on freight rates, of course tends strongly to increase this feeling of the manufacturers. There are occasional intimations of an intention to bring in vessels to take the lumber, leaving the barges of the association to lie idle or make some changes in their terms.

We quote the price of lumber as before—the range from $5.50 to $6, $10.50 to $12, and $33 to $35. Gates & Fay, of this city, have just sold two lots of green, 800 M and 260 M, at $6, $12, and $34. This lumber was from choice logs, and would run about 30 per cent. to uppers. These rates may be regarded as for samples of the prevailing rates for choice lumber. Late in the week we note the following charters at rates below the association figures: steambarge Alpena (A 1) by E. B. Nugent, for W. H. Gratwick, lumber, Bay City to Tonawanda, at $2.25. Schr. Monitor, by same parties, to same place, on the same terms.

SAGINAW, June 18.

There is little to report to-day. There have been a few small transactions during the week, aggregating about one million feet, which have been sold at the same prices heretofore quoted. Most of it is for shipment by rail to State, Ohio and Indiana parties. The dry lumber is nearly all sold.

General Western Notes.

[Correspondence Lumberman's Gazette.]

CHICAGO LUMBER MARKET.

CHICAGO, June 18, 1875.

Since the date of our regular report the market is practically unchanged. Dealers show less disposition to push business. The stocks on hand are heavy, while the demand continues light. The yard trade is very quiet. Freights which have presented indications of greater firmness now tend towards a decline.

REGULAR REPORT.

June 16.—The receipts of lumber from the principal manufacturing points, for the week ending June 16, are as follows:

	Feet.		*Feet.*
Muskegon	8,250,000	Alpena	1,450,000
Manistee	5,675.000	Peshtigo	920,000
Menominee	3,700,000	Oconto	689,000
Grand Haven	1,625.000	Saugatuck	485,000
Bay City	1,250,000	Traverse City	850,000
Ludington	1,850.000	Green Bay	480,000
White Lake	1,650,000	Pentwater	80,000

The total receipts from all points for the week were 41,559,200 feet against 41,960,000 feet the week previous.

The wholesale lumber market has been in a most unsatisfactory condition during the past week. The receipts have been very heavy, exceeding by several millions the offerings for any single week for many years past. A combination of unfavorable circumstances has existed tending to depress the market throughout. Buyers took advantage of the "glut" to hold off and demand concessions; the rains of last week prevented the city yards from clearing the docks, and they were therefore not in a condition to hold of the new arrival with the usual activity; the partial strike of the laborers in the yards also tended to slacken the demand, as they were uncertain of their ability to handle their purchases. The storm also prevented the usual attendance of country buyers, while it did not check the receipts, and the creek became crowded early in the week. Even such buyers, as were on the market, did not take hold, waiting for the decline, which they considered likely to result. Holders, however, declared they had already reached the "bed rock," and that it was impossible to go lower. The result was that the sales were restricted and the docks were crowded throughout the entire week. The reduction during the week will average 25c.@50c. per 1,000 feet on all but the best qualities of mill run, which is not very much, if any, lower than last week. On the whole, the week has been the most unsatisfactory to sellers since the opening of the season.

Shingles have also been in large supply, and prices have eased off some, especially on the more common grades, which were sold as low as $2.15 The better qualities were in good demand at $2.50@$2 65. The receipts during the week were $13,804,000 against $15,885,000 last week. Lath has ruled quiet, but prices have been steady at $1.50 per 1,000 pieces. We quote the ruling prices for cargoes afloat, as follows:

Piece stuff	$7.75@ 8.00
Common to fair inch	8.50@11.00
Fair to good	11.00@13.00
Good to choice	13.00@15.50
Shingles, common to flat	2.15@ 2.45
Shingles, fair to choice	2.50@ 2.75
Lath	1.50@
Pickets, flat	@ 8.00
Pickets, square	@10.00
Cedar posts	6c.@ 13c.

Large freights are in rather of an unsatisfactory condition and quite unsettled. The association seems to be losing its grip, and considerable cutting is reported, though no charters are made as low as the rates before the combination. It is impossible to give the usual tables of rates, as only actual charters reflect the true condition of affairs. The only charters to-day were for Luddington at $1.62½; Manistee, $1.87½; Muskegon, at $1.50; and Grand Haven, at $1.37½. Trade at the yards has been rather dull during the week and prices have ruled easy, and in some cases concessions have been made. Hardwood lumber quiet and unchanged. Cooperage dull.

The week closes on a quiet, easy market; in fact, the trade of the week has been anything but satisfactory to dealers. The offerings to-day comprised about twenty cargoes, about half of which were sold. Prices were weak, but sellers were not disposed to force sales by granting any further concessions. Joist and scantling sold at $8, with some rumors of sales of coarse at $7.75, although they were not credited. Strips and boards quotable at $9@14; poor to choice mill run A shingles, $2.25@2.75; lath, $1.50; closing dull. Sales were: Cargo schr. B. Calkins, Manistee, 160 m (in hold) joist and scantling at $8; 30 m lath at $1.50. Cargo schr. Simmons, Ludington, 160 m mill-run mixed at $10.25 for 1-inch and $8 for 2-inch, mill tally. Cargo schr. Tracey, Manistee, 135 m joist and scantling at $8. Cargo schr. Regulator, Muskegon, 125 m choice strips and boards at $14. Cargo schr. Brown, Muskegon, 165 M boards and strips at $11.75. Cargo schr. Racine, from Muskegon, 165 m boards and strips at $11.75. In the yards trade was quiet, but there were no changes worthy of mention in values.

METALS.—COPPER—Manufactured is steady at the following quotations: New sheathing, 30c.; bolts and braziers', 31c.; yellow metal sheathing, 21c.; and yellow metal bolts, 28c. Ingot is quiet and sales have been shaded from our last quotation. We quote at 22½@23c. for Lake. Iron stocks of Scotch pig are ample, and prices are shaded from our quotations of last week. Importers are not urgent to sell, as advices of stronger prices abroad have been received, which, with an advance in freights, will enable them to realize at more satisfactory prices than they have lately been able to obtain. American pig is dull and quotations are nominal. Purchases are limited to the most ordinary requirements, and the market is in a deplorable state. Several furnaces have been blown out within a few weeks, and there are indications that others will follow. Rails have been inquired after, but transactions were very limited. Scrap is weaker and dull at the following nominal quotations: $27@30 from dock and at $31@33 from yard. Manufactured from store is quiet and unchanged. LEAD.—Foreign pig is nominal at $6.87½@7 gold. Domestic is quiet at $5.80@5.90 gold. Manufactured is unchanged as follows, viz., Bar 8¾c., Sheet 9¼c., and pipe 9½c., all less 10 per cent to the trade. TIN.—The market for foreign pig is still weak and dull, Banca quoting at 23c. Straits 18½@18¾c. L. and F. 18¾@19c., and Refined English 19c. All gold. Plates are dull, except a slightly increased counting for jobbing lots, and quotations are about as before. ZINC.—Sheet is steady at 5½@9c. gold, as to numbers.

NAILS.—Cut are in moderate demand at old figures. We quote: 10d to 60d. common fence and sheathing, ℔ keg, $3.25@3.50; 8d. and 9d. common do. ℔ keg, $3.50 @3.75; 6d. and 7d. common, ℔ keg, $3.75@4; 4d. and 5d. common do. ℔ keg, $4@4.25; 3d. and 4d. light, ℔ keg, $4.75@5; 3d. fine, ℔ keg, $5.50@5.75; 2d. ℔ keg, $6.25@6.50. Cut Spikes, all sizes, $3.50@3.75. Floor, Casing, and Box, 75c. above the same sizes of Common. Finishing, $1 above, and Fine Finishing, $1.25 above.

CLINCH NAILS.

1¾ to 1½ in.	2 & 2¼ in.	2½ & 2¾ in.	3in. and longer.
$6@6.50.	$5.50.	$5.25.	$5 ℔ keg.

OILS.—Linseed is rather quiet, but is steady at 64@ 65c. ℔ gallon, for casks and bbl. from crushers' hands.

PAINTS.—There is less activity in the market, but prices are quite steady. American white lead, dry, is scarce and firm at our quotation. English is steady at 10½c. Venetian Red has been selling at $1.87½@1.90 gold. Vermilions are shady in feeling. Trieste changing a little in quotation. China Clay is steady with sales at $20@21, gold.

PITCH.—The market is dull at $2@2.12½, for city, f. o. b.

SPIRITS TURPENTINE.—The market has been very quiet, and prices are, if anything, still weaker. At the close of our report, holders were asking 32c., and sales were made at 31½c. We quote at 31½@32½c ℔ gallon for merchantable.

TAR—Is not active, and few sales are reported. We quote: Newbern and Washington at $2.12½@2.25, and Wilmington at $2.30@2.37½ ℔ bbl,

ALBANY LUMBER MARKET.

[FROM THE ALBANY ARGUS, JUNE 23.]

There was more appearance of activity in the Lumber District this A. M. than we have seen for many days; the attendance of buyers was larger; whether this is but a spurt or the result of conviction on the part of buyers that prices have touched their lowest point, remains to be seen. The reported sales are of small parcels. The receipts by canal are light, but the assortment is good. The stocks in retail yards are understood to be light. Dried lumber will soon be all shipped, and then will come the newly sawed. Lake, canal and river freights are lower than ever before known: this is in favor of Michigan as against Canada lumber, with its attendant charges of gold and duties. The manufacture of spruce and hemlock will be curtailed by the mills working in day time only; Canada and Michigan will adopt the same course.

Our quotations are pretty generally maintained, though it is stated that clear lumber has been sold below $48 ℔ M feet.

The price of clear lumber in the District on June 22, 1871, was $52@55 ℔ M feet; in 1872 it was $60@62; in 1873 it was $58@60, and in 1874 it was $58@60; in 1875 it was $48@50.

A dispatch from East Saginaw says lumber moves slow; mill boons full of logs and docks full of lumber. Total shipment of the season so far, 106,800,000 feet against 144,000,000 in 1874 to same date. The rates charged by the Barge Association has a tendency to check shipments, and if adhered to will crowd shipments to the close of the season at advanced rates.

The receipts of lumber at Chicago to 12th inst. were 234,684,000 feet against 300,264 000 feet to a corresponding date in 1874; the shipments, 193,595,000 feet against 221.372,000 feet.

Freights on lumber from Oswego to the Hudson are $2.00@2 20 ℔ M feet; from Buffalo to Albany, $3 00 ℔ M feet for pine; $3.62½@3.75 for hardwood; oak, $5.25.

The receipts at Albany by the Erie and Champlain canals, from the opening of navigation to June 22d, are:

CHASE'S

Pipe Cutting and Threading Machine,

This important tool is designed to fill a want long felt by STEAM AND GAS FITTERS and MACHINISTS for Cutting and Threading Pipes rapidly and cheaply. An apprentice boy, with one of these, can do more work than two men with old appliances under the old system. NO PIPE SPLITTING! NO BEVEL INSIDE OR OUT! It outs threads and makes nipples for all sizes of pipes, from ⅛ to 2in. Weighs only 100lb. Stronger than any machine made. A set of collars and lengths for making nipples goes with the machine.
